Subject: Norfolk Vanguard - Redetermination of Development Consent Order (DCO)

FAO Gareth Leigh
Head of Energy Infrastructure Planning

Thank you for your letter dated 29 April 2021.

As the matters to be reconsidered in the above letter relate to the District Council's function as Local Planning Authority (LPA) (i.e. relating to any assessment of cumulative landscape and visual impact of the Norfolk Vanguard and Norfolk Boreas Projects relating to the substation at Necton); and as the County Council has not raised any of these matters as part of its consultation response to either the Norfolk Vanguard or Norfolk Boreas projects, I can confirm that Norfolk County Council has no further comments to make on either of these Wind Farm Projects.

It will therefore be a matter for the respective Local Planning Authorities to comment on the detailed matters raised in your letter, relating to:

- (a) The procedure the Secretary of State intends to follow;
- (b) The re-opening of the Examination; and
- (c) Additional material to consider.

If you have any queries please call or email me.

Kind regards

Stephen
