[REDACTED]
Head of Planning
Sizewell C

17 September 2026

Dear [REDACTED],

THE SIZEWELL C (NUCLEAR GENERATING STATION) ORDER 2022 – S.I. 853 (“the Order”)

PROPOSED NON-MATERIAL CHANGE APPLICATION

REGULATION 7(3) OF THE INFRASTRUCTURE PLANNING (CHANGES TO, AND REVOCATION OF, DEVELOPMENT CONSENT ORDERS) REGULATIONS 2011 - WRITTEN CONSENT FROM THE SECRETARY OF STATE FOR NOT CONSULTING A PERSON OR AUTHORITY

1. Thank you for your letter of 23 April 2026 on behalf of Sizewell C Ltd (“the Applicant”) regarding the proposed non-material changes to the Order (“NMC1”). The letter requested the Secretary of State’s consent under Regulation 7(3) of The Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011 (the “2011 Regulations”) to a reduced list of consultees of 14 parties.
2. The letter provided the following description of the changes sought to the Order:
 - Enable the use of part of the Land East of Eastlands Industrial Estate (“LEEIE”) as an Integrated Reinforcement Yard instead of serviced caravan pitches;
 - Enable the simultaneous use of rail facilities at the LEEIE and the Temporary Construction Area;
 - Enable greater flexibility in the precise siting of the Intermediate Level Waste Store within the Main Development Site (“MDS”), and make updates to the MDS Operational Parameter Plan;
 - Amend Public Rights of Way associated with the Sizewell Link Road, the Two Village Bypass and the MDS;
 - Clarify that discharging authorities can exercise their existing power to approve a departure from a certified control document under certain requirements in the Order by approving an updated version of the control document;

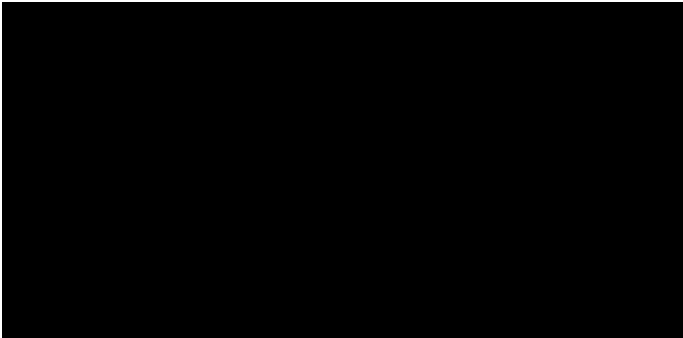

- Refine the power for Traffic Regulation Orders;
 - Ensure that variations to the Deemed Marine Licence to amend the location of works in the marine environment take effect without also needing an additional application to the Secretary of State to amend the Order; and
 - Correct minor drafting errors in the Order that have been identified subsequently to its grant.
3. On 7 May 2026, the Secretary of State wrote to the Applicant stating that it had not provided a clear explanation of the rationale for the inclusion and exclusion of relevant parties under Regulation 7 of the 2011 Regulations by reference to the specific effects of the proposed changes. The Secretary of State stated that without such information the request could not be approved, and any consultation would need to go to all relevant parties. The Secretary of State noted that the Applicant could instead choose to defer submission of the NMC1 application and provide information on why certain parties did not need to be consulted.
 4. On 12 May 2026, the Secretary of State received two communications in relation to the NMC1 application from the Applicant. The first was a revised list of 15 parties with an expanded justification for their inclusion, and a short explanation of the reasons why no other parties were being included. The second communication was the NMC1 application itself, which was being submitted to the Planning Inspectorate for publication. On 14 May 2026, the Secretary of State responded that the reduced consultee list request could not be agreed on the basis of the information supplied to the Secretary of State.
 5. On 18 May 2026, the Secretary of State authorised the Planning Inspectorate to publish the NMC1 application and informed it that the request for a reduced consultee list had been refused by the Secretary of State and that all relevant parties should be consulted. The Planning Inspectorate published the consultation on 19 May 2026.
 6. On 19 May 2026, after the consultation had opened, the Applicant provided a revised schedule of consultees to the Secretary of State, proposing to consult 24 parties. The Secretary of State responded to the Applicant on the 20 May 2026 stating that he did not approve this list to be used for the consultation because adequate reasons were not supplied for the exclusion of the listed 349 parties nor for the remaining unnamed parties under Regulation 7 of the 2011 Regulations who would also be excluded from consultation. The Secretary of State understands that, despite this, the consultation proceeded on the basis of a reduced list and closed on 24 June 2026.
 7. Further correspondence was received from the Applicant on 6 July 2026 requesting that the Secretary of State make a decision on the reduced consultee list request. On 14 August 2026, the Secretary of State wrote to the Applicant to confirm that the revised schedule of consultees supplied on 19 May 2026 had been reviewed but that the list and the justifications provided remained inadequate.
 8. On 21 August 2026, the Applicant responded to provide further explanation of the approach adopted and the reasons why it considered the proposed consultation exercise to be lawful,

proportionate and consistent with Regulation 7 of the 2011 Regulations, with a view to assisting the Secretary of State in determining the reduced consultee list request and progressing the application to determination. The Secretary of State responded on 1 September 2026 stating that the Applicant had provided sufficient information for the Secretary of State to make a decision on the reduced consultation of parties specified under Regulation 7(2)(a) and 7(2)(b). However, in order for the Secretary of State to reach a view in relation to Regulation 7(2)(c), and to discharge the Secretary of State's responsibilities under Regulation 7(3) and 7(4), further information was required. The Secretary of State considered that the Applicant did not provide appropriate justification for excluding parties from consultation where the Applicant sought not to consult any party under Regulation 7(2)(c) on the basis that the proposed changes sought in NMC1 would not give rise to any new or materially different likely significant environmental effects. The Secretary of State invited the Applicant to further submit a revised consultee list request that identified the parties that had already been consulted about NMC1, additional parties that the Applicant would consult, and the parties that the Applicant proposed to exclude with appropriate justification and explanation.

9. On 7 September 2026, the Applicant issued another letter stating it had undertaken a further review of the consultation arrangements for the NMC1 application. This information comprised an updated 'Schedule of Consultees' document setting out the parties proposed and not proposed to be consulted and information on the approach taken to identify consultees considered to be relevant to the proposed changes. The Schedule of Consultees proposed to consult 33 parties (which includes the originally proposed 15 consultees) as well as proposals to consult occupiers of all residential and business premises within the administrative boundary of Leiston-cum-Sizewell civil parish through community update mailing as the delivery vehicle.
10. Following the Applicant's letter of 7 September 2026, the Secretary of State is now satisfied that the consultees proposed by the Applicant are appropriate and proportionate, based on the reasons provided in the 'Schedule of Consultees' document, which is annexed to this letter (for reference), and the nature of the proposed changes. However, the Secretary of State considers that in addition to the consultees identified to be included in the consultation by the Applicant, that Suffolk Fire and Rescue Service, East of England Ambulance Service NHS Trust, Suffolk Local Access Forum and the East Suffolk Internal Drainage Board should also be consulted as these parties may be directly affected by the proposed changes due to their functions and/or interests.
11. The Secretary of State is satisfied that other persons or authorities that fall under Regulation 7(2) of the 2011 Regulations can be excluded from the reduced consultee list because they would not be directly affected by the proposed changes, either because the proposed amendments will not affect their interests and/or functions, or their interests and/or functions relate to a different part of the Order to the proposed changes.
12. Accordingly, under Regulation 7(3) of the 2011 Regulations, the Secretary of State consents to the reduced list of consultees as specified in this letter.

13. In taking this decision, the Secretary of State acknowledges that the Applicant will republish notice of the NMC1 application in line with the requirements in Regulation 6 of the 2011 Regulations. The Secretary of State also notes that the Applicant will write to every party consulted during the May–June 2026 consultation to explain that additional consultees have been identified and that a further consultation period is therefore being added but any representation already submitted will remain before the Secretary of State and does not need to be resubmitted. Previously consulted parties will nevertheless be able to submit updated, supplementary or additional comments if they wish, up to the new consultation deadline.
14. The Secretary of State's written consent in this matter should not be taken as indicating approval for any other aspects of the proposed changes to the Order, which fall to her for consideration and determination, or whether the proposed changes will ultimately be regarded as material or not.

Yours sincerely,

David Wagstaff OBE

Head of Energy Infrastructure Planning Delivery

On behalf of the Secretary of State for Energy Security and Net Zero

Encl. Schedule of Consultees

NOT PROTECTIVELY MARKED

Part A - Parties already consulted about NMC1

The parties identified in Part A were consulted in relation to NMC1 during the initial consultation exercise. SZC proposes that those parties also be notified of, and afforded the opportunity to participate in, the further consultation

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
Relevant Local Authority	East Suffolk Council	Y	Y	East Suffolk Council is the host local planning authority and discharging authority for the Main Development Site and associated development. It is appropriate to consult them given the proposed minor changes to certain of the works proposed to be carried out pursuant to the DCO and the tweaks to the operation of certain provisions of the DCO itself.
Relevant Local Authority	Leiston-cum-Sizewell Town Council	Y	Y	Leiston-cum-Sizewell Town Council is the local town council representing the community closest to the Main Development Site and associated development. It is appropriate to consult them given the proposed minor change to the construction stage development proposed to be delivered on the Land East of Eastlands Industrial Estate ("LEEIE") (Change 1), which is in the immediate vicinity of Leiston, as well as the proposed adjustments to public rights of way (Change 4).
Relevant Local Authority	Suffolk County Council	Y	Y	Suffolk County Council is the host county-level authority and the local highway authority for the site, with specific

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
The Relevant Highways Authority	Suffolk County Council (Highways)	Y	Y	responsibilities relevant to Traffic Regulation Orders, public rights of way and highway management. It is appropriate to consult them given the proposed changes to certain public rights of way (Change 4), the proposed refinement of the Traffic Regulation Order power in the DCO (Change 6), and the potential traffic implications associated with Change 1.
Relevant Parish Council	Benhall and Sternfield Parish Council	Y	Y	Change 4 involves changes to the stopping up, diversion and/or replacement of a number of public rights of way so that these reflect and accord with the detailed highway and access designs being progressed in discussions with Suffolk County Council for the Sizewell Link Road and Two Village Bypass. In acknowledgement that the Department for Energy Security and Net Zero has indicated a particular focus on Changes 1 and 4 in its early correspondence regarding a reduced consultee list, SZC Ltd is content to expand its earlier proposed approach and additionally consult those parish councils covering
Relevant Parish Council	Farnham with Stratford St Andrew Parish Council	Y	Y	
Relevant Parish Council	Kelsale cum Carlton Parish Council	Y	Y	
Relevant Parish Council	Middleton Cum Fordley Parish Council	Y	Y	
Relevant Parish Council	Theberton and Eastbridge Parish Council	Y	Y	
Relevant Parish Council	Yoxford Parish Council	Y	Y

				areas through which the Sizewell Link Road and Two Village Bypass pass.
Marine Management Organisation	Marine Management Organisation	Y	Y	The Marine Management Organisation is the regulator responsible for the Deemed Marine Licence and any variations to marine works authorised under the Order. It is appropriate to consult them given the proposed change to the interaction between the DCO and the Deemed Marine Licence for the project (Change 7).
UK Health Security Agency	UK Health Security Agency (previously Public Health England, including Public Health Suffolk)	Y	Y	The UK Health Security Agency has a public health advisory role, including in relation to potential population health effects associated with construction activity. It is appropriate to consult them given the proposed change to the construction-stage works to be carried out on the LEEIE (Change 1) and the potential health and wellbeing implications of the proposed changes.
Natural England	Natural England	Y	Y	Natural England is the statutory nature conservation adviser, including in relation to designated sites within the National Site Network and Ramsar sites. Natural England is also a named consultee under certain of the requirements of the Order. It

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
				is appropriate to consult them given the environmental matters considered in connection with the proposed changes, including any implications for the Habitats Regulations Assessment for the project.
Relevant AONB Conservation Boards	Suffolk & Essex Coast & Heaths National Landscape Team (previously Suffolk Coast and Heaths AONB Partnership)	Y	Y	This body is responsible for the management of the Suffolk & Essex Coast & Heaths National Landscape. It is appropriate to consult them given that this protected landscape is located adjacent to the LEEIE where Change 1 is proposed.
Relevant Statutory Undertakers	Network Rail	Y	Y	Network Rail has operational responsibilities for the rail network. It is therefore appropriate to consult them given the change regarding the continued and simultaneous use of rail facilities associated with the authorised development (Change 2).
Relevant Statutory Undertakers	EDF Energy Nuclear Generation Limited	Y	Y	This company is the operator of the adjacent Sizewell B nuclear power station and therefore has an operational interest in changes to construction activities within the vicinity of its licensed nuclear site. It is therefore appropriate to consult them given the proposed minor changes

				to certain of the works proposed to be carried out pursuant to the DCO.
The Crown Estate Commissioners	The Crown Estate Commissioners	Y	Y	The Crown Estate is the owner of the seabed and a party with interests potentially affected by marine works regulated through the Deemed Marine Licence. It is appropriate to consult them given the proposed change to the interaction between the DCO and the Deemed Marine Licence for the project (Change 7).
The Environment Agency	The Environment Agency	Y	Y	The Environment Agency has statutory responsibilities for environmental protection, including water, land and pollution control matters potentially relevant to construction. The Environment Agency is also a named consultee under certain of the requirements of the Order. It is appropriate to consult them given the environmental matters considered in connection with the proposed changes which fall within the Agency's remit.
The Environment Agency	The Environment Agency (Essex, Norfolk and Suffolk)	Y	Y	
The Health and Safety Executive	The Health and Safety Executive (Head Office)	N	Y	The Health and Safety Executive has a role in regulating health and safety matters associated with large-scale construction activity. It is appropriate to consult them

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
				given the proposed change to the construction-stage works to be carried out on the LEEIE (Change 1) and the associated health and safety considerations.
The Historic Buildings and Monuments Commission for England	Historic England (East of England)	Y	Y	Historic England is the statutory consultee for the historic environment, with an interest in ensuring that development does not give rise to unacceptable impacts on designated or non-designated heritage assets. It is appropriate to consult them given the historic environment matters considered in connection with the proposed changes.
The Historic Buildings and Monuments Commission for England	Historic England (Head Office)	Y	Y	
The Office for Nuclear Regulation	The Office for Nuclear Regulation	Y	Y	The Office for Nuclear Regulation is the statutory regulator for nuclear safety and security matters relevant to construction and operational activities at Sizewell C. It is therefore appropriate to consult them given the proposed minor changes to certain of the works proposed to be carried out pursuant to the DCO.

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
The Relevant Police Authority	Suffolk Constabulary	Y	Y	It is appropriate to consult Suffolk Constabulary alongside Suffolk County Council given the Constabulary's statutory functions in relation to traffic management, road safety and enforcement, which may be relevant to Change 6, the refinement of the Traffic Regulation Order power.
Additional Consultee	Together Against Sizewell C (TASC)	Y	Y	TASC was notified of NMC1 as part of the initial consultation. The earlier Schedule did not reflect that position. TASC is therefore identified here as a party already consulted and will also be notified of the further consultation.

Relevant Strategic Highways Company	National Highways (previously Highways England)	Y	N	None of the proposed changes alter works to highways for which National Highways is responsible or otherwise engage its strategic highways functions. It is therefore not necessary or proportionate to consult National Highways. SZC proposes to consult Suffolk County Council as the relevant local highway authority.
Marine Scotland Compliance	Marine Scotland Compliance	N	N	The proposed changes have no potential to impact the Scottish marine environment.

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
The Canal and River Trust	The Canal & River Trust	N	N	None of the proposed changes are anticipated to have any impact on inland waterways or land adjacent thereto.
The Civil Aviation Authority	The Civil Aviation Authority	N	N	None of the proposed changes increase maximum construction or operational heights beyond those authorised by the DCO or otherwise alter matters that SZC has identified as engaging the aviation or airspace functions of these bodies. It is therefore not necessary or proportionate to consult them.
Licence Holder (Chapter 1 of Part 1 of Transport Act 2000)	National Air Traffic Services (NATS)	Y	N	
The Coal Authority	The Coal Authority	Y	N	SZC has not identified any aspect of the proposed changes that engages the statutory functions or interests of the Coal Authority. It is therefore not necessary or proportionate to consult the Coal Authority .
The Commission for Architecture and the Built Environment (CABE Design Review)	CABE Design Review	N	N	The proposed changes involve only very limited changes to certain elements of the built form of the power station, with the changes on the LEEIE (Change 1) being only a temporary construction phase use. It is noted that CABE was merged into the Design Council several years ago. It is not

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
				proposed to consult this entity for the above reason.
The Disabled Persons Transport Advisory Committee	The Disabled Persons Transport Advisory Committee	N	N	SZC has not identified any aspect of the proposed changes that engages the functions of the Disabled Persons Transport Advisory Committee. It is therefore not necessary or proportionate to consult the Committee.
The Environment Agency, Waste Regulation Authority	The Environment Agency (West Thames)	N	N	SZC Ltd proposes to consult the Environment Agency, through its central office and the Essex, Norfolk and Suffolk local branch. It is not necessary or proportionate to also consult this geographically more distant branch.
The Forestry Commission	The Forestry Commission	N	N	None of the proposed changes are anticipated to have any impact on forests and woodland.
The Forestry Commission	The Forestry Commission - East of England	N	N	
The Homes and Communities Agency	Homes England (previously the Homes and Communities Agency)	N	N	None of the proposed changes relate to matters within the remit of Homes England.
The Joint Nature Conservation Committee	Joint Nature Conservation Committee	Y	N	The proposed change to the interaction between the DCO and the Deemed Marine Licence for the project (Change 7) relates

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
The Maritime and Coastguard Agency	The Maritime and Coastguard Agency	Y	N	to the marine environment but does not alter the development proposed to be carried out there and is a purely administrative amendment. Given this, the proposed changes do not relate to matters within the remit of either the Joint Nature Conservation Committee nor the Maritime and Coastguard Agency and it is not considered necessary or proportionate to consult either of them.
Special Health Authority	National Treatment Agency	N	N	SZC has reviewed the proposed changes against the functions of these health bodies and has not identified any aspect of NMC1 that engages their specific commissioning, service-delivery, clinical or health-administration functions. SZC proposes to consult the UK Health Security Agency and the Health and Safety Executive in relation to the relevant health matters. It is therefore not necessary or proportionate to consult these additional health bodies.

				disasters. It is therefore not necessary or proportionate to consult the Forum.
The Relevant Police and Crime Commissioner	The Office of the Suffolk Police and Crime Commissioner	N	N	SZC Ltd proposes to consult Suffolk County Council and Suffolk Constabulary. It is not necessary or proportionate to also consult the office of the Police and Crime Commissioner.
The Office of Gas and Electricity Markets (Ofgem)	The Office of Gas and Electricity Markets (Ofgem)	N	N	As above, the proposed changes will not prejudice any statutory undertakers, particularly given the inclusion in Schedule 19 of the DCO of protective provisions that will continue to have effect. It is therefore not necessary or appropriate to consult Ofgem.
Office of Rail and Road	Office of Rail and Road (previously The Office of Rail Regulation)	N	N	Whilst Change 2 relates to simultaneous use of rail facilities at the LEEIE and TCA, the proposed change retains the same controls on hours of operation, limits on train numbers and rail mitigation measures assessed previously and does not increase rail movements overall beyond those assessed at the time of grant of the DCO. In light of this and the fact that the ORR did not submit a relevant representation in

NOT PROTECTIVELY MARKED

Consultee Category	Organisation	Submitted Relevant Representation?	Consult on NMC1?	Reason
				the DCO examination, it is not necessary or proportionate to consult them.
Secretary of State for Defence	Secretary of State for Defence	Y	N	SZC has considered the proposed changes against defence interests and has not identified any aspect of NMC1 that engages the functions or interests of the Secretary of State for Defence. They will therefore cause no prejudice to defence interests.
Secretary of State for Transport	Secretary of State for Transport	N	N	SZC has considered the proposed changes against the functions of the Secretary of State for Transport. Relevant local highway and public rights of way matters are addressed through consultation with Suffolk County Council and relevant rail matters through consultation with Network Rail. SZC has not identified any separate matter arising from NMC1 that requires consultation with the Secretary of State for Transport. It is therefore not necessary or proportionate to consult the Secretary of State.
Trinity House	Trinity House	Y	N	The proposed change to the interaction between the DCO and the Deemed Marine Licence for the project (Change 7) relates to the marine environment but does not

				alter the development proposed to be carried out there and is a purely administrative amendment. Given this, the proposed changes do not relate to matters within the remit of Trinity House and it is not considered necessary or proportionate to consult them.
Additional Consultee	Action with Communities in Rural England, Suffolk (ACRE)	N	N	SZC has reviewed the additional consultees and Interested Party submissions against the individual NMC1 changes. Interested Parties within Leiston-cum-Sizewell civil parish will be captured by the parish-wide consultation. For parties outside the parish, historic participation or interest alone does not establish that they may be directly affected by NMC1. Those additionally proposed for consultation have been identified through that review as having interests sufficiently engaged by one or more of the NMC1 changes, or as parties previously notified of NMC1 who will be notified of the further consultation.

Elected Representatives	Elected representatives	--	N	SZC Ltd proposes to consult East Suffolk Council, Suffolk County Council, Leiston-cum-Sizewell Town Council and the six parish councils listed in the foregoing section of this table as local authorities and town and parish councils to which NMC1 has potential relevance. It is not appropriate or proportionate to consult any additional local authorities or parish councils and, for the same reason, it is not proposed to consult any individual elected representatives. Such representatives, where they form part of one of the relevant authorities, will be made aware of NMC1 by SZC Ltd's consultation of the authority itself. In any event, it is anticipated that many of the specific representatives

				consulted at the time of the DCO application will no longer be in post.
	Other persons with an interest in relevant land; power to sell, convey or release relevant land; or who may be eligible to make a claim as a result of the implementation of the DCO	--	N	SZC proposes to consult the land interests expressly identified in this Schedule whose land, rights or interests may be engaged by NMC1. For the remaining persons in this category, SZC has not identified a basis on which their land, rights or interests are affected by NMC1 or on which they may potentially be entitled to compensation as a result of the proposed changes.
