Danskernes Fiskere – et fællesskab til gavn for dansk fiskeri. Danmarks Fiskeriforening Producent Organisation (DFPO) samler de danske fiskere. Vi repræsenterer mere end 600 fiskefartøjer, som fanger fisk og skaldyr, og vi samarbejder med 29 lokale fiskeriforeninger landet over. Vores medlemmer leverer sunde, klimavenlige og velsmagende fødevarer, de sikrer op mod 16.000 arbejdspladser særligt omkring havnesamfundene, og så bidrager de med store eksportindtægter til gavn for dansk økonomi. Alt sammen med bæredygtighed for øje – Danskernes fiskere stræber hele tiden på at blive bedre i forhold til social, økonomisk og miljømæssig bæredygtighed.

**Subject:** Fw: Dogger Bank C Offshore Wind Farm – Non-Material Change application to the DCO - Stakeholder Consultation Request

Dear Henrik,

I'm writing to you on behalf of Dogger Bank Teesside A Offshore Wind Farm (now known as Dogger Bank C Offshore Wind Farm). The Project has submitted a Non-Material Change (NMC) to the Development Consent Order (DCO) to increase the maximum hammer energy used for pin-piles in the Offshore Substation Platform Foundation installation to 3,000 kJ from the originally consented 1,900 kJ.

You have been identified as a party to consult on this application in accordance with Regulation 7 of the Infrastructure Planning Regulations 2011 as you were previously consulted about the DCO application and you are formally being consulted on this.

Please find enclosed in support of this NMC Application:

- a Cover Letter
- an Environmental Report
- a Marine Mammal Technical Report
- a Draft Amendment Order, containing the changes to the DCO that the Project Company is seeking; and
- a Tracked Change version of the DCO, showing the effect of the amendment order on the DCO
- a Regulation 6 Notice
- a Regulation 7 Letter

If you have any issues accessing the documents then please let me know.

Kind regards,

**Vaishali Phippen MSc**
