EXECUTIVE SUMMARY

1. This Application Guide provides an overview of the Proposed Scheme and the documents that make up the Development Consent Order (DCO) Application (the Application) submitted by Drax Power Limited (Drax or the Applicant) to the Secretary of State (SoS) for Business, Energy and Industrial Strategy under section 37 of The Planning Act 2008 (the PA 2008). This is to allow readers of the Application to easily find the information they are looking for. It is a live document that is being updated regularly to record the latest version of all documents.
2. The submitted documents have been grouped together into folder categories, in line with the Planning Inspectorate's website. These are as follows:
 1. Application Form
 2. Plans
 3. Draft Development Consent Orders
 4. Compulsory Acquisition Information
 5. Reports
 6. Environmental Statement
 7. Other
 8. Examination Documentation
3. It is noted that the Application Guide has been updated several times since submission of the Application to reflect updates to other documents. Further, Category 8 has been added following the acceptance of the Application for Examination.
4. Each of the documents that make up the Application has been given a unique document reference number in accordance with the PINS advice note six, so they can be easily identified.

INTRODUCTION

1. Overview

- 1.1 This Application Guide (document reference 1.2) has been prepared on behalf of Drax Power Limited (Drax or the Applicant) to support the Application for a Development Consent Order (DCO) (the Application) that has been submitted to the Secretary of State (SoS) for Business, Energy and Industrial Strategy under section 37 of The Planning Act 2008 (the PA 2008).
- 1.2 Updated versions of this Guide have been submitted on 03 July 2018 (Rev 002), 09 July 2018 (Rev 003) 29 August 2018 (Rev 004), 18 October 2018 (Rev 005), 08 November 2018 (Rev 006) and 22 November 2018 (Rev 007) to reflect updates to other submission documents.
- 1.3 Further updated versions will be submitted for each further Deadline during the Examination, which commenced on 04 October 2018.
- 1.4 The Applicant is seeking a DCO for the repowering of up to two existing coal-powered generating units (Units 5 and 6) at the Existing Drax Power Station Complex (described in Chapter 3 of the Environmental Statement (ES) Volume 1 (Examination Library Reference [APP-071](#)), with a combined capacity of up to 3,800 MW in combined cycle mode, including a new gas supply pipeline connection, battery storage (subject to technology and commercial considerations) and other associated development (together referred to as the Proposed Scheme) on land at and in the vicinity of the Existing Drax Power Station Complex.
- 1.5 A DCO is required for the Proposed Scheme as it falls within the definition and thresholds for a Nationally Significant Infrastructure Project (NSIP) under the PA 2008 under sections 14 and 15(2) of the PA 2008.
- 1.6 The DCO, if made by the SoS for Business, Energy and Industrial Strategy, would be known as The Drax Power (Generating Stations) Order.

2. The Purpose of this Document

- 2.1 This Application Guide provides a brief overview of the Proposed Scheme and signposts to the documents that make up the Application submitted to the SoS, so that readers of the Application can easily find the information that they are looking for. This guide is a live document that will be updated to record the latest version of all documents submitted as part of the application process.
- 2.2 Regulation 5 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (the APFP Regulations) sets out the documents that all DCO applications must include. It also provides for the submission of “*any other documents considered necessary to support the application*” as well as “*any other plans, drawings and sections necessary to describe the proposals*.”
- 2.3 Regulation 6 of the APFP Regulations sets out the specific documentation required in support of DCO applications for particular types of development, including generating stations and pipelines.

- 2.4 The Proposed Scheme constitutes Environmental Impact Assessment (EIA) development and, therefore, the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the EIA Regulations) and requirements contained therein apply.
- 2.5 This document provides a brief overview of the documents that have been submitted to satisfy the above Regulations.
- 2.6 Table 5 of the Application Guide has previously been updated to reflect new revisions to documentation submitted with the DCO Application. For the examination, this Guide has been updated as a whole to reflect the addition of new documentation to be submitted for the examination ("Category 8 documents").
- 2.7 At the request of the Examining Authority ("ExA") at the Preliminary Meeting on 04 October 2018, Table 5 has been updated to adopt a colour coding system to better visualise the most recent versions of any submission documents. The colour coding system is explained within Section 9 of this report.

3. Application Documents

- 3.1 The documents submitted in support of the Application have been grouped together as per the following folder categories on the Planning Inspectorate's (PINS) project website:

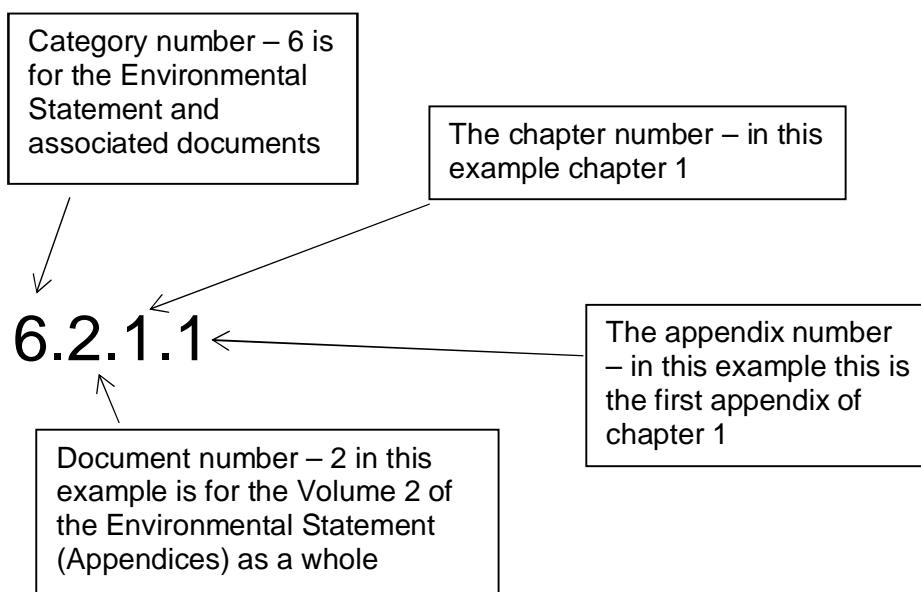

Table 1 – Application Documents

Category	Context
1. Application Form	Provides the first documents of the Application, including the Cover Letter and Application Form
2. Plans	Contains the relevant plans required by the APFP Regulations
3. Draft Development Consent Orders	Contains the draft DCO and Explanatory Memorandum
4. Compulsory Acquisition Information	Provides evidence of why and where legal powers of compulsory acquisition being sought, as well as information on how the Proposed Scheme is to be funded
5. Reports	Provides the reports containing the details of the pre-application consultation (Consultation Report), Planning Statement and the other reports
6. Environmental Statement (ES)	Provides the environmental information from the assessment of potentially significant effects on the environment
7. Other	Includes additional documents produced for the application submission
8. Examination Documentation	Includes any new documents submitted during the Examination

- 3.2 To access the documents, visit the Planning Inspectorate website:
<https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/drax-re-power/>
- 3.3 Category 8 documents (Examination Documentation) can be found on the PINS website under the 'Examination' tab.
- 3.4 In accordance with the PINS Advice note six: Preparation and submission of application documents, each document has been given a unique document reference number, as described in the following sections.

4. Document Numbering

- 4.1 The documents submitted as part of the Application follow a consistent numbering format, with the category number (1 to 7) being the first digit of a document number. This is followed by the document number, and, where relevant, the Chapter and / or Appendix number if these are standalone documents.
- 4.2 For example, Appendix 1 associated with Chapter 1 of the Environmental Statement is numbered as follows:

- 4.3 Appendix numbering in the Consultation Report (document reference 5.1) follows chronologically, as the appendices do not necessarily relate to specific chapters or sections of the main report, e.g. Appendix 1 of the Consultation Report is document reference 5.1.1.
- 4.4 Documents starting with the number “8” are Category 8 submitted for the Examination.

5. Drax Power Limited

- 5.1 Drax Power Limited (Drax or the Applicant) is a subsidiary of Drax Group plc and is a UK energy business committed to helping change the way energy is generated, supplied and used, as the UK moves to a low carbon future.
- 5.2 Drax owns and operates the existing Drax Power Station, including a portion of the land required for the Proposed Scheme.

6. Site and Project Description

Existing Drax Power Station Complex

- 6.1 Drax Power Station is a large power station, comprising originally of six coal-fired units. It was originally built, owned and operated by the Central Electricity Generating Board and had a capacity of just under 2,000 MW when Phase 1 was completed in 1975. Its current capacity is 4,000 MW after the construction of Phase 2 in 1986.

- 6.2 Three of the original six coal-fired units are now converted to biomass (Units 1-3) and this is assessed as the current baseline in the Environmental Statement (ES) (document reference 6.1). By the latter half of 2018, four units (Units 1-4) will run on biomass with only two units (Units 5 and 6) running on coal. One or both of Units 5 and 6 will be repowered as part of the Proposed Scheme, this means the existing coal-fired units would be decommissioned and replaced with newly constructed gas-fired units utilising some of the existing infrastructure. The area within the Existing Drax Power Station Complex where development is proposed is referred to as the Power Station Site and is approximately 46.01 ha.

Pipeline Area

- 6.3 The Gas Pipeline route is approximately 3 km in length and crosses agricultural land to the east of the Existing Drax Power Station Complex. The land within the Pipeline Construction Area is 25.4 ha and the land within the Pipeline Operational Area is 2.4 ha.
- 6.4 An additional area is located on Rusholme Lane (Rusholme Lane Area) to accommodate a potential passing place for traffic during construction of the Gas Pipeline. This is considered to be part of the Pipeline Area.

Site Boundary

- 6.5 The Site is approximately 71.41 ha and lies approximately 4 m Above Ordnance Datum (AOD).
- 6.6 The Site Boundary (depicted with a red line on the Site Location Plan (submitted at Deadline 2, Examination Library Reference [REP2-005](#)) represents the maximum extent of all potential permanent and temporary works required as part of the Proposed Scheme.
- 6.7 The Power Station Site, the Carbon capture readiness reserve space and the Pipeline Area (including the Rusholme Lane Area) have been divided into a number of Development Parcels shown on Chapter 1 (Introduction) Figure 1.3. of the ES (Examination Library Reference [APP-069](#)).
- 6.8 The current land uses at these development parcels are described in Table 3-1 of the ES Chapter 3 (Site and Project Description) (Examination Library Reference [APP-071](#)).

The Proposed Scheme

- 6.9 Drax is proposing to repower up to two existing coal-fired units (known as Unit 5 and Unit 6) with gas – this means the existing coal-fired units would be decommissioned and replaced with newly constructed gas-fired units utilising some of the existing infrastructure. Each unit, which is a new gas fired generating station in its own right, would comprise combined cycle gas turbine (“CCGT”) and open cycle gas turbine (“OCGT”) technology. Each new gas generating unit would also use existing infrastructure, including the cooling system and steam turbines, and would each have a capacity of up to 1,800 MW, replacing existing units each with a capacity of up to 660 MW. Each unit would have a battery storage capability (subject to technology and commercial considerations). Should both units be repowered, the new gas-fired units / generating stations would have a total combined capacity of up to 3,800 MW.
- 6.10 Drax is seeking consent for the flexibility to construct a single generating station with an 1,800 MW generating capacity or to construct two generating stations each with an 1,800 MW generating capacity. The construction of each new gas fired generating station would repower either one or both of Unit 5 and Unit 6. The decision as to whether Drax constructs one or two gas fired generating stations and when, is a commercial decision that can only be taken post any consent being granted.
- 6.11 In order to repower to gas, a new Gas Pipeline needs to be constructed from Drax Power Station to the National Gas Transmission System (“NTS”). In addition, an Above Ground Installation (“AGI”), and Gas Receiving Facility (“GRF”) are required. A connection to the electrical network would be made via the existing National Grid Substation within the Existing Drax Power Station Complex. Other development includes construction laydown areas, a passing place to enable the construction of the Gas Pipeline and a temporary footbridge during construction.
- 6.12 The development being applied for is called the "Proposed Scheme" and is more fully described in Schedule 1 of the draft Development Consent Order (where it is termed the "Authorised Development"). The Proposed Scheme is described in detail in Chapter 3 (Site and Project Description) of the Environmental Statement (Examination Library reference [APP-071](#)), along with the Removal of Stage 0 (as set out in the Cover Letter submitted at Deadline 2 (Examination Library Reference [REP2-003](#)) pursuant to the non-material amendment application submitted at Deadline 2 and the Assessment of Non-Material Amendments to Proposed Scheme (Applicant's Document Reference 8.4.8) submitted at Deadline 3.
- 6.13 The Proposed Scheme includes the construction of a generating station with a capacity of more than 50 MW and accordingly meets the criteria given in the Planning Act 2008 (as amended) ("PA 2008") for being a Nationally Significant Infrastructure Project ("NSIP").
- 6.14 As a NSIP, the Proposed Scheme therefore requires a Development Consent Order ("DCO") from the SoS for Business, Energy and Industrial Strategy.

1 APPLICATION FORM

1.1 Overview

- 1.1.1 The documents in the Application Form folder on the PINS website form the first documents of the Application.

[Document Reference 1.1 Cover Letter](#)

- 1.1.2 The cover letter has been prepared by Drax. It provides a brief overview of the Proposed Scheme and introduction to the Application.

[Document Reference 1.2 Application Guide](#)

- 1.1.3 The purpose of this Application Guide is explained in paragraphs 2.1 –2.5 above.

[Document Reference 1.3 Application Form](#)

- 1.1.4 The Application Form is the standard form provided by PINS and provides a high level summary of the Proposed Scheme and the documents that have been submitted with the Application.

[Document Reference 1.4 Section 55 Checklist](#)

- 1.1.5 The Section 55 Checklist is provided as a schedule of compliance to evidence how the Application fulfils the conditions for acceptance required by PINS under section 55 of the PA 2008.

[Document Reference 1.5 Electronic Application Index](#)

- 1.1.6 The Electronic Application Index provides a list of electronic file names and document reference numbers for all of the DCO Application documents.

[Document Reference 1.6 Glossary](#)

- 1.1.7 The standalone Glossary provides a complete list of all terminology and abbreviations contained within all of the Application documents. Most Application document contains just those terms and abbreviations from the standalone Glossary that are used in that document.

2 PLANS

2.1 Overview

- 2.1.1 The documents in the Plans folder contains the plans which show where and how Drax propose to undertake its proposed works.

- 2.1.2 In accordance with PINS Advice note six, where there are multiple sheets within a set of linear plans, a key plan is provided to enable the viewer to understand the relationship between the different sheets.

- 2.1.3 The plans show the location of the Proposed Scheme and the land required to build it as well as illustrating technical detail.

[Document Reference 2.1 Site Location Plan](#)

- 2.1.4 The Site Location Plan identifies the location of the Proposed Scheme in its wider context.

Document Reference 2.2 Land Plans

2.1.5 The Land Plans correspond to the Book of Reference (document reference 4.3) and set out:

- The land required for, or affected by, the Proposed Scheme.
- Any land which it is proposed is acquired.
- Land over which it is proposed new rights in the land are acquired, or over which it is proposed to suspend and / or extinguish rights, restrictions, easements or servitudes.
- Any land over which it is proposed to take temporary possession and any land in which it is proposed to, if proven necessary, undertake protective works.

Document Reference 2.3 Works Plans

2.1.6 The Works Plans show the proposed works including the alignment of the Gas Pipeline and the limits of deviation within which the development and works may be carried out:

- 2.3A Works Plans;
- 2.3B Indicative Works Associated with Unit Y; and
- 2.3C Indicative Works Associated with Unit Y.

2.1.7 The works are numbered and the numbers correspond to the numbered works set out in Schedule 1 of the draft DCO (document reference. 3.1) which are to be authorised by the DCO.

Document Reference 2.4 Access and Rights of Way Plans

2.1.8 These plans identify any new or altered means of access, stopping up of streets or roads and any diversions and the extinguishment or creation of Public Rights of Way (PRoW).

Document Reference 2.5 Indicative Plant Layout

2.1.9 These plans show the indicative plant layout for both options of the Proposed Scheme:

- 2.5A Two Unit Option Indicative Plant Layout; and
- 2.5B One Unit Option Indicative Plant Layout

Document Reference 2.6 Indicative Elevations

2.1.10 These plans show the indicative elevations of the Proposed Scheme:

- 2.6A Indicative Plant Elevations;
- 2.6B Indicative Gas Receiving Facility and Gas Compressor Building Elevations; and
- 2.6C Indicative Above Ground Gas Installation Elevations.

Document Reference 2.7 Site Reconfiguration Works Plans

2.1.11 These plans are for the Site Reconfiguration Works (Stage 0). They were also submitted to Selby District Council (SDC) as part of a planning application (reference 2018/0154/FULM) made under the Town and Country Planning Act 1990 (as amended) (TCPA 1990), validated on 27 February 2018 and granted on 24 May 2018. This planning application has since been lawfully implemented, and the Applicant has sought to remove Stage 0 from the DCO Application by way of a non-material amendment application submitted at Deadline 2 of the Examination (Examination Library Reference [REP2-003](#)).

[Document Reference 2.8 Pedestrian Bridge Plan](#)

- 2.1.12 These plans were also submitted to Selby District Council as part of a planning application (Reference 2010/0183/FUL) made under the TCPA 1990 (as amended), decided on 23 April 2010.
- 2.1.13 The permission has not been implemented and has now lapsed, which is why Drax is seeking approval for these works through the DCO.

3 DRAFT DEVELOPMENT CONSENT ORDERS

3.1 Overview

- 3.1.1 In order to repower up to two existing coal-powered generating units with new gas turbines, Drax require consent from the Government. The documents within this category outline the legal powers Drax is seeking.

[Document Reference 3.1 Draft Development Consent Order](#)

- 3.1.2 The Draft DCO is the draft statutory instrument that the Applicant seeks should be made, if the SoS is minded to grant consent for the Proposed Scheme. The DCO authorises the Proposed Development and includes various powers that the Applicant is seeking to enable it to construct, operate and maintain the Proposed Scheme. It comprises 14 schedules as outlined below:

Schedule 1 Authorised Development – lists the works that would be authorised by the DCO, and which correspond to the numbered works shown on the Works Plans.

Schedule 2 Requirements – sets out the requirements that Drax would be required to accord with when constructing, operating, maintaining and decommissioning the development authorised by the DCO.

Schedule 3 Streets Subject to Street Works – lists the street names that will be subject to street works and the description of the works, which correspond to the Access and Rights of way plans.

Schedule 4 Streets Subject to Permanent and Temporary Alteration of Layout – lists the street names that will be subject to either permanent or temporary alterations of layout, which correspond to the Access and Rights of Way Plans.

Schedule 5 Access – Lists the streets whereby parts of the access are to be maintained at either the public expense or by the street authority and the streets with works to restore the temporary access which will be maintained by the street authority. Each access is described by reference to the Access and Rights of Way Plans.

Schedule 6 Streets and Public Rights of Way to be Temporarily Stopped Up – details the streets and public rights of way to be temporarily stopped up, with descriptions which correspond to the Access and Rights of Way Plans.

Schedule 7 Public Rights of Way to be Permanently Stopped Up – details the public rights of way to be permanently stopped up, with descriptions which correspond to the Access and Rights of Way Plans.

Schedule 8 Land in Which Only New Rights etc May be Acquired – lists the plots of land from the Land Plans in which new rights may be acquired, with a description of the rights.

Schedule 9 Modification of Compensation and Compulsory Purchase Enactments for Creation of New Rights – sets out changes to the existing compulsory purchase regime to enable the compulsory acquisition of new rights pursuant to the DCO.

Schedule 10 Land of which Temporary Possession may be taken – details the plots of land from the Land Plans that may be temporarily possessed and includes a description of the purpose for the temporary possession.

Schedule 11 Procedure for Discharge – sets out how applications for consent and approval under the provisions of the DCO will be discharged, including the procedure for appeals.

Schedule 12 Protective Provisions – sets out the individual provisions that will regulate the relationship between the Applicant and statutory undertakers who have apparatus which may be affected by the Proposed Scheme.

Schedule 13 Design Parameters – sets out the maximum parameters in respect of the temporary construction works and Units X and Y.

Schedule 14 Temporary Prohibition Of Traffic – sets out provisions in relation to the temporary closure of the M62 during construction.

Schedule 15 — Documents And Plans To Be Certified – set outs the documents and plans to be certified by the Secretary of State.

[Document Reference 3.2 Explanatory Memorandum](#)

- 3.1.3 The Explanatory Memorandum explains the purpose and effect of each provision in the draft DCO, including why it is considered necessary.

4 COMPULSORY ACQUISITION INFORMATION

4.1 Overview

- 4.1.1 In order to implement the Proposed Scheme, the Applicant will need to use statutory powers to acquire land and rights in land, to extinguish existing rights, and to possess and use land temporarily. The Applicant is required to provide evidence that the use of these powers would be justified, proportionate and in the public interest and this evidence is set out in a Statement of Reasons (document reference 4.1), Funding Statement (document reference 4.2), Book of Reference (document reference 4.3) and Compulsory Acquisition Schedule (document reference 4.4) as explained below.

[Document Reference 4.1 Statement of Reasons](#)

- 4.1.2 The Statement of Reasons explains that there is a case of public interest which would justify the Applicant's exercise of powers of compulsory acquisition in order to acquire land and rights permanently, to extinguish rights, and to use land temporarily to enable the Applicant to construct, operate and maintain the proposals.

Document Reference 4.2 Funding Statement

- 4.1.3 This statement explains how the Proposed Scheme would be funded including any land to be purchased through compulsory acquisition.

Document Reference 4.3 Book of Reference

- 4.1.4 The Book of Reference identifies all parties who own or occupy land and/or have an interest in or right over the land affected by the proposal, and/or who may be entitled to make a 'relevant claim' as defined in section 57 of the PA 2008. It is structured in five parts in accordance with relevant regulatory requirements. The five parts are:

- **Part 1:** Names and addresses for service of each person within categories 1 and 2 as set out in section 57 of the PA 2008.
- **Part 2:** Names and addresses for service of each person within category 3 as defined in section 57 of the PA 2008, who would or might be entitled to make a relevant claim as defined in section 57(14) of the PA 2008.
- **Part 3:** Names and addresses of those persons whose entitlement to enjoy private easements of rights may be extinguished, suspended or interfered with.
- **Part 4:** Names and addresses of the owner of any Crown interest in the land which is proposed to be used for the purposes of the Proposed Scheme.
- **Part 5:** Land which is special category land, land the acquisition of which is subject to Special Parliamentary Procedure, or is replacement land.

- 4.1.5 For each plot of land described in the Book of Reference and being land within which it is intended that all or part of the Proposed Scheme shall be carried out, the area in square metres of that plot is given.

Document Reference 4.4 Compulsory Acquisition Schedule

- 4.1.6 This schedule lists all land (with plot numbers corresponding to the Land Plans) which is sought to be acquired, over which rights are sought to be acquired or extinguished, over which temporary possession is sought, or over which rights and restrictions are sought to be temporarily suspended. The schedule includes an entry for each interest in such land, and sets out who owns the interest, the nature of the interest, and what powers are sought by the Applicant in the DCO with respect to that interest.

5 REPORTS

5.1 Overview

- 5.1.1 Additional reports were produced in support of the DCO application submission. The contents of the reports contained within this category are summarised below:

Document Reference 5.1 Consultation Report

- 5.1.2 This report provides an account of the pre-application consultation carried out on the Proposed Scheme. It reports on the statutory consultation carried out on the Proposed Scheme in accordance with the PA 2008 and on the non-statutory consultation that took place before this. The Consultation Report demonstrates how the Applicant has had regard to the consultation feedback, and demonstrates compliance with the statutory requirements in relation to the statutory consultation. The response to feedback in the report includes details of how the Proposed Scheme has been amended as a result of some of the consultation responses received. The chapters of the Consultation Report are as follows:

Executive Summary

- 5.1.3 This chapter summarises the report and briefly describes the most significant findings of the consultation exercises.

1. Introduction

- 5.1.4 This chapter introduces the report and describes its structure, with an explanation for each chapter.

2. Legislative Context, Relevant Guidance and Compliance

- 5.1.5 This chapter details the requirements in terms of legislative compliance for pre-application consultation and publicity, and the relevant guidance and advice taken into account by the Applicant.

3. Non-Statutory Engagement

- 5.1.6 This chapter describes the development of the non-statutory engagement, including the methodology, materials, responses received and regard had to those responses, and any changes to the consultation following this non-statutory consultation.

4. Consultation on the Statement of Community Consultation (Section 47)

- 5.1.7 This chapter describes the development of the statutory consultation strategy for the Proposed Scheme with people living in the vicinity of the Proposed Scheme.

5. Consultation with Prescribed Statutory Bodies and Relevant Land Interests (Section 42)

- 5.1.8 This chapter outlines how the Applicant undertook its statutory consultation activities with consultation bodies and land interests to ensure the requirements of the PA 2008 were met.

6. Statutory Publication of Proposed Application (Section 48)

- 5.1.9 This chapter describes how the proposed application was publicised in accordance with section 48 of the PA 2008.

7. Infrastructure Planning (Environmental Impact Assessment) Regulations 2017

- 5.1.10 This chapter provides an overview of how the proposed scheme was identified as requiring an EIA and how consultation was undertaken in line with the EIA Regulations 2017.

8. Response to Consultation Feedback (Section 49)

- 5.1.11 This chapter sets out how the Applicant has complied with its duty under section 49 of the PA 2008 to have regard to consultation responses received under sections 42, 47(7) and 48 of the PA 2008, received by the Applicant within the deadline specified in each case.

9. Conclusion

5.1.12 This chapter details a summary of the findings of the report.

5.2 Consultation Report Appendices

5.2.1 The following appendices form part of the Consultation Report:

[Document Reference 5.1.1 Appendix 1 – The Planning Act 2008 Compliance Checklist](#)

5.2.2 This appendix contains the compliance checklist of the statutory requirements for consultation under the PA 2008 and its associated regulations, and the requirements of relevant guidance and advice notes, and explains the action undertaken by the Applicant in order to comply.

[Document Reference 5.1.2 Appendix 2 – Non-statutory Consultation Material](#)

5.2.3 This appendix contains the consultation materials for the non-statutory consultation process.

[Document Reference 5.1.3 Appendix 3 – Non-statutory Exhibition Events](#)

5.2.4 This appendix contains the details of the exhibition events for the non-statutory consultation.

[Document Reference 5.1.4 Appendix 4 – List of Consultees Contacted during Non-statutory Engagement](#)

5.2.5 This appendix contains details of the consultees contacted during non-statutory engagement.

[Document Reference 5.1.5 Appendix 5 – Response to Non-statutory Consultation](#)

5.2.6 This appendix contains the list of non-statutory consultees.

[Document Reference 5.1.6 Appendix 6 – Consultation Material](#)

5.2.7 This appendix contains the consultation materials for the statutory consultation process.

[Document Reference 5.1.7 Appendix 7 – Consultation Exhibition Events](#)

5.2.8 This appendix contains the details of the consultation exhibition events.

[Document Reference 5.1.8 Appendix 8 – Section 42\(1\) \(a\), \(aa\), \(b\) and \(c\) Consultees](#)

5.2.9 This appendix contains the details of the consultees under sections 42(1)(a), (aa), (b) and (c) of the PA 2008.

[Document Reference 5.1.9 Appendix 9 – Consultees not Prescribed by section 42\(1\)\(a\)-\(d\)](#)

5.2.10 This appendix contains the details of the consultees not prescribed under sections 42(1)(a)-(d) of the PA 2008.

[Document Reference 5.1.10 Appendix 10 – Section 42\(1\)\(d\) Consultees](#)

5.2.11 This appendix contains the list of consultees under section 42(1)(d) of the PA 2008.

[Document Reference 5.1.11 Appendix 11 – Additional section 47 Consultees Emailed Regarding the Statutory Consultation](#)

5.2.12 This appendix contains the list of additional consultees under section 47 PA 2008.

[Document Reference 5.1.12 Appendix 12 – Land Referencing Methodology](#)

- 5.2.13 This appendix contains the land referencing methodology that has been developed to satisfy the ‘diligent inquiry’ requirements under section 44 and, should the Application be accepted, section 57 of the PA 2008, to identify individuals in one or more of the categories as set out in sections 44 and 57.

[Document Reference 5.1.13 Appendix 13 – Land Referencing Material](#)

- 5.2.14 This appendix details the materials used in the land referencing exercise, for example letters and land interest questionnaires.

[Document Reference 5.1.14 Appendix 14 – Section 42 Consultee Letters](#)

- 5.2.15 This appendix contains examples letters sent pursuant to section (42)(1)(a-c) and (d) of the PA 2008.

[Document Reference 5.1.15 Appendix 15 – Emails sent to Consultees](#)

- 5.2.16 This appendix contains project update emails sent to consultees.

[Document Reference 5.1.16 Appendix 16 – Copy and Locations of Site Notices](#)

- 5.2.17 This appendix contains a copy and the locations of site notices for the purpose of identifying land owners and occupiers as part of the land referencing methodology.

[Document Reference 5.1.17 Appendix 17 – Undeliverable Mail](#)

- 5.2.18 This appendix contains the details of consultees who did not receive their consultation letter and associated documents upon the first issue, and sets out the action taken.

[Document Reference 5.1.18 Appendix 18 – Section 46 Letter and Acknowledgement](#)

- 5.2.19 This appendix contains a copy of the notification to SoS issued pursuant to section 46 of the PA 2008, and the acknowledgement letter from PINS.

[Document Reference 5.1.19 Appendix 19 – Draft Statement of Community Consultation \(SoCC\)](#)

- 5.2.20 This appendix contains the draft Statement of Community Consultation (SoCC) pursuant to section 47(1) of the PA 2008.

[Document Reference 5.1.20 Appendix 20 – Comments on Draft Statement of Community Consultation](#)

- 5.2.21 This appendix contains the comments from host authorities on the draft SoCC.

[Document Reference 5.1.21 Appendix 21 – Revised Statement of Community Consultation](#)

- 5.2.22 This appendix contains the revised SoCC and engagement with local authorities.

[Document Reference 5.1.22 Appendix 22 – Final Published Statement of Community Consultation](#)

- 5.2.23 This appendix contains the final published SoCC.

[Document Reference 5.1.23 Appendix 23 – Locations where the SoCC was made Publicly Available](#)

- 5.2.24 This appendix contains the locations where the SoCC has been made publically available.

[Document Reference 5.1.24 Appendix 24 – Section 47 Notice](#)

- 5.2.25 This appendix contains a copy of the notice published pursuant to section 47(6) of the PA 2008 regarding the publication of the SoCC.

[Document Reference 5.1.25 Appendix 25 – Section 48 Notice](#)

- 5.2.26 This appendix contains copies of the newspaper notices of the proposed Application for a DCO, published pursuant to section 48 of the PA 2008.

[Document Reference 5.1.26 Appendix 26 – Information Sent to Consultation Zone](#)

- 5.2.27 This appendix contains a copy of the information leaflet that formed part of the Consultation Documents.

[Document Reference 5.1.27 Appendix 27 – Press Releases Promoting the Consultation](#)

- 5.2.28 This appendix contains copies of the press releases promoting the consultation.

[Document Reference 5.1.28 Appendix 28 – News Stories Promoting the Consultation](#)

- 5.2.29 This appendix contains the news stories published about the Proposed Scheme.

[Document Reference 5.1.29 Appendix 29 – Social Media Promotion of the Consultation](#)

- 5.2.30 This appendix contains the social media promotion of the statutory consultation.

[Document Reference 5.1.30 Appendix 30 – Third Party Promotion of the Consultation](#)

- 5.2.31 This appendix contains the third party promotion of the statutory consultation.

[Document Reference 5.1.31 Appendix 31 – Additional Advertising of Consultation](#)

- 5.2.32 This appendix contains copies of additional advertising published to promote the consultation.

[Document Reference 5.1.32 Appendix 32 – Additional Engagement](#)

- 5.2.33 This appendix contains copies of meeting minutes from the non-statutory consultation.

[Document Reference 5.1.33 Appendix 33 – Consultation Extension Letters](#)

- 5.2.34 This appendix contains details of extensions to the statutory consultation period, and why they were given to some consultees.

[Document Reference 5.1.34 Appendix 34 – Coding Framework](#)

- 5.2.35 This appendix contains the coding framework for the consultee responses.

[Document Reference 5.1.35 Appendix 35 – Section 47 Consultation Responses](#)

- 5.2.36 This appendix contains responses to the consultation pursuant to section 47 of the PA 2008.

5.3 Other Reports

[Document Reference 5.2 Planning Statement](#)

- 5.3.1 The Planning Statement sets out how the Proposed Scheme accords with relevant planning policy, notably the relevant National Policy Statements (NPS), and how benefits and disbenefits of the Proposed Scheme should be considered, in order to assist the Examining Authority (ExA) and the SoS in their decision making. It also contains the considerations that would usually form part of a separate design and access statement, which is not provided as a separate statement due to the nature of the Proposed Scheme. This approach has been agreed with PINS in advance of the submission.

[Document Reference 5.3 Statutory Nuisance Statement](#)

- 5.3.2 This document identifies the matters set out in section 79 of the Environmental Protection Act 1990 in respect of statutory nuisances and considers whether the Proposed Scheme would engage one or more of those matters. Where any matters may be potentially engaged, this statement sets out its proposals for mitigating or limiting them.

[Document Reference 5.4 Grid Connection Statement](#)

- 5.3.3 The Grid Connection Statement has been submitted pursuant to section 6(1)(a)(i) of the APFP Regulations. It outlines the process for connecting the new units to the National Electricity Transmission System (NETS) and the contractual agreements that must be in place for this to occur.

[Document Reference 5.5 Gas Connection Statement](#)

- 5.3.4 The Gas Connection Statement has been submitted pursuant to section 6(1)(a)(ii) of the APFP Regulations. It outlines the process for connecting to the National Transmission System (NTS) and the contractual agreements that need to be in place for this to occur.

[Document Reference 5.6 Combined Heat and Power Statement](#)

- 5.3.5 This document is produced in line with the requirements of NPS EN-1 and the Combine Heat and Power (CHP) Ready Guidance for Combustion and Energy from Waste Power Plants.

[Document Reference 5.7 Carbon Capture Readiness Statement](#)

- 5.3.6 This document is produced in line with the requirements for DCO applications of Carbon Capture Readiness (CCR): A Guidance Note for Section 36 Electricity Act 1989 Consent Applications which applies to applications for consent for power plants with an electrical generating capacity at or over 300 MW and of a type covered by the European Union Directive Large Combustion Plants Directive (2001/80/EC) on the limitation of emissions of certain pollutants into the air from large combustion plants.

[Document Reference 5.8 Other Consents and Licenses](#)

- 5.3.7 This document provides information on the other consents and licenses that are or may be required under other legislation for the construction and operation of the Proposed Scheme.

6 ENVIRONMENTAL STATEMENT

6.1 Overview

- 6.1.1 The documents submitted under this category comprise of the three volumes of the ES, as well as associated environmental reports and documents.

[Document Reference 6.1 Volume 1 Environmental Statement – Main Text and Figures](#)

- 6.1.2 The Applicant has undertaken an EIA of the Proposed Scheme to consider what significant effects the proposals is likely to have on the environment. The ES reports the findings of the EIA.
- 6.1.3 The ES also provides general information on the proposal including context, description of the proposal and its construction, main alternatives considered, the consultation process that was part of the EIA and the technical information on a range of topics.
- 6.1.4 The ES contains the following chapters:

Table 2 – Environmental Statement Chapters

Chapter	Topic	Document Reference
1	Introduction	6.1.1
2	Planning Policy	6.1.2
3	Site and Project Description	6.1.3
4	Consideration of Alternatives	6.1.4
5	Transport	6.1.5
6	Air Quality	6.1.6
7	Noise and Vibration	6.1.7
8	Historic Environment	6.1.8
9	Biodiversity	6.1.9
10	Landscape and Visual Amenity	6.1.10
11	Ground Conditions	6.1.11
12	Water Resources, Quality and Hydrology	6.1.12
13	Waste	6.1.13
14	Socio-Economics	6.1.14
15	Climate	6.1.15
16	Major Accidents and Disasters	6.1.16

17	Cumulative Assessment	6.1.17
18	Summary of Significant Effects	6.1.18

6.1.5 The ES contains the following figures to support the Chapters:

Table 3 – Environmental Statement Figures

Chapter	Figure No.	Figure Title

Document Reference 6.2 Volume 2 Environmental Statement – Technical Appendices

6.1.6 The ES is accompanied by the following appendices:

Table 4 – Environmental Statement (Volume 2) Appendices

Appendix No.	Appendix Title	Document Reference
Appendix 1.1	Scoping Report	6.2.1.1
Appendix 1.2	Scoping Opinion	6.2.1.2
Appendix 3.1	Baseline Lighting Survey Report	6.2.3.1
Appendix 5.1	Outline Construction Worker Travel Plan	6.2.5.1
Appendix 5.2	Construction Traffic Management Plan	6.2.5.2
Appendix 5.3	Baseline Traffic Flows 2018	6.2.5.3
Appendix 5.4	Full Junction Results	6.2.5.4
Appendix 5.5	Trip Generation Methodology	6.2.5.5
Appendix 5.6	Webtris M62 Hourly Traffic Variations	6.2.5.6
Appendix 5.7	Gravity Model Distribution	6.2.5.7
Appendix 5.8	Traffic Flows - With and Without Development Flows	6.2.5.8
Appendix 6.1	Air Quality Policy and Legislation	6.2.6.1
Appendix 6.2	Construction Dust Assessment	6.2.6.2
Appendix 6.3	Air Dispersion Modelling	6.2.6.3
Appendix 7.1	Drax Noise Survey Monitoring Form	6.2.7.1

Appendix 7.2	Construction Noise Calculations – Residential NSR	6.2.7.2
Appendix 7.3	Construction Noise Calculations – Ecology NSR	6.2.7.3
Appendix 8.1	Historic Environment Desk-Based Assessment	6.2.8.1
Appendix 8.2	Geophysical Survey Results	6.2.8.2
Appendix 8.3	Archaeological Evaluation Report	6.2.8.3
Appendix 9.1	Biodiversity Legislation and Policy	6.2.9.1
Appendix 9.2	Biodiversity Designated Sites	6.2.9.2
Appendix 9.3	Preliminary Ecological Appraisal	6.2.9.3
Appendix 9.4	██████ Survey Report (CONFIDENTIAL)	6.2.9.4
Appendix 9.5	Bat Building Emergence Survey Report	6.2.9.5
Appendix 9.6	Bat Tree Roost Assessment Survey	6.2.9.6
Appendix 9.7	Wintering Bird Survey	6.2.9.7
Appendix 9.8	Great Crested Newt Survey	6.2.9.8
Appendix 9.9	Otter and Water Vole Survey	6.2.9.9
Appendix 9.10	Biodiversity Net Gain Assessment	6.2.9.10
Appendix 10.1	Local Policies	6.2.10.1
Appendix 10.2	Consultation with LPAs	6.2.10.2
Appendix 10.3	LVIA Methodology	6.2.10.3
Appendix 10.4	Landscape and Visual Baseline	6.2.10.4
Appendix 10.5	Landscape Character	6.2.10.5
Appendix 11.1	Site Visit Photographs	6.2.11.1
Appendix 15.1	Climate Risk and Vulnerability Assessment	6.2.15.1
Appendix 16.1	Major Accidents Legislative Framework	6.2.16.1
Appendix 16.2	External Influencing Factors	6.2.16.2
Appendix 16.3	Construction – Environmental Risk Record	6.2.16.3

Appendix 16.4	Operation and Maintenance - Environmental Risk Record	6.2.16.4
Appendix 17.1	Cumulative Developments List	6.2.17.1
Appendix 17.2	Long and Short Lists of Other Developments for Cumulative Assessments	6.2.17.2
Appendix 17.3	LVIA Cumulative Effects	6.2.17.3

[Document Reference 6.3 Volume 3 Non-Technical Summary](#)

- 6.1.7 This document provides a summary of the findings of the ES in non-technical language.

[Document Reference 6.4 Environmental Statement Commitments Register](#)

- 6.1.8 This document provides a schedule of mitigation measures proposed for the Proposed Scheme, and explains how their delivery will be secured.

[Document Reference 6.5 Outline Construction Environmental Management Plan](#)

- 6.1.9 The Outline Construction Environmental Management Plan (CEMP) sets out a framework to control possible impacts arising from the construction of the proposals. It covers controls for environmental, public health and safety aspects of the proposal that may affect the interests of local residents, businesses, the general public and the surroundings in the vicinity of the proposals.

[Document Reference 6.6 Habitat Regulations Assessment Report](#)

- 6.1.10 This document aims to provide relevant technical information to enable competent authorities to discharge their functions under regulations 7 (competent authorities) and 61 (requirement to carry out an appropriate assessment) if the Conservation of Habitats and Species Regulations 2010 (as amended) (The Habitats Regulations) in connection with the consenting process for the Proposed Scheme.

[Document Reference 6.7 Outline Landscape and Biodiversity Strategy](#)

- 6.1.11 The purpose of this document is to set out the proposed strategy to mitigate the effects of the Proposed Scheme on landscape and biodiversity features and to enhance the biodiversity and landscape value of the Site.

[Document Reference 6.8 Flood Risk Assessment \(FRA\)](#)

- 6.1.12 This document reports the assessment of the risk of flooding, the identification of flood mitigation measures (including the outline surface water drainage strategy), and consultation undertaken. As the Site comprises an area in excess of one hectare, a Flood Risk Assessment (FRA) is required to accompany any planning or DCO application for the development of the Site, as per the requirements of the National Planning Policy Framework (NPPF).

[Document Reference 6.9 Preliminary Environmental Information Report \(PEIR\) Non-Technical Summary](#)

- 6.1.13 This document provides a summary of the findings of the PEIR in non-technical language.

7 OTHER DOCUMENTS

7.1 Overview

- 7.1.1 The document submitted in this category is a document that does not fit in any of the categories above.

[Document Reference 7.1 Proposed Heads of Terms for a Development Consent Obligation](#)

- 7.1.2 This document provides the heads of terms of the proposed planning obligations that will likely be entered into by the Applicant with North Yorkshire County Council and Selby District Council.

8 EXAMINATION DOCUMENTATION

- 8.1.1 Any Category 8 documents submitted for the Examination will be listed in Table 5. The numbering of the documents will follow the below sub-categories:

- 8.1 Statements of Common Ground
- 8.2 Schedules of Changes
- 8.3 Errata
- 8.4 Supplemental Environmental or Engineering Information
- 8.5 Other Submissions

9 MASTER DOCUMENT LIST

- 9.1.1 Table 5 provides a full list of all documents submitted with the original Application, following acceptance, or for the Examination. The table indicates either the latest revision (if applicable) or when a new document was submitted as part of the DCO Application and Examination. It now also includes the relevant Examination Library Reference for each document.

- 9.1.2 For ease of navigation, on request of the Examining Authority at the Preliminary Meeting on 04 October 2018, Table 5 is now colour coded as follows:

Category
1. Application Form
2. Plans
3. Draft Development Consent Orders
4. Compulsory Acquisition Information
5. Reports
6. Environmental Statement
7. Other Documents
8. Examination Documentation

Highlighted documents are the latest versions

- 9.1.3 Table 5 also identifies where documents are submitted in order to comply with relevant legislative or policy requirement.
- 9.1.4 This table continues to be live document throughout the Examination and will be updated for each Deadline when new or revised documents are submitted to the Examining Authority, to provide a record of the latest version of all documents.

Table 5 – Application Documents

Document Reference	Examination Library Reference	Regulation	Revision	Notes	Submission Date	Document Name
