Our Ref: EN010080

Date: 4 May 2017

Dear Dr Ankers

The Planning Act 2008 (as amended)

Proposed application by DONG Energy for an order granting development consent for the proposed Hornsea Three Offshore windfarm

Pre application

Thank you for your letter of 26 April in relation to the above mentioned project.

It is for the applicant to define the scope of its site search and selection methodology and as no application has yet been received by the Planning Inspectorate, we can only accept your letter for information purposes.

A copy of your correspondence has been placed on our records, however I would strongly encourage you to continue your dialogue with the developer to make your concerns known and to influence the project as under Section 49 of the Planning Act 2008 (as amended) the developer has a duty to demonstrate it has had regard to responses received.

If an application for development consent is formally accepted by the Secretary of State, as you point out you will be able to submit your views in relation to the project which will be considered by the Examining Authority during their examination.

Yours sincerely

Kay Sully

Advice may be given about applying for an order granting development consent or making representations about an application (or a proposed application). This communication does not however constitute legal advice upon which you can rely and you should obtain your own legal advice and professional advice as required.

A record of the advice which is provided will be recorded on the National Infrastructure Planning website together with the name of the person or organisation who asked for the advice. The privacy of any other personal information will be protected in accordance with our Information Charter which you should view before sending information to the Planning Inspectorate.
