Subject: RE: Thurrock Power - EIA scoping request and documents
Attachments: Thurrock_FGP_EIA_Scoping_Report.pdf

Dear K-J,

As agreed with David Price I am writing to:

1. give notification under Regulation 8 of the Infrastructure Planning (EIA) Regulations 2017 that Thurrock Power Ltd proposes to provide an environmental statement in respect of the Thurrock Flexible Generation Plant development when applying for development consent; and
2. request a Scoping Opinion from the Secretary of State under Regulation 10.

An EIA Scoping Report providing the information required by Regulation 10 is attached. The supporting figures and appendices are larger files (though all well under 50 MB individually) and can be downloaded as a zip from <https://filetransfer.rpsgroup.com/link/SX2tjtlKa8abREvRVfmR1m> . Please let me know if there's any problems accessing that and I can instead send them as a series of email attachments.

Regards,

Tom

Subject: [EXT] RE: Thurrock Power - GIS shapefile and notification of imminent scoping request

Thank you for the update. I have changed the web page link on our internal system.

Could you please also copy in our Thurrock Power mailbox in any future correspondence so the entire team is aware what is going on.

Thank you

K-J

K-J, please put the main Statera webpage for the moment <https://stateraenergy.co.uk/>.

When the dedicated project webpage (<http://www.thurrockpower.co.uk/>) goes live myself or Kirsty will be in touch.

Regards,

Tom

Dear Tom,

I have checked the requirements we need for launching your project page on the NI webpages and we are still lacking your external project webpage. I would be grateful if you could provide us with it so we can launch our webpage. If you do not have one yet, could you provide me with Statera's homepage.

Regards

K-J

Subject: Thurrock Power - GIS shapefile and notification of imminent scoping request

Dear K-J,

I am writing to notify PINS of the imminent submission of a scoping opinion request supported by EIA Scoping Report for the project that Thurrock Power Ltd discussed with you earlier this year, which is now called "Thurrock Flexible Generation Plant". Please find attached the GIS shapefile with the development boundary.

Due to time pressure we've not quite been able to send this 10 days in advance of the scoping report (which we expect to submit in the next couple of days), for which I ask your understanding and appreciate any effort you can make to start processing the scoping request on receipt without the full 10 days having elapsed.

Regards,

Tom

Subject: RE: Information request for the Thurrock Hybrid Power Plant project website.

K-J, further information required below:

Project name – Thurrock Power

Project Location – South East

Project Region – South East

Grid ref – E 566253 N 1766117

Project Description - The Proposed Development comprises the construction and operation of:

- Gas Reciprocating engines with a capacity totalling 299.9MWs, plus:
- Battery Storage with a capacity totalling up to 300MWs

Applicants Name –Thurrock Power Limited

Applicants contact details – email: contact@thurrockpower.co.uk tel: 02073163268 website:
www.thurrockpower.co.uk

Anticipated date for EIA scoping – Beginning of March

Anticipated date of submission - July

Thanks for sending this through to us.

Could you please send me through the information requested on the 19 of January as without it we will not be able to launch the webpage necessary to conduct the scoping request.

Kind regards

K-J

Hi Andrew and Oliver,

Here is the document that list the information we need to launch the webpage. Please note we need to have this information before we can start the scoping process.

K-J
