28 January 2026

Dear Cameron Dobbie,

**Planning Act 2008 and The Infrastructure Planning (Examination Procedure) Rules 2010**

**Application by Uniper UK Limited (“the Applicant”) for a non-material change to Development Consent Order ('the Order') (SI 2014/2434)**

1. Thank you for your letter dated 15 January 2026 responding to our previous correspondence dated 18 December 2025, in which we noted that no response had been received to the original consultation on the NMC application and requested that comments now be provided.
2. In your reply, you indicated that notification of the application had not been received and that, as a result, you had not had the opportunity to comment, rather than providing a substantive response to the application. We note that, in our correspondence dated 18 December 2025, we requested views and provided a link to the original NMC consultation, through which a full response could have been submitted. The Application and its accompanying documents, plans and drawings, along with the Applicant's response to our letter dated 18 December 2025, can be viewed on the Planning Inspectorate's National Infrastructure Planning website at: <https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010038>.
3. To ensure that all relevant views are fully considered, we are therefore writing to provide a further opportunity to now provide a response to the NMC application. Please consider this letter as a final request to provide a response to the NMC application.

4. Please provide comments at the earliest opportunity and no later than **11 February 2026**.
5. Responses should be submitted by email only to [NorthKillingholme@planninginspectorate.gov.uk](mailto:NorthKillingholme@planninginspectorate.gov.uk).
6. Responses will be published on the North Killingholme Power Project project page of the National Infrastructure Planning website as soon as possible after **11 February 2026**:  
<https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN010038>
7. Please note that, should no response be received by this deadline, we will proceed on the basis of the information available to us.

Yours sincerely,

Ben Million  
Head of Energy Infrastructure Planning
