Dear Sir or Madam,

**The Dogger Bank Creyke Beck Offshore Wind Farm Order 2015 (S.I. 2015/318)
(as amended) (the “DCO”) – Proposed Non-Material Change Application**

REQUEST FOR INFORMATION

1. Thank you for your application of 18 March 2025 on behalf of Dogger Bank Offshore Wind Farm Project 1 Projco and Dogger Bank Offshore Wind Farm Project 2 Projco (“the Applicant”) for the two authorised projects, which are not material to be made to the Order under section 153 of, and Schedule 6 to, the Planning Act 2008 (“PA2008”).
2. After reviewing the application, the Secretary of State for Energy Security & Net Zero requests that the Applicant provide clarification on the following matters:
 - The requested amendments to the definitions in Part 3 of Schedule 1 to the Order mean that Works Nos. 3A and 3B (i.e., cabling works) have now been defined as onshore works rather than offshore despite being included as offshore throughout the remainder of the Order (including the deemed marine licences). This potentially has impacts on other requirements which are not the subject of amendments, including, for example, in requirement 6 (detailed offshore design parameters) and requirement 34. **The Applicant** is asked to provide an explanation for this drafting change and details as to how it will affect/interact with other provisions in the Order, including the deemed marine licences.
 - It is noted that under the new definitions, for the purposes of the requirements Work No.7 will be split into Project A works and Project B works. **The Applicant** is asked to confirm whether there will be any shared works remaining in Work No. 7, for example, landscaping.
 - Work Nos. 2BA and 2BC appear to have been omitted from the amended offshore definitions. **The Applicant** is asked to provide reasons for this, or confirmation that this is an oversight.

3. Responses should be submitted by email only to dbcreykebeck@planninginspectorate.gov.uk, **by 23:59 on 4 September 2025.**
4. Responses will be published on the Dogger Bank Creyke Beck project page of the National Infrastructure Planning website: <https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010021> as soon as possible after 4 September 2025.

Yours faithfully,

James Dawkins
