1 Horizon's Response to Cemaes History Group Written Representation

1.1 Introduction

- 1.1.1 This report provides Horizon's response to the Written Representation submitted by Cemaes History Group at Deadline 2 (4 December 2018). For ease, cross-references are provided (where appropriate and feasible) and the response generally follows the structure and sequence of the Written Representation received. Horizon has endeavoured to respond to the key matters raised in this Written Representation. Where Horizon has not responded to a particular point or issue raised by an Interested Party, this should not necessarily be taken as agreement with that point.

1.2 Written Representation

- 1.2.1 Horizon recognises the interest in local archaeology shown by the Cemaes History Group.
- 1.2.2 To summarise, the work carried-out by Horizon to date has included two community dig events which, through its engagement with Isle of Anglesey County Council, has provided full access to field investigations both to Gwynedd Archaeological Planning Service (GAPS) Senior planning archaeologist (the curator) and other stakeholders and interested parties including Welsh Government and Cadw. The Curator has provided input and guidance on all planned investigations to date and appropriate mitigation measures developed.
- 1.2.3 Paragraph 11.6 of Chapter D11 – Cultural Heritage of the Environmental Statement [APP-130] details the additional mitigation measures relating to cultural heritage which includes provision for the recording and reporting archaeological of finds.
- 1.2.4 The Wylfa Newydd CoCP [APP-414] sets out Horizon's commitment to making information available in relation to Archaeological Remains / Historic Buildings / and historic Landscapes (ref: section 12). Further, general mitigation controls to be implemented for cultural heritage are described in Section 12 of the Wylfa Newydd CoCP [APP-414].
- 1.2.5 Each Sub-CoCP (8.7: Power Station Main Site / 8.9: Off-site Power Station Facility / 8.10: Park and Ride / 8.11: Logistic Centre / 8.12: A5025 Off-line Highway Improvements / and 8.8: Marine Works) provides details of mitigation treatment as per each cultural heritage asset.
- 1.2.6 Compliance with the overarching Wylfa Newydd CoCP is secured through Requirement PW7 of the Draft DCO [REP1-004].
- 1.2.7 Archaeological data/information is to be made available and will be done in accordance with the Standard and guidance for archaeological excavation from the Chartered Institute for Archaeologists Standard and guidance for archaeological excavation (2014), as set out within approved Written Schemes of Investigation (WSI) and agreed with GAPS.

- 1.2.8 Horizon is committed to carrying-out all archaeological investigations in the manner required, including making findings available where possible.
