

**SECTION 153 OF THE PLANNING ACT 2008 AND REGULATION 6 OF THE INFRASTRUCTURE PLANNING (CHANGES TO, AND REVOCATION OF, DEVELOPMENT CONSENT ORDERS) REGULATIONS 2011  
NOTICE OF APPLICATION TO MAKE A NON-MATERIAL CHANGE TO THE FOLLOWING DEVELOPMENT CONSENT ORDER:**

**North Killingholme (Generating Station) Order 2014 as corrected and amended by the North Killingholme (Generating Station) (Correction) Order 2015 and the North Killingholme (Generating Station) (Amendment) Order 2021**

Notice is hereby given that an application has been made by Uniper UK Limited ("Uniper") of Compton House 2300 The Crescent, Birmingham Business Park, Birmingham, England, B37 7YE, to the Secretary of State for Energy Security and Net Zero to make a non-material change to the North Killingholme (Generating Station) Order 2014 as corrected and amended by the North Killingholme (Generating Station) (Correction) Order 2015 and the North Killingholme (Generating Station) (Amendment) Order 2021 (together "the Order") under the Planning Act 2008 ("the Application").

The Order originally granted development consent for the construction and operation of a new 470MWe thermal generating station with associated development at North Killingholme, North Lincolnshire ("the North Killingholme Power Project"). The generating station as consented in the Order would operate either as a Combined Cycle Gas Turbine ("CCGT") plant or as an Integrated Gasification Combined Cycle ("IGCC") plant.

The North Killingholme (Generating Station) (Amendment) Order 2021 granted consent for changes to the Order which extended the time limit for commencing the Authorised Development by five years, to 1 October 2026, as well as making amendments to Articles 2 (Interpretation); 34 (Certification of plans, etc.); and Part 3 (Requirements) of Schedule 1 (Authorised development) to allow for the CCGT to be developed and operated without requiring development of the IGCC generating station. As part of this amendment, land was identified and secured to be used to satisfy the Carbon Capture Readiness obligations (the "CCR provisions"), set out in the Carbon Capture Readiness (Electricity Generating Stations) Regulations 2013.

**APPLICATION FOR A NON-MATERIAL CHANGE TO THE ORDER**

The Application seeks non-material changes to the Order to allow for an increase in output capacity from 470MWe to 550MWe. Either output would be delivered from the same gas turbine technology, but the higher output will enable the plant to run more efficiently and will also align with the grid export connection limit. In addition, minor ancillary changes are proposed to be made to the Order. These include minor changes to internal boundaries of Work No. 1 to enable the CCGT build to be optimised, and minor changes to several building parameters specified in Schedule 1 Part 2 to the DCO are proposed to align with the design work undertaken for the CCGT. Finally, to accommodate the appropriate carbon capture infrastructure in a suitable location in terms of process flow, it is proposed that the land currently reserved to meet the CCR provisions is reprovisioned to an alternative area of land immediately to the west of the Order Limits, which is owned by, and is under the control of, Uniper.

**COPIES OF THE APPLICATION DOCUMENTS**

The Application and its accompanying documents, plans and drawings (including those showing the nature and location of the relevant land) will be available from 8 August until 5 September 2025 for inspection free of charge online at the following web addresses:

The Planning Inspectorate's National Infrastructure Planning website (the below is the relevant project-specific webpage for the North Killingholme Power Project) - To obtain any of the above-mentioned application documents from this webpage, please use this link below: <https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010038>

The materials are also available on the Uniper project website: [www.uniper.energy/killingholme-low-carbon-power/consents-permitting](http://www.uniper.energy/killingholme-low-carbon-power/consents-permitting)

If you would like a hard copy of any of the above-mentioned application documents sent to you free of charge, then please contact Uniper's Community Relations Team using the following contact information:

**Email:** [klcp@communityfeedback.co.uk](mailto:klcp@communityfeedback.co.uk)

**Telephone:** 0800 066 8941

**Postal address:** FREEPOST KLCP

In addition, if you have any enquiries on where to find relevant information, or on the documentation itself, then please contact the Uniper project team using the above email address or telephone number. The above-mentioned application documents will be available for inspection online on the above websites throughout the duration of the consultation - until 11.59pm on 5 September 2025, being the date which is the deadline for receipt of representations on the Application (as referred to below).

Uniper will make available hard copies of the application documents for public inspection, free of charge between 8 August and 5 September 2025, at the locations listed below:

Venue	Address	Opening Hours
Barton Library	Baysgarth Leisure Centre, Baysgarth Park, Brigg Road, Barton upon Humber, DN18 5DT	Monday: 9am to 6pm Tuesday: 9am to 5pm Wednesday: 9am to 5pm Thursday: 9am to 6pm Friday: 9am to 5pm Sat & Sun: 9am to 3pm
Scunthorpe Central Library	Carlton Street, Scunthorpe, North Lincolnshire, DN15 6TX	Monday to Friday: 9am to 5pm Saturday: 9am to 1pm
Goxhill Library	The Parish Room, Howe Lane, Barrow Upon Humber, DN19 7HS	Monday: 2pm to 6pm Tuesday: closed Wednesday: 2pm to 5pm Thursday: closed Friday: 3.30pm to 6pm Sat & Sun: closed
Immingham Library	Civic Centre, Pelham Road, Immingham, DN40 1QF	Monday to Friday: 9am to 5pm Saturday: 9am to 1pm Sunday: closed Bank Holidays: closed

We recommend that you contact the deposit locations before travelling to view hard copy documents, to confirm that the venues are open and documents are available to view.

**MAKING REPRESENTATIONS REGARDING THE APPLICATION**

If you would like to comment on any of the proposed non-material changes, please send any representations about the application by email to the Secretary of State c/o the Planning Inspectorate at [NorthKillingholme@planninginspectorate.gov.uk](mailto:NorthKillingholme@planninginspectorate.gov.uk) or in writing to:

National Infrastructure, The Planning Inspectorate  
Temple Quay House  
2 The Square  
Bristol  
BS1 6PN

Where possible, the Planning Inspectorate encourages consultees to submit their responses electronically. Please quote reference North Killingholme Power Project - EN010038 on any correspondence. Representations will be made public by being published on the Planning Inspectorate's website. Please note that the deadline for receipt of representations on the Application is 11:59pm on 5 September 2025.
