Date: 25 April 2019

Dear Mr Lean

Planning Act 2008 (as amended)

Application by Norfolk Vanguard Limited for an Order Granting Development Consent for the Norfolk Vanguard Offshore Wind Farm Project

Procedural Decision

The Panel acknowledges receipt of the Applicant's letter of 12 December 2018 submitting a Change Report outlining minor changes to the offshore electrical platforms; onshore cable route accesses; cable route; and National Grid tower locations.

The Panel has also received the Applicant's Deadline 4 submission of a minor change request for amendment to land rights sought at the existing National Grid Substation.

Both of these documents have been published on the project page of the National Infrastructure Planning website and have been available to all parties for comment.

The Panel has considered these changes and concluded that they do not constitute a material change to the application. Therefore the Panel has made a Procedural Decision that these changes will be examined as part of the application submitted on 26 June 2018.

Yours sincerely

Karen Ridge

Lead Member of the Panel of Examining Inspectors
