1 Horizon's Response to to Network Rail Infrastructure Limited's Written Representation

1.1 Introduction

- 1.1.1 This report provides Horizon's response to the Written Representation submitted by Network Rail Infrastructure Limited's (Network Rail) at Deadline 2 (4 December 2018). For ease, cross-references are provided (where appropriate and feasible) and the response generally follows the structure and sequence of the written representation received. Horizon has endeavoured to respond to the key matters raised in this Written Representation. Where Horizon has not responded to a particular point or issue raised by an Interested Party, this should not necessarily be taken as agreement with that point.

1.2 Written Representation

- 1.2.1 Network Rail raises concerns in its Written Representation regarding Horizon's proposed compulsory acquisition and temporary use of rights over plots in which Network Rail and its tenant Direct Rail Services have interests.
- 1.2.2 Horizon is aware of these concerns and is engaged in discussions with Network Rail to agree the terms of a voluntary agreement and any Protective Provisions that may be deemed necessary to address these matters. Horizon will provide an update on the progress of these protective provisions at Deadline 4 (17 January 2019).
- 1.2.3 For clarification, the Wylfa Newydd DCO Project will not impede access to land controlled by Network Rail. The land is required in association with the creation of a new highway arrangement (a roundabout), which will maintain and improve access to Network Rail's land and thus maintaining direct access.
