1 Introduction

1.1 Purpose of the Document

- 1.1.1 This document has been prepared to support Horizon's application for a Development Consent Order (DCO) for the Wylfa Newydd DCO Project.
- 1.1.2 The document presents the newspaper notices which were used to advertise Horizon's approach to each stage of statutory pre-application consultation in accordance with s47 of the Planning Act 2008 and the requirements set out in Regulation 4 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009. The document includes the newspaper notices published in accordance with s48 of the Planning Act 2008, which described the Wylfa Newydd DCO Project and the intended application submission dates.

1.2 The Wylfa Newydd Project

- 1.2.1 Horizon is proposing to construct and operate the Wylfa Newydd Project, which comprises the Wylfa Newydd DCO Project, the Licensable Marine Activities and the Enabling Works. Each of these elements is described further below. The Wylfa Newydd DCO Project will be consented under a DCO and the Licensable Marine Activities will be consented under a Marine Licence. There is some overlap between the two; the Marine Works (see below) will be consented under both the DCO and the Marine Licence.

Wylfa Newydd DCO Project

- 1.2.2 The Wylfa Newydd DCO Project comprises those parts of the Wylfa Newydd Project which are to be consented by a DCO, namely:

The Nationally Significant Infrastructure Project (NSIP)

- Power Station: the proposed new nuclear power station at Wylfa, including two UK Advanced Boiling Water Reactors, the Cooling Water System, supporting facilities, buildings, plant and structures, radioactive waste and spent fuel storage buildings and the Grid Connection;
- other on-site development: including landscape works and planting, drainage, surface water management systems, public access works including temporary and permanent closures and diversions of public rights of way, new Power Station Access Road and internal site roads, car parking, construction works and activities including construction compounds and temporary parking areas, laydown areas, working areas and temporary works and structures, temporary construction viewing area, diversion of utilities, perimeter and construction fencing, and electricity connections;
- Marine Works comprising:

- Permanent Marine Works: the Cooling Water System, the Marine Off-loading Facility, breakwater structures, shore protection works, surface water drainage outfalls, waste water effluent outfall (and associated drainage of surface water and waste water effluent to the sea), fish recovery and return system, fish deterrent system, navigation aids and Dredging;
- Temporary Marine Works: temporary cofferdams, a temporary access ramp, temporary navigation aids, temporary outfalls and a temporary barge berth;
- Off-site Power Station Facilities: comprising the Alternative Emergency Control Centre (AECC), Environmental Survey Laboratory (ESL) and a Mobile Emergency Equipment Garage (MEEG);

Associated Development

- the Site Campus within the Wylfa Newydd Development Area;
- temporary Park and Ride facility at Dalar Hir for construction workers (Park and Ride);
- temporary Logistics Centre at Parc Cybi (Logistics Centre);
- the A5025 Off-line Highway Improvements;
- Wetland habitat creation and enhancement works as compensation for any potential impacts on the Tre'r Gof Site of Special Scientific Interest (SSSI) at the following sites:
 - Tŷ Du;
 - Cors Gwawr;
 - Cae Canol-dydd

1.2.3 The following terms are used when describing the geographical areas related to the Wylfa Newydd DCO Project and the Licensable Marine Activities:

- Power Station Site – the indicative areas of land and sea within which the majority of the permanent Power Station, Marine Works and other on-site development would be situated; and
- Wylfa Newydd Development Area – the indicative areas of land and sea including the Power Station Site and the surrounding areas that would be used for the construction and operation of the Power Station, the Marine Works, the Site Campus and other on-site development (WNDA Development).

Licensable Marine Activities

1.2.4 The Licensable Marine Activities comprise the Marine Works and the disposal of material from Dredging at the Disposal Site.

Enabling Works

- 1.2.5 The Enabling Works comprise the Site Preparation and Clearance Proposals (SPC Proposals) and the A5025 On-line Highway Improvements.
- 1.2.6 Horizon has submitted applications for planning permission for the Enabling Works under the Town and Country Planning Act 1990 to the Isle of Anglesey County Council (IACC).
- 1.2.7 In order to maintain flexibility in the consenting process for the Wylfa Newydd DCO Project, the SPC Proposals have also been included in the DCO application. The A5025 On-line Highway Improvements are not part of the DCO application.

1.3 Consultation Stages

- 1.3.1 Pre-Application Consultation is a legal requirement for promoters of Nationally Significant Infrastructure Projects. Horizon has undertaken three stages of statutory pre-application consultation. Horizon's approach to all statutory and non-statutory consultation undertaken is detailed in the Consultation Report (Application Reference Number 5.1).
- 1.3.2 Notices for the three stages of Pre-application Consultation were published in national and local newspapers.

2 Stage One Pre-application Consultation

2.1.1 For Stage One Pre-application Consultation Horizon published notices in local newspapers. The notices, published on 16th September 2014, met the requirements of s47 of the Planning Act 2008.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited (Horizon) is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station.

Horizon has developed a Statement of Community Consultation (SOCC) in accordance with Section 47 of the Planning Act 2008. The SOCC sets out how

Horizon will consult with those that live in the vicinity of the proposed development and how people can have their say on the proposals.

Horizon will shortly be commencing its first formal stage of consultation and more information on the consultation will be available via Horizon's website at www.horizonnuclearpower.com/consultation

The full SOCC document can be viewed online at www.horizonnuclearpower.com and is also available at the following locations:

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited [Horizon] is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station.

Horizon developed a Statement of Community Consultation (SOC) ahead of its first stage of formal consultation in 2014 in accordance with Section 47 of the

Planning Act 2008. The SOC sets out how Horizon will consult with those that live in the vicinity of the proposed development and how people can have their say on the proposals.

Horizon has made some amendments to its proposed approach to consultation since the publication of the first Statement of Community Consultation in September 2014, and has now produced an updated version.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") at Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd, headquartered in Tokyo, Japan. Hitachi, Ltd, delivers innovations that answer society's challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

(a) The Wylfa Newydd Generating Station made up of:
Development on the main power station site

(i) Two UK Advanced Boiling Water Reactors (UK ABRs) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.

(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems

(D) Administration building and training and simulator building

(E) On-site critical and security workers' accommodation campus

(F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(G) Public Access works including closure and diversion of public rights of way

(H) A power station access road and internal site roads

(I) Car parking

(J) Construction sites, laydown areas, working areas and temporary works and structures

(K) Diversion of utilities

(L) Main perimeter fence and construction fence

(iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.

Off-site Power Station Facilities

(iv) An alternative emergency control centre on land off the A5025 at Cefn Coch

(v) An environmental survey laboratory on land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage on land in Llanfaethlu.

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A park and ride facility for construction workers on land at Dalar Hir

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

(a) Construction of workers' accommodation on land at Madyn Farm

(b) A Visitor Centre and Media Reception Centre at on land near Groes fechan

(c) Highways improvements comprising:

(i) online improvements on the A5025

(ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in section 4(a) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects, in accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. The Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

(a) Non-technical

(i) Consultation Overview Document

(ii) Preliminary Environmental Information Non-Technical Summary

(iii) Welsh Language Impact Assessment Non-Technical Summary

(iv) Health Impact Assessment Non-Technical Summary

(b) Technical

(i) Main Consultation Document

(ii) Preliminary Environmental Information Report

(iii) Welsh Language Impact Assessment Interim Report

(iv) Health Impact Assessment Interim Report

(v) Habitats Regulations Assessment Interim Report

(vi) Equality Impact Assessment Interim Report

(c) Online technical resources

(i) Associated Development Site Selection Report

(ii) Off-site Power Station Facilities Site Selection Report

(iii) Construction Worker Accommodation Strategy

(iv) Traffic and Transport Technical Note

(v) Planning Statement Framework

(vi) Draft Masterplan

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3 colour) at all other locations.

14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

(v) An environmental survey of land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage located in Llanfaethlu

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A park and ride facility for construction workers on land at Dalar Hir

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

(a) Construction of workers' accommodation on land at Madyn Farm

(b) A Visitor Centre and Media Reception Centre on land near Groes fechan

(c) Highways improvements comprising:

(i) online improvements on the A5025

(ii) offline improvements to the A5025 at Valley junction, Llanfaethlu, Cefn Coch and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") can only be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including powers permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has prepared a Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOCCT") has also been prepared, explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

(a) Non-technical

(i) Consultation Overview Document

(ii) Preliminary Environmental Information Non-Technical Summary

(iii) Welsh Language Impact Assessment Non-Technical Summary

(iv) Health Impact Assessment Non-Technical Summary

(b) Technical

(i) Main Consultation Document

(ii) Preliminary Environmental Information Report

(iii) Welsh Language Impact Assessment Interim Report

(iv) Health Impact Assessment Interim Report

(v) Habitats Regulations Assessment Interim Report

(vi) Equality Impact Assessment Interim Report

(c) Online technical resources

(i) Associated Development Site Selection Report

(ii) Off-site Power Station Facilities Site Selection Report

(iii) Construction Worker Accommodation Strategy

(iv) Traffic and Transport Technical Note

(v) Planning Statement Framework

(vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. A copy of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

PUBLIC NOTICE

**HORIZON NUCLEAR POWER – PUBLIC NOTICE
WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY**

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").
2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.
3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.
4. Horizon propose to apply for a DCO for the following development:
 - (a) The Wylfa Newydd Generating Station made up of:
 - Development on the main power station site
 - (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.
 - (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) On-site critical and security workers' accommodation campus
 - (F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - (G) Public Access works including closure and diversion of public rights of way
 - (H) A power station access road and internal site roads
 - (I) Car parking
 - (J) Construction sites, laydown areas, working areas and temporary works and structures
 - (K) Diversion of utilities
 - (L) Main perimeter fence and construction fence
 - (iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.
 - (iv) Off-site Power Station Facilities
 - (v) An alternative emergency control centre on land off the A5025 at Cefn Coch
 - (vi) An environmental survey laboratory on land off the A5025 at Cefn Coch
 - (vii) A mobile emergency equipment garage on land in Llanfaethlu
 - (b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:
 - (i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch
 - (ii) A logistics centre on land at Parc Cybi
 - (iii) A park and ride facility for construction workers on land at Dalar Hir
 - 5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:
 - (a) Construction of workers' accommodation on land at Madyn Farm
 - (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
 - (c) Highways improvements comprising:
 - (i) online improvements on the A5025
 - (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch
 - 6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project

("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOCCT") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

- (a) Non-technical
 - (i) Consultation Overview Document
 - (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary

 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
 - (c) Online technical resources
 - (i) Associated Development Site Selection Report
 - (ii) Off-site Power Station Facilities Site Selection Report
 - (iii) Construction Worker Accommodation Strategy
 - (iv) Traffic and Transport Technical Note
 - (v) Planning Statement Framework
 - (vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

(a) The Wylfa Newydd Generating Station made up of:

Development on the main power station site

(i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.

(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including

(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems

(D) Administration building and training and simulator building

(E) On-site critical and security workers' accommodation campus

(F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(G) Public Access works including closure and diversion of public rights of way

(H) A power station access road and internal site roads

(I) Car parking

(J) Construction sites, laydown areas, working areas and temporary works and structures

(K) Diversion of utilities

(L) Main perimeter fence and construction fence

(iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.

Off-site Power Station Facilities

(iv) An alternative emergency control centre on land off the A5025 at Cefn Coch

(v) An environmental survey laboratory on land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage on land in Llanfaethl

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A park and ride facility for construction workers on land at Dalar Hir

Classified

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

- (a) Construction of workers' accommodation on land at Madyn Farm
- (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
- (c) Highways improvements comprising:
 - (i) online improvements on the A5025
 - (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

- (a) Non-technical
 - (i) Consultation Overview Document
 - (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary
- (b) Technical

 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
- (c) Online technical resources
 - (i) Associated Development Site Selection Report
 - (ii) Off-site Power Station Facilities Site Selection Report
 - (iii) Construction Worker Accommodation Strategy
 - (iv) Traffic and Transport Technical Note
 - (v) Planning Statement Framework
 - (vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
SECTION 46 PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Limited (the 'Applicant') of Sunrice House 3420 Charter Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under the Planning Act 2008 for an order granting development consent ('DO') for the construction, operation and maintenance of a new nuclear power station and other development at Wylfa Newydd (The Wylfa Newydd Project).

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Japan, Hitachi, Ltd. delivers innovation that answer society's challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

(a) The Wylfa Newydd Generating Station made up of: Development on the main power station site

(i) Two UK Advanced Boiling Water Reactors (UK ABRW) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes

(ii) Reactor, control, service and building and other supporting facilities, buildings, structures and works which are integral to the generating station including:

(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems

(D) Administration buildings and training and simulator buildings

(E) On-site critical and security workers' accommodation campus

(F) Landscape works and planting including drainage, foul drainage and surface water management, and earthworks

(G) Public Access works including clearing and diversion of public rights of way

(H) A power station access road and internal site roads

(i) Construction

(ii) Construction sites, laydown areas, working areas and temporary works and structures

(K) Diversion of utilities

(L) Main perimeter fence and construction fence

(ii) Such other ancillary, incidental and consequential provisions, structures, or cements as are necessary and/or convenient which may properly be consented in the DCO.

(M) Off-site Site Facilities

(v) An alternative emergency control centre on land off the A5025 at Cefn Coch

(v) An environmental survey laboratory on land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage on land off the A5025 at Cefn Coch

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application for development consent, the operation of the Wylfa Newydd Generating Station.

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A mobile radio facility for construction workers on land at Dalar Hir

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

(a) Construction of workers' accommodation on land at Madyn Farm

(b) A Visitor Centre and Media Reception Centre at and near new fethers

(c) Infrastructure developments:

(i) online improvements on A5025

(ii) off-line improvements to Valley Junction, Llanfachreth, Llanfæfthu, and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ('NSIP') for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an application for a DCO or the NSIP ('Associated Development') cannot be granted planning consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, if the Bill is introduced to Parliament on 7 June 2016, it will, if passed, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include planning consent development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the planning permission identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights over the temporary use of land, interference with waters and the closure or diversion of streets and other public rights of way, and the permanent closure of Cemlyn Road.

10. The proposed development ('EA development' for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009, An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application for a DCO. ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information ('the PEI') non-technical summary.

11. A statement of community consultation ('SOC') has also been prepared explaining how consultation will be undertaken for the Project of the Wylfa Newydd Project.

12. The full set of documents will form part of this Stage Two consultation comprising: an environmental statement ('technical' documents), and a number of online 'non-technical' documents. All non-technical documents are available in English only.

(a) Non-technical

(i) Consultation Overview Document

(ii) Preliminary Environmental Information Non-Technical Summary

(iii) Welsh Language Impact Assessment

(iv) Welsh Language Summary

(v) Health Impact Assessment Non-Technical Summary

13. Reference copies of documents, plans and maps showing the location and layout of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge from 31 August 2016 to 25 October 2016 at the library locations listed below. A copy of the consultation documents will be available at a cost of £10 (A4/A3) each, and £1 per half hour of use at a cost of 10p (A4/A3) each, and white and 50p (A4/A3) colour at all other locations.

14. Copies of all consultation documents will be available to view and download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available free of charge; however, there is a charge of up to £500 required to cover the cost of printing. This charge may be waived at the discretion of Horizon.

15. Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).

16. As part of our community consultation, exhibition stands will be taking place between 6 September and 13th October 2016 at Amroth, Cemaes, Cefn Bay, Benger, Caernarfon, Conwy, Holyhead, Llanfairfechan, Llanfæfthu, Llangefni, Menai Bridge, Portmadog, Rhosgoch and Trearddur. These events are being widely advertised and further details are available from our website (details below).

17. You will be able to submit comments during the 8 week consultation period, up until 25 October 2016, in a number of ways:

(a) Completing a printed feedback form; this can be submitted at one of our exhibitions or 'Tuglle drop-in' events, or by posting to our freepost address: **POSTPONED HORIZON NUCLEAR POWER CONSULTATION**

(b) Completing an online feedback form at www.horizonnuclearpower.com/consultation

(c) Emailing us at wylfaenquiries@horizonnuclearpower.com

(d) Writing to us at our freepost address:

18. Your comments should be submitted to us no later than 25th October. The Applicant requests that any responses made indicate who is making the response and provide an address and post code to which any correspondence relating to the comments can be sent.

19. Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

Horizon Nuclear Power Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited (Horizon) is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station.

Horizon developed a Statement of Community Consultation (SOCC) ahead of its first stage of formal consultation in 2014 in accordance with Section 47 of the Planning Act 2008. The SOCC sets out how Horizon will consult with those that

live in the vicinity of the proposed development and how people can have their say on the proposals. In January 2016 Horizon made some amendments to its SOCC and published a second version.

Horizon has made further updates to its SOCC ahead of its third stage of pre-application consultation opening at the end of May 2017. To find out more about Horizon's approach to consultation please visit the locations below or go online at www.horizonnuclearpower.com/consultation

You can view the document online at www.horizonnuclearpower.com/consultation and at the locations listed below from Thursday 4 May 2017.

Horizon Nuclear Power Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited (Horizon) is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station. Horizon developed a Statement of Community Consultation (SOCC) ahead of its first stage of formal consultation in 2014 in accordance with Section 47 of the Planning Act 2008. The SOCC sets out how Horizon will consult with those that live in the vicinity of the proposed development and how people can have their say on the proposals. In January 2016 Horizon made some amendments to its SOCC and published a second version.

Horizon has made further updates to its SOCC ahead of its third stage of pre-application consultation opening at the end of May 2017. To find out more about Horizon's approach to consultation please visit the locations below or go online at www.horizonnuclearpower.com/consultation

You can view the document online at www.horizonnuclearpower.com/consultation and at the locations listed below from Thursday 4 May 2017.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
**SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING
(APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009**

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT

Please send any comments in response to this notice by 22 June 2017.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

(a) Development on the main power station site including:

- (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MWe and related plant located on the north coast of Anglesey to the west of Cemaes;
- (ii) Reactor control, service and turbines buildings and other supporting facilities, buildings, structures, fixtures and works which are integral to the generating station including:

 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine system comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(f) Public Access works including closure and diversion of public rights of way

(g) A power station access road and internal site roads

(h) Car parking

(i) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area

(j) Diversion of utilities

(k) Main perimeter fence and construction fence

(b) Off-site Power Station Facilities co-located on land in Llanfaethlu including:

- (i) An alternative emergency control centre
- (ii) An environmental survey laboratory
- (iii) A mobile emergency equipment garage

(c) Associated Development including:

- (i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area
- (ii) A logistics centre on land at Parc Cybi
- (iii) A park and ride facility for construction workers on land at Dalar Hill
- (iv) Offline highways improvements to the A5025 at Valley junction, Llanfaethlu, Llanfaethlu, Cefn Coch and the power station access

(d) Other works including works to facilitate the construction of the elements described above

5. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

- (a) Site Preparation and Clearance works
- (b) Online highways improvements on the A5025
- (c) A visitor and media reception centre
- (d) Other related and enabling works as needed to support delivery of the Project.

6. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cenlyn Road.

7. The proposed development is "EA" development for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

8. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One and Stage Two pre-application consultations). This PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.

9. An updated statement of community consultation ("SOC") has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.

10. The documents which support this Stage Three pre-application consultation comprise:

- (a) A Consultation Overview Document (available in English and Welsh)
- (b) A Main Consultation Document

11. Reference copies of these Stage Three documents showing the nature and location of the Wylfa Newydd Project will be available for viewing free of charge between 24 May and 22 June 2017 at the library locations listed opposite. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, 20p (A4) and £1 (A3) in Gwynedd, and 60p (A4) and £1 (A3) in Conwy.

12. Free copies of the Consultation Overview Document and the Main Consultation Document will also be available from the exhibition events listed below or on request (contact details below).

13. Copies of all Stage Three consultation documents and all previous consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of all Stage Three consultation documents and plans are available upon reasonable request.

14. Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

**SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING
(APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009**

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT

Please send any comments in response to this notice by 22 June 2017.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 3420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under the Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

(a) Development on the main power station site including:

- (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MWe and related plant located on the north coast of Anglesey to the west of Cemaes.
- (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

5. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

- (a) Site Preparation and Clearance works
- (b) Online highways improvements on the A5025
- (c) A visitor and media reception centre
- (d) Other related and enabling works as needed to support delivery of the Project

(f) Public Access works including closure and diversion of public rights of way

(G) A power station access road and internal site roads

(H) Car parking

(I) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area.

(J) Diversion of utilities

(K) Main perimeter fence and construction fence

(b) Off-site Power Station Facilities co-located on land in Llanfachellu including:

- (i) An alternative emergency control centre
- (ii) An environmental survey laboratory
- (iii) A mobile emergency equipment garage

(c) Associated Development including:

- (i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area
- (ii) A logistics centre on land at Parc Cybi
- (iii) A park and ride facility for construction workers on land at Dalar Hir
- (iv) Offsite highway improvements to the A5025 at Valley Junction, Llanfachellu, Cefn Coch and the power station access

(d) Other works including works to facilitate the construction of the elements described above.

6. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

7. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulation 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

8. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulation 2009 the Applicant has previously made Project Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One and Stage Two pre-application consultations). This PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.

9. An updated statement of community consultation ("SOC") has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.

10. The documents which support this Stage Three pre-application consultation comprise:

- (a) A Consultation Overview Document (available in English and Welsh)
- (b) A Main Consultation Document

11. Reference copies of these Stage Three documents showing the nature and location of the Wylfa Newydd Project will be available for viewing free of charge between 24 May and 22 June 2017 at the library locations listed opposite. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, 20p (A4) and £1 (A3) in Gwynedd, and 60p (A4) and £1 (A3) in Conwy.

12. Free copies of the Consultation Overview Document and the Main Consultation Document will also be available from the exhibition events listed below on request (contact details below).

13. Copies of all Stage Three consultation documents and all previous consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of all Stage Three consultation documents and plans are available upon reasonable request.

14. As part of our community consultation, events are taking place between 27 May and 20 June 2017 at: Amlwch, Bangor, Beaumaris, Caernarfon, Cemaes, Conwy, Holyhead, Llanfachraeth, Llanfaethlu, Llangefni, Menai Bridge, Rhosybol, Tregie and Valley. These events are being widely advertised and further details are available from our website (details below).

15. You will be able to submit comments during the 28 day consultation period, up until 22 June 2017, in a number of ways:

- (a) Completing a printed feedback form; this can be submitted at one of our exhibitions or by posting to our Freepost address: **FREEPOST
HORIZON NUCLEAR POWER
CONSULTATION**
- (b) Completing an online feedback form at www.horizonnuclearpower.com/consultation
- (c) Emailing us at wylfaenquiries@horizonnuclearpower.com
- (d) Writing to us at our freepost address

16. Your comments should be submitted to us no later than 22 June 2017. The Applicant requests that any response made includes who is sending the comment and includes an address and post code to which any correspondence relating to it may be sent.

17. Personal information that is supplied to Horizon in response to this Stage Three consultation will be processed in strict accordance with the Data Protection Act 1998.

Horizon Nuclear Power

**WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING**

Please send any comments in response to this notice by 22 June 2017.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

(a) Development on the main power station site including:

(i) Two UK Advanced Boiling Water Reactors (UK ABRs) with a combined electrical output of approximately 2,700MWe and related plant located on the north coast of Anglesey to the west of Cemaes.

(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:

(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility,

(b) Breakwater structures, navigational lighting and safety systems

(C) A temporary building and training and simulator building

(D) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(F) Public Access works including closure and diversion of public rights of way

(G) A power station access road and internal site roads

(H) Car parking

(I) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area

(J) Diversions of utilities

(K) Main perimeter fence and construction fence

(b) Off-site Power Station Facilities co-located on land in Llanfaethlu including:

(i) An alternative emergency control centre

(ii) An environmental survey laboratory

(iii) A mobile emergency equipment garage

(c) Associated Development including:

(i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area

(ii) A logistics centre on land at Parc Cybi (iii) A planned tide facts site for construction workers on land at Parc Cybi

(iv) Offsite highways improvements to the A5025 at Valley junction, Llanfachreth, Llanfaethlu, Cefn Coch and the power station access

(d) Other works including works to facilitate the construction of the elements described above.

5. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

(a) Site Preparation and Clearance works

(b) Online highways improvements on the A5025

(c) A visitor and media reception centre

(d) Other related and enabling works as needed to support delivery of the Project.

6. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Celynion Road.

7. The proposed development is 'EIA development' for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental statement (ES) will be carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

8. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One and Stage Two pre-application consultations). This PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.

9. An updated statement of community consultation ('SOC') has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.

10. The documents which support this Stage Three pre-application consultation comprise:

(a) A Consultation Overview Document (available in English and Welsh)

(b) A Main Consultation Document

11. Reference copies of these Stage Three documents showing the nature and location of the Wylfa Newydd Project will be available for viewing at the following locations on 22 June 2017 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, 20p (A4) and E1 (A3) in Gwynedd, and 60p (A4) and E1 (A3) in Conwy.

Lloyds List – 17 May 2017

Box shipping recovery relies on ordering restraint

Shipyard capacity is the elephant in the room, says MSI analyst James Frew.

Shipyard overcapacity remains a threat to stability, says James Frew

SHIPYARD capacity is the "elephant in the room" that threatens the recovery of both freight and charter rates unless yards consolidate and owners show restraint, according to MSI analyst James Frew, writes James Baker.

Speaking at the Global Liner Shipping conference in Hamburg, Mr Frew said that during the period from 1998 to 2010, freight and charter

rates had normally moved in the same direction.

This changed, however, after 2010 and the two markets became disconnected as the idle fleet either expanded or contracted.

"There was a new phenomenon of having a large number of containerships lying idle," Mr Frew said. "Before 2010 there was no similar idle fleet."

While some of the disruption to the connection between freight and charter rates could be attributed to trade growth, this had not always been the case, as in

2013-2014, when there was strong trade growth but a weak charter market.

Internal carrier dynamics also affected the pattern, which could be seen in the carriers holding off from chartering tonnage ahead of the alliance reshuffle, then rushing to secure ships, pushing prices up.

But shipyard capacity was the biggest threat to stability in both freight and charter rates, Mr Frew said.

"Shipyard capacity is the elephant in the room," he said. "And like elephants, yards have long memories

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING
(APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT

Please send any comments in response to this notice by 22 June 2017.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

(a) Development on the main power station site including:

- (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MWe and related plant located on the north coast of Anglesey to the west of Cemaes.
- (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - (F) Public Access works including closure and diversion of public rights of way
 - (G) A power station access road and internal site roads
 - (H) Car parking
 - (I) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area
 - (J) Diversions of utilities
 - (K) Main perimeter fence and construction fence

(b) Off-site Power Station Facilities co-located on land in Llanfaethlu including:

- (i) An alternative emergency control centre
- (ii) An environmental survey laboratory
- (iii) A mobile emergency equipment garage

(c) Associated Development including:

- (i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area
- (ii) A logistics centre on land at Parc Cybi
- (iii) A park and ride facility for construction workers on land at Dalar Hir
- (iv) Offline highways improvements to the A5025 at Valley Junction, Llanfachraeth, Llanfaethlu, Cefn Coch and the power station access

(d) Other works including works to facilitate the construction of the elements described above.

5. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

- (a) Site Preparation and Clearance works
- (b) Online highways improvements on the A5025
- (c) A visitor and media reception centre
- (d) Other related and enabling works as needed to support delivery of the Project

6. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

7. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

8. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One and Stage Two pre-application consultations). This PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.

9. An updated statement of community consultation ("SOCC") has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.

10. The documents which support this Stage Three pre-application consultation comprise:

- (a) A Consultation Overview Document (available in English and Welsh)
- (b) A Main Consultation Document

11. Reference copies of these Stage Three documents showing the nature and location of the Wylfa Newydd Project will be available for viewing free of charge between 24 May and 22 June 2017 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, 20p (A4) and £1 (A3) in Gwynedd, and 60p (A4) and £1 (A3) in Conwy.

Horizon Nuclear Power – Public Notice

**WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY
SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT**

Please send any comments in response to this notice by 22 June 2017.

1. Notice is hereby given that Horizon Nuclear Power (Wylfa) Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s.37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and management of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

(a) Development on the main power station site including:

- (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MWe and related facilities located on the north coast of Anglesey to the west of Cemaes.
- (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administrative, training and training and office building
 - (E) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - (F) Public Access works including closure and diversion of public rights of way
 - (G) A power station access road and internal site roads
 - (H) Car parking
 - (I) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area
 - (J) Diversion of utilities
 - (K) Main perimeter fence and construction fence
- (b) Off-site Power Station Facilities co-located on land in Llanfechain including:
 - (i) An alternative emergency control centre
 - (ii) An environmental survey laboratory
 - (iii) A mobile emergency equipment garage
- (c) Associated Development including:
 - (i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area
 - (ii) A logistics area on land at Parc Cyfran
 - (iii) A local ride facility for construction workers on land at Dafur Hir
 - (iv) Offsite highway improvements to the A5025 at Valley junction, Llanfairfechain, Llanfechain, Cefn Coch and the power station access
- (d) Other works including works to facilitate the construction of the elements described above

5. Horizon also intends to submit an application for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

- (a) Site Preparation and Clearance works
- (b) Offsite highway improvements on the A5025
- (c) A visitor and media reception centre
- (d) Other related and enabling works as needed to support delivery of the Project.

6. The proposed DCO will also seek various other powers including provisions pertaining to compulsory acquisition of interests and rights in respect of the acquisition of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

7. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

8. In accordance with section 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One application). The PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.

9. An updated statement of community consultation ("SOCC") has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.

10. The proposed development is the subject of this Stage Three pre-application consultation comprising:

- (a) A Consultation Overview Document (available in English and Welsh)
- (b) A Main Consultation Document

11. Reference copies of these Stage Three documents showing the nature and location of the Wylfa Newydd Project will be available for viewing free of charge between 24 May and 22 June 2017 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (AA) and 30p (A3) in Anglesey, 60p (AA) and 151 (A3) in Conway, 60p (AA) and 151 (A3) in Conway.

12. Free copies of the Consultation Overview Document and the Main Consultation Document will also be available from the exhibition events listed below or on request (contact details below).

13. Copies of all Stage Three consultation documents and all previous consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of all Stage Three consultation documents and plans are available upon reasonable request.

14. As part of our community consultation events are taking place between 24 May and 20 June 2017 at the following locations: Beaumaris, Caernarfon, Cemaes, Cemaes, Holyhead, Llanfairfechain, Llanfechain, Llanfachreth, Menai Bridge, Rhosybol, Tregarth and Valley. These events are being widely advertised and further details are available from our website (details below).

15. You will be able to submit comments during the 28 day consultation period, up until 22 June 2017, in a number of ways:

- (a) Completing a comment feedback form; this can be submitted at one of our events or by posting it at our Freepost address:
- (b) Completing an online feedback form at www.horizonnuclearpower.com/consultation
- (c) Emailing us at wylfaenquiries@horizonnuclearpower.com
- (d) Writing to us at our Freepost address

16. Your comments should be submitted to us no later than 22 June 2017. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

17. Personal information that is supplied to Horizon in response to this Stage Three consultation will be processed in strict accordance with the Data Protection Act 1998.

DEPARTMENT FOR TRANSPORT
TOWN AND COUNTRY PLANNING ACT 1990
The Secretary of State gives notice of the proposal to make an Order under section 247 of the above Act to authorise the stopping up of two northern part widths of Rowden Drive, an area of footpath to the north of Rowden Drive, an area of footway to the north and north west of Banners Grove at Erdington in the City of Birmingham. If made, the Order would authorise the stopping up only to enable development as permitted by Birmingham City Council, under references 2010/04319/PA, 2012/07153/PA and 2012/07153/PA. Copies of the draft Order and relevant plan will be available for inspection during normal opening hours at Erdington Library, Orphanage Road, Birmingham B24 9HP in the 28 days commencing on 19 May 2017, and may be obtained, free of charge, from the address stated below (quoting NATTRAN/WM/S247/2813). Any person may object to the making of the proposed order by stating their reasons in writing to the Secretary of State at nationalcasework@dti.gsi.gov.uk or National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle upon Tyne NE4 7AR, quoting the above reference. Objections should be received by midnight on 16 June 2017. Any person submitting any correspondence is advised that your personal data and correspondence will be passed to the applicant/agent to be considered. If you do not wish your personal data to be forwarded, please state your reasons when submitting your correspondence.

SECTION 48, PLANNING ACT 2008 – REGULATION 4
INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT
Please send any comments in response to this notice by 22 June 2017.
1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").
2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.
3. The application for the Wylfa Newydd Project is anticipated to be submitted in the third quarter of 2017.
4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:
(a) Development on the main power station site including:
(i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MWe and related plant located on the north coast of Anglesey to the west of Cemaes.
(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
(A) Radioactive waste and spent fuel storage buildings
(B) Electrical connection to National Grid substation
(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
(D) Administration building and training and simulator building
(E) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
(F) Public Access works including closure and diversion of public rights of way
(G) A power station access road and internal site roads
(H) Car parking
(I) Construction sites, laydown areas, working areas, temporary works and structures, and temporary construction viewing area
(J) Diversion of utilities
(K) Main perimeter fence and construction fence
(b) Off-site Power Station Facilities co-located on land in Llanfaethlu including:
(i) An alternative emergency control centre
(ii) An environmental survey laboratory
(iii) A mobile emergency equipment garage
(c) Associated Development including:
(i) The Site Campus, being a temporary workers' accommodation campus located on the Wylfa Newydd Development Area
(ii) A logistics centre on land at Parc Cybi
(iii) A park and ride facility for construction workers on land at Dalar Hir
(iv) Offline highways improvements to the A5025 at Valley junction, Llanfaethlu, Llanfaethlu, Cefn Coch and the power station access
(d) Other works including works to facilitate the construction of the elements described above.
5. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:
(a) Site Preparation and Clearance works
(b) Online highways improvements on the A5025
(c) A visitor and media reception centre
(d) Other related and enabling works as needed to support delivery of the Project
6. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Gwynlyn Road.
7. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.
8. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One and Stage Two pre-application consultations). This PEI is supplemented by the updated environmental information presented in the Stage Three pre-application consultation documents.
9. An updated statement of community consultation ("SOCC") has been prepared explaining how this Stage Three pre-application consultation will be undertaken in respect of the Wylfa Newydd Project.
10. The documents which support this Stage Three pre-application consultation comprise:
(a) A Consultation Overview Document (available in English and Welsh)
(b) A Main Consultation Document
11. ROAD RESTRICTIONS

City of Westminster

**BLenheim TERRACE
THE CITY OF WESTMINSTER (PARKING PLACES) (C ZONE)
(AMENDMENT NO. 1) ORDER 201***

- NOTICE IS HEREBY GIVEN that Westminster City Council proposes to make the above Order under sections 45, 46, 49 and 124 of and Part IV of Schedule 9 to the Road Traffic Regulation Act 1984 as amended.
- The general effect of the Order would be, in connection with the redevelopment of Nos. 15 to 19 Blenheim Terrace, to:
 - replace a residents' parking space on the south-east side of Blenheim Terrace, adjacent to Nos. 15 to 19, with 7 metres of single yellow line waiting restrictions (operating between 8.30 a.m. and 6.30 p.m. on Mondays to Fridays); and
 - relocate the residents' parking space referred to in (a) above to the north-west side of Blenheim Terrace, adjacent to Pizza Express, No. 39 Abbey Road, to replace 5 metres of single yellow line waiting restrictions.
- The proposed Order and other documents giving more detailed particulars of the Order are available for inspection until six weeks have elapsed from the date on which either the Order is made or the Council decides not to make the Order between 9 a.m. and 5 p.m. on Mondays to Fridays inclusive at WSP, Palace Gardens Suite, 27th Floor, Portland House, Bressenden Place, London, SW1E 5RS.
- Further information may be obtained by telephoning the Council's agents, WSP, telephone number (020) 3116 5996. Details are also available at <http://westminstertransportationservices.co.uk/notices>.
- Any objections or other representations about the proposals should be sent in writing to the Council's agents, WSP, Palace Gardens Suite, 27th Floor, Portland House, Bressenden Place, London, SW1E 5RS, or by email at tmo.westminster@wspgroup.com quoting reference 7293/LH, by 12th June 2017. All objections must specify the grounds on which they are made.

JONATHAN ROWING, Head of Road Management (The officer appointed for this purpose)
Dated 18th May 2017. (2787296)

LODGE ROAD

1. NOTICE IS HEREBY GIVEN that Westminster City Council proposes to make the following Orders under sections 6, 45, 46, 49 and 124 of and Part IV of Schedule 9 to the Road Traffic Regulation Act 1984, as amended:

- The City of Westminster (Free Parking Places) (Disabled Permit Parking Places) (Amendment No. 1) Order 201*;
- The City of Westminster (Motorcycle Parking Places) (Amendment No. 1) Order 201*;
- The City of Westminster (Parking Places) (B Zone) (Amendment No. 1) Order 201*;
- The City of Westminster (Waiting and Loading Restriction) (Amendment No. 1) Order 201*;

- The general effect of the Orders would be, in connection with the introduction of a local safety scheme, to revise parking and waiting restrictions, as follows:
 - to relocate the shared-use parking space (15 metres) on the north-west side of Lodge Road, adjacent to the Church of Our Lady, 15 metres north-eastward (to be replaced with double yellow line "at any time" waiting restrictions);
 - to replace the existing motorcycle parking place (3 metres) and the redundant disabled "white badge" parking bay (5 metres) on the north-west side of Lodge Road, outside No. 52, with shared-use parking;

5 Consultation on Additional Land

5.1.1 Horizon published notices for Consultation on Additional Land in newspapers in January 2018. The notices described the project and set out the intention to submit the DCO application in the first half of 2018. The notices were published in the local newspaper The Daily Post, The Guardian, The London Gazette, Fishing News and Lloyds List.

Longlining for Patagonian toothfish from the Falkland Islands

A Crewman on the longliner CFL Hunter retrieves a dana buoy before starting to haul back another set of gear.

The 82-ton longliner CFL Hunter was custom-built for Consolidated Fisheries Ltd last year specifically to fish for MSC-accredited Patagonian toothfish.

Working four-week trips from the Falkland Islands, the three-mt-the-art vessel fishes down to 1100m in the frequently stormy waters of the Southern Ocean.

Marlin, swordfish, sharks and elephant seals are among the wide range of wildlife that regularly accompanies the longliner.

In addition to using a specialised umbrella longline system that keeps

beared hooks below the surface, CFL Hunter features a closed electric monitoring system for data recording.

A detailed feature compiled by Plymouth documentary practitioner Terry Flanagan during a month at sea on the longliner starts on page 8.

OBE for NFFO president

NFFO president Tony Delahunt has been awarded the OBE in the New Year honours for his services to the fishing industry.

He was a working fisherman in an under-10m vessel from Sculby until November 2017, has had strong links to the RNLI since 1978, and is an MMO board member.

NFFO chief executive Barrie Duss said Tony had taken on 'a prodigious amount of work' during his career.

"This award is truly deserved, and I am delighted that his contribution has been recognised in this way. It is particularly to me that he has been able to do all that he has done, while maintaining a successful fishing business on the south coast. I know that Tony's wife, Fiona, has also made a huge contribution to his work, and I think that this should be recognised as well in this award," he said. *continues on page 2*

Could Cosco still have eyes for Gener8?

CHINA COSCO TABLED a rival all-cash bid for Gener8 Maritime prior to the New York-listed owner's announcement of a merger with Euronav, it has emerged.

Lloyd's List can exclusively reveal the Chinese state conglomerate submitted the bid while Euronav was in talks with Gener8 last year.

Gener8 considered both offers before deciding to proceed with Euronav, according to well-placed sources.

The news comes amid speculation that Chinese interest may still remain to buy the company.

According to some industry insiders, there is renewed interest from Chinese interests, understood to be Cosco Shipping Energy Transportation, and a willingness from some gener8 shareholders to reconsider the original offer.

An official from Cosco Shipping said he was unaware of any bid.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING

(APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT

Please send any comments in response to this notice by 16 February 2018.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") at Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the first half of 2018.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. Horizon proposes to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

- Power Station: the proposed new nuclear power station, including two UK Advanced Boiling Water Reactors (UK ABWRs) to be supplied by Hitachi-GE Nuclear Energy Ltd., supporting facilities, buildings, plant and structures, and radioactive waste and spent fuel storage buildings;
- Other on-site development: including landscape works and planting, drainage, surface water management systems, public access works including temporary and permanent closures and diversions of public rights of way, new Power Station Access Road and internal site roads, car parking, construction compounds and temporary parking areas, laydown areas, working areas and temporary works and structures, temporary construction viewing area, diversion of utilities, perimeter and construction fencing;
- Marine Works comprising:
 - Permanent Marine Works: the Cooling Water System, Cooling Water System intake and outfall, Marine Off-Loading Facility (MOLF), breakwater structures, shore protection works, surface water drainage outfalls, fish recovery and return system, fish deterrent system, navigation aids and dredging;
 - Temporary Marine Works: temporary cofferdams, a temporary access ramp, navigation aids, temporary outfalls and a temporary barge berth;
- Off-site Power Station Facilities: comprising the Alternative Emergency Control Centre (AECC), Environmental Survey Laboratory (ESL) and a Mobile Emergency Equipment Garage (MEEG);
- Associated Development: the Site Campus; temporary Park and Ride facility at Dalar Hir for construction workers (Park and Ride); temporary Logistics Centre at Parc Cybi (Logistics Centre); and A5025 Off-line Highway Improvements.

5. Horizon has submitted applications for planning permission under the Town and Country Planning Act 1990 for the following which support, but which will not form part of, the DCO application:

- (a) Site Preparation and Clearance works; and
- (b) Online highways improvements on the A5025.

6. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of, the DCO application. These include applications for:

- (a) A visitor and media reception centre
- (b) Other related and enabling works as needed to support delivery of the Project

7. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

8. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and its likely significant environmental effects.

9. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has previously made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (as part of its Stage One, Stage Two and Stage Three pre-application consultations). This PEI is supplemented by the updated environmental information presented in the documents associated with the Consultation on Additional Land.

10. The existing Statement of Community Consultation ("SOCC") explains how this Consultation on Additional Land will be undertaken in respect of the Wylfa Newydd Project.

11. The documents which support this Consultation on Additional Land comprise:

- (a) A Consultation Overview Document (available in English and Welsh)
- (b) A Main Consultation Document

12. Reference copies of these documents showing the nature and location of the Wylfa Newydd Project and the additional land requirements are available for viewing free of charge at the library locations listed in this notice. Copying facilities where available at these libraries cost 15p (A4) and 30p (A3) in Anglesey, 20p (A4) and £1 (A3) in Gwynedd, and 60p (A4) and £1 (A3) in Conwy.

13. Copies of Consultation on Additional Land documents and previous consultation documents are available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of all Consultation on Additional Land documents and plans are available upon reasonable request.

14. As part of our community consultation, events are taking place between 16 January and 16 February 2018 at: Amlwch, Bangor, Cemaes, Conwy, Llanfachraeth, Llangefni and Valley. These events are being widely advertised and further details are available from our website (details below).

15. You will be able to submit comments electronically or by post during the 31 day consultation period by:

- (a) Emailing us at wylfaenquiries@horizonnuclearpower.com
- (b) Writing to us at our freepost address FREEPOST WYLFA NEWYDD

16. Your comments should arrive with us no later than 16 February 2018. Please make sure that any response indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

17. Personal information that is supplied to Horizon in response to this Consultation on Additional Land will be processed in strict accordance with the Data Protection Act 1998.

WYLFA NEWYDD - A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 - REGULATION 4

INFRASTRUCTURE PLANNING

MAPS, PLANS, PRESCRIBED FORMS AND PROCEDURE

REGULATIONS 2008

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD PROJECT

Please send any comments in response to this notice by 15 February 2013.

1. Wylfa is likely to be the Horizon Nuclear Power Wylfa Limited (the "Applicant") House 1420 Charnon Court, Charnon Business Park, Wrexham, CH3 1AE. It proposes to apply to the Secretary of State under s2 of the Planning Act 2008 for a new planning permission consent (NPPC) for the development, operation and maintenance of a new nuclear power station and other developments at Wylfa, Anglesey ("Wylfa Newydd Project").

2. The Applicant is part of the Horizon Nuclear Power utility group of companies and is wholly owned by IHI Corp., Limited, the headquarters of which is in Tokyo, Japan.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the first half of 2014.

4. The Wylfa Newydd Project is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and requires development consent under that Act. It is proposed to apply for a DCO for the Wylfa Newydd Project which would include the following principal elements:

- Power Station: the proposed new nuclear power station, including two UK Advanced Boiling Water Reactors (UK ABWRs) to be supplied by Hitachi GE Nuclear Energy Ltd., supporting facilities, buildings, plant and structures, and radioactive waste and spent fuel storage buildings.

- Other works development including landscape works and planting, dredging, surface water management systems, public access areas, including temporary and permanent pathways and diversion of public rights of way, new Power Station Access Road and internal site roads, car parking, construction compounds and temporary parking areas, temporary areas, working areas and temporary works and structures, temporary buildings, site lighting, site drainage, site utilities, drainage and wastewater handling.

- Marine Works: including:

- Installation of marine berths, comprising the Cooling Water System intake and outfall, Marine Off-loading Facility (MOF), berthing structures, shore protection works, surface water drainage, cable, telecommunication, valve systems, the automated system, navigation aids and dredging.

- Temporary Works: temporary buildings, temporary access areas, navigation aids, temporary outfalls and a temporary hemisphere;

- Cf site Power Station Facilities: comprising the Alternative Emergency Control Centres (AECC), Environmental Survey (Environmental Monitoring and Alerting System - EMAS) and Emergency Equipment Garage (EEG);

- Associated Development: the Site Campus, temporary P&I and fire facility, Taller HIR for construction workers (Park and Ride), temporary Logistics Centre at Pen Dyr, Logisticau Cymru, and AS2025 Off-line Highway Improvements.

5. Horizon has submitted applications for planning permission under the Town and Country Planning Act 1990 for the following, which support, but which will not form part of the DCO application:

(a) S1 - Preparation and Clearance works; and

(b) Onsite highway improvements on the AS2025

6. Horizon also intends to bring forward applications for planning permission under the Town and Country Planning Act 1990 for works which support, but which will not form part of the DCO application, including:

(a) A regular environmental reception centre;

(b) Other initial and developing works as needed to support delivery of the Project;

(c) An application DCO will also seek various other powers including: (i) revisions permitting the compulsory acquisition of interests and rights (or land), the temporary use of land, interfaces with utility and the closure or diversion of streets and other public rights of way including the permanent closure of Gwyddyl Road;

(d) The proposed Development Statement (DS) development for the purposes of the Infrastructure Planning (Crown Estate Interest Assessment) Regulations 2009. An environmental impact assessment is being carried out and environmental objectives will be submitted with the proposed application. The environmental statement will provide a detailed description of the Project and any likely significant environmental effects;

(e) In accordance with Regulation 19 of the Infrastructure Planning (Crown Estate Interest Assessment) Regulations 2009 via Appendix 1, the proposed development will be submitted with the proposed application together with a non-confidential summary of that information for each of the Steps One, Step Two and Step Three pre-application consultation; (f) A PEI is supplementary to the application and will include the information presented in the documents associated with this consultation on Additional Land;

(g) The existing Statement of Community Consultation (SOC) explains how the consultation on Additional Land will be undertaken in respect of the Wylfa Newydd Project;

(h) The documents which support the consultation on Additional Land comprise:

(i) A Consultation Overview Document (available in English and Welsh);

(j) A Main Consultation Document;

(k) Reference copies of these documents showing the nature and location of the Wylfa Newydd Project and the additional land proposed for development, which are available on the charge at the library, available below in this section. Consultation documents available at local libraries, nos 159 (A2) and 501 (A2) in Anglesey, 206 (A4) and 114 (A3) in Conwy, nos 602 (A4) and 514 (A3) in Gwynedd;

(l) Power Station on the proposed new nuclear power station, including two UK Advanced Boiling Water Reactors (UK ABWRs) to be supplied by Hitachi GE Nuclear Energy Ltd., supporting facilities, buildings, plant and structures, and radioactive waste and spent fuel storage buildings;

(m) Other works development including landscape works and planting, dredging, surface water management systems, public access areas, including temporary and permanent pathways and diversion of public rights of way, new Power Station Access Road and internal site roads, car parking, construction compounds and temporary parking areas, temporary areas, working areas and temporary works and structures, temporary buildings, site lighting, site utilities, drainage and wastewater handling;

(n) Marine Works: including:

(o) Installation of marine berths, comprising the Cooling Water System intake and outfall, Marine Off-loading Facility (MOF), berthing structures, shore protection works, surface water drainage, cable, telecommunication, valve systems, the automated system, navigation aids and dredging;

(p) Associated Development: the Site Campus, temporary P&I and fire facility, Taller HIR for construction workers (Park and Ride), temporary Logistics Centre at Pen Dyr, Logisticau Cymru, and AS2025 Off-line Highway Improvements;

(q) Horizon has submitted applications for planning permission under the Town and Country Planning Act 1990 for the following, which support, but which will not form part of the DCO application:

(a) S1 - Preparation and Clearance works; and

(b) Onsite highway improvements on the AS2025

Students drafted in to plug NHS gaps

Exclusive Safety concerns as undergraduates volunteer on short-staffed wards and A&E

Sarah March
Dagda Campbell

Medical students are being urged to help relieve the NHS winter crisis because hospitals are so short-staffed they are struggling to cope with the surge in patients, the Guardian can reveal. Despite their lack of

experience, undergraduates are being asked to volunteer in A&E units and on wards reeling under the weight of extra demand caused by the cold weather, an outbreak of flu and people suffering serious breathing problems. They have been told to expect to fit cannulas – tubes inserted so patients can receive medication – take blood and carry out work usually done by healthcare assistants and nurses. The British Medical Association said that asking students who had not qualified in medicine to assist with, in some cases, severely ill patients was

"a desperate measure" that could put patients at risk and exploit undergraduates who agreed to help.

The situation also led to warnings that hospitals could face legal difficulties if students made mistakes and concern that their presence on wards could disguise the depth of NHS understaffing.

Medical schools are asking fourth- and fifth-year students for urgent assistance as "hand-picked" nearby hospitals and GPs surgeries, according to emails obtained by the Guardian. Dr Andrew Hassell, head of Keele

University's medical school, wrote to students recently to enlist support in tackling the NHS's "national crisis". "We're sure you don't need us to tell you about the extraordinary situation the whole of the NHS is facing this winter," wrote Hassell, who is also a senior figure in a NHS trust that runs hospitals in Stoke and Stafford.

"As the medical schools in the areas we think we should be doing whatever we can to support local services while maintaining student learning, we are sure you will want to be part of our collective effort at this time of national crisis," he said in the email, sent last week. He added that he had already contacted the medical director (most senior doctor) at his own trust and at the Shrewsbury and Telford hospital and NHS Trust, "to ask them to let us know if there's anything we can do to help".

Hassell told students: "Do volunteer to help in any way possible, providing it's within your competence. This applies to students in hospitals and in your local GP practices".

Carillion talks fail to provide rescue plan

Rob Davies

The construction firm Carillion faces the brink of collapse last night, raising fears for the future of a number of large-scale government projects and day-to-day services in the schools and hospitals, prisons and the NHS.

The Cabinet Office-hosted emergency talks aimed at mapping out a future for a company that employs 43,000 people – including nearly 20,000 in Britain – but the meeting broke up without a rescue deal. The accountancy firm EY has been drafted in to manage a potential administration, which could be triggered this morning.

Labour called for a public inquiry into the rapid decline of a company, whose chairman is an adviser to the prime minister Theresa May on corporate responsibility.

Trade unions branded Carillion a "textbook example of the failings of privatisation", and urged the government to step in to guarantee jobs and services.

Opposition MPs are expected to question the government today on why it awarded Carillion lucrative public sector contracts, including £1.4bn →

Chelsea Manning reveals plan to run for US Senate

The whistleblower, who spent seven years in a military prison, has posted a video on Twitter announcing her intention to run in this year's US Democratic primaries, saying: "We live in trying times. Times of fear, of suppression, of hate... We don't need more or better leaders, we need someone willing to fight."
