Dear Mr Wilson,

Horizon Nuclear Power Wylfa Limited: Wylfa Newydd New Nuclear Power Station

Notification in accordance with section 46 of the Planning Act 2008

1. I write on behalf of Horizon Nuclear Power Wylfa Limited ("**Horizon**") regarding its proposals for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("**Wylfa Newydd Project**").
2. Horizon intends to apply to the Secretary of State ("**SoS**") for a development consent order ("**DCO**") for the Wylfa Newydd Project under section 37 of the Planning Act 2008 ("**Planning Act**"). The application for DCO is anticipated to be submitted in the second quarter of 2017. This letter constitutes formal notification of the SoS pursuant to section 46 of the Planning Act.
3. Horizon is now commencing formal pre-application consultation about the Wylfa Newydd Project with the consultation bodies identified under section 42(1) of the Planning Act and this will run until **25 October 2016**. This consultation is Horizon's Stage Two pre-application consultation.
4. In accordance with section 46(1) of the Planning Act please see below the Stage Two pre-application consultation documents that have been provided to the section 42 consultation bodies and which have been separately sent to you. These documents include both technical and non-technical documents, as well as a number of online resources:
 - (a) Non-technical documents:
 - (i) Consultation Overview Document

- (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary
- (b) Technical documents:
 - (i) Main Consultation Document
 - (ii) Preliminary Environmental Information Report
 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
- 5. The main components of the Wylfa Newydd Project are set out in the enclosed section 48 notice, in the Main Consultation Report, and in the Preliminary Environmental Information Report.
- 6. In addition to the above, the following technical resources have been made available online:
 - (a) Associated Development Site Selection Report
 - (b) Off-site Power Station Facilities Site Selection Report
 - (c) Construction Worker Accommodation Strategy
 - (d) Traffic and Transport Technical Note
 - (e) Planning Statement Framework
 - (f) Draft Masterplans
- 7. Copies of all Stage Two pre-application consultation documents are available to view and to download from **www.horizonnuclearpower.com/consultation**.
- 8. Please note that, as set out in the enclosed notice, responses to this consultation must be submitted to us no later than 25th October.

9. If you have any queries or require any additional information please do not hesitate to contact me.

Yours sincerely

Kieran Somers
Head of Planning

FAO Dr Gwynne Jones

DCRM Ref. No: HNP-S2-RI-LET-00013

Unique Number: HNP4028R

Dear Dr Jones

Wylfa Newydd: Submission of an updated Statement of Community Consultation in accordance with Section 47 (2) of the Planning Act 2008

Following our very useful discussions and the invaluable advice from your officers, I am pleased to enclose our updated Wylfa Newydd Statement of Community Consultation. As explained in the introduction to the Statement, we have provided this update to our September 2014 Statement of Community Consultation as we are making some changes to the way we intend to consult with the local community and other groups and individuals that we believe may potentially experience impacts or benefits as a result of our proposals. The changes have come about primarily as a result of:

1. modified timings for consultations,
2. the inclusion of further targeted community engagement supported by closer working with the Council's best practice methodology for community involvement
3. possible changes to national planning legislation as result of the Wales Bill

We have prepared this update in accordance with s47 of the Planning Act 2008 and the guidance set out in DCLG's *Planning Act 2008: Guidance on the pre-application process* (March 2015). As you are aware, the Statement of Community Consultation provides a basis for an agreement with you on how we should consult people in your area, and we would now invite the Isle of Anglesey County Council's formal views on the proposals set out in the document. As you will also be aware, the Planning Act requires local authorities to respond to an applicant's consultation on a proposed Statement of Community Consultation within 28 days of receipt of the request.

Head of Planning

Iwan Trefor Jones

As a result, the model is able to capture the nonlinear relationship between the variables and the response variable.

14 January, 2016

Dear Alan

RE: Isle of Anglesey County Council's Response to Horizon Nuclear Power's Revised Statement of Community Consultation (in accordance with s.47 of the Planning Act 2008)

I am writing to you setting out the Isle of Anglesey County Council's (IACC) formal response to your consultation on the draft revised Statement of Community Consultation (SOCC).

Firstly, may I thank you for circulating an early draft informally to enable officers of the IACC to make comments, the majority of which were incorporated in the draft you issued formally to the IACC on 23rd December 2015.

Secondly, I convey the appreciation of the Leader for your colleagues coming along to Llangefni to present to Members on 8th January to outline the reasons for and purpose of the draft SOCC, the key changes, and your high level Planning Consenting Strategy. As always, the Question and Answer session proved very informative and constructive, especially your commitment to hold regular future Briefing Sessions for Members to update them and to provide more detail on your proposals as this develops. These Briefings provide Members with a better understanding of what is a large and complex project, and enables them to engage with the communities they represent.

Turning to the draft SOCC, the starting point for the IACC has been to forward comments to help shape the SOCC to provide a mechanism for genuine public consultation. In doing so, the IACC has also sought to assist Horizon Nuclear Power (Horizon) in removing any risk associated with this process should it not be undertaken correctly.

The IACC therefore, very much views the SOCC as addressing how Horizon expects to consult on the substance of what is proposed, when it intends to do so, and how the different elements of the proposals and consultations (e.g. on DCO and Town and Country Planning Act Applications) are expected to integrate. At the same time the IACC appreciates that Horizon cannot be expected to know the detail of future applications at this stage, hence our focus on the process of how future consultations will take place.

Dr. Gwynne Jones
Prif Weithredwr
Chief Executive

Ein Cyf - Our Ref. WGJ/VLJ
Eich Cyf - Your Ref.

It is against the above backcloth, and in the knowledge that the bulk of the previous IACC comments have been taken on board that I highlight the following high level comments:

I agree that the draft Wales Bill, which includes provisions which would enable Associated Development to be included within the DCO for a project like Wylfa Newydd, needs to be referred to in the SOCC. However, there is a real danger of public confusion and a needless ongoing distraction, together with avoidable duplication of effort by the IACC and other stakeholders, if Horizon states, as the draft SOCC currently does, that Horizon is monitoring the Bill's progress with a view to the possibility of including Associated Development within the DCO. The Wales Bill proposals are unlikely to be legally available in time for the DCO application and, in any event, simply create an option (not an obligation) to include Associated Development within the DCO. Accordingly, I am asking that the SOCC makes it clear in the SOCC that Horizon does not intend to use this consenting route, even if it is available, so that the IACC and the public know where they stand now on this important point.

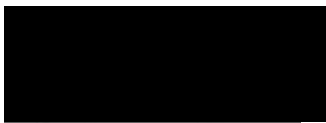

In advertising the Consultation the IACC would suggest that the use of more innovative, modern and inventive methods (to supplement those already identified) would have a positive impact on the number, quality and variety of comments to be received by HNP during the proposed consultation process. Further use of freepost feedback forms would also be welcome i.e. including within each newsletter that goes out to 33,000 homes.

I also add detailed comments on the text of the draft SOCC in the Schedule at Annex 1.

The IACC therefore believe that the SOCC, if IACC comments outlined in this response are incorporated (including Annex 1), is fit for purpose and is sufficiently robust to effectively consult with the public on the proposed new nuclear build at Wylfa (in accordance with s.47 of the Planning Act 2008).

I trust that you find these comments positive and in the spirit of the overall approach of the IACC to the SOCC and how it can engender genuine and wide reaching engagement and feedback, which will inform the consenting process going forward.

Yours sincerely

Gwynne Jones
Chief Executive

ANNEX 1

Schedule setting out Isle of Anglesey County Council detailed comments on the draft Statement of Community Consultation submitted by Horizon on 23rd December 2015

N.B. The detailed comments below complement the high level responses in the letter dated 14th January 2016 from the Council's Chief Executive to Alan Raymant of Horizon Nuclear Power.

Page	COMMENTS
1	Would suggest that it is 'close working with Anglesey's Community Involvement Officers' and not specifically the 'Community Voice' project
1	We think that this prominent reference to the draft Wales Bill may be confusing, and it would be better to delete "possible changes to national planning legislation"
2	Could we add the 'Sustainable Development' slide from HNP Members Briefing presentation (8th Jan)?
2	It would assist with the clarity of the paragraph if the following highlighted words were included: <i>"The requirements under the Planning Act 2008 relating to pre- application consultation do not strictly apply to those elements. However, in the interests of keeping the local community and other stakeholders informed about the whole project, we will include relevant information on all elements of the Wylfa Newydd Project during our pre-application consultation. We will record and share all pre-application consultation responses that we receive in relation to the associated developments, though the formal post-application consultation on these will be undertaken by the Isle of Anglesey County Council following the submission of the planning applications, as normal."</i>
5	Para 6 – Please make it clear that HNP do not intend to use this consenting route, even if it is a legally available option by Feb 2017, so that the IACC and the public know where they stand on this important point. The wording talks about the 'potential need' to follow the new route. This is confusing, as HNP will never be OBLIGED to include AD within the DCO. It will only ever be an option. <i>"The draft Wales Bill (October 2015) introduces the possibility that associated development will be incorporated in development consent order applications in Wales for the first time."</i> IACC feel that this should say "could" not "will". It would be misleading to say "will".
6	We note that this is a reduction from 1000 in the Sept. 2014 SOCC
6	Figure 3 & Figure 4 (p.7) – Diagrams are too simplistic. The IACC request for a DCO, TCPA and Consultation timeline that will clearly illustrate their sequencing. There are no dates (not even seasons ie. Spring 2016 etc) which is vague
7	Para 2 - Mentions 'January consultation' without any obvious preceding explanation as to what this is, what year it is, whether the 'January consultation' is statutory/non-statutory, or what it is consulting upon. This second paragraph needs to explain what the Jan/Feb consultation is intended to cover and what its

	role is in preparing for PAC2.
7	There is nothing in this section about when the TCPA applications are going to be made, or their relative timing to the DCO application.
8	Maximising Inclusion Strategy - should this be mentioned earlier and also should it be hyperlinked?
8	Paras 5 & 6 – formatting error
8	Questions have been raised about how specialist groups will be consulted with i.e. elderly people who live rurally without a car?
8	Refers to 'NPS' site, but this is not explained in the key. This may be confusing to the public.
9	Para 3 – <i>"All materials produced for informal consultation and engagement prior to Stage Two will be bilingual. Newsletters that contain information about the progress of the Wylfa Newydd Project will continue to be delivered regularly to all Anglesey households."</i> Suggest adding the words in yellow to make it clear that the 'informal consultation' is separate and prior to Stage Two.
9	Who will receive PAC2 and 'January consultation' documents by post – just people in zone A or B and C?
9	The largest number of comments received is in relation to methods of advertising and focuses upon the lack of digital and innovative media being adopted. In lieu of listing all specific comments, it is suggested that HNP liaise closely with the IACC Communications Team in order to alleviate these issues. As a general note, much more use of digital media should be utilised. For instance, the NDA consultation utilises live dial-in webinar chat forums for Q&As and to explain various issues in a more interactive way.
10	A Freepost Feedback form sent with the Consultation letter to each home would remove one of the barriers to responding? This may help with gaining increased feedback from those who cannot attend consultation events.
10	<i>"All responses will be recorded, reviewed and considered as part of the consultation process and will be stored securely on our behalf. We will consider and address responses as relevant to both the development consent order and the separate planning applications for associated development, though the formal post-application consultation on the latter will be undertaken by the Isle of Anglesey County Council following the submission of the planning applications."</i> Suggest adding the words in yellow to clarify that it is post-application consultation that the IACC will do.
10	Final paragraph is not complete.
10	The 'large text/alternative format' notice needs to go on the front and back pages too. People who can't see well or who may be dyslexic etc are not going to struggle to P01 to see it. Is an audio format (compatible with hearing loops) going to be available?

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited (Horizon) is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station.

Horizon developed a Statement of Community Consultation (SOCC) ahead of its first stage of formal consultation in 2014 in accordance with Section 47 of the

Planning Act 2008. The SOCC sets out how Horizon will consult with those that live in the vicinity of the proposed development and how people can have their say on the proposals.

Horizon has made some amendments to its proposed approach to consultation since the publication of the first Statement of Community Consultation in September 2014, and has now produced an updated version.

You can view the document at the locations listed below from **27th January** and online at www.horizonnuclearpower.com/consultation

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 47, PLANNING ACT 2008 – STATEMENT OF COMMUNITY CONSULTATION NOTICE

Horizon Nuclear Power Wylfa Limited (Horizon) is proposing to construct and operate a new nuclear power station on Anglesey with an electrical capacity of up to 2,700 MW. The main plant and structures of the operational power station (Wylfa Newydd) will be located on land next to the existing Wylfa Power Station.

Horizon developed a Statement of Community Consultation (SOCC) ahead of its first stage of formal consultation in 2014 in accordance with Section 47 of the

Planning Act 2008. The SOCC sets out how Horizon will consult with those that live in the vicinity of the proposed development and how people can have their say on the proposals.

Horizon has made some amendments to its proposed approach to consultation since the publication of the first Statement of Community Consultation in September 2014, and has now produced an updated version.

You can view the document at the locations listed below from **27th January** and online at www.horizonnuclearpower.com/consultation

Wylfa Newydd Project

Statement of Community Consultation

Version 2: January 2016

Wylfa Newydd Project – A proposed new nuclear power station on Anglesey

This Statement of Community Consultation relates to Horizon Nuclear Power Wylfa Limited's (Horizon's) proposals to develop a new nuclear power station on Anglesey – the Wylfa Newydd Project. We have produced this update to our September 2014 Statement of Community Consultation as we are making some changes to the way we intend to consult with the local community and other groups and individuals that we believe may potentially experience impacts or benefits as a result of our proposals. The changes have come about as a result of modified timings for consultations, the inclusion of further informal community engagement, possible changes to national planning legislation, and an opportunity to work with Anglesey's Community Involvement Officers.

Who is Horizon and what is the Wylfa Newydd Project?

The Horizon group of companies, which is ultimately owned by Hitachi, Ltd., is developing a new generation of nuclear power stations to help meet the UK's need for safe, affordable, low carbon energy. Nuclear power can play a vital role in meeting the challenge of maintaining secure energy supplies for the UK, while also tackling the global threat of climate change by meeting emissions reduction targets.

As part of our Project, we are proposing to construct and operate a new nuclear power station, which will be known as 'Wylfa Newydd'. It will comprise two UK Advanced Boiling Water Reactors (supplied by Hitachi-GE Nuclear Energy, Ltd.) and associated plant, structures and features (the Power Station), together with Associated Development to support its delivery. The Power Station will deliver at least 2,700 megawatts of electricity, enough power for around five million homes.

The main plant and structures of the operational Power Station will be situated next to the existing Magnox power station, to the west of Cemaes, on Anglesey. We intend to be generating electricity at Wylfa Newydd in the first half of the 2020s.

Horizon Nuclear Power – Our Vision and Mission

.....

We believe there is a compelling requirement for new nuclear power in the UK to help tackle the vital and complex challenge of delivering a sustainable energy future. We will deliver secure, affordable, low carbon energy for present and future generations.

Our mission is to build a new, leading, UK nuclear utility company, successfully developing, constructing and operating the UK Advanced Boiling Water Reactor on Anglesey and at Oldbury-on-Severn in South Gloucestershire.

Further information:

www.horizonnuclearpower.com/consultation

What is a Statement of Community Consultation and how does it relate to the consenting process?

The Power Station is a Nationally Significant Infrastructure Project for the purposes of the Planning Act 2008 and so we will need to make an application to the Secretary of State for Energy and Climate Change for a development consent order under that Act to authorise it.

Consultation is an important part of the planning and development process and the Planning Act 2008 requires developers to publicise their proposals widely as well as consulting with the local community, local authorities, statutory bodies and persons with an interest in land potentially affected by the proposed Nationally Significant Infrastructure Project. This process is referred to as 'pre-application consultation' and must be carried out before the application for a development consent order can be accepted by the Planning Inspectorate on behalf of the Secretary of State.

In particular, section 47 of the Planning Act 2008 requires developers to prepare a Statement of Community Consultation explaining how they will consult with people potentially affected by the development of a Nationally Significant Infrastructure Project, including people living in the vicinity of the proposals. This document is therefore an important part of the consenting process, guiding us through effective consultation on our proposals before making an application for a development consent order.

Having made some amendments to our proposed approach since the publication of our first Statement of Community Consultation in September 2014, we have now produced this updated version.

As required by the Planning Act 2008, we have consulted with the relevant local authority, the Isle of Anglesey County Council, on a draft of the Statement of Community Consultation and have had regard to the Council's response. The Isle of Anglesey County Council is also a key participant in the pre-application consultation process, and will be invited by the Planning Inspectorate to produce a 'Local Impact Report' following the submission of the development consent order application.

This Statement of Community Consultation, which is available on our website, in libraries across Anglesey and at consultation events, is being advertised in local and regional newspapers with daily or weekly circulation across Anglesey and north Wales, and is designed to help members of the community understand how and what they will be consulted on.

It explains:

- **What** we are proposing to develop – including a brief description of:
 - the consenting process including how environmental effects are assessed in order to identify the potential benefits and adverse effects of a Nationally Significant Infrastructure Project; and
 - the Wylfa Newydd Project;
- **When** we will be consulting;
- **Who** and **where** we will be consulting;
- **How** we will consult with people, groups and community organisations; and
- **How** consultees can respond to the consultation and find out about how feedback has been taken into account.

Some elements of the Wylfa Newydd Project, known as 'associated development', cannot currently be included in the application for a development consent order. We intend to apply for consent for these in separate planning applications that would be determined by the Isle of Anglesey County Council. The requirements under the Planning Act 2008 relating to pre-application consultation do not strictly apply to those elements.

However, in the interests of keeping the local community and other stakeholders informed about the whole project, we will include relevant information on all elements of the Wylfa Newydd Project during our pre-application consultation. We will record and analyse all pre-application consultation responses that we receive in relation to the associated developments, though the formal post-application consultation on these will be undertaken by the Isle of Anglesey County Council following submission of planning applications.

We will ensure consultation is meaningful, inclusive and clear by providing consultees with information that can be easily understood. This will enable constructive and informed comments on the Wylfa Newydd Project. Consultation materials will explain elements of the proposals on which we are, and are not, actively seeking the views of the local community. For example, the use of UK Advanced Boiling Water Reactors at our Power Station is already settled.

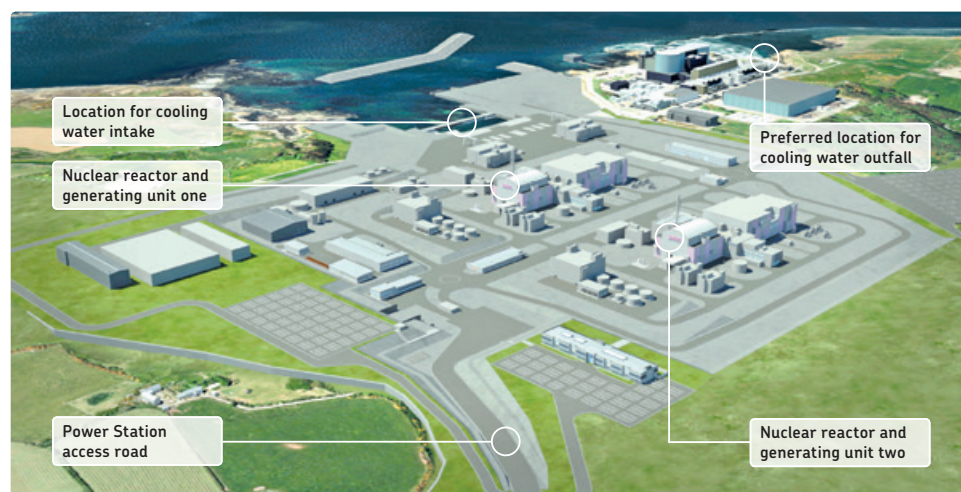

Figure 1: Indicative location of our Power Station

DEVELOPMENT CONSENTING PROCESS

Pre-application consultation is important in the development consent and examination processes as it allows us to understand consultees' concerns and seek to identify ways of mitigating the potential adverse effects of the development before submitting our application to the Planning Inspectorate for examination.

The Planning Inspectorate will need to be satisfied that we have carried out effective pre-application consultation, in accordance with the requirements of the Planning Act 2008. Following examination of the application, the Planning Inspectorate will make a recommendation to the Secretary of State for Energy and Climate Change, who will make the final determination as to whether to grant a development consent order for the Wylfa Newydd Project.

The Secretary of State has set out policies in relation to Nationally Significant Infrastructure Projects in National Policy Statements. The Planning Inspectorate must consider, and the Secretary of State must determine, our application for a development consent order is in accordance with the following National Policy Statements:

- Overarching National Policy Statement for Energy (NPS EN-1)
- National Policy Statement for Nuclear Energy Generation (NPS EN-6), which identifies Wylfa as one of a small number of sites in the UK that the Government considers to be potentially suitable for the deployment of a new nuclear power station.

Together, these National Policy Statements establish that there is an urgent need for new electricity generating capacity, including nuclear. EN-6 makes clear that an application for a development consent order for a new nuclear power station should be assessed on the basis that “the need for such infrastructure has been demonstrated” and goes on to identify a site at Wylfa as potentially suitable for a new nuclear power station. As such, we will not be consulting on the principle of nuclear power, or the suitability of the Site for a new nuclear power station; instead the consultation will seek views on the specific proposals or options that we put forward.

HOW ENVIRONMENTAL EFFECTS ARE ASSESSED

The proposed Power Station is classified as an environmental impact assessment development under Schedule 1 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. This means that an environmental statement must be prepared to accompany the development consent order application. We submitted a scoping request to the Infrastructure Planning Commission (the organisation that previously dealt with applications for Nationally Significant Infrastructure Projects) in November 2009, and we intend to provide the Planning Inspectorate with an updated version of this in early 2016.

The Infrastructure Planning Commission issued a scoping opinion in April 2010, formally setting out its opinion of what information should be provided in our environmental statement. The Planning Inspectorate will undertake the necessary consultations and issue a revised scoping opinion in due course following submission of our revised scoping request. This will enable us to refine our approach to environmental impact assessment and the content of our environmental statement.

We consulted on preliminary environmental information during our first round of pre-application consultation in late 2014.

We will provide updated preliminary environmental information reports to all interested parties during our second round of pre-application consultation later in 2016. These reports present the current understanding of the potential environmental effects of the proposals at the time of the consultation. The complete findings of our environmental impact assessment will be included in the environmental statement that will be submitted with our development consent order application.

The Wylfa Newydd Project

WHAT IS BEING PROPOSED

The main permanent development will be the Power Station (included in our application for a development consent order), which will include the two UK Advanced Boiling Water Reactors and supporting buildings together with the steam turbines, electrical generators, and related plant (such as cooling water infrastructure and breakwaters), waste and spent fuel storage buildings, and supporting structures and features (such as roads and landscape setting).

During the construction period, a number of temporary construction compounds would be established. It is anticipated that a marine off-loading facility will be used for deliveries directly to the Power Station Site by sea.

Integral off-site facilities for the operation of the Power Station (a mobile emergency equipment garage, an alternative emergency control centre and an environmental survey laboratory) would need to be provided locally to, but geographically separate from, the Power Station Site. Subject to final agreement with key stakeholders, these would be included in the development consent order application.

Road improvements will be needed and will be consented as associated development through a planning application to the Isle of Anglesey County Council under the Town and Country Planning Act 1990.

A number of other associated developments are likely to be required to support the construction and operation of the Power Station. These will also require planning permission under the Town and Country Planning Act 1990, and as such would be considered by the Isle of Anglesey County Council. These include park and ride facilities, off-site temporary worker accommodation and a logistics centre. We are looking at the possible legacy benefits of some of these developments once construction is complete, such as the potential for some of the temporary accommodation to become permanent housing stock.

The draft Wales Bill (October 2015) introduces the possibility that associated development could be incorporated in development consent order applications in Wales for the first time. We will monitor the progress of the Bill with the Planning Inspectorate, the Isle of Anglesey County Council and the Welsh Government. However, it remains our current intention to progress associated development through Town and Country Planning Act 1990 planning applications, and any future decision on a change to the consenting route for these developments would be made in a transparent manner and widely communicated through our consultation documents.

We may also submit a planning application to the Isle of Anglesey County Council for some early works to prepare the Site for development in advance of the development consent order application.

In addition we will need to apply for a Marine Licence, as well as other environmental permissions.

There is a need for the Power Station to be connected to the National Grid electricity transmission network, and consultation on the necessary development consent order application is being progressed separately by National Grid.

Figure 2: Construction of ABWR building at Shimane 3 in Japan

POTENTIAL EFFECTS

The Wylfa Newydd Project would bring significant (multi-billion pound) investment and benefits to the economy of Anglesey and north Wales.

Our current thinking is that we will need between 8,000 and 10,000 construction workers during peak periods. This includes construction workers at the Power Station Site, Off-Site Power Station Facilities and Associated Developments. The Project will also create and support further employment and supply chain opportunities in support services and industries.

Once operational, we expect up to 850 permanent jobs at the Power Station across a wide range of roles. Approximately 1,000 additional workers will be required during planned periods of plant outage for maintenance.

The Wylfa Newydd Project would be a large construction scheme, with major activities taking place on the Power Station Site and the surrounding area over a number of years. Once constructed, the Power Station would become a significant feature within the landscape.

To provide opportunities for you to comment, our consultation materials will outline our evolving proposals in the run up to making an application for a development consent order.

We will include information on the potential community and environmental effects of the proposals (including the cumulative effects of our Project with other developments happening in a similar timeframe), covering issues such as socio-economics, Welsh language, recreation, traffic and transport, noise, air quality, soils, hydrology, ecology, tides and sea currents, landscape and views. Information will be included on measures that we propose to reduce any potential adverse effects such as landscaping and the provision of new wildlife features and habitats. Our consultation information will also include details of the potential environmental and community benefits of the Project.

Figure 3: Indicative timeline and phasing of the Wylfa Newydd Project

When will we consult on the Wylfa Newydd Project?

Our approach is to hold two main stages of formal pre-application consultation, ahead of making our application for a development consent order for the Power Station. Stage One was held towards the end of 2014, and the second stage (Stage Two) is expected to take place later in 2016.

The precise timing of the second stage (Stage Two) will be largely dependent upon the issues which arise from our ongoing engagement activity, however it will take place in the second half of 2016.

We will publish the details of consultation dates, venues and opening times, and where documents can be inspected, at least one month in advance through our website – www.horizonnuclearpower.com/consultation – and advertisements placed in local newspapers. The second stage will be statutory consultation to satisfy the requirements of sections 42, 47 and 48 of the Planning Act 2008.

Once we have analysed and taken account of consultation feedback, we propose to make our application for a development consent order in 2017.

We will also hold targeted engagement events to maintain the dialogue with the community between the two stages of pre-application consultation. This will include activity in early 2016, which will focus on the changes to the Project since Stage One pre-application consultation.

To ensure the community can understand the whole project, such events will encompass issues relating to those parts covered in the development consent order and the separate associated development planning applications.

Some of these events will focus on specific issues or target specific communities or groups, and we will also continue to undertake our regular community engagement through open surgeries and the Wylfa Newydd Project Liaison Group, between the stages of pre-application consultation and beyond. All such engagement will be widely advertised in advance in local newspapers and on our website www.horizonnuclearpower.com/consultation

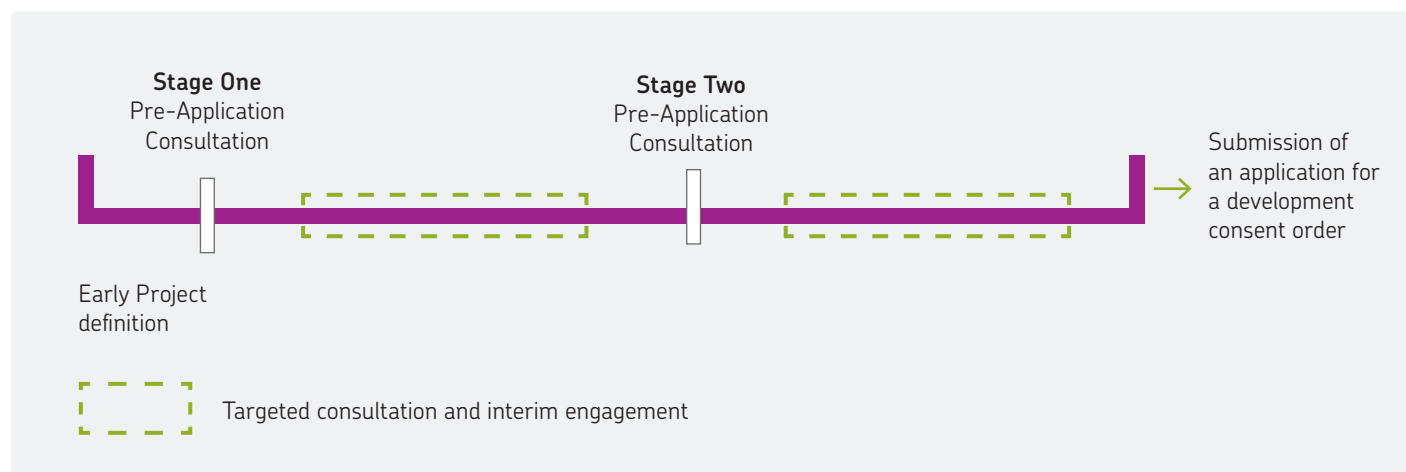

Figure 4: Our consultation approach

Who are we consulting and where?

We will continue to consult with the communities identified in Figure 5 below, across Zones A, B and C. However, anyone can provide feedback on our proposals for the Wylfa Newydd Project and written information will be made widely available, to ensure consultation is effective and accessible.

Our consultation process will take place across the three 'zones' (see Figure 5), which are:

- **Zone A** – Anglesey, which is the area most likely to be directly affected by the Wylfa Newydd Project;
- **Zone B** – Gwynedd (Arfon) area, which includes Bangor and Caernarfon; and
- **Zone C** – north west Wales, as defined by the Welsh Government, including key centres of population and business, such as Llandudno and Porthmadog.

We recognise that residents, communities, organisations and other stakeholders will have different requirements for information and our process of consultation will reflect this. For example, in Zone A we expect many discussions will focus on the direct effects of construction and operation, whereas in Zone C, interest may well be on broader economic and social matters, such as employment opportunities.

We will target engagement events appropriately at those who are potentially most affected by the Wylfa Newydd Project, whilst recognising that those who are less directly affected may also want to take part in consultation events.

As well as consulting with the wider public and their representatives, we will also work with specific groups, local businesses, community councils and other organisations to increase awareness of the consultation process. To help ensure consultation is as accessible as possible, we have developed a Maximising Inclusion Strategy, a copy of which is uploaded on our website, with hardcopies available on request. This aims to ensure that we work with organisations across the community to ensure that people have reasonable opportunity to access information about the Wylfa Newydd Project and respond to the consultation should they wish to do so.

In particular, we will continue to work with the Isle of Anglesey County Council to implement locally relevant good consultation practice, such as that developed through the Community Voice project, and to support the work of Community Involvement Officers.

We will work with organisations across the community to provide people with information about our Wylfa Newydd Project and ensure they have appropriate opportunities to respond. This will be an integral part of all our consultation activity.

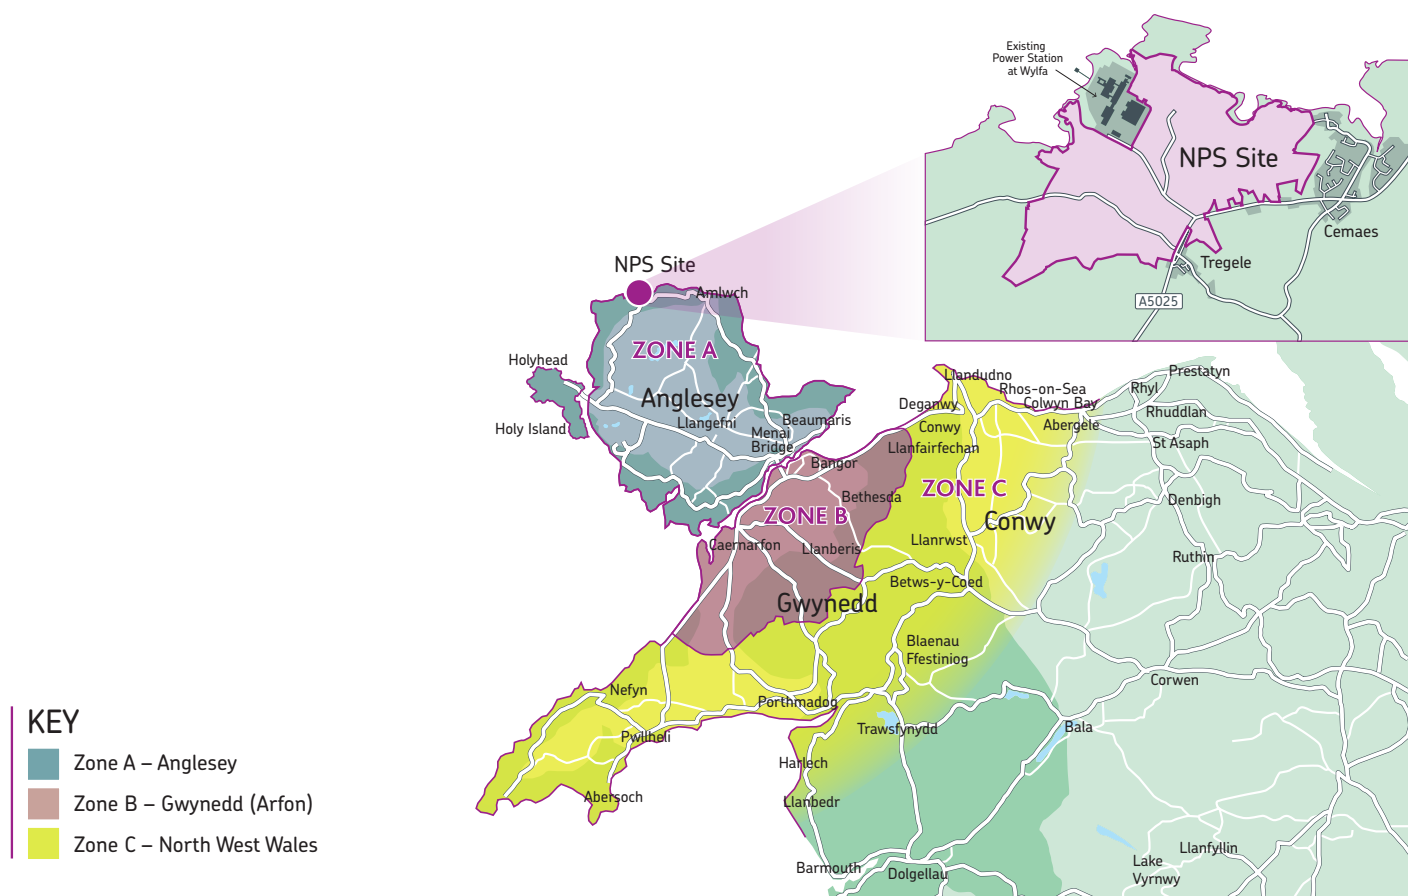

Figure 5: Consultation zones

How will we be consulting?

The Stage One consultation lasted for ten weeks and the Stage Two consultation will be broadly similar. Like Stage One, this will be structured around a series of exhibition events and drop-in sessions that allow people to meet our team and ask questions. These events will be spread across Zones A, B and C and will be targeted at those areas anticipated to be most directly affected by the Wylfa Newydd Project. The consultations include overview, summary and display materials in Welsh and English, written in clear, easy to read language.

We will hold exhibitions in locations identified to have high footfall, including workplaces, education and health establishments. This will provide opportunities for people who may not otherwise engage with us to learn more about the Project and provide feedback. Members of the community who are interested in the Wylfa Newydd Project will also be able to access information at local libraries and other civic buildings, although these locations will be unstaffed unless otherwise stated.

Materials produced for all consultation and engagement activity will be bilingual. Newsletters that contain information about the progress of the Wylfa Newydd Project will continue to be delivered regularly to all Anglesey households.

Welsh speakers will be available at staffed events and consultation feedback will be welcomed in both Welsh and English. Our overview and summary documents will include details of how to request information in large print and we have a freephone number to help with enquiries in Welsh and English on **0800 954 9516**.

Exhibitions held during the two formal stages of consultation will have a range of more detailed information including maps and supporting diagrams, full consultation documents, preliminary environmental information reports, and other relevant technical information. In addition, formal Stage One and Stage Two consultation documents will be available via our website at www.horizonnuclearpower.com/consultation, where we will also provide the option to register and submit comments on the proposals.

HOW WILL THE CONSULTATION BE ADVERTISED?

We use a number of ways to communicate about the consultation process and ensure the community can take part.

We will consider all types of suitable media for communication and will work with representative groups, including the IACC Communications Team to maximise our effectiveness.

As a minimum these will include:

- **Newsletters** – Our Community Update is delivered to around 33,000 households across Anglesey and is also downloadable from our website. It provides detail on the consultation, including how to get involved and where more information can be found. We will issue a pre-consultation edition ahead of each main stage of consultation.
- **Press adverts** – We will place adverts in a variety of local publications detailing our consultation, including event locations and timings, in Welsh and English language, local and regional media.
- **Press releases** – Consultation events will be announced via press releases and we will offer press briefings to all local publications, in Welsh and English.
- **Posters** – Posters will be placed in civic buildings such as libraries and community halls and will be issued to community groups and organisations. These will detail event locations and how people can find out more about consultation.
- **Wylfa Newydd Project Liaison Group** – This is an independent stakeholder liaison group and is designed to channel information from us via community representatives to the wider community. A meeting will be held at the start of each main stage of main consultation to discuss how people can get involved.
- **Stakeholders, groups and organisations** – We will engage with a range of stakeholders and organisations to make them aware of the consultation and, where appropriate, provide details of how people can get involved.
- **Website** – All consultation documentation and details of all stages of consultation, including event locations and timings, will be available on our website at www.horizonnuclearpower.com/consultation and the website will be signposted in all literature.
- **Social media** – We will use Twitter and YouTube to publicise each stage of consultation with the introduction of other social media channels as appropriate. We will also review social media activity to identify any key issues that may trend in relation to our Project.
- **Other media** – We will contact local media outlets (e.g. radio stations and newspapers) before and during the consultation to ensure local people are kept up to date.

How can I respond?

Your response to our public consultation is a very important part of the pre-application consultation process and can be submitted in both Welsh and English. There are a number of ways in which you can respond:

- **Via feedback form** available at consultation events, within the consultation documents and online at: www.horizonnuclearpower.com/consultation. These are available in both Welsh and English.
- **In writing** to our Freepost address (**FREEPOST Horizon Nuclear Power Consultation**)
- **Via email** at wylfaenquiries@horizonnuclearpower.com

We also operate a Freephone number in Welsh and English to answer your questions and queries at any time. You can contact us on: **0800 954 9516**.

WHAT WILL HAPPEN TO MY RESPONSES?

All responses will be recorded, reviewed and considered as part of the consultation process and will be stored securely on our behalf. We will consider and address responses as relevant to both the development consent order and the separate planning applications for associated development. Formal post-application consultation on associated development will be undertaken by the Isle of Anglesey County Council following the submission of the planning applications.

In early 2016 we will produce a summary of feedback received during our Stage One consultation which details the themes of responses.

A Final Consultation Report will be submitted with the application for a development consent order, explaining the process that we have used when dealing with the consultation responses. Where we have not altered our proposals to reflect a response, we will explain our reasoning.

OTHER MAJOR CONSULTATION

The local community may be consulted by the promoters of other Nationally Significant Infrastructure Projects within the consultation zones. We are aware that National Grid is developing proposals for its transmission upgrades and we will seek to avoid scheduling consultation events that overlap with these other consultations where possible.

Dear «Salutation» «Surname»,

Wylfa Newydd – second stage of consultation launches Wednesday 31 August

I'm writing to inform you that Horizon Nuclear Power launches its second stage of pre-application consultation on Wednesday 31 August. This consultation will detail our most advanced proposals for building Wylfa Newydd, a new nuclear power station on Anglesey.

We've enclosed with this letter a USB stick, containing our consultation documents. We're providing you with this information in your capacity as a Statutory Consultee under Section 42 of the Planning Act 2008.

The documents on the USB are as follows:

Non-technical and summary documents

- Consultation Overview Document
- Preliminary Environmental Information Report Non-Technical Summary
- Welsh Language Impact Assessment Interim Report Non-Technical Summary
- Health Impact Assessment Interim Report Non-Technical Summary
- Summary of Project Update January 2016 Consultation Feedback

Technical documents

- Main Consultation Document
- Preliminary Environmental Information Report and Appendices
- Welsh Language Impact Assessment Interim Report
- Health Impact Assessment Interim Report
- Habitats Regulations Assessment Interim Report

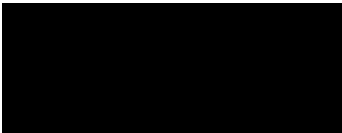

- Equality Impact Assessment Interim Report
- Associated Development Site Selection Report
- Off-Site Power Station Facilities Site Selection Report
- Construction Worker Accommodation Strategy
- Traffic and Transport Technical Note
- Planning Statement Framework

As part of the consultation, we'll be holding public exhibition events across Anglesey and North Wales from 6 September until 13 October, where you can view the materials in more detail and also discuss the proposals with members of the Horizon Nuclear Power team. If you're unable to attend the events, we've also provided all the consultation material on our website – www.horizonnuclearpower.com/consultation. You can also leave us feedback via this website. The closing date for feedback is Tuesday 25 October.

If you'd like to discuss any of these documents in more detail or would like to find out more about what we're proposing, please contact us via email at wylfaenquiries@horizonnuclearpower.com or by calling 0800 954 9516.

Thank you in advance for taking part in our consultation which closes on Tuesday 25 October. Your views are important to us and we hope to see you at one of our exhibition events in the coming weeks.

Yours sincerely

Richard Foxhall
Stakeholder Relations Manager

Dear XX,

Wylfa Newydd – second stage of consultation launched Wednesday 31 August

I'm writing to inform you that Horizon Nuclear Power launched its second stage of pre-application consultation on Wednesday 31 August. This consultation details our current proposals for building Wylfa Newydd, a new nuclear power station on Anglesey.

Because you own or occupy land near to either the Wylfa Newydd site itself or one of the other developments which will be associated with the Wylfa Newydd Project, we're providing you with information so you are fully informed on our proposals. You may recall receiving a letter about this previously.

We'll be sending you printed summary documents in the post over the coming weeks but we're enclosing with this letter now a USB stick, containing our consultation documents which you can view if you have access to a computer.

Below is a summary of the technical and non-technical documents we have provided on the USB stick:

Non-technical and summary documents

- Consultation Overview Document
- Preliminary Environmental Information Report Non-Technical Summary
- Welsh Language Impact Assessment Interim Report Non-Technical Summary
- Health Impact Assessment Interim Report Non-Technical Summary
- Summary of Project Update January 2016 Consultation Feedback

Technical documents

- Main Consultation Document
- Preliminary Environmental Information Report and Appendices
- Welsh Language Impact Assessment Interim Report
- Health Impact Assessment Interim Report
- Habitats Regulations Assessment Interim Report
- Equality Impact Assessment Interim Report
- Associated Development Site Selection Report
- Off-Site Power Station Facilities Site Selection Report
- Construction Worker Accommodation Strategy
- Traffic and Transport Technical Note
- Planning Statement Framework

As part of the consultation, we're holding public exhibition events across Anglesey and North Wales until 13 October, where you can view the materials in more detail and also discuss the proposals with members of the Horizon Nuclear Power team. If you're unable to attend the events, we've also provided all the consultation material on our website – www.horizonnuclearpower.com/consultation – and you can also leave us feedback via this website.

If you'd like to discuss any of these documents in more detail or would like to find out more about what we're proposing, please contact us via email at wylfaenquiries@horizonnuclearpower.com or by calling 0800 954 9516.

If you would prefer not to receive any further information about the Wylfa Newydd Project, then please write to us to let us know. However, it is important to note that if we take you off our consultation list it may mean you lose some of your formal rights to comment on the project at this stage.

Thank you in advance for taking part in our consultation which closes on Tuesday 25 October. Your views are important to us and we hope to see you at one of our exhibition events in the coming weeks.

Yours sincerely

Annwyl XX,

Wylfa Newydd - ail gam yr ymgynghoriad wedi'i lansio ddydd Mercher 31 Awst

Rwyf yn ysgrifennu atoch i roi gwybod i chi bod Pŵer Niwclear Horizon wedi lansio ail gam ei ymgynghoriad cyn ymgeisio ddydd Mercher 31 Awst. Mae'r ymgynghoriad hwn yn rhoi manylion ein cynigion presennol ar gyfer adeiladu Wylfa Newydd, gorsaf bŵer niwclear newydd ar Ynys Môn.

Gan eich bod yn berchen ar dir neu'n byw ar dir sy'n agos i safle Wylfa Newydd ei hun neu i un o'r datblygiadau eraill a fydd yn gysylltiedig â Phrosiect Wylfa Newydd, rydyn ni'n rhoi'r holl wybodaeth sydd ei hangen arnoch chi ynghylch ein cynigion. Efallai y byddwch yn cofio cael llythyr ynglŷn â hyn eisoes.

Byddwn yn anfon dogfennau crynodeb wedi'u hargraffu atoch yn y post yn ystod yr wythnosau nesaf ond, os oes gennych chi gyfrifiadur, mae modd i chi weld ein dogfennau ymgynghori gan ddefnyddio'r cof bach USB rydyn ni wedi'i amgáu gyda'r llythyr hwn.

Mae crynodeb o'r dogfennau technegol ac annhechnegol rydyn ni wedi'u darparu ar y cof bach USB isod:

Dogfennau annhechnegol a chrynodeb

- Dogfen Trosolwg o'r Ymgynghoriad
- Crynodeb Annhechnegol yr Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol
- Adroddiad Interim Asesiad o'r Effaith ar yr Iaith Gymraeg - Crynodeb Annhechnegol
- Adroddiad Interim Asesiad o'r Effaith ar Iechyd - Crynodeb Annhechnegol
- Adborth Ymgynghori ar y Crynodeb o Ddiweddariad Prosiect Ionawr 2016

Dogfennau technegol

- Y Brif Ddogfen Ymgynghori
- Adroddiad ac Atodiadau Gwybodaeth Amgylcheddol Ragarweiniol
- Adroddiad Interim Asesiad o'r Effaith ar yr Iaith Gymraeg
- Adroddiad Interim Asesiad o'r Effaith ar Iechyd
- Adroddiad Interim Asesiad o Reoliadau Cynefinoedd
- Adroddiad Interim Asesiad o'r Effaith ar Gydraddoldeb
- Adroddiad Dethol Safleoedd Datblygiadau Cysylltiedig

- Adroddiad Dethol Safle Cyfleusterau Oddi ar Safle'r Orsaf Bŵer
- Strategaeth Llety Gweithwyr Adeiladu
- Nodyn Technegol Traffig a Chludiant
- Fframwaith Datganiad Cynllunio

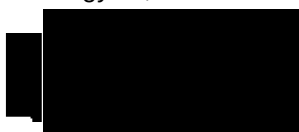

Fel rhan o'r ymgynghoriad rydym yn cynnal digwyddiadau arddangos ledled Ynys Môn a Gogledd Cymru tan 13 Hydref, lle bydd modd i chi weld y deunydd mewn rhagor o fanylder yn ogystal â thrafod y cynigion gydag aelodau o dîm Pŵer Niwclear Horizon. Os na fydd modd i chi ddod i'r digwyddiadau, rydyn ni hefyd wedi rhoi ein holl ddeunyddiau ymgynghori ar ein gwefan – www.horizonnuclearpower.com/ymgyngghoriad - lle gallwch roi eich adborth i ni hefyd.

Os hoffech chi drafod unrhyw un o'r dogfennau hyn mewn rhagor o fanylder, neu eich bod am wybod mwy am yr hyn rydyn ni'n ei gynnig, cysylltwch â ni yn ymholiadauwylfa@horizonnuclearpower.com neu drwy ffonio 0800 954 9516.

Os nad ydych chi am gael rhagor o wybodaeth ynglŷn â Phrosiect Wylfa Newydd, ysgrifennwch atom i roi gwybod i ni. Fodd bynnag, mae'n bwysig nodi, os byddwn yn eich tynnu oddi ar y rhestr ymgynghori efallai y byddwch yn colli rhai o'ch hawliau ffurfiol i roi sylwadau ar y prosiect yn ystod y cam hwn.

Diolch ymlaen llaw am gymryd rhan yn ein hymgyngghoriad sy'n cau ddydd Mawrth 25 Hydref. Mae eich barn chi'n bwysig i ni, ac rydyn ni'n gobeithio y gwelwn ni chi yn un o'n digwyddiadau arddangos dros yr wythnosau nesaf.

Yn gywir,

Charlie Tasker

Dear XX,

Wylfa Newydd – printed copies of summary documents

Further to my letter of 8 September 2016 which contained a USB with all our stage two pre-application consultation documents, I am writing to provide you with printed copies of two of the key documents that form part of our consultation on the Wylfa Newydd Project.

As previously outlined, we're providing you with this information as you're someone who we believe has an interest in land near to either the Wylfa Newydd site itself or one of the other developments which will be associated with our Project.

The documents we've enclosed with this letter are:

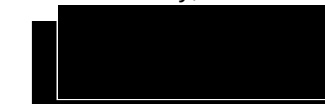

- Consultation Overview Document
- Preliminary Environmental Information Non-Technical Summary

As their titles suggest, they are summaries of some of our key consultation documents and can help you gain a good understanding of our Project. They cover the key points and enable you to find or request more information on any areas of the Wylfa Newydd Project that particularly interest or affect you.

If you'd like to discuss any of these documents in more detail or would like to find out more about what we're proposing, please contact us via email at wylfaenquiries@horizonnuclearpower.com or by calling 0800 954 9516.

Our consultation closes on 25th October and we'd appreciate your support by submitting your feedback on or before then. However, if having received these printed documents you feel that you need more time to respond, please let us know.

Yours sincerely,

Cyfeirnod DCRM: HNP-S1-CMT-LET-00099

Annwyl XX,

Wylfa Newydd – copïau wedi'u hargraffu o'r dogfennau cryno

Yn dilyn fy llythyr dyddiedig 8 Medi 2016 a oedd yn cynnwys USB gyda'n holl ddogfennau ymgynghori cyn ymgeisio cam dau, rwy'n ysgrifennu atoch i roi copïau wedi'u hargraffu i chi o ddwy o'r dogfennau allweddol sy'n rhan o'n hymgynghoriad ar Brosiect Wylfa Newydd.

Fel yr amlinellwyd yn flaenorol, rydym yn anfon y wybodaeth hon atoch gan ein bod yn credu bod gennych ddiddordeb yn y tir wrth ymyl safle Wylfa Newydd ei hun, neu'r tir ger un o'r datblygiadau eraill a fydd yn gysylltiedig â'n Prosiect.

Dyma'r dogfennau sydd wedi'u cynnwys gyda'r llythyr hwn:

- Dogfen Trosolwg o'r Ymgynghoriad
- Crynodeb Annhechnegol o'r Wybodaeth Amgylcheddol Ragarweiniol

Fel mae'r teitlau'n awgrymu, maent yn grynodebau o rai o'n dogfennau ymgynghori allweddol a gallant eich helpu i sicrhau dealltwriaeth dda o'n Prosiect. Maent yn rhoi sylw i'r pwyntiau allweddol ac yn eich galluogi chi i ddod o hyd i fwy o wybodaeth, neu wneud cais am fwy o wybodaeth, am unrhyw feysydd ym Mhrosiect Wylfa Newydd sydd o ddiddordeb penodol i chi neu'n effeithio arnoch chi.

Os hoffech drafod unrhyw rai o'r dogfennau hyn yn fanylach, neu os hoffech gael gwybod mwy am yr hyn rydym yn ei gynnig, cysylltwch â ni ar e-bost ar ymholiadauwylfa@horizonnuclearpower.com neu drwy ffonio 0800 954 9516.

Bydd ein hymgynghoriad yn dod i ben ar 25 Hydref a byddem yn falch iawn petaech yn cyflwyno eich adborth erbyn y dyddiad hwnnw neu cyn hynny. Fodd bynnag, os byddwch yn teimlo bod gwir angen rhagor o amser arnoch i ymateb ar ôl cael y dogfennau printiedig hyn, rhowch wybod i ni.

Yn gywir,

Dear XX,

Wylfa Newydd – second stage of consultation launched Wednesday 31 August

I'm writing to inform you that Horizon Nuclear Power launched its second stage of pre-application consultation on Wednesday 31 August. This consultation detailed our current proposals for building Wylfa Newydd, a new nuclear power station on Anglesey.

As part of this consultation, we've been writing to local people who own or occupy land near to either the Wylfa Newydd site itself or one of the other developments which will be associated with the Wylfa Newydd Project. This is so they are kept fully informed on our proposals.

It has come to our attention that you have an interest in land near our site or one of our developments but have not received any information from us. Please therefore find enclosed with this letter copies of two of our summary consultation documents:

- Consultation Overview Document
- Preliminary Environmental Information Non-Technical Summary

As their titles suggest, they are summaries of some of our key consultation documents and can help you gain a good understanding of our Project. They cover the key points and enable you to find or request more information on any areas of the Wylfa Newydd Project that particularly interest or affect you.

We have also enclosed a USB stick which contains our consultation documents. If you have access to a computer, you can plug this in and view our documents in Welsh and English.

Below is a summary of the technical and non-technical documents available on the USB stick:

Technical documents

- Main Consultation Document
- Preliminary Environmental Information Report and Appendices
- Welsh Language Impact Assessment Interim Report
- Health Impact Assessment Interim Report
- Habitats Regulations Assessment Interim Report

- Equality Impact Assessment Interim Report
- Associated Development Site Selection Report
- Off-Site Power Station Facilities Site Selection Report
- Construction Worker Accommodation Strategy
- Traffic and Transport Technical Note
- Planning Statement Framework

Non-technical and summary documents

- Consultation Overview Document
- Preliminary Environmental Information Report Non-Technical Summary
- Welsh Language Impact Assessment Interim Report Non-Technical Summary
- Health Impact Assessment Interim Report Non-Technical Summary
- Summary of Project Update January 2016 Consultation Feedback

You can also visit our consultation website – www.horizonnuclearpower.com/consultation – and view all of these documents online. If you would like hard copies of any of the non-technical or summary documents, please let us know.

While our consultation closed on Tuesday 25 October, we've extended the deadline for you until 28 November, or 28 days from the date you receive this letter. We would really appreciate it if you could submit any comments you have on our proposals before then, however, if you would like longer to respond, please let us know we'll accommodate that.

If you'd like to discuss any of these documents in more detail or would like to find out more about what we're proposing, please contact us via email at wylfaenquiries@horizonnuclearpower.com or by calling 0800 954 9516.

Thank you in advance for taking part in our consultation. Your views are important to us.

Yours sincerely,

A black rectangular box redacting the signature of Charlie Tasker.

Annwyl XX,

Wylfa Newydd - ail gam y broses ymgynghori a gychwynnwyd ddydd Mercher 31 Awst

Rwy'n ysgrifennu i'ch hysbysu bod Pŵer Niwclear Horizon, ddydd Mercher 31 Awst, wedi lansio ail gam ei ymgynghoriad cyn-gwneud-cais. Mae'r ymgynghoriad yn rhoi manylion ein cynigion presennol ar gyfer adeiladu Wylfa Newydd, sef gorsaf bŵer niwclear newydd ar Ynys Môn.

Fel rhan o'r ymgynghoriad, rydym wedi bod yn ysgrifennu at bobl leol sy'n berchen ar dir neu'n meddiannu tir ger naill ai safle Wylfa Newydd ei hun neu un o'r datblygiadau eraill a fydd yn gysylltiedig â Phrosiect Wylfa Newydd. Y rheswm am hyn yw sicrhau eu bod yn cael yr wybodaeth ddiweddaraf am ein cynigion.

Daeth i'n sylw bod gennych ddiddordeb mewn tir wrth ymyl ein safle ni neu un o'n datblygiadau ond nad ydych wedi cael unrhyw wybodaeth gennym. Felly, dyma gopïau o ddwy o'n dogfennau ymgynghori cryno:

- Dogfen Trosolwg o'r Ymgynghoriad
- Crynodeb Annhechnegol o'r Wybodaeth Amgylcheddol Ragarweiniol

Fel mae'r teitlau'n awgrymu, maent yn grynodedau o rai o'n dogfennau ymgynghori allweddol a gallant eich helpu i ddeall ein Prosiect yn dda. Maent yn rhoi sylw i'r pwyntiau allweddol ac yn eich galluogi i ddod o hyd i fwy o wybodaeth, neu i ofyn am fwy o wybodaeth, am unrhyw agwedd ar Brosiect Wylfa Newydd sydd o ddiddordeb penodol i chi neu sy'n effeithio arnoch chi.

Rydym hefyd wedi cynnwys cof bach USB sy'n cynnwys ein dogfennau ymgynghori. Os oes gennych gyfrifiadur, gallwch roi hwn ynddo a gweld ein dogfennau yn Gymraeg ac yn Saesneg.

Ceir crynodeb isod o'r dogfennau technegol ac annhechnegol sydd ar gael ar y cof bach USB:

Dogfennau technegol

- Y Brif Ddogfen Ymgynghori
- Adroddiad ac Atodiadau Gwybodaeth Amgylcheddol Ragarweiniol

www.horizonnuclearpower.com

- Adroddiad Interim yr Asesiad o'r Effaith ar yr Iaith Gymraeg
- Adroddiad Interim yr Asesiad o'r Effaith ar Iechyd
- Adroddiad Interim yr Asesiad Rheoliadau Cynefinoedd
- Adroddiad Interim yr Asesiad o'r Effaith ar Gydraddoldeb
- Adroddiad Dethol Safleoedd Datblygiadau Cysylltiol
- Adroddiad Dethol Safle Cyfleusterau Oddi ar Safle'r Orsaf Bŵer
- Strategaeth Llety Gweithwyr Adeiladu
- Nodyn Technegol Traffig a Thrafnidiaeth
- Fframwaith Datganiadau Cynllunio

Dogfennau annhechnegol a chryno

- Dogfen Trosolwg o'r Ymgynghoriad
- Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol - Crynodeb Annhechnegol
- Adroddiad Interim yr Asesiad o'r Effaith ar yr Iaith Gymraeg - Crynodeb Annhechnegol
- Adroddiad Interim yr Asesiad o'r Effaith ar Iechyd - Crynodeb Annhechnegol
- Crynodeb o'r Adborth i Ymgynghoriad Diweddariad ar y Prosiect Ionawr 2016

Gallwch hefyd fynd i wefan yr ymgynghoriad – www.horizonnuclearpower.com/ymgynghoriad – a gweld yr holl ddogfennau hyn ar-lein. Os hoffech gael copïau papur o unrhyw un o'r dogfennau annhechnegol neu gryo, rhowch wybod inni.

Er bod yr ymgynghoriad wedi cau ddydd Mawrth 25 Hydref, rydym wedi ymestyn y dyddiad cau ar eich cyfer chi, tan 28 Tachwedd neu 28 niwrnod ar ôl y dyddiad y byddwch yn derbyn y llythyr yma. Byddem yn ddiolchgar petaech yn cyflwyno unrhyw sylwadau sydd gennych ar ein cynigion cyn hynny, ond os hoffech gael mwy o amser i ymateb, rhowch wybod inni ac fe drefnwn hynny.

Os hoffech drafod unrhyw un o'r dogfennau yma yn fanylach, neu os hoffech gael gwybod mwy am yr hyn rydym yn ei gynnig, cysylltwch â ni drwy anfon neges e-bost i ymholiadauwylfa@horizonnuclearpower.com neu drwy ffonio 0800 954 9516.

Diolch i chi ymlaen llaw am gymryd rhan yn ein hymgynghoriad. Mae eich barn yn bwysig inni.

Yn gywir,

Charlie Tasker
Cyfarwyddwr Datblygu'r Safle
Pŵer Niwclear Horizon

Appendix B.7- s48 Notices (Publicity)

Appendix B.7- Daily Post 19 August 2016

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").
 2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.
 3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.
 4. Horizon proposes to apply for a DCO for the following development:
 - (a) The Wylfa Newydd Generating Station made up of:
 - Development on the main power station site*
 - (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.
 - (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including:
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) On-site critical and security workers' accommodation campus
 - (F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - (G) Public Access works including closure and diversion of public rights of way
 - (H) A power station access road and internal site roads
 - (I) Car parking
 - (J) Construction sites, laydown areas, working areas and temporary works and structures
 - (K) Diversion of utilities
 - (L) Main perimeter fence and construction fence
 - (iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.
 - Off-site Power Station Facilities*
 - (iv) An alternative emergency control centre on land off the A5025 at Cefn Coch
 - (v) An environmental survey laboratory on land off the A5025 at Cefn Coch
 - (vi) A mobile emergency equipment garage on land in Llanfaethlu
 - (b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:
 - (i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch
 - (ii) A logistics centre on land at Parc Cybi
 - (iii) A park and ride facility for construction workers on land at Dalar Hir
5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:
 - (a) Construction of workers' accommodation on land at Madyn Farm
 - (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
 - (c) Highways improvements comprising:
 - (i) online improvements on the A5025
 - (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch
6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.
7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.
8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.
9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.
10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").
11. A statement of community consultation ("SOCC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.
12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:
 - (a) Non-technical
 - (i) Consultation Overview Document
 - (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary
 - (b) Technical
 - (i) Main Consultation Document
 - (ii) Preliminary Environmental Information Report
 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
 - (c) Online technical resources
 - (i) Associated Development Site Selection Report
 - (ii) Off-site Power Station Facilities Site Selection Report
 - (iii) Construction Worker Accommodation Strategy
 - (iv) Traffic and Transport Technical Note
 - (v) Planning Statement Framework
 - (vi) Draft Masterplans
13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.
14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

15. Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).

16. As part of our community consultation, exhibition events are taking place between 6th September and 13th October 2016 at Amlwch, Cemaes, Cemaes Bay, Bangor, Caernarfon, Conwy, Holyhead, Llanfachraeth,

Llanfaethlu, Llangefni, Menai Bridge, Porthmadog, Rhosybol and Valley. These events are being widely advertised and further details are available from our website (details below).

17. You will be able to submit comments during the 8 week consultation period, up until 25th October 2016, in a number of ways:
(a) Completing a printed feedback form; this can be submitted at one of our

exhibitions or Tregle drop-in events, or by posting to our freepost address: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

(b) Completing an online feedback form at **www.horizonnuclearpower.com/consultation**

(c) Emailing us at **wylfaenquiries@horizonnuclearpower.com**

(d) Writing to us at our freepost address

18. Your comments should be submitted to us no later than 25th October. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

19. Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

You can contact Horizon at any time.

Pŵer Niwclear Horizon – Hysbysiad Cyhoeddus

WYLFA NEWYDD – GORSAF BŴER NIWCLEAR NEWYDD AR YNYS MÔN

ADRAN 48, DEDDF CYNLLUNIO 2008 – RHEOLIAD 4 RHEOLIADAU CYNLLUNIO SEILWAITH (CEISIADAU: FFURFLENNI A GWEITHDREFN RAGNODEDIG) 2009
CAIS ARFAETHEDIG AM GANIATÂD DATBLYGU AR GYFER GORSAF GYNHYRCHU WYLFA NEWYDD

Anfonwch unrhyw sylwadau i ymateb i'r hysbysiad hwn erbyn 25 Hydref 2016.

- Rhoddir hysbysiad drwy hyn fod Horizon Nuclear Power Wylfa Limited (yr "Ymgeisydd") o Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE yn bwriadu gwneud cais i'r Ysgrifennydd Gwladol dan adran 37 o Ddeddf Gynllunio 2008 am Orchymyn Caniatâd Datblygu ("DCO") ar gyfer adeiladu, gweithredu a chynnal a chadw gorsaf bŵer niwclear newydd a datblygiad arall yn Wylfa, Ynys Môn ("Prosiect Wylfa Newydd").
- Mae Horizon Nuclear Power Wylfa Limited, yn rhan o grŵp Horizon Nuclear Power Limited, o gwmnïau ac yn eiddo'n gyfan gwbl i Hitachi, Ltd. Gyda'i bencadlys yn Tokyo, Japan, mae Hitachi Ltd. yn cyflwyno datblygiadau arloesol sy'n ateb heriau sy'n wynebu cymdeithas.
- Disgwylir i'r cais am Brosiect Wylfa Newydd gael ei gyflwyno yn ail chwarter 2017.
- Mae Horizon yn cynnig gwneud cais am DCO ar gyfer y datblygiad a ganlyn:
 - Gorsaf Gynhyrchu Wylfa Newydd, a fydd yn cynnwys:

Datblygu ar brif safle'r orsaf bŵer

 - Dau UK ABWR (Adweithyddion Dŵr Berw Uwch y Deyrnas Unedig) gydag allbwn trydanol cyfun sydd tua 2,700MW a gwaith cysylltiol ar arfordir gogleddol Ynys Môn i'r gorllewin o Gemaes.
 - Adweithydd, canolfan reoli, adeiladau tyrbin, cyfleusterau a gwasanaeth, ac adeiladau, strwythurau, nodweddion a gwaith ategol arall sy'n rhan hanfodol o'r orsaf gynhyrchu, gan gynnwys
 - Adeiladau i storio gwastraff ymbelydrol a hen danwydd
 - Cysylltiad trydanol ag is-orsaf y National Grid
 - Gwaith morol sy'n cynnwys system dŵr oeri, cyfleuster dadlwytho morol, morgloddiau, a systemau goleuo a diogelwch ar gyfer mordwyo
 - Adeilad gweinyddol ac adeilad hyfforddi ac efelychu
 - Campws llety i weithwyr critigol a diogelwch ar y safle
 - Gwaith tirlunio a phlannu gan gynnwys draeniau, draeniau budr a systemau rheoli dŵr wyneb a gwaith llwybr troed
 - Gwaith Mynediad i'r Cyhoedd, gan gynnwys cau a dargyfeirio hawliau tramwy cyhoeddus
 - I'r graddau y bo caniatâd i hynny gan Ddeddf Gynllunio 2008 a deddfwriaeth berthnasol arall ar adeg y cais, Datblygiad Cysylltiol sydd ei angen i hwyluso adeiladu neu weithredu Gorsaf Gynhyrchu Wylfa Newydd, sy'n cynnwys:
 - Llety pwrpasol i weithwyr dros dro ar dir yn Rhosgoch ac Amlwch
 - Canolfan logisteg ar dir ym Mharc Cybi
 - Cyfeuster parcio a theithio ar gyfer gweithwyr adeiladu ar dir yn Dalar Hir
- I gefnogi'r cais am DCO, bydd ceisiadau am ganiatâd cynllunio yn unol â Deddf Cynllunio Gwlad a Thref 1990 ar gyfer Datblygiad Cysylltiol gan gynnwys:
 - Adeiladu llety i weithwyr ar dir ar Fferm Madyn
 - Canolfan Ymwelwyr a Chanolfan i Dderbyn y Cyfryngau
 - Gwella prifffyrdd, sy'n cynnwys:
 - gwelliannau ar-lein ar yr A5025
 - gwelliannau all-lein i'r A5025 yng nghyffordd y Fali, Llanfachraeth, Llanfaethlu a Chefn Coch
- Mae Gorsaf Gynhyrchu Wylfa Newydd yn Brosiect Seilwaith o Arwyddocâd Cenedlaethol ("NSIP") at ddibenion Deddf Gynllunio 2008, ac mae angen caniatâd datblygu dan y Ddeddf honno.
 - Ffordd fynediad at yr orsaf bŵer a ffyrdd mewnol ar y safle
 - Meysydd parcio
 - Safleoedd adeiladu, ardaloedd gosod, ardaloedd gweithio a gwaith a strwythurau dros dro
 - Dargyfeirio cyfleustodau
 - Prif ffens berimedr a ffens adeiladu
 - Darpariaethau, hawlenni neu gydsyniadau ategol, achlysurol ac ôl-ddilydol eraill fel sy'n angenrheidiol a/neu'n gyfleus y rhoddir caniatâd priodol iddynt yn y DCO.

Cyfleusterau Oddi ar Safle'r Orsaf Bŵer

 - Canolfan rheoli argyfwng amgen ar y tir oddi ar yr A5025 yng Nghefn Coch
 - Labordy arolygon amgylcheddo ar y tir oddi ar yr A5025 yng Nghefn Coch
 - Garej ar gyfer cyfarpar argyfwng symudol ar dir yn Llanfaethlu
- Ar hyn o bryd yng Nghymru, ni all datblygiad sy'n gysylltiedig â NSIP ond sydd heb fod yn rhan o'r NSIP ("Datblygiad Cysylltiol") gael caniatâd datblygu dan Ddeddf Gynllunio 2008 ac mae angen iddo gael caniatâd cynllunio dan Ddeddf Cynllunio Gwlad a Thref 1990. Fodd bynnag, bydd Bil Cymru (a gyflwynwyd i'r Senedd ar 7 Mehefin 2016), os daw i rym, yn caniatáu i gais am DCO mewn perthynas â gorsaf gynhyrchu yng Nghymru (lle mae'r capasiti'n uwch na 350MW) gynnwys ambell Ddatblygiad Cysylltiol.
- Os daw darpariaethau Bil Cymru i rym mewn ffurf briodol ac mewn da bryd, caiff yr Ymgeisydd geisio cynnwys y Datblygiad Cysylltiol a nodir ym mharagraff 4(b) uchod yn ei gais am DCO. Am y rheswm hwn, mae'r Ymgeisydd yn ymgynghori ynghylch ei Ddatblygiad Cysylltiol yn yr un modd ag y mae'n ymgynghori ynghylch Gorsaf Gynhyrchu Wylfa Newydd.
- Bydd y DCO hefyd yn ceisio pwerau amrywiol eraill, gan gynnwys darpariaethau sy'n caniatáu caffael buddiannau a hawliau mewn tir drwy orfodaeth, defnyddio tir dros dro, ymyrryd â hawliau a chau neu ddargyfeirio strydoedd a hawliau tramwy cyhoeddus eraill gan gynnwys cau Ffordd Cemlyn yn barhaol.
- Mae'r datblygiad arfaethedig yn "ddatblygiad Asesiad o'r Effaith Amgylcheddol (EIA)" at ddibenion Rheoliadau Cynllunio Seilwaith (Asesu Effeithiau Amgylcheddol) 2009. Cynhelir asesiad effaith amgylcheddol, a chyflwynir datganiad amgylcheddol gyda'r cais arfaethedig. Bydd y datganiad amgylcheddol yn rhoi disgrifiad manwl o'r Prosiect a'i effeithiau amgylcheddol arwyddocaol tebygol. Yn unol â Rheoliad 10 o Reoliadau Cynllunio Seilwaith (Asesiad Effaith Amgylcheddol) 2009, mae'r Ymgeisydd wedi sicrhau bod Gwybodaeth Amgylcheddol Ragarweiniol (PEI) ar gael, ynghyd â chrynodeb annhechnegol o'r wybodaeth honno (y "crynodeb annhechnegol").
- Paratowyd datganiad o ymgynghoriad cymunedol ("SOCC") hefyd i esbonio sut caiff yr ymgynghoriad ei gynnal mewn perthynas â Prosiect Wylfa Newydd.
- Mae'r gyfres lawn o ddogfennau sy'n rhan o Gam Dau'r ymgynghoriad yma yn cynnwys dogfennau "annhechnegol" a "thechnegol", a nifer o adnoddau ar-lein. Mae'r holl ddogfennau annhechnegol ar gael yn Gymraeg ac yn Saesneg.
 - Annhechnegol
 - Dogfen Trosolwg o'r Ymgynghoriad
 - Crynodeb Annhechnegol Gwybodaeth Amgylcheddol Ragarweiniol
 - Crynodeb Annhechnegol Asesiad o'r Effaith ar yr Iaith Gymraeg
 - Crynodeb Annhechnegol Asesiad o'r Effaith ar Iechyd
 - Technegol
 - Y Brif Ddogfen Ymgynghori
 - Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol
 - Adroddiad Interim Asesiad o'r Effaith ar yr Iaith Gymraeg
 - Adroddiad Interim Asesiad o'r Effaith ar Iechyd
 - Adroddiad Interim Asesiad Rheoliadau Cynefinoedd
 - Adroddiad Interim Asesiad o'r Effaith ar Gydraddoldeb
 - Adnoddau technegol ar-lein
 - Adroddiad Dethol Safleoedd Datblygiad Cysylltiol
 - Adroddiad Dethol Safle Cyfleusterau Oddi ar Safle'r Orsaf Bŵer
 - Strategaeth Llety Gweithwyr Adeiladu
 - Nodyn Technegol Traffig a Chludiant
 - Fframwaith Perfformiad Cynllunio
 - Uwchgynlluniau Drafft
- Bydd copïau cyfeirio o ddogfennau, cynlluniau a mapiau sy'n dangos natur a lleoliad Prosiect Wylfa Newydd a dogfennau ymgynghori eraill ar gael i'w gweld yn rhad ac am ddim rhwng 31 Awst 2016 a 25 Hydref 2016 yn y llyfrgelloedd yn y rhestr isod. Mae cyfleusterau copïo ar gael yn y llyfrgelloedd hyn am 15c (A4) a 30c (A3) yn Ynys Môn, ac yn y lleoliadau eraill y gost yw £1 am eu defnyddio am hanner awr a 10c (A4/A3) du a gwyn a 50c (A4/A3) lliw.
- Bydd copïau o'r holl ddogfennau ymgynghori ar gael i'w gweld a'u lawrlwytho oddi ar www.horizonnuclearpower.com/ymgyngghoriad a gellir gofyn amdanynt hefyd ar ddyfais storio digidol yn rhad ac am ddim. Mae copïau wedi'u hargraffu o'r dogfennau ymgynghori a'r cynlluniau ar gael os gofynnir amdanynt, ond codir £500 i dalu am gost argraffu cyfres lawn o ddogfennau Cam Dau'r ymgynghoriad. Gellir hepgor y taliad hwn yn ôl disgrisiwn Horizon.

15. Bydd copïau o Ddogfen Trosolwg o'r Ymgynghoriad a'r Crynodeb Annhechnegol PEI ar gael hefyd o'r digwyddiadau arddangos yn y rhestr isod neu os gwneir cais amdanynt (mae'r manylion cyswllt ar gael isod).

16. Fel rhan o'n hymgynghoriad cymunedol, cynhelir digwyddiadau arddangos rhwng 6 Medi ac 13 Hydref 2016 yn Amlwch, Bae Cemaes, Cemaes, Bangor, Caergybi, Caernarfon, Conwy, Llanfachraeth, Llanfaethlu, Llangefni, Porthaethwy,

Porthmadog, Rhosybol a'r Fali. Hysbysebir y digwyddiadau'n eang, a cheir rhagor o fanylion ar ein gwefan (mae'r manylion ar gael isod).

17. Cewch gyflwyno sylwadau yn ystod y cyfnod o 8 wythnos pryd cynhelir yr ymgynghoriad, hyd at 25 Hydref 2016, a hynny mewn nifer o ffyrdd:
- (a) Llenwi ffurflen adborth wedi'i hargraffu; gellir cyflwyno hon yn un o'n harddangosfeydd neu yn un o'n digwyddiadau galw heibio yn Nhregele,

neu drwy ei phostio i'n cyfeiriad rhadbost. **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

- (b) Llenwi ffurflen adborth ar-lein yn **www.horizonnuclearpower.com/ymgynghoriad**
- (c) Anfon neges e-bost atom yn **ymholiadauwylfa@horizonnuclearpower.com**
- (d) Ysgrifennu atom yn ein cyfeiriad rhadbost

18. Dylech gyflwyno eich sylwadau inni erbyn 25 Hydref fan bellaf. Mae'r Ymgeisydd yn gofyn i unrhyw ymateb gynnwys enw'r sawl sy'n rhoi'r ymateb ynghyd â chyfeiriad a chod post er mwyn gallu anfon unrhyw ohebiaeth ynglŷn â'r ymateb.

19. Bydd gwybodaeth bersonol sy'n cael ei rhoi i Horizon i ymateb i Gam Dau'r ymgynghoriad yn cael ei phrosesu'n gwbl gyfrinachol yn unol â Deddf Diogelu Data 1998.

Gallwch chi gysylltu â Horizon unrhyw bryd.

Drwy e-bost: **ymholiadauwylfa@horizonnuclearpower.com**

Dros y ffôn: **0800 954 9516**

Gwefan: **www.horizonnuclearpower.com/ymgynghoriad**

Cyfeiriad rhadbost: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Appendix B.7- Daily Post 26 August 2016

Pŵer Niwclear Horizon – Hysbysiad Cyhoeddus

WYLFA NEWYDD – GORSAF BŴER NIWCLEAR NEWYDD AR YNYS MÔN

ADRAN 48, DEDDF CYNLLUNIO 2008 – RHEOLIAD 4 RHEOLIADAU CYNLLUNIO SEILWAITH (CEISIADAU: FFURFLENNI A GWEITHDREFN RAGNODEDIG) 2009
CAIS ARFAETHEDIG AM GANIATÂD DATBLYGU AR GYFER GORSAF GYNHYRCHU WYLFA NEWYDD

Anfonwch unrhyw sylwadau i ymateb i'r hysbysiad hwn erbyn 25 Hydref 2016.

1. Rhoddir hysbysiad drwy hyn fod Horizon Nuclear Power Wylfa Limited (yr "Ymgeisydd") o Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE yn bwriadu gwneud cais i'r Ysgrifennydd Gwladol dan adran 37 o Ddeddf Gynllunio 2008 am Orchymyn Caniatâd Datblygu ("DCO") ar gyfer adeiladu, gweithredu a chynnal a chadw gorsaf bŵer niwclear newydd a datblygiad arall yn Wylfa, Ynys Môn ("Prosiect Wylfa Newydd").

2. Mae Horizon Nuclear Power Wylfa Limited, yn rhan o grŵp Horizon Nuclear Power Limited, o gwmnïau ac yn eiddo'n gyfan gwbl i Hitachi, Ltd. Gyda'i bencadlys yn Tokyo, Japan, mae Hitachi Ltd. yn cyflwyno datblygiadau arloesol sy'n ateb heriau sy'n wynebu cymdeithas.

3. Disgwylir i'r cais am Brosiect Wylfa Newydd gael ei gyflwyno yn ail chwarter 2017.

4. Mae Horizon yn cynnig gwneud cais am DCO ar gyfer y datblygiad a ganlyn:

(a) Gorsaf Gynhyrchu Wylfa Newydd, a fydd yn cynnwys:

Datblygu ar brif safle'r orsaf bŵer

(i) Dau UK ABWR (Adweithyddion Dŵr Berw Uwch y Deyrnas Unedig) gydag allbwn trydanol cyfun sydd tua 2,700MW a gwaith cysylltiol ar arfordir gogleddol Ynys Môn i'r gorllewin o Gemaes.

(ii) Adweithydd, canolfan reoli, adeiladau tyrbîn, cyfleusterau a gwasanaeth, ac adeiladau, strwythurau, nodweddion a gwaith ategol arall sy'n rhan hanfodol o'r orsaf gynhyrchu, gan gynnwys

(A) Adeiladau i storio gwastraff ymbelydrol a hen danwydd

(B) Cysylltiad trydanol ag is-orsaf y National Grid

(C) Gwaith morol sy'n cynnwys system dŵr oeri, cyfleuster dadlwytho morol, morgloddiau, a systemau goleuo a diogelwch ar gyfer mordwyo

(D) Adeilad gweinyddol ac adeilad hyfforddi ac efelychu

(E) Campws llety i weithwyr critigol a diogelwch ar y safle

(F) Gwaith tirlunio a phlannu gan gynnwys draenïau, draenïau budr a systemau rheoli dŵr wyneb a gwaith llwybr troed

(G) Gwaith Mynediad i'r Cyhoedd, gan gynnwys cau a dargyfeirio hawliau tramwy cyhoeddus

(H) Ffordd fynediad at yr orsaf bŵer a ffyrdd mewnol ar y safle

(I) Meysydd parcio

(J) Safleoedd adeiladu, ardaloedd gosod, ardaloedd gweithio a gwaith a strwythurau dros dro

(K) Dargyfeirio cyfleustodau

(L) Prif ffens berimedr a ffens adeiladu

(iii) Darpariaethau, hawlenni neu gydsyniadau ategol, achlysurol ac ôl-ddilynol eraill fel sy'n angenrheidiol a/neu'n gyfeus y rhoddir caniatâd priodol iddynt yn y DCO.

Cyfleusterau Oddi ar Safle'r Orsaf Bŵer

(iv) Canolfan rheoli argyfwng amgen ar y tir oddi ar yr A5025 yng Nghefn Coch

(v) Labordy arolygon amgylchedd ar y tir oddi ar yr A5025 yng Nghefn Coch

(vi) Garej ar gyfer cyfarpar argyfwng symudol ar dir yn Llanfaethlu

(b) I'r graddau y bo caniatâd i hynny gan Ddeddf Gynllunio 2008 a deddfwriaeth berthnasol arall ar adeg y cais, Datblygiad Cysylltiol sydd ei angen i hwyluso adeiladu neu weithredu Gorsaf Gynhyrchu Wylfa Newydd, sy'n cynnwys:

(i) Llety pwrpasol i weithwyr dros dro ar dir yn Rhosgoch ac Amlwch

(ii) Canolfan logisteg ar dir ym Mharc Cybi

(iii) Cyfleuster parcio a theithio ar gyfer gweithwyr adeiladu ar dir yn Dalar Hir

5. I gefnogi'r cais am DCO, bydd ceisiadau am ganiatâd cynllunio yn unol â Deddf Cynllunio Gwlad a Thref 1990 ar gyfer Datblygiad Cysylltiol gan gynnwys:

(a) Adeiladu llety i weithwyr ar dir ar Fferm Madyn

(b) Canolfan Ymwelwyr a Chanolfan i Dderbyn y Cyfryngau

(c) Gwella priffyrdd, sy'n cynnwys:

(i) gwelliannau ar-lein ar yr A5025

(ii) gwelliannau all-lein i'r A5025 yng nghyffordd y Fali, Llanfachraeth, Llanfaethlu a Chefn Coch

6. Mae Gorsaf Gynhyrchu Wylfa Newydd yn Brosiect Seilwaith o Arwyddocâd Cenedlaethol ("NSIP") at ddibenion Deddf Gynllunio 2008, ac mae angen caniatâd datblygu dan y Ddeddf honno.

7. Ar hyn o bryd yng Nghymru, ni all datblygiad sy'n gysylltiedig â NSIP ond sydd heb fod yn rhan o'r NSIP ("Datblygiad Cysylltiol") gael caniatâd datblygu dan Ddeddf Gynllunio 2008 ac mae angen iddo gael caniatâd cynllunio dan Ddeddf Cynllunio Gwlad a Thref 1990. Fodd bynnag, bydd Bil Cymru (a gyflwynwyd i'r Senedd ar 7 Mehefin 2016), os daw i rym, yn caniatáu i gais am DCO mewn perthynas â gorsaf gynhyrchu yng Nghymru (lle mae'r capasiti'n uwch na 350MW) gynnwys ambell Ddatblygiad Cysylltiol.

8. Os daw darpariaethau Bil Cymru i rym mewn ffurf briodol ac mewn da bryd, caiff yr Ymgeisydd geisio cynnwys y Datblygiad Cysylltiol a nodir ym mharagraff 4(b) uchod yn ei gais am DCO. Am y rheswm hwn, mae'r Ymgeisydd yn ymgynghori ynghylch ei Ddatblygiad Cysylltiol yn yr un modd ag y mae'n ymgynghori ynghylch Gorsaf Gynhyrchu Wylfa Newydd.

9. Bydd y DCO hefyd yn ceisio pwerau amrywiol eraill, gan gynnwys darpariaethau sy'n caniatáu caffael buddiannau a hawliau mewn tir drwy orfodaeth, defnyddio tir dros dro, ymyrryd â hawliau a chau neu ddargyfeirio strydoedd a hawliau tramwy cyhoeddus eraill gan gynnwys cau Ffordd Cemlyn yn barhaol.

10. Mae'r datblygiad arfaethedig yn "ddatblygiad Asesiad o'r Effaith Amgylcheddol (EIA)" at ddibenion Rheoliadau Cynllunio Seilwaith (Asesu Effeithiau Amgylcheddol) 2009. Cynhelir asesiad effaith amgylcheddol, a chyflwynir datganiad amgylcheddol gyda'r cais arfaethedig. Bydd y datganiad amgylcheddol yn rhoi disgrifiad manwl o'r Prosiect a'i effeithiau amgylcheddol arwyddocaol tebygol. Yn unol â Rheoliad 10 o Reoliadau Cynllunio Seilwaith (Asesiad Effaith Amgylcheddol) 2009, mae'r Ymgeisydd wedi sicrhau bod Gwybodaeth Amgylcheddol Ragarweiniol (PEI) ar gael, ynghyd â chrynodeb annhechnegol o'r wybodaeth honno (y "crynodeb annhechnegol").

11. Paratowyd datganiad o ymgynghoriad cymunedol ("SOCC") hefyd i esbonio sut caiff yr ymgynghoriad ei gynnal mewn perthynas â Phrosiect Wylfa Newydd.

12. Mae'r gyfres lawn o ddogfennau sy'n rhan o Gam Dau'r ymgynghoriad yma yn cynnwys dogfennau "annhechnegol" a "thechnegol", a nifer o adnoddau ar-lein. Mae'r holl ddogfennau annhechnegol ar gael yn Gymraeg ac yn Saesneg.

(a) Annhechnegol

(i) Dogfen Trosolwg o'r Ymgynghoriad

(ii) Crynodeb Annhechnegol Gwybodaeth Amgylcheddol Ragarweiniol

(iii) Crynodeb Annhechnegol Asesiad o'r Effaith ar yr Iaith Gymraeg

(iv) Crynodeb Annhechnegol Asesiad o'r Effaith ar Iechyd

(b) Technegol

(i) Y Brif Ddogfen Ymgynghori

(ii) Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol

(iii) Adroddiad Interim Asesiad o'r Effaith ar yr Iaith Gymraeg

(iv) Adroddiad Interim Asesiad o'r Effaith ar Iechyd

(v) Adroddiad Interim Asesiad Rheoliadau Cynefinoedd

(vi) Adroddiad Interim Asesiad o'r Effaith ar Gydraddoldeb

(c) Adnoddau technegol ar-lein

(i) Adroddiad Dethol Safleoedd Datblygiad Cysylltiol

(ii) Adroddiad Dethol Safle Cyfleusterau Oddi ar Safle'r Orsaf Bŵer

(iii) Strategaeth Llety Gweithwyr Adeiladu

(iv) Nodyn Technegol Traffig a Chludiant

(v) Fframwaith Perfformiad Cynllunio

(vi) Uwchgynlluniau Drafft

13. Bydd copïau cyfeirio o ddogfennau, cynlluniau a mapiau sy'n dangos natur a lleoliad Prosiect Wylfa Newydd a dogfennau ymgynghori eraill ar gael i'w gweld yn rhad ac am ddim rhwng 31 Awst 2016 a 25 Hydref 2016 yn y llyfrgelloedd yn y rhestr isod. Mae cyfleusterau copïo a gael yn y llyfrgelloedd hyn am 15c (A4) a 30c (A3) yn Ynys Môn, ac yn y lleoliadau eraill y gost yw £1 am eu defnyddio am hanner awr a 10c (A4/A3) du a gwyn a 50c (A4/A3) lliw.

14. Bydd copïau o'r holl ddogfennau ymgynghori ar gael i'w gweld a'u lawrlwytho oddi ar www.horizonnuclearpower.com/ymgyngghoriad a gellir gofyn amdanynt hefyd ar ddyfais storio digidol yn rhad ac am ddim. Mae copïau wedi'u hargraffu o'r dogfennau ymgynghori a'r cynlluniau ar gael os gofynnir amdanynt, ond codir £500 i dalu am gost argraffu cyfres lawn o ddogfennau Cam Dau'r ymgynghoriad. Gellir hepgor y taliad hwn yn ôl disgrisiwn Horizon.

15. Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).

16. As part of our community consultation, exhibition events are taking place between 6th September and 13th October 2016 at Amlwch, Cemaes, Cemaes Bay, Bangor, Caernarfon, Conwy, Holyhead, Llanfachraeth,

Llanfaethlu, Llangefni, Menai Bridge, Porthmadog, Rhosybol and Valley. These events are being widely advertised and further details are available from our website (details below).

17. You will be able to submit comments during the 8 week consultation period, up until 25th October 2016, in a number of ways:
(a) Completing a printed feedback form; this can be submitted at one of our

exhibitions or Tregle drop-in events, or by posting to our freepost address: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

(b) Completing an online feedback form at **www.horizonnuclearpower.com/consultation**

(c) Emailing us at **wylfaenquiries@horizonnuclearpower.com**

(d) Writing to us at our freepost address

18. Your comments should be submitted to us no later than 25th October. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

19. Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

You can contact Horizon at any time.

Freepost address: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").
 2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.
 3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.
 4. Horizon proposes to apply for a DCO for the following development:
 - (a) The Wylfa Newydd Generating Station made up of:
 - Development on the main power station site*
 - (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.
 - (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including
 - (A) Radioactive waste and spent fuel storage buildings
 - (B) Electrical connection to National Grid substation
 - (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - (D) Administration building and training and simulator building
 - (E) On-site critical and security workers' accommodation campus
 - (F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - (G) Public Access works including closure and diversion of public rights of way
 - (H) A power station access road and internal site roads
 - (I) Car parking
 - (J) Construction sites, laydown areas, working areas and temporary works and structures
 - (K) Diversion of utilities
 - (L) Main perimeter fence and construction fence
 - (iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.
 - Off-site Power Station Facilities*
 - (iv) An alternative emergency control centre on land off the A5025 at Cefn Coch
 - (v) An environmental survey laboratory on land off the A5025 at Cefn Coch
 - (vi) A mobile emergency equipment garage on land in Llanfaethlu
 - (b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:
 - (i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch
 - (ii) A logistics centre on land at Parc Cybi
 - (iii) A park and ride facility for construction workers on land at Dalar Hir
5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:
 - (a) Construction of workers' accommodation on land at Madyn Farm
 - (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
 - (c) Highways improvements comprising:
 - (i) online improvements on the A5025
 - (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch
6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.
7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.
8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.
9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.
10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").
11. A statement of community consultation ("SOCC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.
12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:
 - (a) Non-technical
 - (i) Consultation Overview Document
 - (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary
 - (b) Technical
 - (i) Main Consultation Document
 - (ii) Preliminary Environmental Information Report
 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
 - (c) Online technical resources
 - (i) Associated Development Site Selection Report
 - (ii) Off-site Power Station Facilities Site Selection Report
 - (iii) Construction Worker Accommodation Strategy
 - (iv) Traffic and Transport Technical Note
 - (v) Planning Statement Framework
 - (vi) Draft Masterplans
13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.
14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

PUBLIC NOTICE

HORIZON NUCLEAR POWER – PUBLIC NOTICE

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

(a) The Wylfa Newydd Generating Station made up of:

Development on the main power station site

(i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.

(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including

(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems

(D) Administration building and training and simulator building

(E) On-site critical and security workers' accommodation campus

(F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(G) Public Access works including closure and diversion of public rights of way

(H) A power station access road and internal site roads

(I) Car parking

(J) Construction sites, laydown areas, working areas and temporary works and structures

(K) Diversion of utilities

(L) Main perimeter fence and construction fence

(iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.

Off-site Power Station Facilities

(iv) An alternative emergency control centre on land off the A5025 at Cefn Coch

(v) An environmental survey laboratory on land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage on land in Llanfaethlu

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A park and ride facility for construction workers on land at Dalar Hir

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

(a) Construction of workers' accommodation on land at Madyn Farm

(b) A Visitor Centre and Media Reception Centre at on land near Groes fechan

(c) Highways improvements comprising:

(i) online improvements on the A5025

(ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project

("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOCC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

(a) Non-technical

(i) Consultation Overview Document

(ii) Preliminary Environmental Information Non-Technical Summary

(iii) Welsh Language Impact Assessment Non-Technical Summary

(iv) Health Impact Assessment Non-Technical Summary

(b) Technical

(i) Main Consultation Document

(ii) Preliminary Environmental Information Report

(iii) Welsh Language Impact Assessment Interim Report

(iv) Health Impact Assessment Interim Report

(v) Habitats Regulations Assessment Interim Report

(vi) Equality Impact Assessment Interim Report

(c) Online technical resources

(i) Associated Development Site Selection Report

(ii) Off-site Power Station Facilities Site Selection Report

(iii) Construction Worker Accommodation Strategy

(iv) Traffic and Transport Technical Note

(v) Planning Statement Framework

(vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

15. Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).

16. As part of our community consultation, exhibition events are taking place between 6th September and 13th October 2016 at Amlwch, Cemaes, Cemaes Bay, Bangor, Caernarfon, Conwy, Holyhead, Llanfachraeth, Llanfaethlu, Llangefni, Menai Bridge, Porthmadog, Rhosybol and Valley. These events are being widely advertised and further details are available from our website (details below).

17. You will be able to submit comments during the 8 week consultation period, up until 25th October 2016, in a number of ways:

- (a) Completing a printed feedback form; this can be submitted at one of our exhibitions or Tregle drop-in events, or by posting to our freepost address: FREEPOST HORIZON NUCLEAR POWER CONSULTATION
- (b) Completing an online feedback form at www.horizonnuclearpower.com/consultation
- (c) Emailing us at wylfaenquiries@horizonnuclearpower.com
- (d) Writing to us at our freepost address

18. Your comments should be submitted to us no later than 25th October. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

19. Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

You can contact Horizon at any time.

Appendix B.7- Lloyd's List 25 August 2016

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

(a) The Wylfa Newydd Generating Station made up of:

Development on the main power station site

(i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.

(ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including

(A) Radioactive waste and spent fuel storage buildings

(B) Electrical connection to National Grid substation

(C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems

(D) Administration building and training and simulator building

(E) On-site critical and security workers' accommodation campus

(F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works

(G) Public Access works including closure and diversion of public rights of way

(H) A power station access road and internal site roads

(I) Car parking

(J) Construction sites, laydown areas, working areas and temporary works and structures

(K) Diversion of utilities

(L) Main perimeter fence and construction fence

(iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.

Off-site Power Station Facilities

(iv) An alternative emergency control centre on land off the A5025 at Cefn Coch

(v) An environmental survey laboratory on land off the A5025 at Cefn Coch

(vi) A mobile emergency equipment garage on land in Llanfaethlu

(b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

(i) Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch

(ii) A logistics centre on land at Parc Cybi

(iii) A park and ride facility for construction workers on land at Dalar Hir

5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:

- (a) Construction of workers' accommodation on land at Madyn Farm
- (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
- (c) Highways improvements comprising:
 - (i) online improvements on the A5025
 - (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch

6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.

7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.

8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.

9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.

10. The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").

11. A statement of community consultation ("SOCC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.

12. The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:

- (a) Non-technical
 - (i) Consultation Overview Document
 - (ii) Preliminary Environmental Information Non-Technical Summary
 - (iii) Welsh Language Impact Assessment Non-Technical Summary
 - (iv) Health Impact Assessment Non-Technical Summary
- (b) Technical
 - (i) Main Consultation Document
 - (ii) Preliminary Environmental Information Report
 - (iii) Welsh Language Impact Assessment Interim Report
 - (iv) Health Impact Assessment Interim Report
 - (v) Habitats Regulations Assessment Interim Report
 - (vi) Equality Impact Assessment Interim Report
- (c) Online technical resources
 - (i) Associated Development Site Selection Report
 - (ii) Off-site Power Station Facilities Site Selection Report
 - (iii) Construction Worker Accommodation Strategy
 - (iv) Traffic and Transport Technical Note
 - (v) Planning Statement Framework
 - (vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

14. Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.

15. Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).

16. As part of our community consultation, exhibition events are taking place between 6th September and 13th October 2016 at Amlwch, Cemaes, Cemaes Bay, Bangor, Caernarfon, Conwy, Holyhead, Llanfachraeth, Llanfaethlu, Llangefni, Menai Bridge, Porthmadog, Rhosybol and Valley. These events are being widely advertised and further details are available from our website (details below).

17. You will be able to submit comments during the 8 week consultation period, up until 25th October 2016, in a number of ways:

- Completing a printed feedback form; this can be submitted at one of our exhibitions or Tregle drop-in events, or by posting to our freepost address: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
- Completing an online feedback form at www.horizonnuclearpower.com/consultation
- Emailing us at wylfaenquiries@horizonnuclearpower.com
- Writing to us at our freepost address

18. Your comments should be submitted to us no later than 25th October. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.

19. Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

You can contact Horizon at any time.

Appendix B.7- The London Gazette 30 August 2016

Any representation about or objection to the order may be sent or delivered in writing addressed to the Director of Legal and Governance at London Borough of Havering, Town Hall, Main Road, Romford, Essex RM1 3BD quoting reference AOD-IKEN007071 not later than 23 September 2016. Please state the grounds on which it is made. Please note that any correspondence cannot be treated as confidential and may be inspected by any interested party.
Dated 26 August 2016

Daniel Fenwick, Director of Legal and Governance
London Borough of Havering, Town Hall, Main Road, Romford RM1 3BD (2601003)

**HORIZON NUCLEAR POWER
WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON
ANGLESEY**

**SECTION 48, PLANNING ACT 2008 – REGULATION 4
INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED
FORMS AND PROCEDURE) REGULATIONS 2009
PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR
THE WYLFA NEWYDD GENERATING STATION**

Please send any comments in response to this notice by 25 October 2016.

1. Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the “Applicant”) of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent (“DCO”) for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey (“Wylfa Newydd Project”).

2. Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society’s challenges.

3. The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.

4. Horizon proposes to apply for a DCO for the following development:

- (a) The Wylfa Newydd Generating Station made up of:
Development on the main power station site
- (i) Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.
- (ii) Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including
- (A) Radioactive waste and spent fuel storage buildings
- (B) Electrical connection to National Grid substation
- (C) Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
- (D) Administration building and training and simulator building
- (E) On-site critical and security workers’ accommodation campus
- (F) Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
- (G) Public Access works including closure and diversion of public rights of way
- (H) A power station access road and internal site roads
- (I) Car parking
- (J) Construction sites, laydown areas, working areas and temporary works and structures
- (K) Diversion of utilities
- (L) Main perimeter fence and construction fence
- (iii) Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.
- Off-site Power Station Facilities
- (iv) An alternative emergency control centre on land off the A5025 at Cefn Coch
- (v) An environmental survey laboratory on land off the A5025 at Cefn Coch
- (vi) A mobile emergency equipment garage on land in Llanfaethlu
- (b) To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:

- (i) Purpose built temporary workers’ accommodation on land at Rhosgoch and Amlwch
- (ii) A logistics centre on land at Parc Cybi
- (iii) A park and ride facility for construction workers on land at Dalar Hir
- 5. Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:
- (a) Construction of workers’ accommodation on land at Madyn Farm
- (b) A Visitor Centre and Media Reception Centre at on land near Groes fechan
- (c) Highways improvements comprising:
- (i) online improvements on the A5025
- (ii) offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch
- 6. The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project (“NSIP”) for the purposes of the Planning Act 2008 and requires development consent under that Act.
- 7. Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP (“Associated Development”) cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.
- 8. In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.
- 9. The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.
- 10. The proposed development is “EIA development” for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the “PEI non-technical summary”).
- 11. A statement of community consultation (“SOCC”) has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.
- 12. The full set of documents which form part of this Stage Two consultation comprise “non technical” and “technical” documents, and a number of online resources. All non-technical documents are available in English and Welsh:
- (a) Non-technical
- (i) Consultation Overview Document
- (ii) Preliminary Environmental Information Non-Technical Summary
- (iii) Welsh Language Impact Assessment Non-Technical Summary
- (iv) Health Impact Assessment Non-Technical Summary
- (b) Technical
- (i) Main Consultation Document
- (ii) Preliminary Environmental Information Report
- (iii) Welsh Language Impact Assessment Interim Report
- (iv) Health Impact Assessment Interim Report
- (v) Habitats Regulations Assessment Interim Report
- (vi) Equality Impact Assessment Interim Report
- (c) Online technical resources
- (i) Associated Development Site Selection Report
- (ii) Off-site Power Station Facilities Site Selection Report
- (iii) Construction Worker Accommodation Strategy
- (iv) Traffic and Transport Technical Note
- (v) Planning Statement Framework
- (vi) Draft Masterplans

13. Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour’s use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.

Horizon Nuclear Power – Public Notice

WYLFA NEWYDD – A NEW NUCLEAR POWER STATION ON ANGLESEY

SECTION 48, PLANNING ACT 2008 – REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED APPLICATION FOR DEVELOPMENT CONSENT FOR THE WYLFA NEWYDD GENERATING STATION

Please send any comments in response to this notice by 25 October 2016.

- Notice is hereby given that Horizon Nuclear Power Wylfa Limited (the "Applicant") of Sunrise House 1420 Charlton Court, Gloucester Business Park, Gloucester, GL3 4AE proposes to apply to the Secretary of State under s37 of the Planning Act 2008 for an order granting development consent ("DCO") for the construction, operation and maintenance of a new nuclear power station and other development, at Wylfa, Anglesey ("Wylfa Newydd Project").
 - Horizon Nuclear Power Wylfa Limited is part of the Horizon Nuclear Power Limited group of companies and is wholly owned by Hitachi, Ltd. Headquartered in Tokyo, Japan, Hitachi, Ltd. delivers innovations that answer society's challenges.
 - The application for the Wylfa Newydd Project is anticipated to be submitted in the second quarter of 2017.
 - Horizon proposes to apply for a DCO for the following development:
 - The Wylfa Newydd Generating Station made up of:
 - Development on the main power station site
 - Two UK Advanced Boiling Water Reactors (UK ABWR) with a combined electrical output of approximately 2,700MW and related plant located on the north coast of Anglesey to the west of Cemaes.
 - Reactor, control, service and turbine buildings and other supporting facilities, buildings, structures, features and works which are integral to the generating station including
 - Radioactive waste and spent fuel storage buildings
 - Electrical connection to National Grid substation
 - Marine works comprising a cooling water system, marine off-loading facility, breakwater structures, and navigational lighting and safety systems
 - Administration building and training and simulator building
 - On-site critical and security workers' accommodation campus
 - Landscape works and planting including drainage, foul drainage and surface water management systems and footpath works
 - Public Access works including closure and diversion of public rights of way
 - A power station access road and internal site roads
 - Car parking
 - Construction sites, laydown areas, working areas and temporary works and structures
 - Diversion of utilities
 - Main perimeter fence and construction fence
 - Such other ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient which may properly be consented in the DCO.
 - Off-site Power Station Facilities
 - An alternative emergency control centre on land off the A5025 at Cefn Coch
 - An environmental survey laboratory on land off the A5025 at Cefn Coch
 - A mobile emergency equipment garage on land in Llanfaethlu
 - To the extent permitted by the Planning Act 2008 and other relevant legislation at the time of the application Associated Development necessary to facilitate construction or operation of the Wylfa Newydd Generating Station including:
 - Purpose built temporary workers' accommodation on land at Rhosgoch and Amlwch
 - A logistics centre on land at Parc Cybi
 - A park and ride facility for construction workers on land at Dalar Hir
- Supporting the application for a DCO will be applications for planning permission pursuant to the Town and Country Planning Act 1990 for other Associated Development including:
 - Construction of workers' accommodation on land at Madyn Farm
 - A Visitor Centre and Media Reception Centre at on land near Groes fechan
 - Highways improvements comprising:
 - online improvements on the A5025
 - offline improvements to the A5025 at Valley junction, Llanfachraeth, Llanfaethlu, and Cefn Coch
- The Wylfa Newydd Generating Station is a Nationally Significant Infrastructure Project ("NSIP") for the purposes of the Planning Act 2008 and requires development consent under that Act.
- Currently in Wales, development that is associated with an NSIP but which is not part of the NSIP ("Associated Development") cannot be granted development consent under the Planning Act 2008 and requires planning permission under the Town and Country Planning Act 1990. However, the Wales Bill (introduced to Parliament on 7 June 2016) will, if enacted, allow an application for a DCO in respect of a generating station in Wales (where its capacity exceeds 350MW) to include certain Associated Development.
- In the event that the provisions of the Wales Bill are enacted in an appropriate form and in sufficient time, the Applicant may seek to include in its application for a DCO the Associated Development identified in paragraph 4(b) above. For this reason the Applicant is consulting on its Associated Development in the same way it is consulting on the Wylfa Newydd Generating Station.
- The proposed DCO will also seek various other powers including provisions permitting the compulsory acquisition of interests and rights in land, the temporary use of land, interference with rights and the closure or diversion of streets and other public rights of way including the permanent closure of Cemlyn Road.
- The proposed development is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. An environmental impact assessment is being carried out and an environmental statement (ES) will be submitted with the proposed application. The ES will provide a detailed description of the Project and its likely significant environmental effects. In accordance with Regulation 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 the Applicant has made Preliminary Environmental Information (PEI) available together with a non-technical summary of that information (the "PEI non-technical summary").
- A statement of community consultation ("SOCC") has also been prepared explaining how consultation will be undertaken in respect of the Wylfa Newydd Project.
- The full set of documents which form part of this Stage Two consultation comprise "non technical" and "technical" documents, and a number of online resources. All non-technical documents are available in English and Welsh:
 - Non-technical
 - Consultation Overview Document
 - Preliminary Environmental Information Non-Technical Summary
 - Welsh Language Impact Assessment Non-Technical Summary
 - Health Impact Assessment Non-Technical Summary
- Reference copies of documents, plans and maps showing the nature and location of the Wylfa Newydd Project and other consultation documents will also be available for viewing free of charge between 31 August 2016 and 25 October 2016 at the library locations listed below. Copying facilities are available at these libraries at a cost of 15p (A4) and 30p (A3) in Anglesey, and £1 per half hour's use at cost of 10p (A4/A3) black and white and 50p (A4/A3) colour at all other locations.
- Copies of all consultation documents will be available to view and to download from www.horizonnuclearpower.com/consultation and will also be made available on request on a digital storage device at no charge. Printed copies of the consultation documents and plans are available upon request however, there is a charge of up to £500 required to cover the cost of printing a full set of the Stage Two consultation documents. This charge may be waived at the discretion of Horizon.
- Free copies of the Consultation Overview Document and PEI Non-Technical Summary will also be available from the exhibition events listed below or on request (contact details below).
- As part of our community consultation, exhibition events are taking place between 6th September and 13th October 2016 at Amlwch, Cemaes, Cemaes Bay, Bangor, Caernarfon, Conwy, Holyhead, Llanfachraeth, Llanfaethlu, Llangefni, Menai Bridge, Porthmadog, Rhosybol and Valley. These events are being widely advertised and further details are available from our website (details below).
- You will be able to submit comments during the 8 week consultation period, up until 25th October 2016, in a number of ways:
 - Completing a printed feedback form; this can be submitted at one of our exhibitions or Tregle drop-in events, or by posting to our freepost address: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
 - Completing an online feedback form at www.horizonnuclearpower.com/consultation
 - Emailing us at wylfaenquiries@horizonnuclearpower.com
 - Writing to us at our freepost address
- Your comments should be submitted to us no later than 25th October. The Applicant requests that any response made indicates who is making the response and includes an address and post code to which any correspondence relating to it may be sent.
- Personal information that is supplied to Horizon in response to this Stage Two consultation will be processed in strict accordance with the Data Protection Act 1998.

Appendix B.8- List of consultation activities

1-1.1 Formal consultation activities 2016

1-1.1.1 The table below lists the formal (statutory) consultation activities that took place in 2016 in relation to the Project.

Event	Date
PAC2 PLG Meeting Members briefing	05 September 2016
PAC2 Event: Wylfa Sports & Social	06 September 2016
PAC2 Event: Cemaes Village Hall	07 September 2016
PAC2 Event: Douglas Inn car park	09 September 2016
PAC2 Event: Amlwch Memorial Hall	10 September 2016
PAC2 Event: Llanfachraeth Village Hall	13 September 2016
PAC2 Tregele Drop-in	14 September 2016
PAC2 Pop-up event: Coleg Menai, Llangefni	14 September 2016
PAC2 Pop-up event: Caffi Siop, Mechell	15 September 2016
PAC2 Event: Llangefni Town Hall	17 September 2016
PAC2 Tregele Drop-in	20 September 2016
PAC2 Tregele Drop-in	21 September 2016
PAC2 Pop-up event: Ysbyty Gwynedd, Bangor	22 September 2016
PAC2 Tregele Drop-in	23 September 2016
PAC2 Event: Rhosybol Community Centre	26 September 2016
PAC2 Pop-up event: Holyhead Leisure Centre	26 September 2016
PAC2 Event: Ucheldre Centre, Holyhead	27 September 2016
PAC2 Pop-up event: Deiniol Shopping Centre, Bangor	28 September 2016
PAC2 Event: Celtic Royal Hotel, Caernarfon	29 September 2016
PAC2 Pop-up event: RAF Valley	30 September 2016
PAC2 Event: Glaslyn Leisure Centre, Porthmadog	01 October 2016
PAC2 Event: The Valley Anglesey, Valley	03 October 2016
PAC2 Event: Penrhyn Hall, Bangor	08 October 2016
PAC2 Event: Thomas Telford Community Centre, Menai Bridge	10 October 2016
PAC2 Tregele Drop-in	11 October 2016
PAC2 briefing Conwy County Council	11 October 2016
PAC2 Tregele Drop-in	12 October 2016
PAC2 Event: St Mary's Church Hall, Conwy	13 October 2016
PAC2 Tregele Drop-in	14 October 2016
PAC2 Llanbadrig Community Council meeting	17 October 2016
PAC2 Tregele Drop-in	18 October 2016

Event	Date
PAC2 Tregle Drop-in	19 October 2016
PAC2 schools engagement event: Ysgol Syr Thomas Jones, Amlwch	19 October 2016
Close of PAC2 PLG Meeting	20 October 2016
Welsh Language Impact Assessment workshop	21 October 2016
PAC2 Tregle Drop-in	21 October 2016

Appendix B.9- Sample consultation materials (Eng and Cym)

Appendix B.9- PAC2 feedback form

Wylfa Newydd Project Consultation Feedback Form

STAGE 2

This form is to provide feedback on Horizon Nuclear Power's plans for a new nuclear power station on Anglesey, to the west of Cemaes and south-west of the existing Magnox power station. Key information about our proposals can be found in the Consultation Overview Document and on our website: www.horizonnuclearpower.com/consultation.

Consultation with all interested parties has a vital role to play in helping shape our proposals and no matter what your opinion of our proposals may be, your views count. We would like to hear your feedback on the current proposals for the Wylfa Newydd Project, but if there are sections that you feel are more relevant to you and you only want to comment on these, please do so.

You can submit your feedback in the following ways:

- by registering on our website www.horizonnuclearpower.com/consultation and completing the online form
- by putting this form in the **feedback box** at one of our events
- by posting this form free of charge to: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Please submit your feedback by 25 October 2016

Please note: Horizon Nuclear Power is not consulting on proposals for improvements needed to the electricity network as a result of a new power station at Wylfa. Consultation on these proposals is being conducted separately by the organisations responsible for them.

About you (Please complete this section in capital letters using blue or black ink):

Title:	First name:
Surname:	
Age group: ☐ under 25 ☐ 25 - 40 ☐ 41 - 60 ☐ over 60	
Are you responding on behalf of an organisation: ☐ Yes ☐ No	
If yes, organisation name:	
Job title:	
Address:	
Town / Village:	
Post code:	
Email address:	

Data Protection Statement

The information that you provide will be shared by Horizon Nuclear Power Wylfa Limited with third party providers, contractors or advisors who provide services to us and used in connection with the subsequent planning applications for the Wylfa Newydd Project. Copies may be made available, in due course, to the relevant planning authority so it can note your comments. We will however, request that your personal details are not placed on public record. Your personal details will be held securely by Horizon Nuclear Power Wylfa Limited and those third party providers, contractors or advisors who provide services to us in accordance with the Data Protection Act 1998.

General

Do you have any general comments about the Wylfa Newydd Project?

Do you have any comments on the Preliminary Environmental Information Report?

Site selection for Associated Development and Off-Site Power Station Facilities

Given the information provided on our Associated Development, Off-Site Power Station Facilities and On-Site Temporary Workers' Accommodation, do you have any views on:

1. how we can improve the preferred plans, including such issues as the layout of buildings and parking areas?
2. how we can improve the external appearance of the buildings, landscaping and boundary treatment?
3. our proposed legacy for each site?

We have outlined here our preferred sites. Please fill in the boxes for each site that you would like to comment on.

Kingsland/Cae Glas

Rhosgoch

Amlwch, adjacent to Madyn Farm, east and west of the B5111

Given the information provided on our Associated Development, Off-Site Power Station Facilities and On-site Temporary Workers' Accommodation, do you have any views on:

- 1. how we can improve the preferred plans, including such issues as the layout of buildings and parking areas?
- 2. how we can improve the external appearance of the buildings, landscaping and boundary treatment?
- 3. our proposed legacy for each site?

We have outlined here our preferred sites. Please fill in the boxes for each site that you would like to comment on.

Madyn Farm (permanent homes)

Dalar Hir

Parc Cybi

Given the information provided on our Associated Development, Off-Site Power Station Facilities and On-site Temporary Workers' Accommodation, do you have any views on:

1. how we can improve the preferred plans, including such issues as the layout of buildings and parking areas?
2. how we can improve the external appearance of the buildings, landscaping and boundary treatment?
3. our proposed legacy for each site?

We have outlined here our preferred sites. Please fill in the boxes for each site that you would like to comment on.

On-Site Temporary Workers' Accommodation

MEEG (Mobile Equipment Emergency Garage)

AECC (Alternative Emergency Control Centre) / ESL (Environmental Survey Laboratory)

Alternative site for Temporary Workers' Accommodation

In our Project Update January 2016 consultation we asked your views on a range of sites for temporary construction worker accommodation and our early proposals for housing workers. We have considered the responses received and have refined our proposals, presenting our preferred choice of sites and the number of workers proposed for each site. However, we are giving further consideration to our final proposals in the Amlwch area (including Rhosgoch and land adjacent to Madyn Farm, east and west of the B5111).

Our preferred proposal is to provide accommodation for up to 3,500 workers at Holyhead (Kingsland and Cae Glas), 1,500 workers at Rhosgoch, 500 workers On-Site for critical construction workers, and 200 workers at Madyn Farm. However, we are considering alternative accommodation for up to 800 workers at Amlwch next to the permanent housing at Madyn Farm, east and west of the B5111.

Now that we have developed more detailed proposals for both Rhosgoch and Amlwch (adjacent to Madyn Farm, east and west of the B5111) we welcome your views on the choice of sites, and the reasons for your preferences.

Bus routes and bus stop locations

We have improved our proposals for transporting workers around the Island to minimise the impact on local roads and this now includes detail of our proposed bus routes and our preferred locations for bus stops.

Do you have any views on the bus routes and bus stops that we have identified?

Employment opportunities and training

We have continued to develop our proposals around employment opportunities, skills training and supply chain engagement, particularly during the construction period. We have also recently appointed Menter Newydd, our partner who will help to deliver construction of the Wylfa Newydd Project.

Do you have any specific suggestions that we can consider to maximise uptake of these jobs and skills opportunities by local people?

Welsh language and culture

The Welsh Language Impact Assessment Interim Report sets out our initial proposals for enhancing the benefits and reducing the negative effects of the Project on the Welsh language.

Do you have any specific suggestions on the measures that we have identified to enhance benefits and reduce negative effects on Welsh-speaking communities, or the Welsh language and culture?

Health and well-being

The Health Impact Assessment Interim Report sets out our initial proposals for enhancing the benefits and reducing the negative effects of the Project on health and well-being.

Please can you provide thoughts on the positive benefits and potential risks to your well-being that you might expect from the Power Station? If so, please tell us how these might affect your overall views about the Project.

Equality Impact Assessment

We want to reduce the potential effects on social and equality issues on Anglesey. Our initial work can be found in the Equality Impact Assessment Interim Report.

Do you have any information on equality issues on Anglesey, or suggestions for measures to help reduce effects, that may help us in further work on the Equality Impact Assessment?

Reducing the effects of the project

We have designed many aspects of the Project with the aim of having long-term benefits within your communities.

There is more information on our current proposals for enhancing the benefits and reducing negative effects of the Project in the Mitigation and Benefits chapter of the Consultation Overview Document. As well, information about the effects of the Project and associated mitigation is in the Preliminary Environmental Information Report.

Do you have comments on our proposals for enhancing the benefits or reducing any negative effects of the Project, or suggestions that we should consider to develop our proposals further?

Landscape and Environmental Masterplan

Since the Project Update January 2016 consultation, we have taken on board feedback and progressed the design of the Landscape and Environmental Masterplan (LEMP). Examples of where we have made refinements to the LEMP include:

- the ground levels for the Power Station buildings, to reduce visual impacts to the areas south of the Power Station Site
- the shape and height of mounding around the training and simulator building, to reduce visual impacts to the south of the Power Station Site
- the on-site Temporary Workers' Accommodation to reflect the latest accommodation design and construction works in the area
- the profile and height of mounding where it is closest to existing communities

Do you have any comments on the refinements that we have made to the LEMP, or these proposals in general?

Thank you for completing this feedback form.

We will be reviewing all the feedback we receive and using it, wherever possible, to shape the ongoing development of our proposals.

If you have any questions about the Wylfa Newydd Project you can contact us at any time in the following ways:

CAM 2

Gallwch ddefnyddio'r ffurflen hon i roi adborth ar gynlluniau Pŵer Niwclear Horizon ar gyfer gorsaf bŵer niwclear newydd ar Ynys Môn, i'r gorllewin o Gemaes ac i'r de-orllewin o orsaf bŵer bresennol Magnox. Mae gwybodaeth allweddol am ein cynigion ar gael yn y Ddogfen Trosolwg o'r Ymgynghoriad ac ar ein gwefan: www.horizonnuclearpower.com/ymgyngoriad.

Mae ymgynghori â phawb sydd â diddordeb yn hollbwysig er mwyn helpu i siapia ein cynigion. Dim ots beth yw eich barn ynghylch ein cynigion, mae eich safbwyntiau'n cyftri. Hoffem glywed eich adborth ar y cynigion presennol ar gyfer Prosiect Wylfa Newydd, ond os oes rhannau rydych chi'n meddwl sy'n fwy perthnasol i chi, a'ch bod chi eisiau rhoi sylwadau ar y rheini'n unig, yna mae croeso i chi wneud hynny.

Gallwch gyflwyno eich adborth drwy'r dulliau canlynol:

- drwy gofrestru ar ein gwefan www.horizonnuclearpower.com/ymgyngoriad a llenwi'r ffurflen ar-lein
- drwy roi'r ffurflen hon yn y **blwch adborth** yn un o'n digwyddiadau
- drwy bostio'r ffurflen hon am ddim i: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Cyflwynwch eich adborth erbyn 25 Hydref 2016 os gwelwch yn dda

Cofiwch: Dydy Pŵer Niwclear Horizon ddim yn ymgynghori ar gynigion ar gyfer y gwelliannau sydd eu hangen i'r rhwydwaith trydan o ganlyniad i orsaf bŵer newydd yn Wylfa. Mae ymgynghoriad arall yn cael ei gynnal ar wahân ar y cynigion hyn gan y sefydliadau sy'n gyfrifol amdanyn nhw.

Amdanoch chi (Llenwch yr adran hon mewn priflythrennau gan ddefnyddio inc du neu las):

Teitl:	Enw cyntaf:

Datganiad Diogelu Data

Bydd y wybodaeth rydych chi'n ei rhoi yn cael ei rhannu gan Horizon Nuclear Power Wylfa Limited â darparwyr, contractwyr neu gynghorwyr trydydd parti sy'n darparu gwasanaethau i ni, a bydd yn cael ei defnyddio ar y cyd gyda'r ceisiadau cynllunio dilynol ar gyfer Prosiect Wylfa Newydd. Efallai bydd copïau'n cael eu darparu, maes o law, i'r awdurdod cynllunio perthnasol er mwyn iddo allu nodi eich sylwadau. Serch hynny, byddwn yn gofyn iddo beidio â rhoi eich manylion personol ar gofnod cyhoeddus. Bydd eich manylion personol yn cael eu cadw'n ddiogel gan Horizon Nuclear Power Wylfa Limited a'r darparwyr, y contractwyr neu'r cynghorwyr trydydd parti hynny sy'n darparu gwasanaethau i ni yn unol â Deddf Diogelu Data 1998.

Cyffredinol

Oes gennych chi unrhyw sylwadau cyffredinol am Brosiect Wylfa Newydd?

Oes gennych chi unrhyw sylwadau am yr Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol?

Dewis safle ar gyfer Datblygiadau Cysylltiedig a Chyfleusterau Oddi ar Safle'r Orsaf Bŵer

Gan ystyried y wybodaeth ynghylch ein Datblygiadau Cysylltiedig, Cyfleusterau Oddi ar Safle'r Orsaf Bŵer a Llety Gweithwyr Dros Dro ar y Safle, oes gennych chi unrhyw safbwyntiau am y canlynol:

- 1.sut gallwn ni wella'r cynlluniau sy'n cael eu ffafrio, gan gynnwys pethau fel y ffordd mae'r adeiladau wedi'u gosod allan, a'r llefydd parcio?
- 2.sut gallwn ni wella ymddangosiad allanol yr adeiladau, y gwaith tirweddu a'r ffiniau?
- 3.y gwaddol fydd yn cael ei adael ar ôl i bob safle?

Rydym wedi amlinellu'r safleoedd rydym yn eu ffafrio yma. Llenwch y blychau ar gyfer pob safle yr hoffech chi roi sylwadau yn ei gylch.

Kingsland/Cae Glas

Rhosgoch

Amlwch, wrth ymyl Fferm Madyn i'r dwyrain a'r gorllewin o'r B5111

Gan ystyried y wybodaeth ynghylch ein Datblygiadau Cysylltiedig, Cyfleusterau Oddi ar Safle'r Orsaf Bŵer a Llety Gweithwyr Dros Dro ar y Safle, oes gennych chi unrhyw safbwyntiau am y canlynol:

- 1.sut gallwn ni wella'r cynlluniau sy'n cael eu ffafrio, gan gynnwys pethau fel y ffordd mae'r adeiladau wedi'u gosod allan, a'r llefydd parcio?
- 2.sut gallwn ni wella ymddangosiad allanol yr adeiladau, y gwaith tirweddu a'r ffiniau?
- 3.y gwaddol fydd yn cael ei adael ar ôl i bob safle?

Rydym wedi amlinellu'r safleoedd rydym yn eu ffafrio yma. Llenwch y blychau ar gyfer pob safle yr hoffech chi roi sylwadau yn ei gylch.

Fferm Madyn (cartrefi parhaol)

Dalar Hir

Parc cybi

Gan ystyried y wybodaeth ynghylch ein Datblygiadau Cysylltiedig, Cyfleusterau Oddi ar Safle'r Orsaf Bŵer a Llety Gweithwyr Dros Dro ar y Safle, oes gennych chi unrhyw safbwyntiau am y canlynol:

- 1.sut gallwn ni wella'r cynlluniau sy'n cael eu ffafrio, gan gynnwys pethau fel y ffordd mae'r adeiladau wedi'u gosod allan, a'r llefydd parcio?
- 2.sut gallwn ni wella ymddangosiad allanol yr adeiladau, y gwaith tirweddu a'r ffiniau?

Llety Gweithwyr Dros Dro ar y Safle

MEEG (Garej Offer Brys Symudol)

AECC (Canolfan Rheoli Argyfwng Amgen) / ESL (Labordy Arolygon Amgylcheddol)

Safle arall ar gyfer Llety Gweithwyr Dros Dro

Yn ein hymgynghoriad ar y Diweddariad ar y Prosiect ym mis Ionawr, fe wnaethom ofyn am eich barn ynghylch amrywiol safleoedd ar gyfer llety gweithwyr adeiladu dros dro, a'n cynigion cychwynnol ar gyfer tai i weithwyr. Rydym wedi ystyried yr ymatebion sydd wedi dod i law ac wedi mireinio ein cynigion, gan gyflwyno'r safleoedd rydym ni'n eu ffafrio a nifer y gweithwyr a gynigir ar gyfer pob safle. Fodd bynnag, rydym yn rhoi mwy o ystyriaeth i'n cynigion terfynol yn ardal Amlwch (gan gynnwys Rhosgoch a thir wrth ymyl Fferm Madyn, i'r dwyrain a'r gorllewin o'r B5111).

Y cynnig rydym ni'n ei ffafrio yw darparu llety ar gyfer hyd at 3,500 o weithwyr yng Nghaergybi (Cae Glas a Kingsland), 1,500 o weithwyr yn Rhosgoch, 500 o weithwyr ar y safle ar gyfer gweithwyr adeiladu hollbwysig, a 200 o weithwyr yn Fferm Madyn. Fodd bynnag, rydym yn ystyried llety arall ar gyfer hyd at 800 o weithwyr yn Amlwch wrth ymyl y tai parhaol yn Fferm Madyn, i'r dwyrain a'r gorllewin o'r B5111.

Gan ein bod wedi llunio cynigion manylach erbyn hyn ar gyfer Rhosgoch ac Amlwch (wrth ymyl Fferm Madyn, i'r dwyrain a'r gorllewin o'r B5111), rydym yn croesawu eich safbwyntiau am y dewis o safleoedd, ynghyd â'r rhesymau drostynt.

Llwybrau bysiau a mannau codi gweithwyr

Rydym wedi gwella ein cynigion ar gyfer cludo gweithwyr o amgylch yr ynys, gyda'r bwriad o leihau'r effaith ar ffyrdd lleol. Erbyn hyn, rydym wedi cynnwys manylion am y llwybrau bysiau sy'n cael eu cynnig, a'r lleoliadau rydym yn eu ffafrio ar gyfer mannau codi gweithwyr.

Oes gennych chi unrhyw safbwyntiau am y llwybrau bysiau a'r mannau codi gweithwyr?

Cyfleoedd i gael gwaith a hyfforddiant

Rydym wedi parhau i ddatblygu ein cynigion o amgylch cyfleoedd gwaith, hyfforddiant sgiliau ac ymgysylltu â'r gadwyn gyflenwi, yn enwedig yn ystod y cyfnod adeiladu. Rydym hefyd wedi penodi Menter Newydd yn ddiweddar – ein partner a fydd yn helpu gyda gwaith adeiladu Prosiect Wylfa Newydd.

Oes gennych chi unrhyw awgrymiadau penodol y gallwn eu hystyried i wneud yn siŵr bod cynifer o bobl leol â phosibl yn manteisio ar y cyfleoedd hyn i gael swyddi ac i ddatblygu eu sgiliau?

Yr Iaith Gymraeg a'i diwylliant

Mae Adroddiad Interim yr Asesiad o'r Effaith ar yr Iaith Gymraeg yn amlinellu ein cynigion cychwynnol i wneud yn siŵr bod y Prosiect yn sicrhau'r budd mwyaf posibl i'r Gymraeg ac yn lleihau'r effeithiau negyddol arni.

Oes gennych chi unrhyw awgrymiadau penodol ynghylch y mesurau rydym wedi'u dynodi i sicrhau'r budd mwyaf posibl i gymunedau sy'n siarad Cymraeg, neu iaith a diwylliant Cymru, ac i leihau'r effeithiau negyddol?

Iechyd a Lles

Mae Adroddiad Interim yr Asesiad o'r Effaith ar Iechyd yn amlinellu ein cynigion cychwynnol i wneud yn siŵr bod y Prosiect yn sicrhau'r budd mwyaf posibl i iechyd a lles, ac yn lleihau'r effeithiau negyddol.

A fydddech cystal â dweud pa fudd cadarnhaol a risgiau posibl i'ch lles y bydddech yn eu disgwyl yn sgil yr Orsaf Bŵer? Dywedwch wrthym sut gallai'r rhain effeithio ar eich safbwyntiau cyffredinol am y Prosiect.

Asesiad o'r Effaith ar Gydraddoldeb

Rydym yn awyddus i leihau'r effeithiau posibl ar faterion cymdeithasol a chydaddoldeb ar Ynys Môn. Mae modd dod o hyd i'n gwaith cychwynnol yn Adroddiad Interim yr Asesiad o'r Effaith ar Gydraddoldeb.

Oes gennych chi unrhyw wybodaeth am faterion yn ymwneud â chydaddoldeb ar Ynys Môn, neu unrhyw awgrymiadau ar gyfer mesurau a fyddai'n helpu i leihau'r effeithiau, a allai ein helpu mewn gwaith pellach ar yr Asesiad o'r Effaith ar Gydraddoldeb?

Lleihau effeithiau'r prosiect

Rydym wedi cynllunio sawl elfen o'r Prosiect gyda'r bwriad o sicrhau budd hirdymor i'ch cymunedau.

Mae mwy o wybodaeth am ein cynigion presennol i sicrhau'r budd mwyaf ac i leihau effeithiau negyddol y Prosiect yn y bennod o'r Ddogfen Drosolwg Ymgynghori sy'n ymwneud â Lliniaru a Manteision. Mae gwybodaeth am effeithiau'r Prosiect a'r mesurau lliniaru cysylltiedig i'w gweld yn yr Adroddiad Gwybodaeth Amgylcheddol Ragarweiniol.

Oes gennych chi sylwadau am ein cynigion i wneud yn siŵr bod y Prosiect yn sicrhau'r budd mwyaf posibl, neu'n lleihau'r effeithiau negyddol? Neu oes gennych chi awgrymiadau am bethau y dylem eu hystyried i ddatblygu ein cynigion ymhellach?

Cynllun Meistr Tirwedd ac Amgylcheddol

Ers yr ymgynghoriad ar y Diweddariad ar y Prosiect ym mis Ionawr, rydym wedi ystyried yr adborth ac wedi bwrw ymlaen â'r Cynllun Meistr Tirwedd ac Amgylcheddol. Dyma enghreifftiau o'r newidiadau rydym wedi'u gwneud i wella'r Cynllun Meistr Tirwedd ac Amgylcheddol:

- Iefelau gwaelod adeiladau'r Orsaf Bŵer, i leihau'r effeithiau gweledol ar yr ardaloedd i'r de o Safle'r Orsaf Bŵer
- siâp ac uchder y twmpathau o amgylch yr adeilad hyfforddi ac efelychu, i leihau'r effeithiau gweledol i'r de o Safle'r Orsaf Bŵer
- bydd Llety Gweithwyr Dros Dro ar y safle yn adlewyrchu'r gwaith dylunio ac adeiladu diweddaraf ar gyfer llety yn yr ardal
- proffil ac uchder y twmpathau yn y mannau lle maent agosaf at y cymunedau presennol

Oes gennych chi unrhyw sylwadau ynghylch y newidiadau rydym wedi'u gwneud i wella'r Cynllun Meistr Tirwedd ac Amgylcheddol, neu'r cynigion hyn yn gyffredinol?

Diolch i chi am lenwi'r ffurflen adborth hon.

Byddwn yn adolygu'r holl adborth a gawn a byddwn yn ei ddefnyddio, pan fydd hynny'n bosibl, i siapia datblygiad parhaus ein cynigion.

Os oes gennych chi unrhyw gwestiynau am Brosiect Wylfa Newydd, gallwch gysylltu â ni unrhyw bryd drwy'r dulliau canlynol:

**ymholiadauwylfa@horizonnuclearpower.com**

**0800 954 9516**

**@HorizonNuclear**

**www.horizonnuclearpower.com/ymgyngghoriad**

**'Horizon Nuclear Power'**

**Dewch o hyd i ni ar LinkedIn**

Bydd Pŵer Niwclear Horizon a'i asiantau'n prosesu ac yn storio eich manylion personol yn unol â Deddf Diogelu Data 1998, er mwyn rhoi'r wybodaeth ddiweddaraf i chi am yr orsaf bŵer newydd arfaethedig yn Wylfa.

Cofiwch ailgylchu

Appendix B.9- Voluntary feedback form

Appendix B.9- HNP Futures education flyer

Sut fydddech chi'n rheoli un o brosiectau adeiladu mwyaf Ewrop?

I adeiladu Wylfa Newydd, bydd angen rhwng 8,000 a 10,000 o weithwyr adeiladu arnom.

How would you manage one of Europe's biggest construction projects?

To build Wylfa Newydd we'll need between 8,000 and 10,000 construction workers.

Sut y bydddech chi'n rheoli Prosiect o'r maint hwnnw?

How would you manage a Project of that size?

Sut y byddent yn teithio ar draws Ynys Môn i fynd i'r gwaith?

How would they travel across Anglesey to get to work?

Ble byddai'r gweithwyr yn byw?

Where would the workers live?

Pa effeithiau eraill y gallai gweithwyr eu cael?

What other impacts might workers have?

Beth all Wylfa Newydd ei wneud i chi?

Byddwn yn creu hyd at 850 o swyddi parhaol unwaith y bydd Wylfa Newydd yn dechrau cynhyrchu pŵer.

O arbenigwyr niwclear i weithwyr cynnal a chadw, i beirianwyr, staff cymorth a thechnegol, byddwn yn cynnig amrywiaeth eang o gyfleoedd i weithwyr hyfedr, gweithwyr dan hyfforddiant, prentisiaid a graddedigion.

What can Wylfa Newydd do for you?

We'll create up to 850 permanent jobs once Wylfa Newydd begins generating power.

From nuclear specialists and maintenance workers, to engineers, technical and support staff, we'll offer a wide variety of opportunities for skilled workers, trainees, apprentices and graduates.

Beth yw eich hoff bynciau?

What are your favourite subjects?

Ym mha fath o rolau y mae gennych ddi-ddordeb?

What sort of roles are you interested in?

Beth allwn ni ei wneud i'ch cefnogi chi a'ch ysgol i roi sylw i gyfleoedd yn y dyfodol?

What can we do to support you and your school in highlighting future opportunities?

Appendix B.9- Announcing PAC2 press release

NEWS RELEASE

FOR IMMEDIATE RELEASE
22 July 2016

Horizon Nuclear Power announces second stage of formal consultation

North Wales residents will soon have the chance to see the latest plans for the proposed Wylfa Newydd nuclear power station, when a second phase of pre-application consultation launches in late August.

Horizon Nuclear Power's second formal stage of consultation will take place between 31 August and 25 October, giving people the opportunity to view its refined proposals and have their say on what matters to them.

A wide range of information about Horizon's proposals will be on display at a series of public exhibitions across Anglesey and North Wales, where members of the team will be on hand to discuss the Project and answer any questions. Advertisements containing the dates and locations of all the events will be appearing in local media from Wednesday 27 July.

The Project to build a new nuclear power station on Anglesey will bring significant investment to the island and the wider North Wales region, and help to secure its long-term economic future. As well as developing Wylfa Newydd, Horizon needs other facilities on Anglesey to ensure it can build and operate the power station safely and efficiently.

Carl Devlin, Programme Director at Horizon, said: "We've listened to and reviewed carefully all the feedback we have received to date and taken this feedback into consideration whilst updating and developing our latest proposals. This is the last scheduled consultation on the Project as a whole before we submit our application for a Development Consent Order in 2017, so it's really important that people have their say on what matters to them.

"We're committed to delivering a wide range of opportunities on Anglesey as part of our Wylfa Newydd Project, from education, training and employment, to contracts for local businesses and support for

Welsh language, culture and community initiatives. We'll be sharing more details during our upcoming consultation, which continues on from the work we've already been doing locally."

Horizon's team will again be on hand at this year's Anglesey Show between 9-10 August, where more information on the consultation will also be available. The Horizon marquee will be located at stand B1.

More information on the consultation will be available on Horizon's website from 31 August at: www.horizonnuclearpower.com/consultation.

- ENDS -

For more information, please contact:

Claire Loveday – 07717 300379 or claire.loveday@horizonnuclearpower.com

Notes to editors:

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.
- Horizon's development on Anglesey will represent a multibillion pound investment in North Wales, creating high-quality, long term employment opportunities and unlocking lasting economic and social benefits for the region.

DATGANIAD NEWYDDION

I'W RYDDHAU AR UNWAITH
22 Gorffennaf 2016

Pŵer Niwclear Horizon yn datgan ail gam ymgyngoriad ffurfiol

Bydd trigolion Gogledd Cymru yn cael cyfle cyn bo hir i weld y cynlluniau diweddaraf ar gyfer gorsaf bŵer niwclear arfaethedig Wylfa Newydd, pan gaiff ail gam ymgynghoriad ei lansio ddiwedd mis Awst cyn gwneud cais.

Cynhelir ail gam ymgynghoriad ffurfiol Pŵer Niwclear Horizon rhwng 31 Awst a 25 Hydref i roi cyfle i bobl weld ei gynigion diwygiedig ac i ddweud eu dweud am yr hyn sydd o bwys iddyn nhw.

Dangosir amrywiaeth eang o wybodaeth am gynigion Horizon mewn cyfres o arddangosfeydd ledled Ynys Môn a Gogledd Cymru. Bydd aelodau o'r tîm yno i drafod y Prosiect ac i ateb unrhyw gwestiynau. Bydd hysbysebion yn cynnwys dyddiadau a lleoliadau'r holl ddigwyddiadau yn ymddangos yn y cyfryngau lleol o ddydd Mercher 27 Gorffennaf ymlaen.

Bydd y Prosiect i adeiladu gorsaf bŵer niwclear newydd yn Ynys Môn yn dod â buddsoddiad sylweddol i'r ynys ac i ranbarth gogledd Cymru yn ehangach, ac yn helpu i sicrhau ei dyfodol economaidd yn y tymor hir. Yn ogystal â datblygu Wylfa Newydd, mae angen cyfleusterau eraill ar Horizon yn Ynys Môn er mwyn sicrhau ei fod yn gallu adeiladu a gweithredu'r orsaf bŵer yn ddiogel ac yn effeithlon.

Dyweddodd Carl Devlin, Cyfarwyddwr Rhaglen yn Horizon: "Rydym wedi ystyried yr holl adborth a gawsom hyd yma i'n helpu i berffeithio ein cynigion diweddaraf. Dyma'r ymgynghoriad olaf a drefnwyd ar y Prosiect yn ei gyfanrwydd cyn inni gyflwyno ein cais am Orchymyn Caniatâd Datblygu yn 2017, felly mae'n bwysig iawn fod pobl yn cael dweud eu dweud ar y pethau sydd o bwys iddyn nhw.

"Rydym wedi ymrwymo i ddarparu amrywiaeth eang o gyfleoedd ar Ynys Môn fel rhan o Brosiect Wylfa Newydd, o addysg, hyfforddiant a chyflogaeth, i gontractau i fusnesau lleol a chefnogaeth i'r Gymraeg, ei diwylliant a mentrau cymunedol. Byddwn yn rhannu rhagor o fanylion yn ystod yr ymgynghoriad sydd ar y gweill ac yn dilyn y gwaith a wnaethpwyd eisoes gennym yn lleol."

Bydd tîm Horizon ar gael yn Sioe Ynys Môn eleni eto, ar 9-10 Awst, lle bydd rhagor o wybodaeth am yr ymgynghoriad ar gael hefyd. Bydd pabell Horizon yn stondin B1.

Bydd rhagor o wybodaeth am yr ymgynghoriad ar gael ar wefan Horizon o 31 Awst ymlaen yn:
www.horizonnuclearpower.com/consultation.

- DIWEDD -

I gael rhagor o wybodaeth, cysylltwch â:

Claire Loveday – 07717 300379 neu claire.loveday@horizonnuclearpower.com

Nodiadau i olygyddion:

- Ffurfiwyd Pŵer Niwclear Horizon yn 2009 i ddatblygu gorsafoedd pŵer niwclear newydd yn y Deyrnas Unedig. Prynwyd y cwmni gan Hitachi Ltd o Japan ym mis Tachwedd 2012.
- Bydd datblygiad Horizon ar Ynys Môn yn golygu buddsoddiad gwerth biliynau o bunnoedd yng Ngogledd Cymru, gan greu cyflogaeth hirdymor o ansawdd da ac arwain at fanteision economaidd a chymdeithasol parhaol i'r rhanbarth.

Appendix B.9- Community update newsletter

Community Update

Our plans for new nuclear power at Wylfa

Have your say this Autumn:
Tell us what matters to you

EVENT
DETAILS
INSIDE

STAGE 2

Welcome

WELCOME TO THIS CONSULTATION EDITION OF OUR COMMUNITY UPDATE.

I'm pleased to announce that on 31 August we'll be unveiling our refined plans for the Wylfa Newydd Project, and we'd like to hear what you think.

This is a significant milestone. Over the past two years, all the feedback you've given us has been really helpful in progressing our plans to this advanced stage, so thank you.

This is the last scheduled consultation on the Project as a whole before we submit our application for a Development Consent Order in 2017. So this is your chance to have your say on what matters to you, before we finalise our proposals.

Over the coming months, we'll be out across Anglesey and North Wales holding exhibitions so you can see our latest plans, talk to our team and give us your views.

In this update, you can find more information on the exhibitions we'll be holding, where you can find printed copies of our consultation materials and details of how you can take part.

We look forward to hearing what you have to say.

Duncan Hawthorne
Chief Executive

Horizon Nuclear Power

What are we proposing?

We'd like your views on our refined proposals for all aspects of the Wylfa Newydd Project.

As well as the power station itself, we need other facilities across Anglesey to manage our construction resources and activities, and operate Wylfa Newydd safely and efficiently.

These include:

TEMPORARY ACCOMMODATION FOR CONSTRUCTION WORKERS

VISITOR CENTRE AND MEDIA RECEPTION CENTRE

HIGHWAYS IMPROVEMENTS

MOBILE EMERGENCY EQUIPMENT GARAGE

PARK AND RIDE FACILITY

ALTERNATIVE EMERGENCY CONTROL CENTRE

LOGISTICS CENTRE

ENVIRONMENTAL SURVEY LABORATORY

To support this, we are assessing how we can enhance the positive benefits and reduce any negative effects of the Project on communities on Anglesey. We are looking at areas including:

- Welsh language and culture
- People's health and wellbeing
- Jobs and skills
- Social and equality issues

If you would like an overview of our consultation, we recommend reading our Consultation Overview Document. Printed copies will be available from 31 August at information points and reference locations across the area (see page 4).

This information will also be available to download from our website at: www.horizonnuclearpower.com/consultation together with our latest plans and documents.

How can I have my say?

You can give us your feedback in a number of ways by:

Completing a printed feedback form; this can be submitted at one of our exhibitions or drop-ins, or by posting to: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Completing an online feedback form at www.horizonnuclearpower.com/consultation

Emailing us at: wylfaenquiries@horizonnuclearpower.com

Writing to us at our **freepost address**

Our consultation opens on 31 August and closes on 25 October, so it's really important you take the opportunity to have your say during this time.

Why is consultation important?

Consulting with local people and stakeholders helps us to shape and refine our plans, and is an important part of the planning process.

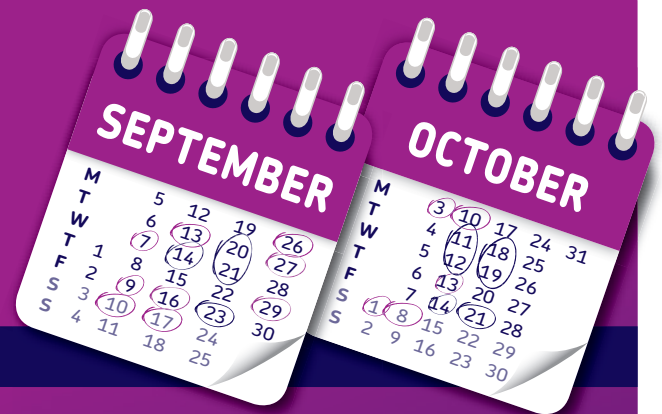

This consultation is the second stage of our formal pre-application consultation, our last scheduled consultation on the Project as a whole, before we submit our application for a Development Consent Order in 2017. So it's your chance to have a say on our Project before we finalise our proposals.

The Planning Act 2008 requires us to consult widely with the community and key stakeholders like Isle of Anglesey County Council before we submit our application for a Development Consent Order. This will give us permission to build the power station and any supporting development necessary to operate the power station safely and efficiently.

We held the first stage of our pre-application consultation in 2014 and since then we've been holding other consultations to keep local people up-to-date. This has allowed us to gather feedback and help shape our latest proposals.

Find out more

You are invited to join us at our community exhibitions. This is your chance to view our plans in detail, and discuss them with members of the Horizon team.

**All of our weekday events will be open from 1pm – 7pm.
Our weekend events will be open from 10am – 1pm.**

Tregele drop-ins

If you're unable to make our exhibitions, you can come along to our drop-in consultation cabin at the Douglas Inn car park in Tregele and chat with a member of the team between 11am and 2pm on:

WEDNESDAY 14 SEPTEMBER
TUESDAY 20 SEPTEMBER
WEDNESDAY 21 SEPTEMBER
FRIDAY 23 SEPTEMBER

TUESDAY 11 OCTOBER
WEDNESDAY 12 OCTOBER
FRIDAY 14 OCTOBER

TUESDAY 18 OCTOBER
WEDNESDAY 19 OCTOBER
FRIDAY 21 OCTOBER

Anyone can come along during these times and you don't need to book an appointment.

Horizon in the community

We'll also be visiting popular locations and events in the area to spread the word about our consultation.

See our website at: www.horizonnuclearpower.com/consultation or call us on: 0800 954 9516 for more details.

Where to find our consultation documents

We'll be putting special information points across Anglesey and North Wales, where you can pick up key materials and a feedback form.

You can also view reference copies of our consultation and technical materials in these same locations.

Information points can be found at the following venues during the consultation period:

Connection to the national grid

Reinforcement of the electricity network is essential if Wylfa Newydd is to be built. National Grid will have a representative at many of our events to explain more about their ongoing work. Please see page three for more details.

National Grid will be holding its own separate consultation in North Wales this autumn, and it's important that people take part and have their say on this project too.

Visit www.northwalesconnection.com to find out more.

What else can I have my say on?

Alongside our Stage Two pre-application consultation, we'd also like your views on two voluntary plans that we've developed that relate to local noise mitigation and community benefits.

These are important in making sure we deliver the best possible legacy for Wylfa Newydd and communities across Anglesey. More details on these will also be available from 31 August on our website below and at our events.

Newyddion i'r gymuned

Ein cynlluniau ar gyfer gorsaf bŵer niwclear newydd yn Wylfa

Dweud eich dweud yr Hydref hwn:
Dywedwch wrthym beth sy'n bwysig i chi

MANYLION Y
DIGWYDDIAD
Y TU MEWN

CAM 2

Croeso

**CROESO I'R RHIFYN YMGYNGHORI HWN
O'N NEWYDDION I'R GYMUNED.**

Rwyf yn falch o allu cyhoeddi y byddwn ar 31 Awst yn datgelu ein cynlluniau wedi'u mireinio ar gyfer prosiect Wylfa Newydd, ac mi hoffem glywed eich barn chi.

Mae hon yn garreg filltir bwysig. Yn ystod y ddwy flynedd diwethaf, mae'r holl adborth a gawsom gennych wedi bod yn help mawr i ni i ddatblygu ein cynlluniau ar gyfer y cam diweddaraf hwn, felly diolch yn fawr.

Hwn yw'r ymgynghoriad olaf ar y Prosiect yn ei gyfanrwydd sydd wedi'i drefnu cyn y byddwn yn cyflwyno ein cais am Orchymyn Caniatâd Datblygu yn 2017. Felly dyma eich cyfle i ddweud eich dweud ar yr hyn sy'n bwysig i chi, cyn i ni gwblhau ein cynigion.

Yn ystod y misoedd nesaf, byddwn yn crwydro ar hyd a lled Ynys Môn a Gogledd Cymru gan gynnal arddangosfeydd er mwyn i chi gael gweld ein cynlluniau diweddaraf, i sgwrsio â'n tîm ac i fynegi eich barn.

Yn y diweddariad hwn, cewch ragor o wybodaeth am yr arddangosfeydd y byddwn yn eu cynnal, lle gallwch gael gafael ar gopiâu caled o'n deunyddiau ymgynghori, a manylion ar sut gallwch gymryd rhan.

Edrychwn ymlaen at glywed beth sydd gennych i'w ddweud wrthym.

Duncan Hawthorne
Prif Weithredwr

Pŵer Niwclear Horizon

Beth ydym ni'n ei gynnig?

Mi hoffem glywed eich barn ar ein cynigion sydd wedi'u mireinio ar bob agwedd ar Brosiect Wylfa Newydd.

Yn ogystal â'r orsaf bŵer ei hun, bydd angen cyfleusterau eraill arnom ar hyd a lled Ynys Môn i reoli ein hadnoddau a'n gweithgarwch adeiladu, ac i weithredu Wylfa Newydd mewn ffordd ddiogel ac effeithlon.

Mae'r rhain yn cynnwys:

LLETY DROS DRO AR GYFER GWEITHWYR ADEILADU

GWELLIANNAU I BRIFFYRDD

CYFLEUSTER PARCIO A THEITHIO

CANOLFAN LOGISTEG

CANOLFAN YMWELWYR A CHANOLFAN AR GYFER Y CYFRYNGAU

GAREJ SYMUDOL AR GYFER OFFER ARGYFWNG

CANOLFAN REOLI AMGEN MEWN ARGYFWNG

LABORDAI AROLYGON AMGYLCHEDDOL

I ategu hyn, rydym yn edrych sut gallwn gynyddu'r buddiannau positif a lleihau unrhyw effeithiau negyddol a gaiff y Prosiect ar gymunedau yn Ynys Môn. Rydym yn edrych ar feysydd sy'n cynnwys:

- Yr iaith a'r diwylliant Cymraeg
- Iechyd a lles pobl
- Swyddi a sgiliau
- Ystyriaethau cymdeithasol a chydaddoldeb

Os hoffech chi gael trosolwg o'n hymgyngghoriad, rydym yn argymhell eich bod yn darllen ein Dogfen Trosolwg o'r Ymgynghoriad. Bydd copïau caled ar gael o 31 Awst ymlaen mewn Pwyntiau Gwybodaeth a lleoliadau cyfeirio ledled yr ardal (gweler tudalen 4).

Bydd y wybodaeth hon ar gael i'w llwytho i lawr o'n gwefan yn: www.horizonnuclearpower.com/ymgyngghoriad ynghyd â'n cynlluniau a'n dogfennau diweddaraf.

Sut alla i fynegi fy marn?

Gallwch roi eich adborth i ni mewn amryw o ffyrdd trwy:

Cwblhau copi caled o'r ffurflen adborth; gellir ei chyflwyno yn un o'n harddangosfeydd neu mewn cymorthfeydd, neu drwy ei phostio i: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Cwblhau ffurflen adborth ar-lein yn: www.horizonnuclearpower.com/ymgyngghoriad

Anfon e-bost atom i: ymholiadauwylfa@horizonnuclearpower.com

Ysgrifennu atom i'n cyfeiriad **rhadbost**

Mae ein hymgyngghoriad yn agor at 31 Awst a bydd yn cau ar 25 Hydref, felly mae'n bwysig iawn eich bod yn manteisio ar y cyfle hwn i ddweud eich dweud.

Pam mae ymgynghori mor bwysig?

Mae ymgynghori â phobl leol a rhanddeiliaid yn ein helpu i ffurfio ac i fireinio ein cynlluniau, ac mae'n rhan bwysig o'r broses gynllunio.

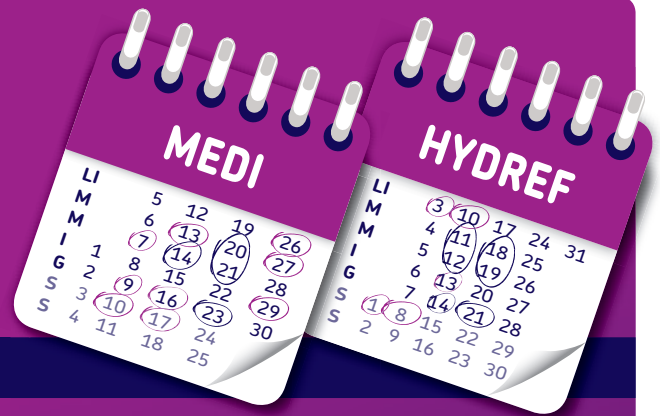

Yr ymgynghoriad hwn yw ail ran ein hymgyngghoriad cyn gwneud cais. Hwn yw'r ymgynghoriad olaf sydd wedi ei drefnu ar gyfer y Prosiect yn ei gyfanrwydd, cyn i ni gyflwyno ein cais am Orchymyn Caniatâd Datblygu yn 2017. Felly dyma eich cyfle i fynegi eich barn am y Prosiect cyn i ni gwblhau ein cynigion.

Dwyed Deddf Cynllunio 2008 bod yn rhaid i ni ymgynghori'n eang â'r gymuned a rhanddeiliaid allweddol fel Cyngor Sir Ynys Môn cyn y byddwn yn cyflwyno ein cais am Orchymyn Caniatâd Datblygu. Bydd hwn yn rhoi caniatâd i ni i adeiladu'r orsaf bŵer ac unrhyw ddatblygiadau ategol fydd eu hangen i weithredu'r orsaf bŵer yn ddiogel ac yn effeithlon.

Cynhaliwyd cam cyntaf ein hymgyngghoriad cyn gwneud cais yn 2014 ac ers hynny rydym wedi bod yn cynnal ymgynghoriadau eraill i hysbysu pobl leol o'r datblygiadau. Mae hyn wedi ein galluogi i gasglu adborth ac mae wedi'n helpu i ffurfio ein cynigion diweddaraf.

Darganfod mwy

Fe'ch gwahoddir i ymuno â ni yn ein harddangosfeydd cymunedol. Dyma eich cyfle i weld ein cynlluniau manwl, ac i'w trafod ag aelodau o dîm Horizon.

Dewch i'n gweld yn:

Appendix B.9- Consultation on Voluntary Local Noise Mitigation Plan

Wylfa Newydd Project

Consultation on Voluntary Local Noise Mitigation Plan

Introduction

Horizon Nuclear Power is preparing its proposals for a new nuclear power station (Power Station) on Anglesey (the Wylfa Newydd Project).

The Wylfa Newydd Project will create significant opportunities and benefits for local communities as well as for the whole economy of Anglesey and beyond for many decades to come. But we appreciate that there will also be concerns about its effects on communities.

Under the Planning Act 2008 the Wylfa Newydd Project is classified as a “Nationally Significant Infrastructure Project”. The construction of a project the size and duration of Wylfa Newydd will likely give rise to local environmental effects. Horizon is required to carry out an Environmental Impact Assessment (EIA) to demonstrate how the predicted effects of the Project can be managed to agreed levels, throughout both construction and operation.

Details of our proposed development and the anticipated effects on the environment, as well as our proposals for reducing any negative effects, are provided as part of the second stage of formal pre-application consultation which is running in parallel to this consultation. All the consultation documents are available on our website at www.horizonnuclearpower.com/consultation.

The majority of the construction activity would take place within the Wylfa Newydd Development Area (shown on figure 1), which includes the Power Station Site and the surrounding areas that would be used for the construction and operation of the Power Station, including its landscaped setting. The potential environmental effects of construction, such as noise, lighting, dust and traffic, and our proposals for reducing any negative effects of the Wylfa Newydd Project, known as mitigation measures, are outlined in the Preliminary Environmental Information Report and associated non-technical summary. These documents also form part of our second stage of formal pre-application consultation and are available on our website.

We know the potential effects of construction are a particular concern to those living nearest to the Power Station Site. This consultation document sets out our view of what a voluntary plan to reduce the effects of construction noise arising from the Wylfa Newydd Project on local residential properties could look like. This plan, known as the Local Noise Mitigation plan, will form part of our overall Neighbourhood Support Scheme.

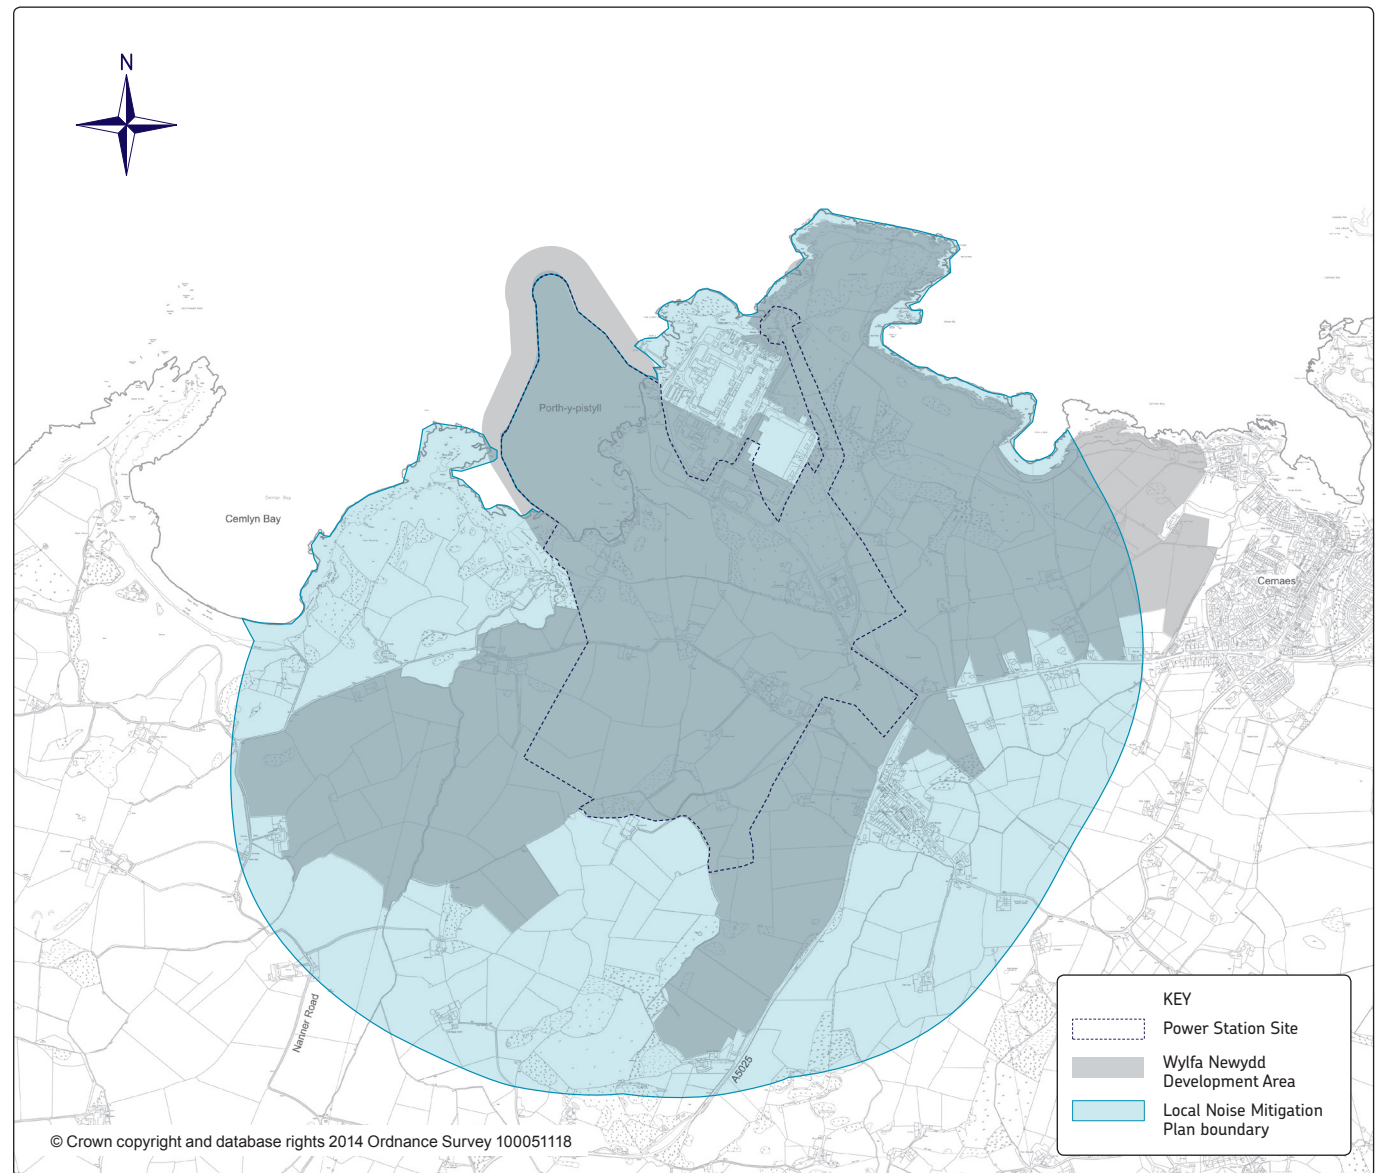

Figure 1: Local Noise Mitigation Plan

NEIGHBOURHOOD SUPPORT SCHEME

We know people living closest to the proposed Power Station Site have concerns as to how our proposals will affect their property and its value. Formal legal provisions will address these issues, however the detail of any statutory mitigation will not be known until much closer to the start of construction. Horizon believes that certainty and security for our nearest neighbours could be provided by establishing a voluntary scheme earlier than this, even if it duplicates the statutory process.

We have therefore developed a voluntary initiative to assist residential owners within a defined area close to the proposed Power Station. In 2014 we consulted on our proposed Neighbourhood Support Scheme (NSS) in parallel to our Stage One pre-application consultation. The NSS consultation comprised two elements:

- **Property Price Support** – support for residents living nearest to the Power Station Site who wish to sell their property but where the property sale price has been impacted by the development
- **Disturbance Mitigation** – measures to reduce construction noise at affected residential properties

The first element of this, the Property Price Support plan (PPS), was subsequently launched in April 2015. Details of this plan can be found on our website at www.horizonnuclearpower.com/wylfa-newydd-neighbourhood-support-scheme (printed versions are also available on request).

The PPS focuses on residential property valuations and the provision of support to owners where they wish to sell their property. Horizon understands, however, that some homeowners who do not wish to move house may need additional support to reduce potential effects at their property. While the construction activities will give rise to a variety of environmental effects, we are confident that mitigation measures identified from our EIA work will be sufficient to control the effects of dust and artificial light.

We therefore believe the most relevant effect in respect of nearby residential properties will be noise, and as such this was the focus of the disturbance mitigation element in our 2014 consultation. We have now developed this plan further as our 'Local Noise Mitigation Plan' and are asking for your views so we can create the final plan. For information on how to respond, turn to page 6.

Local Noise Mitigation plan

WHAT IS IT?

The Local Noise Mitigation plan would provide improvements to eligible properties likely to be affected by construction noise coming from the Wylfa Newydd Development Area. The purpose of these improvements would be to reduce noise levels inside such properties.

The type of typical improvements could include:

- the provision of new double glazed windows or secondary glazing
- the provision of new doors with improved noise insulation
- the provision of additional (noise insulated) ventilation to compensate for windows needing to be kept closed, particularly at night
- the provision of blinds to reflect solar heat during summer months when windows might need to be kept closed

WHO WOULD BE ELIGIBLE FOR SUPPORT?

A boundary map included as Figure 1 shows where the Local Noise Mitigation plan would apply, this is the same as the PPS boundary. To qualify for the Local Noise Mitigation plan the following criteria would need to be met:

- the property is residential and is located within the area, which is shown as the Local Noise Mitigation plan boundary in figure 1
- the applicant must be the property owner or holder of a long lease (with at least 3 years remaining)
- the property has been occupied for the past 6 months

WHEN WILL IT OPERATE?

We don't anticipate that the plan will be required during the Site Preparation and Clearance works scheduled for Spring 2017, as these works will be relatively small in scale. Horizon will work with property owners to ensure that measures implemented under the Local Noise Mitigation plan are in place before the start of the Main Construction works, which could begin as early as 2018, but the precise timing would be subject to review.

We expect the Local Noise Mitigation plan to remain in place throughout construction of the Wylfa Newydd Project and will continue to monitor and review its effectiveness throughout construction.

HOW WOULD IT WORK?

When the Plan is launched, Horizon will notify residential home owners within the Local Noise Mitigation plan boundary. Applicants will be invited to apply to the scheme by submitting an application form (including appropriate evidence) showing that the property meets the eligibility criteria.

If accepted, Horizon will appoint a surveyor who will make arrangements to visit the property and identify the type of improvements that would benefit the occupants. The plan will not extend to conservatories, outhouses, sheds, or other outbuildings. A survey report including recommendations will be produced and Horizon will produce a formal offer of improvements to be made. The applicant can then accept the full offer, accept some of the improvements or decline the offer. No cash offer will be made in lieu of undertaking the improvements.

On confirmation of acceptance of the offer in (full or part), Horizon will appoint an approved supplier to contact the applicant to make arrangements to undertake the works as directed by Horizon.

The Local Noise Mitigation plan process included in Figure 2, shows, in principle, how the plan would work.

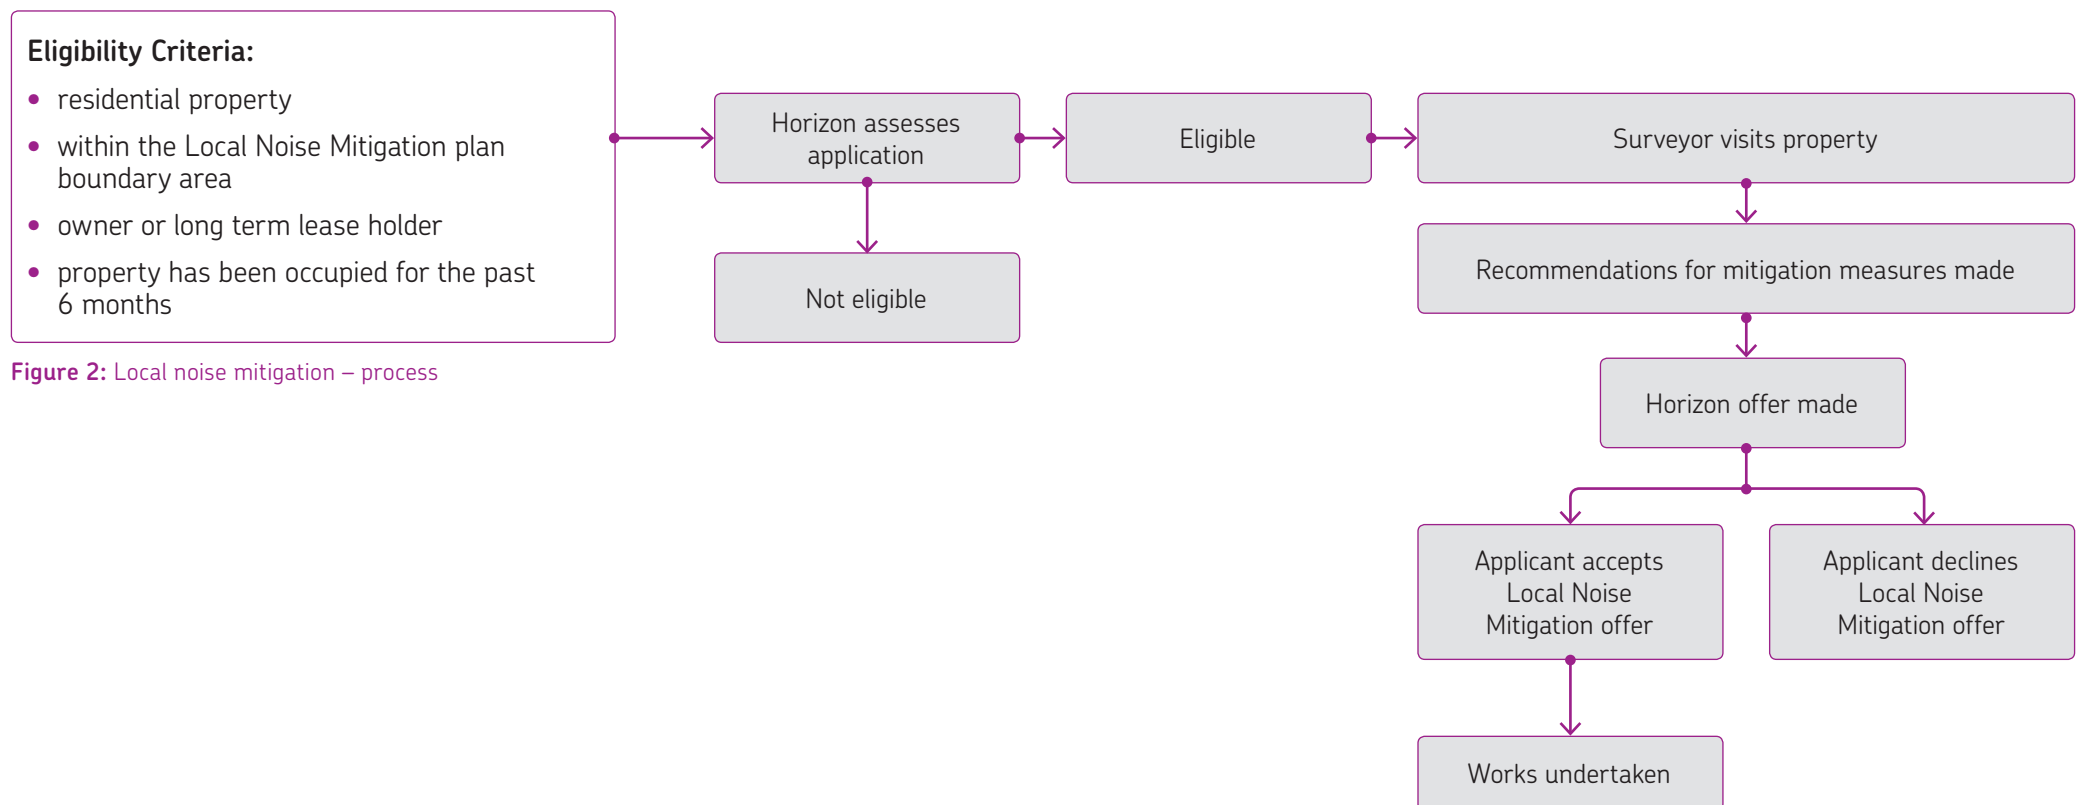

Figure 2: Local noise mitigation – process

WE WANT YOUR FEEDBACK

Your feedback is important and we welcome any views on the proposals we have outlined in this consultation. We will consider all responses before publishing our final scheme. In particular:

- do you have suggestions that we should consider regarding the types of improvements that the Local Noise Mitigation plan should cover, such as double glazed windows or improved noise insulation?
- as part of the second stage of our pre-application consultation, we have prepared a **Preliminary Environmental Information Report** which assesses the noise effects of the Project. This report is available on our website at www.horizonnuclearpower.com/consultation. Taking this into consideration, do you have comments on the proposed extent of the area for eligibility?
- are there other non-residential properties that we should consider for eligibility under the plan?

HOW TO RESPOND

Your views count!

Your response is a very important part of our overall consultation process and can be submitted in either Welsh or English. We look forward to receiving your thoughts in person or in writing by 25 October 2016.

There are a number of ways in which you can respond:

- via feedback form, in Welsh or English, available at our exhibitions
- via our online feedback form, in Welsh or English, available on our website at www.horizonnuclearpower.com/consultation
- in writing to our freepost address **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
- via email at wylfaenquiries@horizonnuclearpower.com.

We also operate a Freephone number in Welsh and English to answer your questions and queries at any time. You can contact us on **0800 954 9516**.

Please make sure your feedback reaches us by 25 October 2016.

For more information on the Wylfa Newydd Project – including the Stage Two pre-application consultation process – please contact us, in Welsh or English, on our Freephone number **0800 954 9516**.

NEXT STEPS

In parallel to our Stage One pre-application consultation, we requested your views on early proposals for our Neighbourhood Support Scheme, which is comprised of the Property Price Support plan and Disturbance Mitigation Plan. Your feedback to that consultation helped to shape the Property Price Support plan which we launched in April 2015.

This Local Noise Mitigation Plan (previously known as the Disturbance Mitigation Plan) forms the second part of our overall Neighbourhood Support Scheme. Your feedback to this consultation will help us to shape the Local Noise Mitigation Plan. As we progress this plan, we will continue to share any new or additional information.

STAGE TWO PRE-APPLICATION CONSULTATION

In parallel to this voluntary consultation, we are hosting our Stage Two pre-application consultation. This is the second of two formal stages of consultation on the Wylfa Newydd Project that we committed to holding as part of our Statement of Community Consultation. A suite of non-technical and technical documents is available as part of the Stage Two pre-application consultation on our website at www.horizonnuclearpower.com/consultation.

CONTACT US:

If you have any questions or feedback regarding the Wylfa Newydd Project you can contact us on our dedicated Wylfa Newydd Freephone hotline and email address, by calling on **0800 954 9516** or emailing **wylfaenquiries@horizonnuclearpower.com**

Prosiect Wylfa Newydd

Ymgynghoriad ar y Cynllun Gwirfoddol i Liniaru Sŵn Lleol

Cyflwyniad

Mae Pŵer Niwclear Horizon yn paratoi ei gynigion ar gyfer gorsaf bŵer niwclear newydd (Gorsaf Bŵer) ar Ynys Môn (Prosiect Wylfa Newydd).

Bydd Prosiect Wylfa Newydd yn creu cryn gyfleoedd a manteision i gymunedau lleol yn ogystal ag i economi gyfan Ynys Môn a thu hwnt am sawl degawd i ddod. Ond rydym yn gwerthfawrogi y bydd pryderon hefyd am ei effeithiau ar gymunedau.

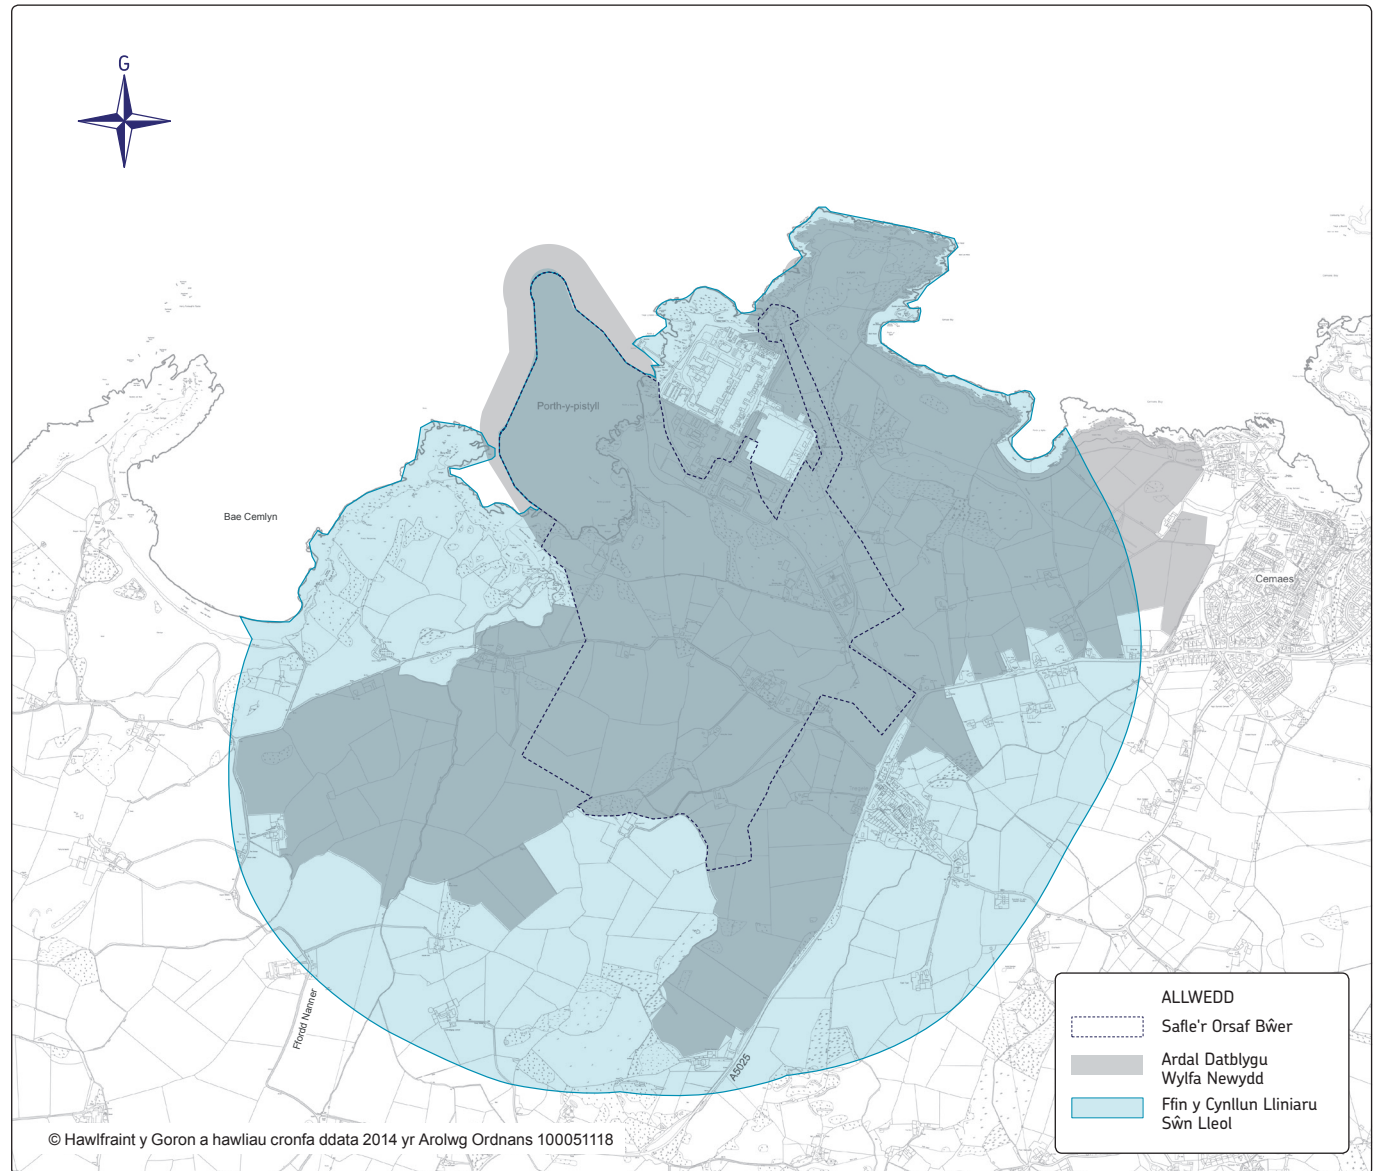

O dan Ddeddf Cynllunio 2008, caiff Prosiect Wylfa Newydd ei ddosbarthu fel “Prosiect Seilwaith Cenedlaethol ei Arwyddocâd”. Mae’n debygol y bydd y gwaith o adeiladu prosiect maint Wylfa Newydd ac am y cyfnod a fwriedir yn effeithio ar yr amgylchedd lleol. Mae’n ofynnol i Horizon gynnal Asesiad o’r Effaith Amgylcheddol i ddangos sut y gellir rheoli effeithiau rhagweledig y Prosiect i lefelau y cytunir arnynt, drwy gydol y gwaith adeiladu a gweithredu.

Caiff manylion ein gwaith datblygu arfaethedig a’r effeithiau disgwyledig ar yr amgylchedd, yn ogystal â’n cynigion i leihau unrhyw effeithiau negyddol, eu rhannu fel rhan o ail gam yr ymgynghoriad cyn-ymgeisio ffurfiol a gaiff ei gynnal ar y cyd â’r ymgynghoriad hwn. Mae’r holl ddogfennau ymgynghori ar gael ar ein gwefan yn www.horizonnuclearpower.com/ymgyngoriad.

Byddai mwyafrif y gwaith adeiladu yn digwydd yn Ardal Datblygu Wylfa Newydd (a ddangosir yn ffigwr 1), sy'n cynnwys Safle'r Orsaf Bŵer a'r ardaloedd cyfagos a fyddai'n cael eu defnyddio i adeiladu a gweithredu'r Orsaf Bŵer, yn cynnwys ei lleoliad wedi'i dirlunio. Mae effeithiau amgylcheddol posibl y gwaith adeiladu, fel sŵn, goleuadau, llwch a thraffig, a'n cynigion ar gyfer lleihau unrhyw effeithiau negyddol Prosiect Wylfa Newydd, a elwir yn fesurau lliniaru, wedi'u nodi yn yr Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol a'r crynodeb annhechnegol cysylltiedig. Mae'r dogfennau hyn yn rhan o ail gam ein hymgyngoriad cyn-ymgeisio ffurfiol ac maent ar gael ar ein gwefan.

Gwyddom fod effeithiau posibl y gwaith adeiladu yn bryder penodol i'r rhai sy'n byw agosaf at Safle'r Orsaf Bŵer. Mae'r ddogfen ymgynghori hon yn nodi ein barn ar ba fath o gynllun gwirfoddol y gellid ei gael i leihau effeithiau sŵn adeiladu sy'n deillio o Brosiect Wylfa Newydd ar eiddo preswyl lleol. Bydd y cynllun hwn, a elwir yn gynllun Lliniaru Sŵn Lleol, yn rhan o'n Cynllun Cefnogi Cymdogaeth cyffredinol.

Ffigwr 1: Cynllun Lliniaru Sŵn Lleol

CYNLLUN CEFNOGI CYMDOGAETH

Gwyddom fod gan bobl sy'n byw agosaf at Safle'r Orsaf Bŵer arfaethedig bryderon o ran sut y bydd ein cynigion yn effeithio ar eu heiddo a'i werth. Bydd darpariaethau cyfreithiol ffurfiol yn mynd i'r afael â'r materion hyn. Fodd bynnag, ni fyddwn yn gwybod manylion unrhyw gamau lliniaru statudol hyd nes bydd y gwaith adeiladu megis dechrau. Mae Horizon o'r farn y gellid darparu sicrwydd a diogelwch ar gyfer ein cymdogion agosaf drwy sefydlu cynllun gwirfoddol cyn hynny, hyd yn oed os yw'n dyblygu'r broses statudol.

Felly rydym wedi datblygu menter wirfoddol i gynorthwyo perchenogion preswyl o fewn ardal benodedig yn agos at yr Orsaf Bŵer arfaethedig. Yn 2014, ymgynghorwyd ar ein Cynllun Cefnogi Cymdogaeth arfaethedig ar y cyd â Cham Un ein hymgyngoriad cyn-ymgeisio. Roedd yr ymgynghoriad ar y Cynllun Cefnogi Cymdogaeth yn cynnwys dwy elfen:

- **Cymorth o ran Prisiau Eiddo** – cymorth i'r trigolion sy'n byw agosaf at Safle'r Orsaf Bŵer sydd am werthu eu heiddo ond lle bo'r gwaith datblygu wedi effeithio ar bris gwerthu'r eiddo
- **Lliniaru Aflonyddwch** – mesurau i leihau'r sŵn adeiladu yn yr eiddo y bydd y gwaith yn effeithio arno

Yn sgil hyn, lansiwyd elfen gyntaf y gwaith hwn, sef y cynllun Cymorth o ran Prisiau Eiddo (PPS) ym mis Ebrill 2015. Mae manylion y cynllun hwn ar gael ar ein gwefan yn www.horizonnuclearpower.com/cynllun-cefnogi-cymdogaeth-wylfa (mae fersiynau wedi'u hargraffu ar gael ar gais hefyd).

Mae'r Cymorth o ran Prisiau Eiddo yn canolbwyntio ar brisiadau eiddo preswyl a'r cymorth a roddir i berchnogion os ydynt am werthu eu heiddo. Fodd bynnag, mae Horizon yn deall bod angen cymorth ychwanegol ar rai perchnogion tai nad ydynt am symud tŷ i leihau'r effeithiau posibl ar eu heiddo. Er y bydd y gwaith adeiladu yn creu amrywiaeth o effeithiau amgylcheddol, rydym yn ffyddiog y bydd y mesurau lliniaru a nodwyd drwy ein Hasesiad o'r Effaith Amgylcheddol yn ddigonol i reoli effeithiau llwch a goleuadau artiffisial.

Credwn felly mai'r effaith fwyaf perthnasol o ran yr eiddo preswyl cyfagos fydd sŵn, ac fel y cyfryw, dyma oedd ffocws yr elfen lliniaru aflonyddwch o'n hymgyngoriad yn 2014. Rydym wedi datblygu'r cynllun hwn ymhellach fel ein 'Cynllun Lliniaru Sŵn Lleol' a gofynnwn am eich barn er mwyn i ni allu paratoi'r cynllun terfynol. I gael gwybodaeth am sut i ymateb, trowch at dudalen 6.

Cynllun Lliniaru Sŵn Lleol

BETH YDYW?

Byddai'r cynllun Lliniaru Sŵn Lleol yn darparu gwelliannau i eiddo cymwys y mae'r sŵn adeiladu sy'n deillio o Ardal Datblygu Wylfa Newydd yn debygol o effeithio arnynt. Diben y gwelliannau hyn fyddai lleihau'r lefelau sŵn y tu mewn i eiddo o'r fath.

Gallai'r mathau o welliannau nodweddiadol gynnwys y canlynol:

- darparu ffenestri gwydr dwbl neu eilaidd newydd
- darparu drysau newydd sy'n inswleiddio'n well rhag sŵn
- darparu system awyru ychwanegol (wedi'i hinswleiddio rhag sŵn) i wneud iawn am y ffaith bod angen cadw'r ffenestri ar gau, yn arbennig gyda'r nos
- darparu bleinds i adlewyrchu gwres yr haul yn ystod misoedd yr haf pan fyddai angen cadw'r ffenestri ar gau

PWY FYDDAI'N GYMWYS I GAEL CYMORTH?

Mae map ffiniau wedi'i gynnwys yn Ffigwr 1 ac mae'n dangos ymhle y byddai'r cynllun Lliniaru Sŵn Lleol yn berthnasol. Mae hyn yr un fath â'r ffin Cymorth o ran Prisiau Eiddo. I fod yn gymwys ar gyfer y cynllun Lliniaru Sŵn Lleol, byddai angen bodloni'r meini prawf canlynol:

- mae'r eiddo'n breswyl ac o fewn yr ardal, a ddangosir fel ffin y cynllun Lliniaru Sŵn Lleol yn ffigwr 1
- rhaid mai perchennog yr eiddo neu ddeiliaid prydles hir (gydag o leiaf 3 blynedd ar ôl) yw'r ymgeisydd
- mae rhywun wedi bod yn meddiannu'r eiddo am y 6 mis diwethaf

PRYD BYDD Y CYNLLUN YN WEITHREDOL?

Nid ydym yn rhagweld y bydd angen y cynllun yn ystod y gwaith o Baratoi a Chlirio'r Safle sydd wedi'i drefnu ar gyfer Gwanwyn 2017, gan y bydd y gwaith hwn ar raddfa gymharol fach. Bydd Horizon yn gweithio gyda pherchnogion eiddo i sicrhau bod mesurau a roddir ar waith o dan y cynllun Lliniaru Sŵn Lleol ar waith cyn i'r Prif Waith Adeiladu ddechrau, a allai ddechrau mor fuan â 2018, ond gallai'r union ddyddiad newid yn sgil adolygiad.

Disgwyliwn i'r cynllun Lliniaru Sŵn Lleol fod mewn grym drwy gydol y gwaith o adeiladu Prosiect Wylfa Newydd a byddwn yn parhau i fonitro ac adolygu ei effeithiolrwydd drwy gydol y gwaith adeiladu.

SUT BYDDAI'R GWEITHIO?

Pan gaiff y Cynllun ei lansio, bydd Horizon yn rhoi gwybod i'r perchnogion tai preswyl o fewn ffin y cynllun Lliniaru Sŵn Lleol. Caiff yr ymgeiswyr eu gwahodd i wneud cais i'r cynllun drwy gyflwyno ffurflen gais (yn cynnwys tystiolaeth briodol) sy'n dangos bod yr eiddo'n bodloni'r meini prawf cymhwysedd.

Os caiff y cais ei dderbyn, bydd Horizon yn penodi syrfêwr a fydd yn trefnu ymweliad â'r eiddo ac yn nodi'r math o welliannau a fyddai o fudd i'r deiliaid. Ni fydd y cynllun yn ymestyn i ystafelloedd haul, tai bach allan, siediau nac adeiladau allan eraill. Caiff adroddiad arolygu sy'n cynnwys argymhellion ei baratoi a bydd Horizon yn llunio cynnig ffurfiol o'r gwelliannau i'w gwneud. Yna gall yr ymgeisydd dderbyn y cynnig llawn, derbyn rhai o'r gwelliannau neu wrthod y cynnig. Ni chaiff arian parod ei gynnig yn lle'r gwelliannau.

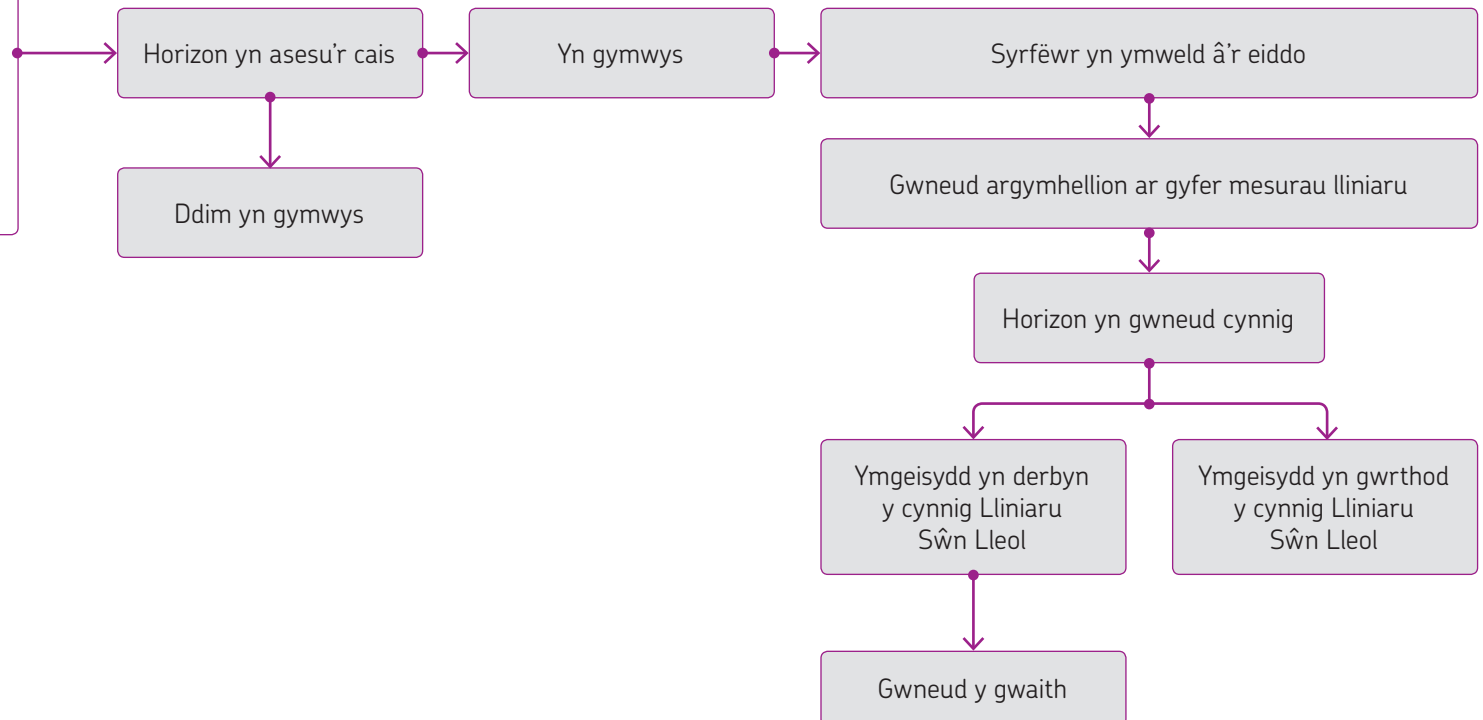

Ar ôl derbyn y cynnig yn llawn neu ran ohono, bydd Horizon yn penodi cyflenwr cymeradwy i gysylltu â'r ymgeisydd i wneud trefniadau i gyflawni'r gwaith yn unol â chyfarwyddyd Horizon.

Mae proses y cynllun Lliniaru Sŵn Lleol yn Ffigwr 2 yn dangos, o ran egwyddor, sut byddai'r cynllun yn gweithio.

Meini Prawf Cymhwysedd:

- eiddo preswyl
- o fewn ardal ffin y Cynllun Lliniaru Sŵn Lleol
- perchennog neu ddeilydd les hirdymor
- mae rhywun wedi bod yn byw yn yr eiddo am y 6 mis diwethaf

Ffigwr 2: Lliniaru Sŵn Lleol – y broses

RYDYM AM GAEL EICH ADBORTH

Mae eich adborth yn bwysig ac rydym yn croesawu unrhyw safbwyntiau ar y cynigion rydym wedi'u hamlinellu yn yr ymgynghoriad hwn. Byddwn yn ystyried yr holl ymatebion cyn cyhoeddi ein cynllun terfynol. Yn arbennig:

- a oes gennych chi awgrymiadau y dylem eu hystyried o ran y mathau o welliannau y dylai'r cynllun Lliniaru Sŵn Lleol eu cynnwys, fel ffenestri gwydr dwbl neu gwell inswleiddio rhag sŵn?
- fel rhan o ail gam ein hymgyngghoriad cyn-ymgeisio, rydym wedi paratoi **Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol** sy'n asesu effeithiau sŵn y Prosiect. Mae'r adroddiad hwn ar gael ar ein gwefan yn www.horizonnuclearpower.com/ymgyngghoriad. O ystyried hyn, a oes gennych chi sylwadau ar faint yr ardal arfaethedig sy'n gymwys i gael cymorth?
- a oes eiddo dibreswyl arall y dylem ystyried ei fod yn gymwys o dan y cynllun?

SUT I YMATEB

Mae eich barn chi'n bwysig!

Mae eich ymateb chi yn rhan bwysig iawn o'n hymgyngghoriad cyffredinol ac mae croeso i chi ei gyflwyno yn Gymraeg neu'n Saesneg. Mae sawl ffordd i chi ymateb:

- drwy'r ffurflen adborth, yn Gymraeg neu'n Saesneg, sydd ar gael yn ein harddangosfeydd
- drwy ein ffurflen adborth ar-lein, yn Gymraeg neu'n Saesneg, sydd ar gael ar ein gwefan yn www.horizonnuclearpower.com/ymgyngghoriad.
- yn ysgrifenedig i'n cyfeiriad rhadbost **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
- drwy anfon e-bost at yholiadauwylfa@horizonnuclearpower.com

Mae gennym rif Rhadffôn hefyd yn Gymraeg ac yn Saesneg er mwyn ateb eich cwestiynau a'ch ymholiadau unrhyw bryd. Gallwch gysylltu â ni ar **0800 954 9516**.

Gwnewch yn siŵr bod eich adborth yn ein cyrraedd ni erbyn 25 Hydref 2016.

I gael rhagor o wybodaeth am Brosiect Wylfa Newydd - yn cynnwys Cam Dau yr ymgynghoriad cyn-ymgeisio - cysylltwch â ni, yn Gymraeg neu'n Saesneg, drwy ffonio ein rhif Rhadffôn **0800 954 9516**.

Y CAMAU NESAF

Ar y cyd â Cham Un ein hymgyngghoriad cyn-ymgeisio, gofynnwyd am eich barn ar y cynigion cyntaf ar gyfer ein Cynllun Cefnogi Cymdogaeth, sy'n cynnwys y cynllun Cymorth o ran Prisau Eiddo a'r Cynllun Lliniaru Aflonyddwch. Roedd eich adborth i'r ymgynghoriad hwnnw yn fodd i ni lywio'r cynllun Cymorth o ran Prisau Eiddo a lansiwyd gennym ym mis Ebrill 2015.

Mae'r Cynllun Lliniaru Sŵn Lleol hwn (y Cynllun Lliniaru Aflonyddwch gynt) yn ffurfio ail ran ein Cynllun Cefnogi Cymdogaeth cyffredinol. Bydd eich adborth i'r ymgynghoriad hwn yn ein helpu ni i lywio'r Cynllun Lliniaru Sŵn Lleol. Wrth i ni ddatblygu'r cynllun hwn, byddwn yn parhau i rannu unrhyw wybodaeth ychwanegol neu newydd.

CAM DAU YR YMGYNGHORIAD CYN-YMGEISIO

Ar y cyd â'r ymgynghoriad gwirfoddol hwn, rydym yn cynnal Cam Dau ein hymgyngghoriad cyn-ymgeisio. Dyma'r ail o ddau gam ymgynghori ffurfiol ar Brosiect Wylfa Newydd y gwnaethom ymrwymo i'w gynnal fel rhan o'n Datganiad Ymgynghori Cymunedol. Mae cyfres o ddogfennau technegol ac annhefnegol ar gael fel rhan o Gam Dau yr ymgynghoriad cyn-ymgeisio ar ein gwefan yn www.horizonnuclearpower.com/ymgyngghoriad.

CYSYLLTWCH Â NI:

Os oes gennych chi unrhyw gwestiynau neu adborth am Brosiect Wylfa Newydd gallwch chi gysylltu â ni ar ein llinell gymorth radffôn Wylfa Newydd arbennig a'n cyfeiriad e-bost, drwy ffonio **0800 954 9516** neu e-bostio **ymholiadauwylfa@horizonnuclearpower.com**

Mae copïau caled o'r dogfennau ymgynghori a'r cynlluniau ar gael ar gais. Fodd bynnag, codir tâl o hyd at £500 i dalu am gostau argraffu'r set lawn o Ddogfennau Ymgynghori Cyn-ymgeisio Cam Dau. Gellir hepgor y tâl hwn yn ôl disgrisiwn Horizon.

***Appendix B.9- Consultation on Proposed Voluntary Community
Benefits Scheme***

Wylfa Newydd Project

Consultation on Proposed Voluntary Community Benefits Scheme

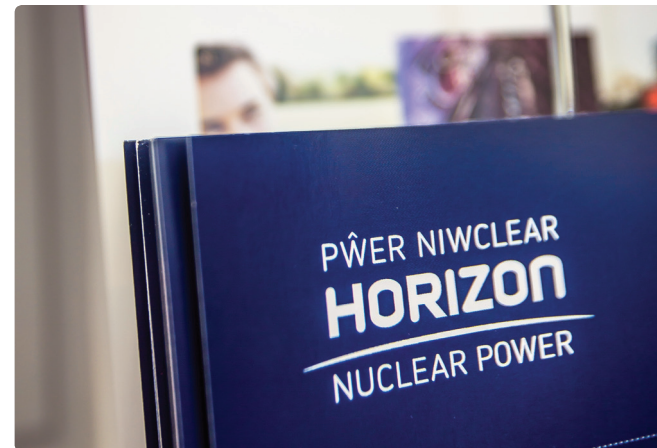

Introduction

In January 2016 we consulted on a Project Update for our Wylfa Newydd Project proposals. Alongside the Project Update we made available a number of fact sheets explaining our strategies in different areas of the Project, including community benefits.

The 'Community Benefits Strategy' fact sheet contained information about our community benefit aims, and about work with the Isle of Anglesey County Council (IACC) towards reaching a common understanding on community benefits. We also included a list of key principles which we were in the process of agreeing with the IACC.

This update sets out progress since January and options for a longer term voluntary community benefits scheme which we'd welcome feedback on.

KEY COMMUNITY BENEFIT DEFINITIONS AND PRINCIPLES

Agreement has been reached with the IACC on key community benefit definitions and principles, which remain broadly in line with the information presented in January. They are set out in a 'common approach' document drafted jointly by the IACC and Horizon.

The three categories for community benefits are identified as:

- **Inherent benefits** – benefits that the Wylfa Newydd Project will deliver without any additional payments or contributions from Horizon. Examples include the creation of new jobs, training and apprenticeships, the proposed A5025 off-line highways improvements and the involvement of new and existing businesses in our supply chain
- **Statutory benefits** (we'd previously referred to these as 'Planning Benefits') – benefits directly linked to the statutory planning law, policy and guidance, usually secured through 'section 106' planning obligations or agreements relating to planning permissions. Our statutory benefits will be directly linked to the findings of our environmental, Welsh language and health impact assessment work. We would also expect to look at legacy benefits as part of this category. Examples of legacy benefit might include new or modernised housing stock, skills and training and transport improvements
- **Voluntary benefits** – non-statutory community benefits which arise from voluntary contributions (of funds, time or resources) by Horizon to the local community

Responses to our Stage One pre-application consultation and Project Update January 2016 consultations supported the principles of our voluntary community benefits strategy. We have now further developed our high level plans for a longer term strategy which we are asking for comment on.

Principles

- Community benefits can support the sustainability, quality of life and wellbeing of the Island and its communities
- They can be delivered through both statutory and voluntary mechanisms. Wylfa Newydd benefits could be delivered through both statutory benefits and voluntary processes
- The whole of the Island is recognised as a major project host community. The distribution of community benefits should reflect potential localised impacts (i.e. communities around Wylfa and/or Associated Developments), especially through the statutory mechanisms
- Voluntary community benefits would be an effective mechanism to respond to the socio-economic needs of both the Island as a whole and needs that have been identified in local communities
- Voluntary community benefits should recognise the scale of the Wylfa Newydd Project, including the inherent and statutory benefits flowing from it
- Community benefits require clear and robust governance that recognises the difference between statutory and voluntary. Both the IACC and Horizon will maintain a transparent, flexible and equitable approach to community benefits
- The administration and delivery of voluntary community benefits will require the establishment of a special purpose and independent structure or fund holding body – with representation from both Horizon and the IACC among others
- The delivery of community benefits can help achieve Horizon's Corporate Sustainability objectives and are linked to Hitachi's 100 year commitment to the Island
- All community benefit activities will be monitored and reported upon
- Some community benefits may only come to fruition once a final investment decision is made for the Power Station, or once the Wylfa Newydd Power Station becomes operational

SHORT AND LONGER TERM AIMS

Horizon operates a Charitable Donations and Community Support Scheme, details of which are available on our website: www.horizonnuclearpower.com/community-support. We intend to continue this scheme into the future to deal with small scale funding opportunities.

We're also considering how a voluntary community benefit mechanism might work in the longer term for the delivery of more significant voluntary community benefits following the final investment decision for the Wylfa Newydd Project. A key principle agreed in the common approach is the establishment of an independent structure or fund holding body that would allow for the management of more significant voluntary community contributions in the future.

KEY ASPECTS OF A VOLUNTARY COMMUNITY BENEFITS SCHEME

There are a number of important aspects to be considered as part of a model for any community benefit scheme. These are:

Clear aims and purposes

Flexibility to consider a wide range of approaches

Effective, transparent operation so that the aims and purposes are achieved

Appropriate structure to ensure proper accountability and community involvement (for example a company, charity or trust)

Representation to include local communities and local expertise as appropriate in developing ideas and operating the scheme

DELIVERING VOLUNTARY COMMUNITY BENEFITS

We are considering and asking for comment on what the high level principles and model for delivering voluntary community benefits might comprise. We have set out two contrasting scenarios to help illustrate the key principles involved in different types of voluntary community benefit scheme.

1. A FUND CENTRED MODEL

Under this model, payments from Horizon could be made into an independent fund to which local organisations could apply for financial assistance.

There are already a number of existing organisations with experience in administering community funds. They work within local communities to help ensure that they are properly represented. Their knowledge of other funding sources may help those wishing to source multiple funds.

The administering organisation take a proportion of the fund to cover their administration charges and as with any fund, will have limitations on what it can deliver. There may also be restrictions imposed because of charity law or other considerations.

A fund centred model would need to include the following key components:

- **ADMINISTRATION**
 - raising awareness of funding opportunities
 - assessing applications
 - making recommendations
- **DECISION MAKING**
 - representation from within local communities and from the IACC
- **GOVERNANCE**
 - procedures to ensure the whole scheme is operated fairly, effectively and transparently

2. A DELIVERY FOCUSED MODEL

A new body could be created with the purpose of actively delivering voluntary community benefits. This would be funded by voluntary contributions from Horizon (and possibly other developers) and could more easily deliver benefits directly than a fund could. Some types of community projects require project management and coordination which could be more effectively delivered this way than through the fund centred model.

A Community Interest Company (CIC) is an example of this model. A CIC must use its income, assets and profits for the community it is formed to serve. There would be significant running costs for this type of company, which would need to employ staff and directors, but there may also be greater flexibility in terms of what it could achieve. A CIC could still be capable of funding community projects directly as with the fund centred model.

OTHER CONSIDERATIONS

Decisions on the voluntary community benefit model also depend on other considerations, including:

- the amount of funding that is available and timing
- the experience of others in operating similar funds on Anglesey through the involvement of organisations such as Menter Môn and Medrwn Môn
- the need to ensure that any funding model complements other funds such as the Anglesey Charitable Trust to ensure the best outcome for local communities

Next steps

We will review the feedback we receive on the principles in this update document and continue to develop the high level principles for a voluntary community benefit scheme. Following grant of the Development Consent Order (the main planning consent for the project) we will undertake further detailed local consultation on more specific aspects of the scheme. The value of any voluntary community benefit fund would be decided upon following the financial investment decision for the Wylfa Newydd Project and would become operational at this stage. Figure 1 illustrates these next steps.

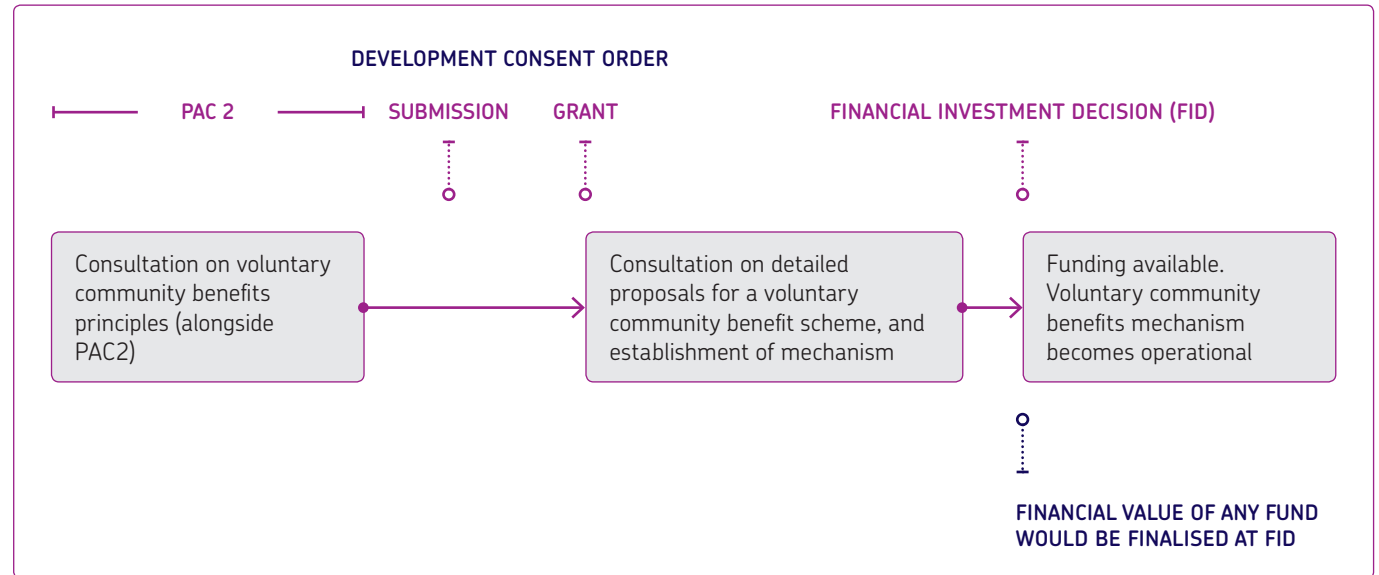

Figure 1: Steps for further development of a voluntary community benefit scheme

WE WANT YOUR FEEDBACK

Your feedback is important and we welcome any views on the proposals we have outlined in this consultation on our updated voluntary community benefit strategy. In particular:

- how would you like to see a voluntary community benefit scheme for Anglesey operate?
- your views on the models proposed, which you might prefer and if there are other approaches we should consider?
- do you have comments on the next steps that we've outlined?
- which local organisations should we engage with as we develop our proposals more fully?

HOW TO RESPOND

Your views count!

Your response is a very important part of our overall consultation process and can be submitted in either Welsh or English. We look forward to receiving your thoughts in person or in writing by 25 October 2016.

There are a number of ways in which you can respond:

- via feedback form, in Welsh or English, available at our exhibitions
- via our online feedback form, in Welsh or English, available on our website at www.horizonnuclearpower.com/consultation
- in writing to our freepost address **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
- via email at wylfaenquiries@horizonnuclearpower.com

We also operate a Freephone number in Welsh and English to answer your questions and queries at any time. You can contact us on **0800 954 9516**.

Please make sure your feedback reaches us by 25 October 2016.

For more information on the Wylfa Newydd Project – including the Stage Two pre-application consultation process – please contact us, in Welsh or English, on our Freephone number **0800 954 9516**.

STAGE TWO PRE-APPLICATION CONSULTATION

In parallel to this voluntary consultation, we are hosting our Stage Two pre-application consultation. This is the second of two formal stages of consultation on the Wylfa Newydd Project that we committed to holding as part of our Statement of Community Consultation. A suite of non-technical and technical documents is available as part of the Stage Two pre-application consultation on our website at www.horizonnuclearpower.com/consultation.

CONTACT US:

If you have any questions or feedback regarding the Wylfa Newydd Project you can contact us on our dedicated Wylfa Newydd Freephone hotline and email address, by calling on **0800 954 9516** or emailing **wylfaenquiries@horizonnuclearpower.com**

Prosiect Wylfa Newydd

Ymgynghoriad ar y Cynllun Manteision Cymunedol Gwirfoddol Arfaethedig

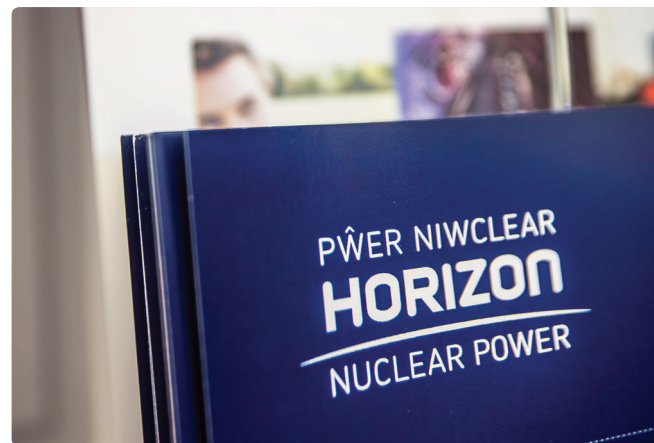

Cyflwyniad

Ym mis Ionawr 2016, gwnaethom ymgynghori ar Ddiweddariad i'n cynigion ar gyfer Prosiect Wylfa Newydd. Yn ogystal â hyn, gwnaethom gyhoeddi nifer o ffeithlenni yn esbonio ein strategaethau mewn meysydd gwahanol o'r Prosiect, yn cynnwys manteision cymunedol.

Roedd y ffeithlen ar y 'Strategaeth Manteision Cymunedol' yn cynnwys gwybodaeth am nodau ein manteision cymunedol, ac am waith gyda Chyngor Sir Ynys Môn (y Cyngor) tuag at sicrhau dealltwriaeth gyffredin o'r manteision cymunedol. Gwnaethom gynnwys rhestr o egwyddorion allweddol hefyd yr oeddem yn y broses o gytuno arnynt gyda'r Cyngor.

Mae'r wybodaeth ddiweddaraf yma yn nodi'r cynnydd ers mis Ionawr a'r opsiynau ar gyfer cynllun manteision cymunedol gwirfoddol tymor hwy a byddem yn croesawu eich adborth arnynt.

DIFFINIADAU AC EGWYDDORION MANTEISION CYMUNEDOL ALLWEDDOL

Rydym wedi cytuno ar ddiffiniadau ac egwyddorion manteision cymunedol allweddol gyda'r Cyngor, sy'n parhau i fod yn gyson, fwy neu lai, â'r wybodaeth a gyflwynwyd ym mis Ionawr. Fe'u nodir mewn dogfen 'dull cyffredin' a ddrafftwyd ar y cyd gan y Cyngor a Horizon.

Mae'r tri chategori ar gyfer manteision cymunedol fel a ganlyn:

- **Manteision cynhenid** – manteision y bydd Prosiect Wylfa Newydd yn eu cyflawni heb unrhyw gyfraniadau na thaliadau ychwanegol gan Horizon. Ymhlith yr enghreifftiau mae creu swyddi, hyfforddiant a phrentisiaethau newydd, y gwaith arfaethedig o wella priffyrdd all-lein yr A5025 a chynnwys busnesau newydd a busnesau sy'n bodoli'n barod yn ein cadwyn gyflenwi
- **Manteision statudol** (roeddem yn cyfeirio at y rhain yn flaenorol fel 'Manteision Cynllunio') – manteision sy'n uniongyrchol gysylltiedig â chyfraith, polisi a chanllawiau cynllunio statudol, a gyflawnir fel arfer yn sgîl rhwymedigaethau neu gytundebau cynllunio 'adran 106' yn ymwneud â chaniatâd cynllunio. Bydd ein manteision statudol yn uniongyrchol gysylltiedig â chanfyddiadau ein gwaith amgylcheddol, gwaith yn ymwneud â'r Gymraeg a gwaith asesu'r effaith ar iechyd. Byddem hefyd yn disgwyl ystyried manteision etifeddiaeth fel rhan o'r categori hwn. Gallai enghreifftiau o fanteision etifeddiaeth gynnwys stoc dai newydd neu wedi'i moderneiddio, sgiliau a hyfforddiant a gwelliannau i drafnidiaeth
- **Manteision gwirfoddol** – manteision cymunedol anstatudol sy'n deillio o gyfraniadau gwirfoddol (o ran cronfeydd, amser neu adnoddau) gan Horizon i'r gymuned leol

Roedd yr ymatebion i Gam 1 ein hymgyngoriad a'n hymgyngoriadau ar y Diweddariad i'r Prosiect yn cefnogi egwyddorion ein strategaeth manteision cymunedol gwirfoddol. Rydym wedi datblygu ymhellach ein cynlluniau lefel uchel ar gyfer strategaeth tymor hwy ac rydym yn gofyn am sylwadau arnynt.

Egwyddorion

- Gall manteision cymunedol gefnogi cynaliadwyedd, ansawdd bywyd a lles yr Ynys a'i chymunedau
- Gellir cyflawni manteision cymunedol drwy ddulliau statudol a gwirfoddol fel ei gilydd. Gellid cyflawni manteision Prosiect Wylfa Newydd drwy fanteision cynllunio a phrosesau gwirfoddol fel ei gilydd
- Caiff yr Ynys gyfan ei chydabod fel y gymuned sy'n cynnal Prosiect Wylfa Newydd; fodd bynnag, dylai'r modd y caiff y manteision cymunedol eu dosbarthu i adlewyrchu effeithiau lleol posibl, er enghraifft, y cymdogion agosaf at Safle'r Orsaf Bŵer a'r cymunedau sy'n cynnal y Datblygiadau Cysylltiedig
- Byddai manteision cymunedol gwirfoddol yn ddull effeithiol o ymateb i anghenion economaidd-gymdeithasol yr Ynys gyfan a'r anghenion a nodwyd mewn cymunedau lleol
- Dylai'r manteision cymunedol gwirfoddol gydnabod maint Prosiect Wylfa Newydd, yn cynnwys y manteision cynhenid a statudol sy'n deillio ohono
- Mae angen llywodraethu manteision cymunedol mewn modd clir a chadarn sy'n cydnabod y gwahaniaeth rhwng statudol a gwirfoddol. Bydd y Cyngor a Horizon yn ymdrin â manteision cymunedol mewn modd tryloyw, hyblyg a theg
- Er mwyn gweinyddu a chyflawni manteision cymunedol gwirfoddol, bydd angen sefydlu corff dal cronfeydd annibynnol a gaiff ei greu at ddiben penodol, gyda chynrychiolwyr o'r Cyngor a Horizon
- Gall cyflawni manteision cymunedol helpu i gyflawni amcanion cynaliadwyedd corfforaethol Horizon ac maent yn gysylltiedig ag ymrwymiad 100 mlynedd Hitachi i'r Ynys
- Caiff pob gweithgaredd mantais gymunedol ei fonitro a chyflwynir adroddiad arno
- Dim ond ar ôl gwneud penderfyniad buddsoddi terfynol ar gyfer yr Orsaf Bŵer, neu unwaith y bydd Gorsaf Bŵer Wylfa Newydd yn weithredol y gall rhai manteision cymunedol ddwyn ffrwyth

NODAU BYRDYMOR A THYMOR HWY

Mae Horizon yn gweithredu Cynllun Cymorth Cymunedol a Rhoddion Elusenol ac mae manylion y cynllun ar gael ar ein gwefan: www.horizonnuclearpower.com/cefnogir-gymuned. Bwriadwn barhau â'r cynllun hwn yn y dyfodol i ddellio â chyfleoedd ariannu ar raddfa fach.

Rydym yn ystyried hefyd sut y gallai dull manteision cymunedol gwirfoddol weithio yn y tymor hwy i gyflawni manteision cymunedol gwirfoddol mwy arwyddocaol yn dilyn y penderfyniad buddsoddi terfynol ar gyfer Prosiect Wylfa Newydd. Un o'r egwyddorion allweddol y cytunwyd arnynt yn y dull cyffredin yw sefydlu strwythur neu gorff dal cronfeydd annibynnol a fyddai'n galluogi cyfraniadau cymunedol gwirfoddol mwy arwyddocaol i gael eu rheoli yn y dyfodol.

AGWEDDAU ALLWEDDOL AR GYNLLUN MANTEISION CYMUNEDOL GWIRFODDOL

Mae nifer o agweddau pwysig i'w hystyried fel rhan o fodel ar gyfer unrhyw gynllun manteision cymunedol, sef:

Nodau a dibenion clir

Hyblygrwydd i ystyried amrywiaeth eang o ddulliau

Gweithredu tryloyw, effeithiol fel bod modd cyflawni'r nodau a'r dibenion

Strwythur Priodol i sicrhau atebolrwydd a chyfranogiad cymunedol priodol (er enghraifft cwmni, elusen neu ymddiriedolaeth)

Cynrychiolaeth i gynnwys cymunedau lleol ac arbenigedd lleol fel y bo'n briodol wrth ddatblygu syniadau a gweithredu'r cynllun

CYFLAWNI MANTEISION CYMUNEDOL GWIRFODDOL

Rydym yn ystyried ac yn gofyn am sylwadau am gynnwys posibl yr egwyddorion lefel uchel a'r model ar gyfer cyflawni manteision cymunedol gwirfoddol. Rydym wedi nodi dwy sefyllfa wrthgyferbyniol i helpu i ddangos yr egwyddorion allweddol sy'n gysylltiedig â'r gwahanol fathau o gynlluniau manteision cymunedol gwirfoddol.

1. MODEL CRONFEYDD-GANOLOG

O dan y model hwn, gallai Horizon dalu i mewn i gronfa annibynnol y gallai sefydliadau lleol wneud cais iddi am gymorth ariannol.

Mae eisoes nifer o sefydliadau sy'n bodoli'n barod sydd â phrofiad o weinyddu cronfeydd cymunedol. Maent yn gweithio gyda chymunedau lleol i helpu i sicrhau eu bod yn cael eu cynrychioli'n briodol. Gall eu gwybodaeth am ffynonellau ariannu eraill helpu'r rhai sydd am wneud cais i fwy nag un gronfa.

Mae'r sefydliad gweinyddu yn cymryd cyfran o'r gronfa i gwmpasu ei daliadau gweinyddu ac fel yn achos unrhyw gronfa, bydd cyfyngiadau o ran yr hyn y gall ei gyflawni. Gellir gosod cyfyngiadau hefyd oherwydd cyfraith elusennau neu ystyriaethau eraill.

Byddai angen i fodel cronfeydd-ganolog gynnwys yr elfennau allweddol canlynol:

- **GWEINYDDU**
 - codi ymwybyddiaeth o gyfleoedd cyllido
 - asesu ceisiadau
 - gwneud argymhellion
- **GWNEUD PENDERFYNIADAU**
 - cynrychiolaeth o gymunedau lleol a'r Cyngor
- **TREFN LYWODRAETHU**
 - gweithdrefnau i sicrhau bod y cynllun cyfan yn cael ei redeg yn deg, yn effeithiol ac yn dryloyw

2. MODEL SY'N CANOLBWYNTIO AR GYFLAWNI

Gellid creu model newydd gyda'r diben o gyflawni manteision cymunedol gwirfoddol. Cyfraniadau gwirfoddol gan Horizon (ac o bosibl gan ddatblygwyr eraill) fyddai'n ariannu hyn ac fe allai gyflawni manteision uniongyrchol yn haws na'r un gronfa. Mae angen rheoli a chydlynu rhai mathau o brosiectau cymunedol a gellid gwneud hyn yn fwy effeithiol drwy'r dull hwn na thrwy'r model cronfeydd-ganolog.

Mae Cwmni Buddiant Cymunedol (CIC) yn enghraifft o'r model hwn. Rhaid i gwmni o'r fath ddefnyddio ei incwm, ei asedau a'i elw er budd y gymuned y mae wedi'i greu i'w gwasanaethu. Byddai costau rhedeg sylweddol ar gyfer y math hwn o gwmni, gan y byddai angen iddo gyflogi staff a chyfarwyddwyr, ond gall fod ganddo fwy o hyblygrwydd hefyd o ran yr hyn y gall ei gyflawni. Gallai Cwmni Buddiant Cymunedol ariannu prosiectau cymunedol yn uniongyrchol o hyd fel y model cronfeydd-ganolog.

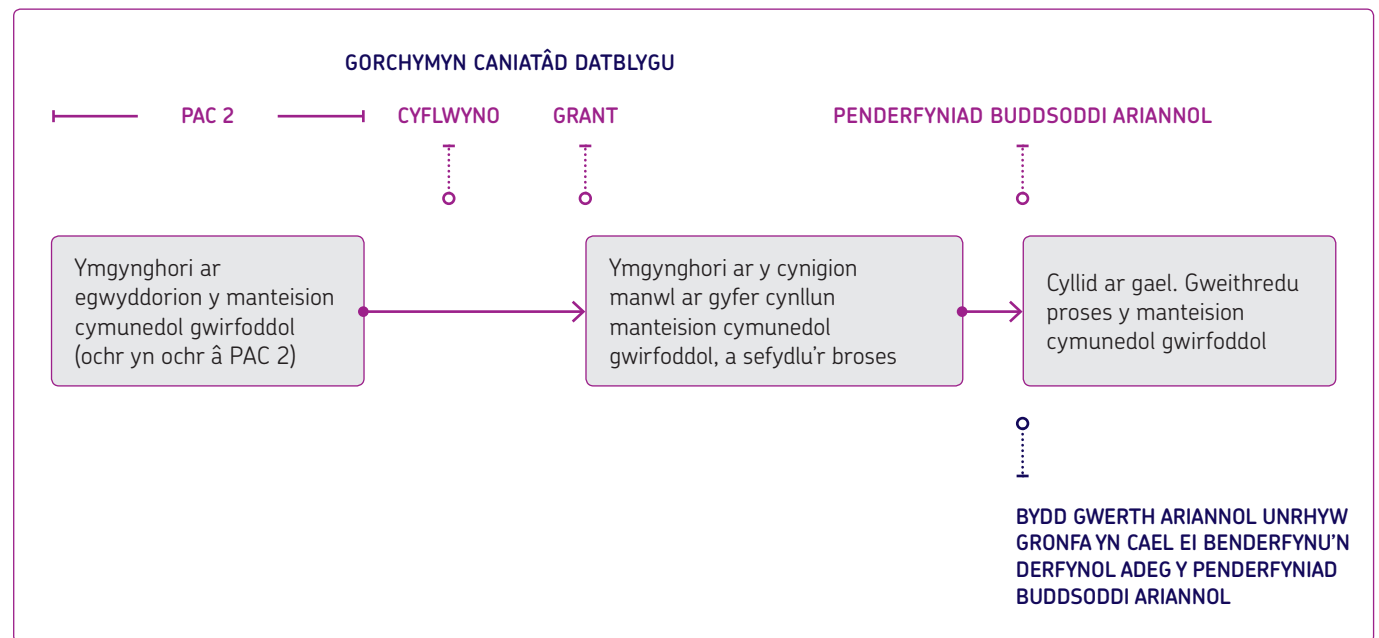

YSTYRIAETHAU ERAILL

Byddai penderfyniadau ar y model manteision cymunedol gwirfoddol hefyd yn dibynnu ar ystyriaethau eraill, yn cynnwys:

- faint o arian ac amser sydd ar gael
- profiad eraill o weithredu cronfeydd tebyg ar Ynys Môn drwy gynnwys sefydliadau fel Menter Môn a Medrwn Môn
- y ffaith bod angen sicrhau bod unrhyw fodel ariannu yn ategu cronfeydd eraill fel Ymddiriedolaeth Elusennol Ynys Môn i sicrhau'r canlyniad gorau i gymunedau lleol

Y camau nesaf

Byddwn yn adolygu'r adborth a gawn ar yr egwyddorion yn y ddogfen ddiweddar hon ac yn parhau i ddatblygu'r egwyddorion lefel uchel ar gyfer cynllun manteision cymunedol gwirfoddol. Ar ôl caniatáu'r Gorchymyn Caniatâd Datblygu (y prif ganiatâd cynllunio ar gyfer y prosiect) byddwn yn cynnal ymgynghoriad lleol manwl pellach ar agweddau mwy penodol ar y cynllun. Penderfynir ar werth unrhyw gronfa manteision cymunedol gwirfoddol yn dilyn y penderfyniad buddsoddi ariannol ar gyfer Prosiect Wylfa Newydd, a byddai'n mynd yn weithredol ar y cam hwn.

Ffigur 1: Y camau ar gyfer datblygu cynllun manteision cymunedol gwirfoddol

ADBORTH

Rydym yn croesawu eich barn ar ein strategaeth manteision cymunedol gwirfoddol diweddaraf. Yn benodol:

- sut yr hoffech chi weld cynllun manteision cymunedol gwirfoddol yn gweithredu ar gyfer Ynys Môn?
- eich barn ar y modelau a gynigiwyd, pa un sy'n well gennych chi ac a oes dulliau eraill y dylem eu hystyried?
- a oes gennych chi sylwadau ar y camau nesaf rydym wedi'u hamlinellu?
- â pha sefydliadau lleol y dylem ymgysylltu wrth i ni ddatblygu ein cynigion ymhellach?

SUT I YMATEB

Mae eich barn chi'n bwysig!

Mae eich ymateb chi yn rhan bwysig iawn o'n hymgyngoriad cyffredinol ac mae croeso i chi ei gyflwyno yn Gymraeg neu'n Saesneg. Edrychwn ymlaen at glywed eich barn yn ysgrifenedig erbyn 25 Hydref 2016.

Gallwch anfon eich adborth atom mewn sawl ffordd:

- drwy'r ffurflen adborth, yn Gymraeg neu'n Saesneg, sydd ar gael yn ein harddangosfeydd
- llenwch ein ffurflen adborth ar-lein ar ein gwefan yn **www.horizonnuclearpower.com/ymgyngoriad**
- ysgrifennwch atom yn y cyfeiriad rhadbost – **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**
- anfonwch e-bost atom yn **ymholiadauwylfa@horizonnuclearpower.com**

Mae gennym rif Rhadffôn hefyd yn Gymraeg ac yn Saesneg er mwyn ateb eich cwestiynau a'ch ymholiadau unrhyw bryd. Gallwch gysylltu â ni ar **0800 954 9516**.

Gwnewch yn siŵr bod eich adborth yn ein cyrraedd ni erbyn 25 Hydref 2016.

I gael rhagor o wybodaeth am Brosiect Wylfa Newydd – yn cynnwys Cam Dau yr ymgynghoriad cyn-ymgeisio – cysylltwch â ni, yn Gymraeg neu'n Saesneg, drwy ffonio ein rhif Rhadffôn **0800 954 9516**.

CAM DAU YR YMGYNGHORIAD CYN-YMGEISIO

Ar y cyd â'r ymgynghoriad gwirfoddol hwn, rydym yn cynnal Cam Dau ein hymgyngoriad cyn-ymgeisio. Dyma'r ail o ddau gam ymgynghori ffurfiol ar Brosiect Wylfa Newydd y gwnaethom ymrwymo i'w gynnal fel rhan o'n Datganiad Ymgynghori Cymunedol. Mae cyfres o ddogfennau technegol ac annhechnegol ar gael fel rhan o Gam Dau yr ymgynghoriad cyn-ymgeisio ar ein gwefan yn: **www.horizonnuclearpower.com/ymgyngoriad**.

CYSYLLTWCH Â NI:

Os oes gennych chi unrhyw gwestiynau neu adborth am Brosiect Wylfa Newydd gallwch chi gysylltu â ni ar ein llinell gymorth radffôn Wylfa Newydd arbennig a'n cyfeiriad e-bost, drwy ffonio **0800 954 9516** neu e-bostio **ymholiadauwylfa@horizonnuclearpower.com**

.....

Horizon Nuclear Power
Sunrise House
1420 Charlton Court
Gloucester Business Park
Gloucester GL3 4AE

Ff +44 (0) 845 300 6816

www.horizonnuclearpower.com/hafan

Mae'r holl ddeunydd sydd yn y ddogfen hon, oni nodir fel arall, yn hawlfraint i Horizon Nuclear Power Wylfa Ltd ac ni cheir ei atgynhyrchu heb ganiatâd ymlaen llaw. Gall defnyddio neu gopïo'r deunydd heb awdurdod mewn unrhyw ffordd dorri rheolau nod masnach, hawlfraint a hawliau eiddo eraill a statudau sifil a throseddol. Ni cheir defnyddio'r deunydd mewn unrhyw ffordd sy'n torri unrhyw nod masnach, hawlfraint na hawliau eiddo eraill ac mae Horizon Nuclear Power Wylfa Ltd yn cadw pob hawl mewn perthynas â defnyddio heb awdurdod o'r fath.

Mae copïau caled o'r dogfennau ymgynghori a'r cynlluniau ar gael ar gais. Fodd bynnag, codir tâl o hyd at £500 i dalu am gostau argraffu'r set lawn o Ddogfennau Ymgynghori Cyn-ymgeisio Cam Dau. Gellir hepgor y tâl hwn yn ôl disgrisiwn Horizon.

Appendix B.9- Voluntary Consultations Feedback form

Wylfa Newydd Voluntary Consultations Feedback Form

This form is to provide feedback on Horizon Nuclear Power's voluntary consultations comprising our Community Benefits Scheme and our Local Noise Mitigation Plan.

In addition to the documents that provide our proposals for each of these voluntary consultations, more information on our proposals for the Wylfa Newydd Project can be found in our Stage Two pre-application consultation documents available on our website: www.horizonnuclearpower.com/consultation.

Consultation with all interested parties has a vital role to play in helping shape our proposals and no matter what your opinion of our proposals may be, your views count. You can submit your feedback in the following ways:

- by registering on our website www.horizonnuclearpower.com/consultation and completing the online form
- by putting this form in the **feedback box** at one of our events
- by posting this form free of charge to: **FREEPOST HORIZON NUCLEAR POWER CONSULTATION**

Please submit your feedback by 25 October 2016

Please note: Horizon Nuclear Power is not consulting on proposals for improvements needed to the electricity network as a result of a new power station at Wylfa. Consultation on these proposals is being conducted separately by the organisations responsible for them.

About you (Please complete this section in capital letters using blue or black ink):

Title:	First name:
Surname:	
Age group: ☐ under 25 ☐ 25 - 40 ☐ 41 - 60 ☐ over 60	
Are you responding on behalf of an organisation: ☐ Yes ☐ No	
If yes, organisation name:	
Job title:	
Address:	
Town / Village:	Post code:
Email address:	

Data Protection Statement

The information that you provide will be shared by Horizon Nuclear Power Wylfa Limited with third party providers, contractors or advisors who provide services to us and used in connection with the subsequent planning applications for the Wylfa Newydd Project. Copies may be made available, in due course, to the relevant planning authority so it can note your comments. We will however, request that your personal details are not placed on public record. Your personal details will be held securely by Horizon Nuclear Power Wylfa Limited and those third party providers, contractors or advisors who provide services to us in accordance with the Data Protection Act 1998.

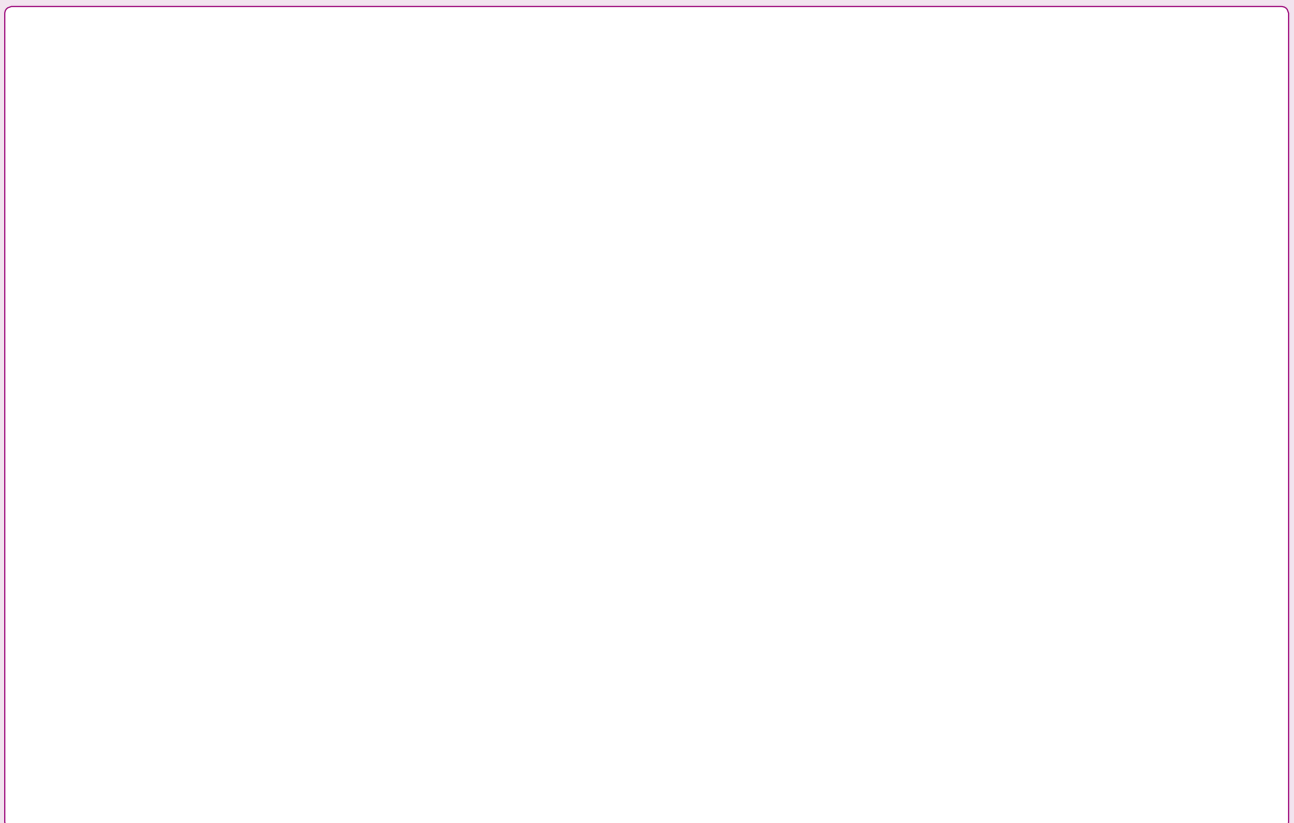

Community Benefits

We welcome your views on our updated voluntary community benefits scheme. In particular,

How would you like to see a voluntary community benefit scheme for Anglesey operate?

Your views on the models proposed, which you might prefer and if there are other approaches we should consider?

Local Noise Mitigation Plan

We welcome your views on the Local Noise Mitigation Plan that we have outlined in this consultation. In particular,

Do you have suggestions that we should consider regarding the types of improvements that the Local Noise Mitigation Plan should cover, such as double glazed windows or improved noise insulation?

As part of Stage Two pre-application consultation, we have prepared a Preliminary Environmental Information Report which assesses the noise effects of the Project. This report is available on our website at www.horizonnuclearpower.com.consultation and in hard copy at all exhibitions and libraries.

Taking this into consideration, do you have comments on the proposed extent of the area for eligibility?

Are there other non-residential properties that we should consider for eligibility under the Local Noise Mitigation Plan?

Do you have comments on the next steps that we've outlined?

Which local organisations should we engage with as we develop our proposals more fully?

General

Do you have any general comments about the Wylfa Newydd Project?

Thank you for completing this feedback form.

We will be reviewing all the feedback we receive and using it, wherever possible, to shape the ongoing development of our proposals.

If you have any questions about the Wylfa Newydd Project you can contact us at any time in the following ways:

Appendix B.9- PAC2 public events poster

Dweud eich dweud!

Rydyn ni wedi bwrw ati i ddatblygu ein cynigion ar gyfer Wylfa Newydd, gorsaf bŵer newydd Ynys Môn, ac rydyn ni am glywed am yr hyn sy'n bwysig i chi.

Rydyn ni'n cynnal arddangosfeydd ledled Ynys Môn a Gogledd Cymru, lle bydd modd i chi weld ein cynlluniau mewn mwy o fanylder, i siarad â'n tîm ni ac i leisio'ch barn.

Hwn yw'r ymgynghoriad olaf ynghylch y Prosiect yn ei gyfarwydd cyn i ni gyflwyno ein cais ar gyfer Gorchymyn Caniatâd Datblygu yn 2017. Felly dewch draw i ddweud eich dweud ac er mwyn helpu i lunio ein cynlluniau.

ARDDANGOSFEYDD CYHOEDDUS:

SESIYNAU GALW I MEWN TREGELE

Os na allwch ddod i'n
harddangosfeydd, gallwch
alw heibio ein caban galw
i mewn ym maes parcio'r
Douglas Inn yn Nhregele
lle cewch gyfle i sgwrsio ag
aelod o'r tîm rhwng **11am a
2pm** ar:

14 MEDI
20, 21, 23 MEDI
11, 12, 14 HYDREF
18, 19, 21 HYDREF

Gall unrhyw un alw heibio
yn ystod yr oriau hyn ac
nid oes yn rhaid trefnu
apwyntiad.

Bydd pob arddangosfa yn ystod yr wythnos ar agor rhwng
1pm ac **7pm**. Bydd arddangosfeydd dros y penwythnos ar agor
rhwng **10am** ac **1pm**.

I gael rhagor o wybodaeth, ewch i'n gwefan yn
www.horizonnuclearpower.com/ymgyngghoriad o 31 Awst ymlaen,
neu ffoniwch Linell Gymorth Wylfa Newydd ar **0800 954 9516**.

Byddwn hefyd yn cynnal digwyddiadau mewn lleoliadau eraill sy'n
denu nifer fawr o bobl, a bydd copïau o'n dogfennau ar gael mewn
llyfrgelloedd lleol ac mewn lleoliadau eraill sy'n agored i'r cyhoedd.

Have your say!

We've continued to develop our proposals for Wylfa Newydd, a new nuclear power station for Anglesey. We want to hear about what matters to you.

We're holding exhibitions across Anglesey and North Wales, where you can view our plans in more detail, talk to our team and let us know what you think.

This is the last scheduled consultation on the Project as a whole before we submit our application for a Development Consent Order in 2017. So please come along to have your say and help shape our proposals.

PUBLIC EXHIBITIONS:

TUESDAY 6 SEPTEMBER
Wylfa Sports & Social Club
Wylfa Power Station,
Cemaes Bay

WEDNESDAY 7 SEPTEMBER
Cemaes Village Hall
High Street, Cemaes

FRIDAY 9 SEPTEMBER
Douglas Inn car park
Tregele, Cemaes Bay

SATURDAY 10 SEPTEMBER
Amlwch Memorial Hall
18 Market Street, Amlwch

TUESDAY 13 SEPTEMBER
Llanfachraeth Village Hall
Tŷ Newydd Green,
Llanfachraeth

FRIDAY 16 SEPTEMBER
Griffith Reade Coffee House
Llanfaethlu

SATURDAY 17 SEPTEMBER
Llangefni Town Hall
Bulkeley Square, Llangefni

MONDAY 26 SEPTEMBER
Rhosybol Community Centre
Yr Ysgol, Rhosybol

TUESDAY 27 SEPTEMBER
Ucheldre Centre
Mill Bank, Holyhead

THURSDAY 29 SEPTEMBER
Celtic Royal Hotel
Bangor Street, Caernarfon

SATURDAY 1 OCTOBER
Glaslyn Leisure Centre
Stryd y Llan, Porthmadog

MONDAY 3 OCTOBER
The Valley Anglesey
London Road, Valley

SATURDAY 8 OCTOBER
Penrhyn Hall
Ffordd Gwynedd, Bangor

MONDAY 10 OCTOBER
Thomas Telford
Community Centre
Mona Road, Menai Bridge

THURSDAY 13 OCTOBER
St Mary's Church
Rosehill Street, Conwy

TREGELE DROP-INS:

If you're unable to make
our exhibitions, you can
come along to our drop-in
consultation cabin at the
**Douglas Inn car park in
Tregele** and chat with a
member of the team
between **11am and
2pm** on:

14 SEPTEMBER
20, 21, 23 SEPTEMBER
11, 12, 14 OCTOBER
18, 19, 21 OCTOBER

Anyone can come along
during these times and
you don't need to book an
appointment.

All weekday exhibitions will be open from **1pm** to **7pm**.

Weekend exhibitions will be open from **10am** to **1pm**.

For more information please visit our website at
www.horizonnuclearpower.com/consultation
from 31 August or call the Wylfa Newydd Freephone number on
0800 954 9516.

We will also hold events in other busy locations, and copies of
our documents will be available at local libraries and in other
publicly accessible locations.

Appendix B.9- PAC2 Council members/ officers preview invite letter

24 August 2016

DCRM Ref. No: HNP-S1-CMT-LET-00075

Dear council member/ officer

**Re: Wylfa Newydd Stage Two pre-application consultation preview exhibition
12pm-3pm, Wednesday 31 August, Anglesey Business Centre, Llangefni**

As you may already be aware, Stage Two of our statutory pre-application consultation for Wylfa Newydd will be open between 31 August and 25 October 2016. The consultation will include a number of public exhibitions about our work and latest proposals.

We'd like to invite you to a preview exhibition for members of Isle of Anglesey County Council, taking place on Wednesday 31 August between 12pm and 3pm at the Anglesey Business Centre, Llangefni, LL77 7XA.

This is an opportunity for you to see our latest plans in more detail, talk with members of the team and let us know what you think. We hope you will be able to attend but, if not, we'd be very pleased to see you at one of our public exhibitions at the following locations:

Public exhibitions		
Tuesday 6 September	1pm – 7pm	Wylfa Sports & Social Club, Cemaes Bay
Wednesday 7 September	1pm - 7pm	Cemaes Village Hall, Cemaes
Friday 9 September	1pm - 7pm	Douglas Inn car park, Tregele
Saturday 10 September	10am - 1pm	Amlwch Memorial Hall, Amlwch
Tuesday 13 September	1pm - 7pm	Llanfachraeth Village Hall, Llanfachraeth

Friday 16 September	1pm - 7pm	Griffith Reade Coffee House, Holyhead
Saturday 17 September	10am - 1pm	Llangefni Town Hall, Llangefni
Monday 26 September	1pm - 7pm	Rhosybol Community Centre, Rhosybol
Tuesday 27 September	1pm - 7pm	Ucheldre Centre, Holyhead
Thursday 29 September	1pm - 7pm	Celtic Royal Hotel, Caernarfon
Saturday 1 October	10am - 1pm	Glaslyn Leisure Centre, Porthmadog
Monday 3 October	1pm - 7pm	The Valley Anglesey, Valley
Saturday 8 October	10am - 1pm	Penrhyn Hall, Bangor
Monday 10 October	1pm - 7pm	Thomas Telford Community Centre, Menai Bridge
Thursday 13 October	1pm - 7pm	St Mary's Church, Conwy

If you have any questions or would like more information, please don't hesitate to get in touch by email at wylfaenquiries@horizonnuclearpower.com or on our freephone number, 0800 954 9516.

We look forward to seeing you during our consultation and hearing your views.

Yours sincerely,

Richard Foxhall
Stakeholder Relations Manager
Horizon Nuclear Power

24 Awst 2016

Cyfeirnod DCRM: HNP-S1-CMT-LET-00077

Annwyl aelod/ swyddog y cyngor

Ynghylch: Arddangosfa Rhagflas Ymgynghoriad Cyn Ymgeisio Cam Dau Wylfa Newydd 12pm-3pm, dydd Mercher 31 Awst, Canolfan Fusnes Môn, Llangefni

Fel y gwyddoch o bosib, bydd Cam Dau ein hymgynghoriad cyn ymgeisio statudol ar gyfer Wylfa Newydd ar agor rhwng 31 Awst a 25 Hydref. Bydd yr ymgynghoriad yn cynnwys nifer o arddangosfeydd cyhoeddus am ein gwaith a'n cynigion diweddaraf.

Hoffem eich gwahodd i arddangosfa rhagflas ar gyfer aelodau Cyngor Sir Ynys Môn, ddydd Mercher 31 Awst rhwng 12pm a 3pm yng Nghanolfan Fusnes Môn, Llangefni, LL77 7XA.

Dyma gyfle i chi weld ein cynlluniau diweddaraf yn fanwl, siarad ag aelodau o'r tîm a rhoi eich barn. Gobeithio byddwch chi'n gallu dod draw ond os nad, bydden ni'n falch iawn o'ch gweld chi yn un o'n harddangosfeydd cyhoeddus yn y lleoliadau canlynol:

Arddangosfeydd cyhoeddus		
Dydd Mawrth 6 Medi	1pm – 7pm	Clwb Cymdeithasol a Chwaraeon Wylfa, Bae Cemaes
Dydd Mercher 7 Medi	1pm - 7pm	Neuadd Bentref Cemaes, Cemaes
Dydd Gwener 9 Medi	1pm - 7pm	Maes parcio'r Douglas Inn, Tregele
Dydd Sadwrn 10 Medi	10am - 1pm	Neuadd Goffa Amlwch, Amlwch
Dydd Mawrth 13 Medi	1pm - 7pm	Neuadd Bentref Llanfachraeth, Llanfachraeth

Dydd Gwener 16 Medi	1pm - 7pm	Tŷ Coffi Griffith Reade, Caergybi
Dydd Sadwrn 17 Medi	10am - 1pm	Neuadd y Dref Llangefni, Llangefni
Dydd Llun 26 Medi	1pm - 7pm	Canolfan Gymunedol Rhos-y-bol, Rhos-y-bol
Dydd Mawrth 27 Medi	1pm - 7pm	Canolfan Ucheldre, Caergybi
Dydd Llun 29 Medi	1pm - 7pm	Gwesty'r Celtic Royal, Caernarfon
Dydd Sadwrn 1 Hydref	10am - 1pm	Canolfan Hamdden Glaslyn, Porthmadog
Dydd Llun 3 Hydref	1pm - 7pm	Gwesty The Valley Anglesey, y Fali
Dydd Sadwrn 8 Hydref	10am - 1pm	Neuadd Penrhyn, Bangor
Dydd Llun 10 Hydref	1pm - 7pm	Canolfan Gymunedol Thomas Telford, Porthaethwy
Dydd Iau 13 Hydref	1pm - 7pm	Eglwys St Mary, Conwy

Os oes gennych chi unrhyw gwestiynau neu os hoffech chi gael rhagor o wybodaeth, mae croeso i chi gysylltu drwy anfon neges e-bost i ymholiadauwylfa@horizonnuclearpower.com neu drwy ffonio ein llinell radffôn ar 0800 954 9516.

Edrychwn ymlaen at eich gweld yn ystod ein hymgyngoriad a chlywed eich safbwyntiau.

Yn gywir,

Richard Foxhall
Rheolwr Cysylltiadau Rhanddeiliaid
Pŵer Niwclear Horizon

Appendix B.9- Close of consultation release

NEWS RELEASE

I'W RYDDHAU AR UNWAITH
26 Hydref 2016

Cannoedd yn helpu Horizon i lunio Prosiect Wylfa Newydd wrth i ymgynghoriad pwysig ddod i ben

Mae cannoedd o bobl o bob rhan o Ynys Môn a gogledd Cymru wedi cymryd rhan yn yr ymgynghoriad diweddaraf ar Brosiect Wylfa Newydd, gan gynnig safbwyntiau a barn a fydd yn helpu Horizon i gwblhau ei gynlluniau niwclear newydd.

Bu'n rhedeg rhwng 31 Awst a 25 Hydref, a hwn oedd ail gam ymgynghoriad Horizon (y cam olaf) ar y Prosiect yn ei gyfanrwydd. Anfonwyd gwybodaeth at bobl leol drwy'r post, fe'u gwahoddwyd i weld cynlluniau, gadael adborth ar-lein, darllen drwy gopïau o ddogfennau a arddangoswyd mewn lleoliadau allweddol ar draws y rhanbarth a mynd i arddangosfeydd cyhoeddus a digwyddiadau galw heibio i drafod y cynigion gyda thîm Horizon.

Gofynnodd Horizon i bobl am eu barn ar y cynigion ar gyfer y Prosiect yn ei gyfanrwydd ac ar nifer o bynciau penodol. Roedd y rhain yn cynnwys llety dros dro ar gyfer y gweithwyr adeiladu, strategaethau ar gyfer creu swyddi a datblygu sgiliau, cynlluniau ar gyfer cyfleusterau oddi ar y safle a'r agwedd at ddiogelu a hyrwyddo'r Gymraeg.

Dywedodd Duncan Hawthorne, Prif Weithredwr Horizon: "Hoffwn ddiolch i bawb sydd wedi rhoi o'u hamser i ddod i wybod mwy am yr hyn rydym yn ei gynnig a dweud wrthym beth yw eu barn. Bydd yr holl adborth yn cael ei ystyried yn ofalus gan dîm Horizon wrth i ni gwblhau ein cynlluniau. Er bod yr ymgynghoriad ffurfiol hwn wedi ei gwblhau erbyn hyn, byddwn yn parhau i wrando ar farn pobl leol i wneud yn siŵr ein bod ni'n dod o hyd i'r ffordd orau o gyflwyno'r cyfleoedd a'r manteision mae pobl leol eu heisiau."

Bydd yr adborth a gasglwyd gan unigolion a sefydliadau yn ystod yr ymgynghoriad yn awr yn cael ei ddadansoddi'n fanwl gan dîm Horizon wrth iddo baratoi i gyflwyno ei gais cynllunio - sy'n cael ei alw'n Orchymyn Caniatâd Datblygu - y flwyddyn nesaf. Bydd ymgynghori yn parhau ar agweddau penodol ar y Prosiect tan ddiwedd 2016 ac i mewn i 2017 wrth i Horizon gwblhau'r cynigion ar gyfer 'Datblygiadau Cysylltiedig' penodol sydd angen caniatâd cynllunio gan yr awdurdod lleol.

I gael rhagor o wybodaeth am Wylfa Newydd a'r cyfleoedd a ddaw yn ei sgil, ewch i www.horizonnuclearpower.com/hafan, ffoniwch y llinell wybodaeth rad ac am ddim ar 0800 954 9516, neu anfonwch e-bost i ymholiadauwylfa@horizonnuclearpower.com

- DIWEDD -

Am ragor o wybodaeth, cysylltwch â:

Richard Foxhall ar 07807 769265 neu richard.foxhall@horizonnuclearpower.com

Nodiadau i olygyddion:

- Ffurfiwyd Pŵer Niwclear Horizon yn 2009 i ddatblygu gorsafoedd pŵer niwclear newydd yn y Deyrnas Unedig. Prynwyd y cwmni gan Hitachi Ltd o Japan ym mis Tachwedd 2012.
- Bydd datblygiad Horizon ar Ynys Môn yn golygu buddsoddiad gwerth biliynau o bunnoedd yng ngogledd Cymru, gan greu cyflogaeth tymor hir o ansawdd da ac arwain at fanteision economaidd a chymdeithasol parhaol i'r rhanbarth.

NEWS RELEASE

FOR IMMEDIATE RELEASE
26 October 2016

Hundreds help Horizon shape Wylfa Newydd Project as major consultation comes to an end

Hundreds of people from across Anglesey and North Wales have taken part in the latest consultation on the Wylfa Newydd Project, offering views and opinions which will help Horizon finalise its new nuclear plans.

Running from August 31 to October 25, this was Horizon's second and final stage of consultation on the Project as a whole. Local people were sent information by post, invited to view plans, leave feedback online, read through copies of documents displayed in key locations across the region and attend public exhibitions and drop-in events to discuss the proposals with Horizon's team.

Horizon asked people for their views on the proposals for the Project as a whole and on a number of specific subjects. These included temporary accommodation for construction workers, strategies for creating jobs and developing skills, plans for off-site facilities and its approach to safeguarding and championing the Welsh Language.

Duncan Hawthorne, Horizon's Chief Executive, said: "I'd like to thank everybody who has taken the time to find out more about what we're proposing and tell us what they think. All the feedback will be carefully considered by the Horizon team as we finalise our plans. Even though this formal consultation is now complete we'll keep on listening to the views of local people to make sure we find the best way to deliver the opportunities and benefits that local people want."

The feedback gathered from individuals and organisations during the consultation will now be analysed in detail by the Horizon team as it prepares to submit its planning application – known as a Development Consent Order – next year. Consultation will continue on specific aspects of the Project throughout the rest of 2016 and into 2017 as Horizon finalises proposals for specific 'Associated Developments' which require local authority planning permission.

For more information about Wylfa Newydd and the opportunities it will bring, visit www.horizonnuclearpower.com, call the freephone information line on 0800 954 9516, or email wylfaenquiries@horizonnuclearpower.com.

- ENDS -

For more information contact:

Richard Foxhall – on 07807 769265 or richard.foxhall@horizonnuclearpower.com

Notes to editors:

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.
- Horizon's development on Anglesey will represent a multibillion pound investment in North Wales, creating high-quality, long term employment opportunities and unlocking lasting economic and social benefits for the region.

Appendix B.9- PAC2 panels

Croeso Welcome

CAM | STAGE
2

Helo, a chroeso i'n digwyddiad
ymgyngori Cam Dau.

Bydd Wylfa Newydd yn rhan hanfodol
o'r gwaith o ddarparu cyfuniad ynni
fforddiadwy, cynaliadwy a diogel yn y
Deyrnas Unedig am ddegawdau i ddod.
Erbyn canol y 2020au, bydd yn cynhyrchu
trydan carbon isel ar gyfer tua phum
miliwn o gartrefi.

Rydym ni'n credu y bydd yn newid
bywydau er gwell, ac yn dod â llawer o
fuddsoddiad a chyfleoedd i gymunedau
ac unigolion ar draws Ynys Môn, Gogledd
Cymru a thu hwnt.

Dyma'r ymgynghoriad olaf sydd wedi'i
drefnu ar y Prosiect drwyddo draw,
cyn i ni gyflwyno ein cais i ddatblygu'r
orsaf bŵer yn 2017. Felly, dyma'ch cyfle
chi i ddweud eich dweud am yr hyn sy'n
bwysig i chi, cyn i ni gwblhau ein cynigion
yn derfynol.

Mae ein cynlluniau yn cael eu datblygu
mewn ymateb i'r safbwyntiau rydym eisoes
wedi'u cael gennych chi, ac rydym yn dal
i wrando. Yn yr arddangosfa hon heddiw,
byddwch yn gweld ein syniadau diweddaraf
am wahanol elfennau o'r Prosiect,
a hoffem gael eich safbwyntiau chi.

Mae hon yn garreg filltir bwysig arall i
Wylfa Newydd, felly diolch i chi ymlaen
llaw am gymryd rhan.

Duncan Hawthorne

Chief Executive
Horizon Nuclear Power

Hello, and welcome to our
Stage Two consultation event.

Wylfa Newydd will be at the heart of
providing an affordable, sustainable and
secure energy mix to the United Kingdom
for decades to come. By the mid-2020s,
it will be generating low carbon electricity
for around five million homes.

We believe it will change lives for the
better, bringing major investment and
opportunities for communities and
individuals across Anglesey, North Wales
and beyond.

This is our last scheduled consultation on
the Project as a whole before we submit
our application to develop the power
station in 2017. So this is your chance to
have your say on what matters to you,
before we finalise our proposals.

Our plans are being developed in
response to the views you've already
given us, and we're still listening. At this
exhibition today, you'll see our latest
thinking on the different aspects of our
Project and we'd like your views.

This is another significant milestone for
Wylfa Newydd, so thank you in advance
for taking part.

Duncan Hawthorne

Chief Executive
Horizon Nuclear Power

Swyddi a sgiliau newydd

New jobs and skills

CAM | STAGE2

Bydd Wylfa Newydd yn creu cyfleoedd gwaith hirdymor o ansawdd da.

Bydd Wylfa Newydd:

- Yn cyflogi tua 8,000–10,000 o weithwyr yn ystod y cyfnod adeiladu prysuraf
- Yn creu tua 850 o swyddi parhaol pan fydd yn weithredol
- Yn cynnig cyfleoedd i bobl ifanc ac i'r rheini sy'n awyddus i ailhyfforddi.

Dros y flwyddyn diwethaf, rydym wedi lansio ein Cynllun Prentisiaeth a'n Rhaglen Datblygu Graddedigion, ac rydym yn parhau i weithio gydag ysgolion, colegau a phrifysgolion ar gyrsiau hyfforddi a sgiliau. Bydd tua 5% o'r swyddi adeiladu ar gyfer gweithwyr dan hyfforddiant, prentisiaid a graddedigion.

Rydym eisoes wedi buddsoddi dros £1 miliwn i ehangu swyddfa safle Wylfa Newydd, ac yn buddsoddi £1 miliwn arall yng Ngholeg Menai er mwyn dylunio, adeiladu a datblygu Canolfan Peirianeg fodern newydd sbon wrth ymyl y Ganolfan Ynni yng Nghampws Llangefni, Ynys Môn.

Wylfa Newydd will create high-quality, long term employment opportunities.

Wylfa Newydd will:

- Employ around 8,000-10,000 workers during the peak of construction
- Create around 850 permanent jobs in operation
- Deliver opportunities for young people and those looking to retrain.

Over the last year we've launched our Apprenticeship Scheme and Graduate Development Programme, and we're continuing to work with schools, colleges and universities on skills and training courses. Around 5% of construction jobs will be for trainees, apprentices and graduates.

We've already invested more than £1 million in expanding our Wylfa Newydd site office and are investing another £1 million at Coleg Menai to design, construct and develop a brand new state of the art Engineering Centre next to the existing Energy Centre at the Llangefni Campus on Anglesey.

Dywedwch wrthym sut rydych chi'n meddwl y gallwn ni annog cynifer o bobl ifanc â phosib i fanteisio ar y cyfleoedd gwaith a sgiliau sydd ar gael

Please tell us how you think we can encourage as many young people as possible to take advantage of the jobs and skills opportunities available

Traffig a thrafnidiaeth
Traffic and transport

CAM
STAGE
2

Rydym am wella'r rhwydwaith trafnidiaeth lleol a lleihau effaith y Prosiect ar draffig.

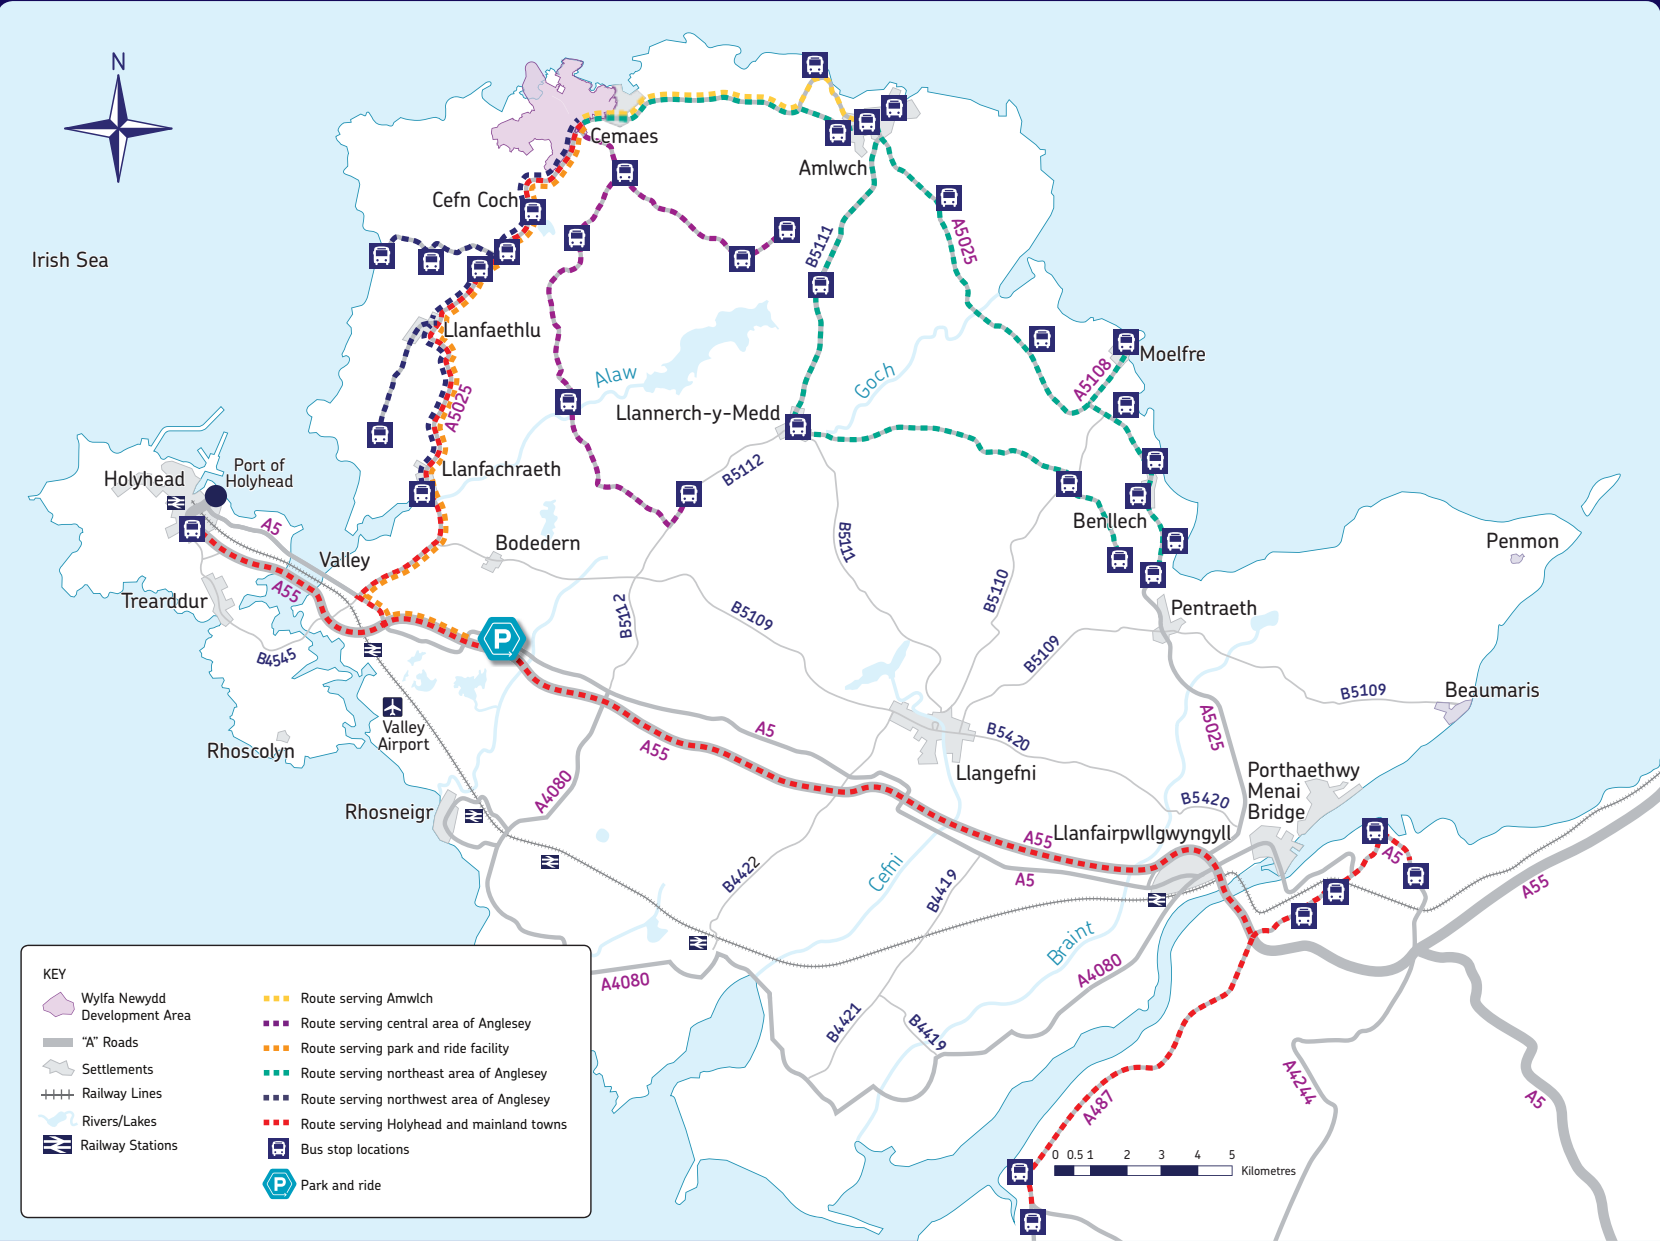

Ein nod yw creu system drafnidiaeth effeithiol ac effeithlon ar gyfer Wylfa Newydd. Mae hyn yn cynnwys gwella'r A5025, a defnyddio ffyrdd mwy cynaliadwy o deithio. Y bwriad yw y bydd hyd at 80% o'r deunyddiau swmpus y bydd eu hangen ar y safle yn cael eu cludo yno dros y môr. Bydd hynny'n lleihau nifer y lorïau ar yr A5025 yn sylweddol.

Bydd llwybrau bysiau newydd ar gael a fydd yn gwasanaethu'r gweithwyr brodorol lleol a'r rheini sy'n byw mewn cymunedau ar hyd gogledd-ddwyrain, gogledd-orllewin a chanol yr ynys, yn ogystal â gweithwyr ym Mangor a Chaernarfon.

Byddwn yn creu cyfleuster parcio a theithio i weithwyr adeiladu yn Dalar Hir, oddi ar Gyffordd 4 yr A55. Bydd yn gwasanaethu gweithwyr sy'n teithio o Wynedd a Chonwy, ac o dde Ynys Môn.

Byddwn hefyd yn defnyddio canolfan logisteg ym Mharc Cybi, ger Caergybi, i helpu i leihau'r traffig cludo nwyddau ar yr A5025 i safle'r orsaf bŵer.

Beth yw'ch barn chi am ein llwybrau a'n safleoedd bws arfaethedig? Oes gennych chi unrhyw sylwadau ar ein cynnig ar gyfer cyfleuster parcio a theithio?

Llwybrau bysiau / Bus routes

We want to improve the local transport network and reduce the traffic impacts of the Project.

We aim to create an effective and efficient transport system for Wylfa Newydd. This includes improving the A5025 and using more sustainable forms of travel. We plan to bring in up to 80% of the bulk materials we need on-site by sea, which will significantly reduce the number of lorries on the A5025.

New bus routes will not only serve home-based workers and those workers living in communities across the north-east, north-west and centre of the island, but also workers in Bangor and Caernarfon.

We will build a park and ride for construction workers at Dalar Hir, just off Junction 4 of the A55. This will serve workers travelling from Gwynedd and Conwy, and from the south of Anglesey.

We'll also use a logistics centre at Parc Cybi, near Holyhead, to help reduce freight traffic travelling on the A5025 to the power station site.

What do you think of our proposed bus stops and routes? Do you have any comments on our proposal for a park and ride facility?

Darparu Llety i Weithwyr
Accommodating workers

CAM
STAGE
2

Hoffem gael eich safbwyntiau chi ar ein Llety Gweithwyr Dros Dro, a'n cynigion ar gyfer darparu llety i'n gweithwyr.

Rydym wedi llunio ein cynigion ar gyfer y safleoedd sy'n cael eu ffafrio er mwyn darparu llety i weithwyr, a nifer y bobl fyddai'n gallu byw ym mhob lleoliad.

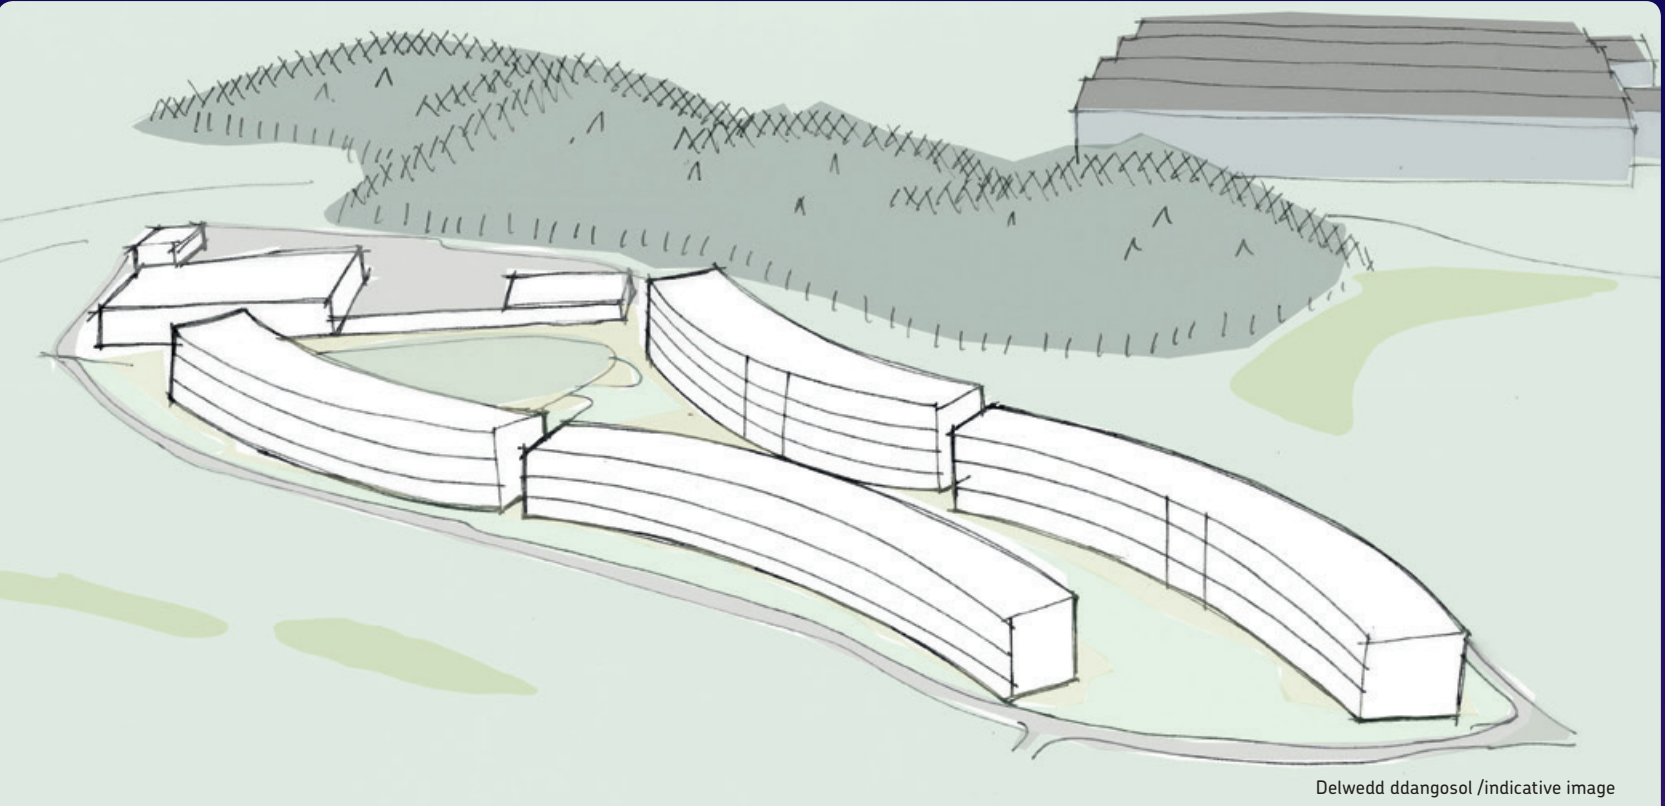

Rydym ni'n dymuno darparu llety ar gyfer:

- Hyd at 3,500 o weithwyr yng Nghaergybi (Kingsland a Chae Glas)
- Hyd at 1,500 o weithwyr yn Rhosgoch
- 500 o weithwyr ar y safle – gweithwyr adeiladu hollbwysig
- 200 o weithwyr yn Fferm Madyn.

Mae ein cynigion terfynol ar gyfer ardal Amlwch yn dal i gael eu hystyried yn fanwl. Rydym yn ystyried darparu llety ar gyfer hyd at 800 o weithwyr ar dir gerllaw Fferm Madyn, i'r dwyrain ac i'r gorllewin o'r B5111. Byddai hynny'n golygu bod angen darparu llety ar gyfer 800 yn llai o weithwyr yn rhywle arall.

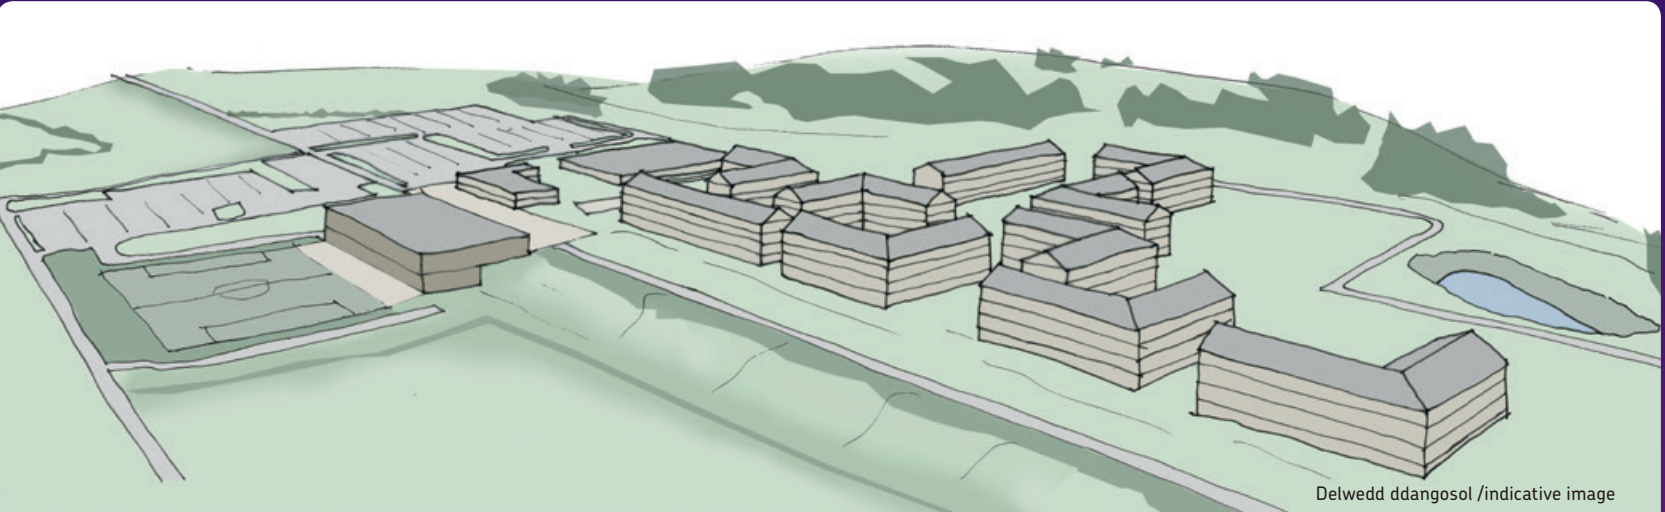

Rhowch eich barn am y safleoedd rydych chi'n eu ffafrio o blith y rhai a nodwyd ar gyfer Llety Gweithwyr Dros Dro.

Oes gennych chi unrhyw sylwadau ar sut gallem wella cynllun, ymddangosiad neu waith tirlunio'r safleoedd rydym wedi'u cynnig ar gyfer ein Llety Gweithwyr Dros Dro? Oes gennych chi unrhyw safbwyntiau am ein cynigion i'r dyfodol ar gyfer pob safle?

Madyn Ffarm

Delwedd ddangosol /indicative image

Cae Glas

We would like your views on our Temporary Workers' Accommodation and proposals for housing our workers.

We've shaped our proposals for the preferred choice of sites to accommodate workers, and the number of people we propose to house in each location.

Our preference is to accommodate:

- Up to 3,500 workers at Holyhead (Kingsland and Cae Glas)
- Up to 1,500 workers at Rhosgoch
- 500 workers on-site for critical construction workers
- 200 workers at Madyn Farm.

We are still giving further consideration to our final proposals in the Amlwch area. We are considering accommodating up to 800 workers on land adjacent to Madyn Farm, east and west of the B5111, which would mean needing to provide accommodation for 800 fewer workers elsewhere.

Please give us your views on your preferred choice of the sites we have identified for Temporary Workers' Accommodation.

Do you have any comments on how we could improve the layout, appearance or landscaping of the sites we have proposed for our Temporary Workers' Accommodation? Do you have any views on our legacy proposals for each site?

Cynllunio ein cyfleusterau

Designing our facilities

CAM

STAGE

2

Rydym eisiau gwneud yn siŵr bod yr orsaf bŵer a'r cyfleusterau eraill yn gwbl gydnavs â thirwedd bresennol Ynys Môn.

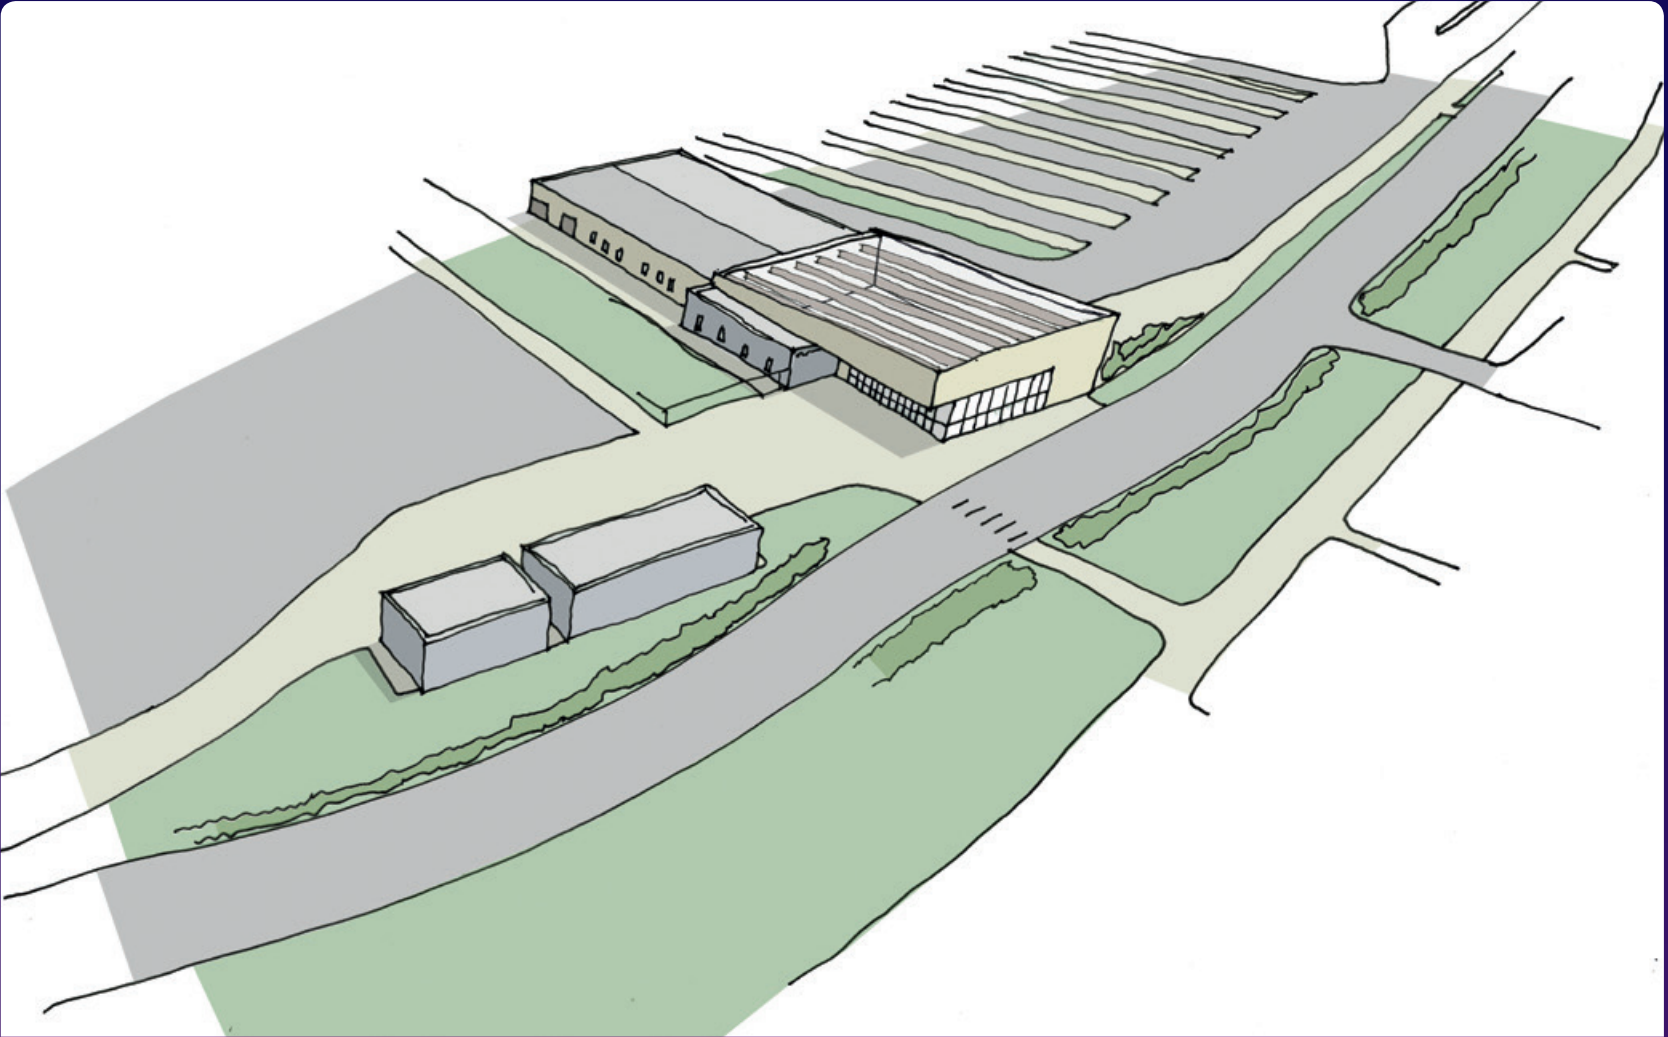

Rydym wedi addasu ein cynlluniau i adlewyrchu cymeriad a thirwedd nodweddiadol yr ardal leol sydd o amgylch safle'r orsaf bŵer, sef ein Cynllun Meistr Tirwedd ac Amgylcheddol. Gallwch gael rhagor o fanylion am hyn yma heddiw.

Mae angen cyfleusterau eraill arnom hefyd i helpu i adeiladu a rhedeg Wylfa Newydd yn ddiogel ac yn effeithlon. Dyma'r Datblygiadau Cysylltiedig a Chyfleusterau Oddi ar Safle'r Orsaf Bŵer, ac maent yn cynnwys:

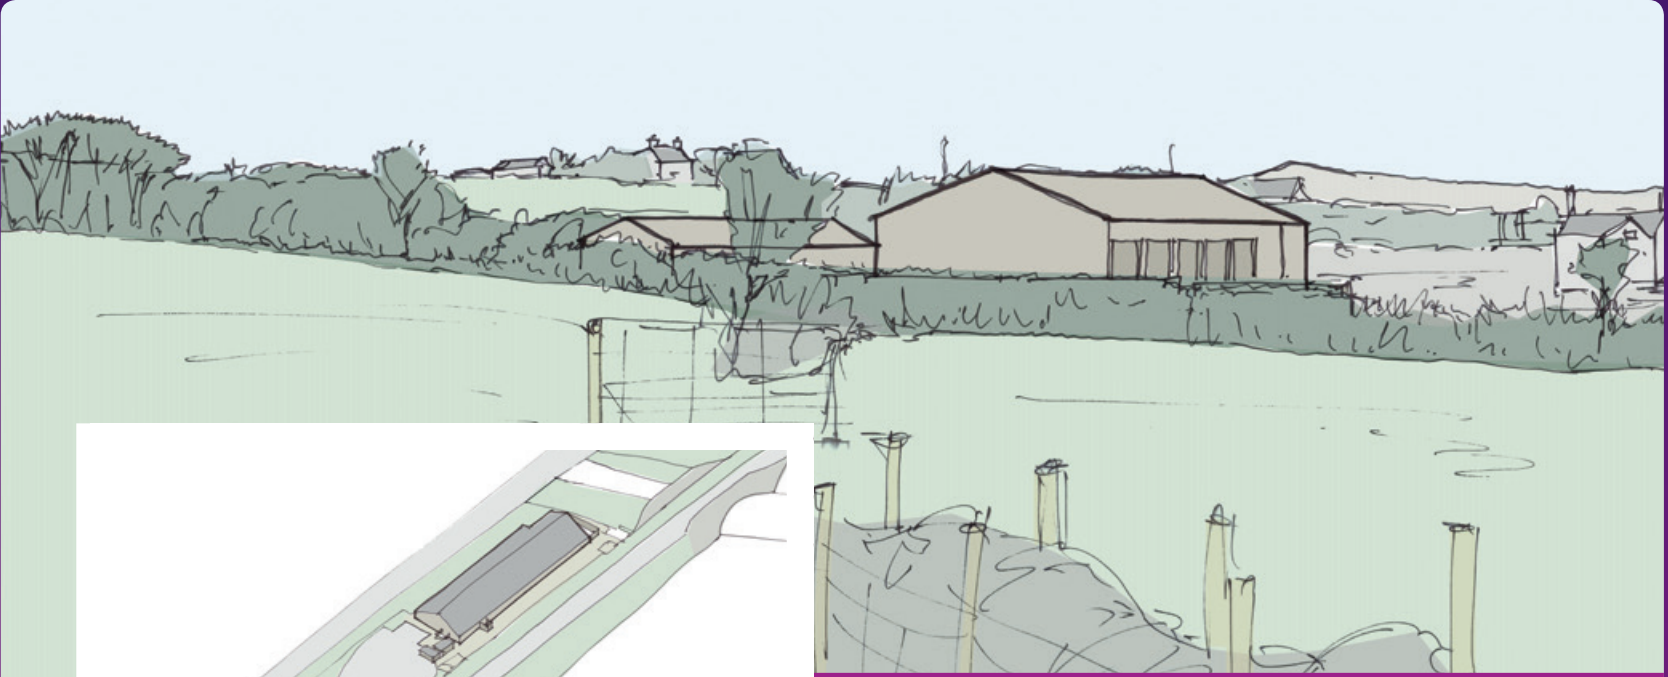

- Cyfleuster parcio a theithio, Dalar Hir
- Canolfan logisteg, Parc Cybi
- Gwelliannau i'r A5025
- Garej Offer Argyfwng Symudol
- Canolfan ymwelwyr a Chanolfan i dderbyn y cyfryngau
- Canolfan Rheoli Argyfwng Amgen / Labordy Arolygon Amgylcheddol.

Oes gennych chi unrhyw sylwadau ar y cynigion ar gyfer twmpathau neu dirwedd yn Ardal Datblygu Wylfa Newydd?

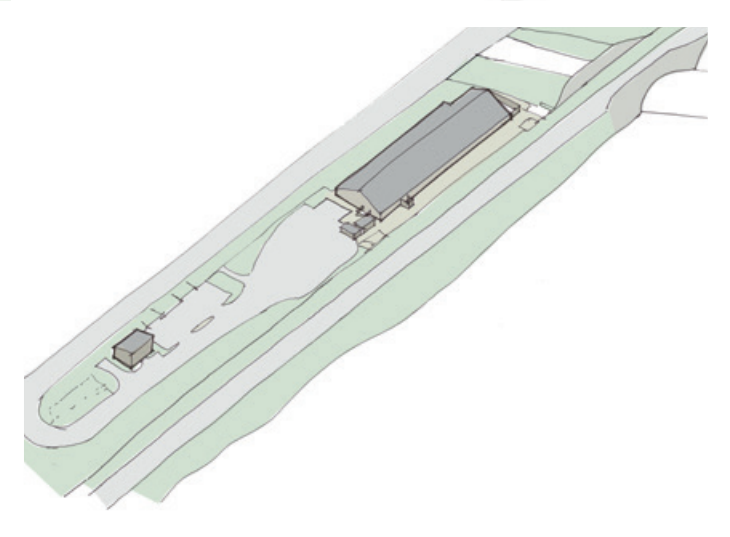

Oes gennych chi unrhyw awgrymiadau a allai ein helpu i wella cynllun, ymddangosiad neu dirwedd y safleoedd a gynigiwyd ar gyfer ein cyfleuster parcio a theithio, y ganolfan logisteg neu gyfleusterau oddi ar safle'r orsaf bŵer?

Cyfleuster parcio a theithio / Park and ride facility

Garej Offer Argyfwng Symudol / Mobile Emergency Equipment Garage

Golygfa o uwchben / Overhead perspective

We want the power station and other facilities to sit carefully within the existing Anglesey landscape.

We've refined our plans to reflect the typical landscape and character of the local area around the power station site. This is known as our Landscape and Environmental Masterplan (LEMP). You can see more details about this here today.

We also need other facilities to help us build and operate Wylfa Newydd safely and efficiently. These are known as Associated Development and Off-Site Power Station Facilities and include:

- Park and ride facility, Dalar Hir
- Logistics centre, Parc Cybi
- Improvements to the A5025
- Mobile Emergency Equipment Garage (MEEG)
- Visitor centre and media reception centre
- Alternative Emergency Control Centre (AECC) / Environmental Survey Laboratory (ESL).

Do you have any comments on the mounding or landscape proposals within the Wylfa Newydd Development Area.

Do you have any suggestions that could help us improve the layout, appearance or landscaping of the sites we've proposed for our park and ride facility, logistics centre or Off-Site Power Station Facilities?

Bod yn gymydog da
Being a good neighbour

Yn ogystal â'r buddsoddiad economaidd sylweddol yn Wylfa Newydd, rydym yn ceisio sicrhau manteision hirdymor eraill hefyd.

Bydd Wylfa Newydd yn cynnig amryw o fanteision yn ei iawn ei hun, fel swyddi, gwell seilwaith, hyfforddiant ac addysg. Ond mae'n bwysig i ni ein bod hefyd yn gwella'r manteision, ac yn lleihau unrhyw effeithiau negyddol ar gymunedau.

Mae hyn yn cynnwys effeithiau ar y canlynol:

- Rydyn ni wedi buddsoddi £50,000 mewn rhaglenni Cymraeg hyd yma.
- Lles ac iechyd pobl
- Ein heffaith ar yr amgylchedd, a sut gallwn ni ei lleihau
- Materion cymdeithasol a chydraddoldeb.

Wrth edrych ar y materion hyn, sut gallwn ni wella'r manteision a lleihau unrhyw effeithiau?

Hoffem hefyd gael eich adborth ar ddau gynllun gwirfoddol:

- Lleihau'r effeithiau sŵn ar yr eiddo sydd agosaf at Ardal Datblygu Wylfa Newydd
- Ein cynllun manteision cymunedol arfaethedig.

Beth yw eich barn chi am ein cynllun gwirfoddol ar gyfer manteision cymunedol, a sut bydded chi am ei weld yn gweithio?

Oes gennych chi awgrymiadau ynghylch y mathau o welliannau y dylai'r Cynllun Lliniaru Sŵn Lleol eu cynnwys?

As well as the significant economic investment in Wylfa Newydd, we're aiming to provide other long-term benefits.

Wylfa Newydd will bring many benefits in its own right, such as jobs, improved infrastructure, training and education. But it's important to us that we also enhance the benefits and reduce any negative effects on communities.

This includes effects on:

- We've invested £50,000 in Welsh language programmes so far
- People's health and wellbeing
- Our environmental impact and how we can reduce the effects
- Social and equality issues.

How can we enhance the benefits and reduce any effects around these issues?

We'd also like your feedback on two voluntary plans:

- Reducing the effects of noise on properties nearest to the Wylfa Newydd Development Area
- Our proposed community benefits scheme.

What do you think of our updated voluntary community benefit scheme and how would you like to see this work?

Do you have suggestions about the types of improvements that the Local Noise Mitigation Plan should cover?

PŴER NIWCLEAR HORIZON NUCLEAR POWER

WYLFA NEWYDD

Dweud eich dweud
Have your say

CAM | STAGE 2

Byddem yn falch o gael eich
safbwyntiau chi cyn i ni gwblhau
ein cynigion yn derfynol.

Gallwch roi'ch adborth i ni drwy wneud
y canlynol:

- Llenwi ffurflen adborth yma heddiw,
neu ei hanfon atom ar y cyfeiriad rhadbost:
**FREEPOST HORIZON NUCLEAR POWER
CONSULTATION**
- Llenwi ffurflen adborth ar-lein yn
**[www.horizonnuclearpower.com/
ymgyngoriad](http://www.horizonnuclearpower.com/ymgyngoriad)**
- Anfon neges e-bost **at [wylfaenquiries@
horizonnuclearpower.com](mailto:wylfaenquiries@horizonnuclearpower.com)**
- Ysgrifennu atom yn ein cyfeiriad rhadbost

Beth nesaf?

Pan fydd ein hymgyngoriad yn dod i ben ar
25 Hydref, byddwn yn adolygu'r holl adborth
rydym wedi'i gael ac yn ystyried y pwyntiau
a godwyd wrth i ni gwblhau ein cynlluniau'n
derfynol. Yn 2017 rydym yn bwriadu gwneud
cais am Orchymyn Caniatâd Datblygu gan yr
Arolygiaeth Gynllunio. Yn dilyn adolygiad ac
argymhellion, bydd yr Ysgrifennydd Gwladol
perthnasol yn penderfynu a ddylid rhoi caniatâd
i ni adeiladu Wylfa Newydd.

We would like your views before
we finalise our proposals.

You can give us your feedback by:

- Filling out a feedback form here today
or sending it to our freepost address:
**FREEPOST HORIZON NUCLEAR POWER
CONSULTATION**
- Completing an online feedback form at
**[www.horizonnuclearpower.com/
consultation](http://www.horizonnuclearpower.com/consultation)**
- Emailing us at **[wylfaenquiries@
horizonnuclearpower.com](mailto:wylfaenquiries@horizonnuclearpower.com)**
- Writing to us at our freepost address

What happens next?

When our consultation closes on 25 October
we'll review all the feedback we've received
and consider the points raised as we finalise
our plans. In 2017 we plan to apply for
a Development Consent Order from the
Planning Inspectorate. Following review and
recommendation, the relevant Secretary
of State will decide whether to grant us
permission to build Wylfa Newydd.

XX Awst 2016

Cyfeirnod DCRM: HNP-S1-CMT-LET-00085

Annwyl XX,

Fel y gwyddoch o bosib, rhwng 31 Awst a 25 Hydref bydd Pŵer Niwclear Horizon yn cynnal ail gam ei ymgynghoriad cyn ymgeisio ar gynigion i adeiladu Wylfa Newydd, gorsaf bŵer niwclear newydd ar Ynys Môn.

Dylech chi fod wedi cael copi o'n cylchlythyr Newyddion i'r Gymuned diweddaraf yn barod a oedd yn cynnwys manylion ynghylch sut mae cymryd rhan, ond hoffwn eich gwahodd i'n harddangosfa gyntaf:

Dydd Mawrth 6 Medi

Clwb Cymdeithasol a Chwaraeon Wylfa

Bae Cemaes

1pm – 7pm

Bydd hwn yn gyfle i weld ein cynlluniau diweddaraf, cwrdd â'r tîm a rhoi eich barn.

Gobeithio byddwch chi'n gallu ymuno â ni, ond os nad, mae croeso cynnes i chi fynd i unrhyw un o'n harddangosfeydd cyhoeddus yn y lleoliadau canlynol. Bydd yr holl ddigwyddiadau sy'n cael eu cynnal o ddydd Llun i ddydd Gwener ar agor rhwng **1pm a 7pm** a bydd yr holl ddigwyddiadau penwythnos ar agor rhwng **10am a 1pm**.

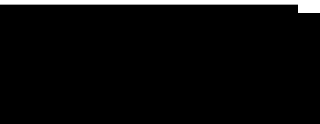

Arddangosfeydd cyhoeddus		
Dydd Mercher 7 Medi	1pm - 7pm	Neuadd Bentref Cemaes, Cemaes

Dydd Gwener 9 Medi	1pm - 7pm	Maes parcio'r Douglas Inn, Tregele
Dydd Sadwrn 10 Medi	10am - 1pm	Neuadd Goffa Amlwch, Amlwch
Dydd Mawrth 13 Medi	1pm - 7pm	Neuadd Bentref Llanfachraeth, Llanfachraeth
Dydd Gwener 16 Medi	1pm - 7pm	Tŷ Coffi Griffith Reade, Caergybi
Dydd Sadwrn 17 Medi	10am - 1pm	Neuadd y Dref Llangefni, Llangefni
Dydd Llun 26 Medi	1pm - 7pm	Canolfan Gymunedol Rhos-y-bol, Rhos-y-bol
Dydd Mawrth 27 Medi	1pm - 7pm	Canolfan Ucheldre, Caergybi
Dydd Llun 29 Medi	1pm - 7pm	Gwesty'r Celtic Royal, Caernarfon
Dydd Sadwrn 1 Hydref	10am - 1pm	Canolfan Hamdden Glaslyn, Porthmadog
Dydd Llun 3 Hydref	1pm - 7pm	Gwesty The Valley Anglesey, y Fali
Dydd Sadwrn 8 Hydref	10am - 1pm	Neuadd Penrhyn, Bangor
Dydd Llun 10 Hydref	1pm - 7pm	Canolfan Gymunedol Thomas Telford, Porthaethwy
Dydd Iau 13 Hydref	1pm - 7pm	Eglwys St Mary, Conwy

Gallwch chi hefyd gael gafael ar ein holl ddeunyddiau ymgynghori ar ein gwefan yn www.horizonnuclearpower.com/ymgyngghoriad o ddydd Mercher, 31 Awst ymlaen neu gallwch chi ddod i un o'n sesiynau galw draw yn ein caban ymgynghori ym maes parcio'r Douglas Inn yn Nhregele. Bydd y rhain yn cael eu cynnal ar 14, 20, 21, a 23 Medi a 11, 12, 14, 18, 19 a 21 Hydref rhwng **11am a 2pm**.

Os hoffech gael rhagor o wybodaeth, byddem yn falch iawn o glywed gennych chi. Gallwch gysylltu â ni drwy anfon e-bost i ymholiadauwylfa@horizonnuclearpower.com neu drwy ffonio 0800 954 9516.

XX August 2016

DCRM Ref. No: HNP-S1-CMT-LET-00084

Dear XX,

As you may be aware, Horizon Nuclear Power will be holding its second stage of pre-application consultation between 31 August and 25 October on proposals to build Wylfa Newydd, a new nuclear power station on Anglesey.

You should have already received a copy of our latest Community Update newsletter with the details on how to take part, but I would like to invite you along to our first exhibition event on:

Tuesday 6 September

Wylfa Sports and Social Club

Cemaes Bay

1pm – 7pm

This will be an opportunity to see our latest plans in detail, meet the team and let us know what you think.

We hope you can join us, but if not, you can attend any one of our public exhibitions at the following locations. All weekday events will be open from **1pm to 7pm** and weekend events will be open from **10am to 1pm**.

Public exhibitions		
Wednesday 7 September	1pm - 7pm	Cemaes Village Hall, Cemaes
Friday 9 September	1pm - 7pm	Douglas Inn car park, Tregele

Saturday 10 September	10am - 1pm	Amlwch Memorial Hall, Amlwch
Tuesday 13 September	1pm - 7pm	Llanfachraeth Village Hall, Llanfachraeth
Friday 16 September	1pm - 7pm	Griffith Reade Coffee House, Holyhead
Saturday 17 September	10am - 1pm	Llangefni Town Hall, Llangefni
Monday 26 September	1pm - 7pm	Rhosybol Community Centre, Rhosybol
Tuesday 27 September	1pm - 7pm	Ucheldre Centre, Holyhead
Thursday 29 September	1pm - 7pm	Celtic Royal Hotel, Caernarfon
Saturday 1 October	10am - 1pm	Glaslyn Leisure Centre, Porthmadog
Monday 3 October	1pm - 7pm	The Valley Anglesey, Valley
Saturday 8 October	10am - 1pm	Penrhyn Hall, Bangor
Monday 10 October	1pm - 7pm	Thomas Telford Community Centre, Menai Bridge
Thursday 13 October	1pm - 7pm	St Mary's Church, Conwy

You can also access all of our consultation materials on our website at www.horizonnuclearpower.com/consultation from Wednesday, 31 August or you can attend one of our drop-in sessions in our consultation cabin at the Douglas Inn car park in Treglele. These will be held on the 14, 20, 21, and 23 September and 11, 12, 14, 18, 19 and 21 October between **11am** and **2pm**.

If you would like to find out more, we would be pleased to hear from you. You can contact us via email at wylfaenquiries@horizonnuclearpower.com or by calling 0800 954 9516.

Yours sincerely

Richard Foxhall
Stakeholder Relations Manager
Horizon Nuclear Power
