Dear Sir

I am writing on behalf of my client Mr C Allhusen, [REDACTED]

It is noted in the Examination Timetable that ASIs will be undertaken on 25th and 26th March 2019. The sites to be inspected are yet to be identified/published. Our client is keen that these inspections should include the site selected for the substation and converter station to be able to fully understand the impact on the area. If helpfully he would be more than happy to accommodate access to the site. It needs to be remembered that Norfolk Vanguard is one of two substations/ converters stations, the other being Norfolk Boreas, being proposed for the site.

To that end I would be grateful if you can confirm that this will be an ASI.

Kind regards

Jane
