Deadline 3 Submission by the Applicant

Dear Hefin,

We are pleased to enclose Cleve Hill Solar Park Ltd's ("the Applicant's") Deadline 3 (1 August 2019) submission which has been prepared by the Applicant in response to the Rule 8 letter issued by the Examining Authority (ExA) on 07 June 2019.

[REDACTED] submitted via emails and USB drive. A tracker is provided to make clear which documents have been issued with each email.

Submissions Requested by the ExA

As requested in the Examination Timetable included in Annex A to the Rule 8 letter, the following documents have been submitted:

- Written summaries of oral submissions put at any hearings held between 16 and 25 July 2019;
- An updated Guide to the Application;
- An updated version of the dDCO in clean, tracked and word versions;
- Comments on responses submitted for Deadline 2;
- Progressed Statements of Common Ground;
- Updated versions of application documents; and
- Other Submissions.

The Rule 8 letter included deadlines for additional documents to those listed above at Deadline 3. An update on the status of these documents is provided below:

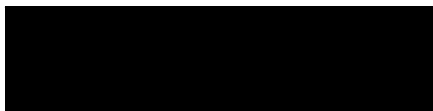

- The Applicant's Comments on Swale Borough Council, Kent County Council and Canterbury City Council's Local Impact Reports were provided at Deadline 2 [REP2-033], [REP2-034] and REP035].
- The Applicant provided an update at the Compulsory Acquisition Hearing on 16 July 2019 that an updated Compulsory Acquisition Schedule would next be submitted for Deadline 4.
- The Applicant's comments on responses to the ExA's Written Questions were provided as an additional submission between Deadline 2 and Deadline 3 [AS-023].

The updated Guide to the Application (Revision D) sets out in detail the documents submitted.

During the recent hearings, the Applicant invited the ExA to seek confirmation from DEFRA of when the Environment Agency's Medway Estuary and Swale Strategy (MEASS) policy document will be formally adopted and published. The Applicant wishes to repeat that request here in writing as it believes that publication of the MEASS would assist the ExA and several Interested Parties if that occurred before the end of the Examination.

Should there be any queries or issues with the documents submitted, please do not hesitate to contact the Applicant's project team.

Yours sincerely,

Hugh Brennan
