Proposed Riverside Energy Park

Notice of Proposed Application for a Development Consent Order

Cory Environmental Holdings Limited (trading as Cory Riverside Energy) ('the Applicant') of 2 Coldbath Square, London, EC1R 5HL (company number 05360864), intends to make an application ('the Proposed Application') to the Secretary of State under Section 37 of the Planning Act 2008 ('the 2008 Act') for a Development Consent Order ('DCO') authorising the construction, operation and maintenance of an integrated energy park, known as Riverside Energy Park, at Norman Road in Belvedere in the London Borough of Bexley and an Electrical Connection to the Littlebrook substation located in the Borough of Dartford ('the Proposed Development').

The Proposed Development would comprise:

- the Riverside Energy Park, located to the north of Belvedere off Norman Road;
- the Electrical Connection, running underground between the Riverside Energy Park site and the Electrical Connection Point at Littlebrook substation into an existing National Grid building in Dartford;
- the Main Temporary Construction Compounds located to the south of the Riverside Energy Park site and west of Norman Road; and
- Other Cable Route Temporary Construction Compounds required to support the construction of the chosen Electrical Connection route.

The primary components of the Riverside Energy Park, with a nominal rated electrical output of up to 96 MWe, comprise:

- an Energy Recovery Facility (ERF);
- an Anaerobic Digestion facility;
- a Solar Photovoltaic Installation;
- Battery Storage; and
- Enabling infrastructure for Combined Heat and Power to the site boundary to provide for potential future local district heating pipe connection.

The Proposed Application will also seek authorisation for the compulsory acquisition of interests in and rights over land, the temporary use of land and the overriding of easements and other rights.

Consultation leaflet

The Applicant is consulting on the Proposed Application and has prepared a leaflet summarising the project. The consultation leaflet is available between 18th June and 30th July 2018 as follows:

1. to view on the project website (www.riversideenergypark.com);
2. to take away free of charge from the document inspection locations as listed in this notice; and
3. to take away free of charge from the public exhibition events as listed in this notice.

For more details of the consultation please see the Riverside Energy Park Statement of Community Consultation (available to view on the project website) or contact the Applicant using the contact details at the end of this notice.

Preliminary Environmental Information

The Proposed Development is 'EIA Development' for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. The Proposed Application will therefore be accompanied by an Environmental Statement containing information about the likely significant environmental effects, both positive and negative, of the Proposed Development.

Information compiled so far about the likely significant environmental effects of the Proposed Development is set out for consultation in a Preliminary Environmental Information Report ('the PEIR') and summarised in a non-technical summary of the PEIR.

The PEIR together with plans, maps and other documents, which show the nature and location of the Proposed Development ('the consultation documents') are available for inspection free of charge from 18th June to 30th July 2018:

- on the project website at www.riversideenergypark.com; and

Responding to the consultation

The consultation leaflet and the project website (www.riversideenergypark.com) explain the specific topics on which the Applicant is seeking feedback. Consultees are not however restricted to commenting on these issues, and the Applicant welcomes feedback on any aspect of the Proposed Development.

Responses can be made in the following ways:

- Website:** by completing a comments form on the project website at www.riversideenergypark.com.
Email: by email to info@riversideenergypark.com
Freepost: in writing to FREEPOST RIVERSIDE ENERGY PARK

The Applicant will have regard to all consultation responses before submitting its application for development consent to the Secretary of State.

Copies of your comments may be made available to the Planning Inspectorate, the Secretary of State and other relevant statutory authorities so that your comments can be noted. Personal details are not placed on the public record and will be kept confidential. Your personal details will be held securely by the Applicant and any appointed agent of the Applicant in accordance with data protection legislation and will be used solely in connection with the consultation process and the Proposed Application. Your personal details will not be passed to any third parties except as noted above. Respondents do not have to provide any personal information, but this information will help the Applicant to understand the range of responses, and to provide updates about the project and the outcome of the consultation.

Please note that the deadline for receipt of consultation responses on the Proposed Application is 5.00pm on 30th July 2018.

▲ Women in Purabgaon, where female 'change agents' have had remarkable results in reducing maternal mortality PHOTOGRAPH: AMRIT DHILLON

Simple rules that can cut maternal deaths in Indian villages

Amrit Dhillon
Amethi

The message is written on a poster, hung between trees that offer shade but little relief from the blazing sun. It spells out what has been achieved in this rural Indian village: "We no longer die in childbirth."

For the women of Purabgaon, in the Amethi district of Uttar Pradesh, expectations had always been clear. Get married young, then have back-to-back pregnancies. Those babies would be delivered in unsanitary conditions at home by a *dai*, a village midwife with no training and many superstitions.

"Even if a woman was taken to hospital for the birth, half an hour later she would be bundled home to do the chores, feed the cattle and cook," said Gulab Yadav, a project manager in Amethi for Save a Mother.

The maternal mortality rate in Amethi has been one of the highest in the world – 451 deaths per 100,000 live births, according to a 2008 government survey.

Save a Mother aims to educate rural women about pregnancy, nutrition, immunisation, delivery and care of the child. "We told them to delay having the first baby and leave a three-year gap between pregnancies to keep mother and child safe and healthy. And they understand that delivery in hospital is safest because complications such as heavy bleeding can be treated," said Gita Gupta, a Save a Mother team leader.

Gupta leads a group of 20 female

"change agents" in Purabgaon. Each of the 360 villages in Amethi covered by the scheme has 20 agents – local women trained to educate others.

Gupta sometimes changes the lyrics of romantic folk songs to refer to iron supplements, intrauterine devices and breastfeeding. "They find it easier to remember what I've told them if they sing it," she said.

Starting with 20 villages in Amethi 10 years ago, Save a Mother has expanded to 1,100 villages in the states of Uttar Pradesh, Karnataka and Telangana. The maternal mortality rate in those villages has been reduced by 90% and infant mortality by 60%.

Last year in Purabgaon, not a single mother died in childbirth. Nationwide there are five maternal deaths in childbirth every hour, but the mortality rate has been falling steadily, from 280 per 100,000 live births in 2005 to 174 in 2015 and 130 in 2016.

Shiban Ganju, a Chicago-based doctor, founded Save a Mother after a visit to rural Uttar Pradesh. "As a physician I knew [the high mortality rate] could be solved by a dedicated group working with the community," he said.

He had learned two significant things. Firstly, that changing social behaviour is the most effective and least expensive way to reduce the impact of disease. And secondly, that the Indian government should increase its public health spending from the current 1.1% of GDP – one of the lowest proportions in the world – to 2.5%.

Some of the older women in Purabgaon talked candidly about the relentless pressure they were put under to give birth. "I had five children in quick succession, my mother-in-law kept saying she wanted a grandson. Then I married off my eldest daughter at 15," said Urmila Devi. "I know better now. My youngest girl won't get married before 20 and I will tell her to control her pregnancies."

TOWN AND COUNTRY PLANNING ACT 1990

THE STOPPING UP OF HIGHWAYS (LAND ADJACENT TO PROPERTIES KNOWN AS ARFRYN, MWYN AWEL & GROESLON, AT RHOSCEFNHIR PENTRAETH, ISLE OF ANGLESEY) ORDER 201-

The Welsh Ministers propose to make an Order under section 247 of the Town and Country Planning Act 1990 ("the Act") to authorise the stopping up of the length of highway described in Schedule 1 to this Notice. The stopping up will be authorised only in order to enable the development described in Schedule 2 to this Notice to be carried out. The Stopping Up of Highways (Land Adjacent to Properties known as Arfryn, Mwyn Awel & Groeslon, at Rhoscefnhir Pentraeth, Isle of Anglesey) Order 201- ("the Order"), if made, will cease to have effect if planning permission in respect of the development expires or is revoked.

During 28 days from 13 June 2018 copies of the draft Order and the deposited plan may be inspected free of charge at the office of Isle of Anglesey County Council, Council Offices, Llangefti, Anglesey, LL77 7TW during normal office hours or may be obtained free of charge from the address below quoting reference qA1346907.

Within the period of 28 days, any person may, by notice to Orders Branch, Transport, Welsh Government, Cathays Park, Cardiff CF10 3NQ object to the making of the Order.

If you wish to object, support or make representations, the Welsh Government may need to consult persons and organisations outside the Welsh Government. As part of the consultation process, the information you have provided and your personal data will be passed to the applicant/developer and, if necessary, to the local highway authority to enable them to respond to you. The Welsh Government will only disclose your personal details where it is necessary to do so to address the issues raised. Where the Order becomes subject to a Public Inquiry ("PI"), all correspondence is copied to the Inspector of the Inquiry and is available in the PI Library when it becomes publicly available. If you do not wish personal data to be forwarded to third parties, you should state why when submitting your correspondence and the Welsh Ministers will copy the representations to the appropriate third parties with the name and address removed and if there is to be a local Public Inquiry, the representations will be seen by the Inspector who may give them less weight as a result.

A copy of the Order and Notice can be viewed on the Welsh Government's website at www.gov.wales (Select: Legislation/Subordinate Legislation/Draft Legislation/Draft Non Statutory Instruments/Town and Country Planning Act: Stopping Up Orders/2018).

A copy of this Notice in larger print can be obtained from Orders Branch, Transport, Welsh Government, Cathays Park, Cardiff CF10 3NQ.

SECTION 48, PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

PROPOSED RIVERSIDE ENERGY PARK

NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT

CONSENT ORDER

Cory Environmental Holdings Limited (trading as Cory Riverside Energy) ('the Applicant') of 2 Coldbath Square, London, EC1R 5HL (company number 05360864), intends to make an application ('the Proposed Application') to the Secretary of State under Section 37 of the Planning Act 2008 ('the 2008 Act') for a Development Consent Order ('DCO') authorising the construction, operation and maintenance of an integrated energy park, known as Riverside Energy Park, at Norman Road in Belvedere in the London Borough of Bexley and an Electrical Connection to the Littlebrook substation located in the Borough of Dartford ('the Proposed Development').

The Proposed Development would comprise:

- the Riverside Energy Park, located to the north of Belvedere off Norman Road;
- the Electrical Connection, running underground between the Riverside Energy Park site and the Electrical Connection Point at Littlebrook substation into an existing National Grid building in Dartford;
- the Main Temporary Construction Compounds located to the south of the Riverside Energy Park site and west of Norman Road; and
- Other Cable Route Temporary Construction Compounds required to support the construction of the chosen Electrical Connection route.

The primary components of the Riverside Energy Park, with a nominal rated electrical output of up to 96 MWe, comprise:

- an Energy Recovery Facility (ERF);
- an Anaerobic Digestion facility;
- a Solar Photovoltaic Installation;
- Battery Storage; and

- Enabling infrastructure for Combined Heat and Power to the site boundary to provide for potential future local district heating pipe connection.

The Proposed Application will also seek authorisation for the compulsory acquisition of interests in and rights over land, the temporary use of land and the overriding of easements and other rights.

Consultation leaflet

The Applicant is consulting on the Proposed Application and has prepared a leaflet summarising the project. The consultation leaflet is available between 18th June and 30th July 2018 as follows:

1. to view on the project website (www.riversideenergypark.com);
2. to take away free of charge from the document inspection locations as listed in this notice; and
3. to take away free of charge from the public exhibition events as listed in this notice.

For more details of the consultation please see the Riverside Energy Park Statement of Community Consultation (available to view on the project website) or contact the Applicant using the contact details at the end of this notice.

Preliminary Environmental Information

The Proposed Development is 'EIA Development' for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. The Proposed Application will therefore be accompanied by an Environmental Statement containing information about the likely significant environmental effects, both positive and negative, of the Proposed Development.

Information compiled so far about the likely significant environmental effects of the Proposed Development is set out for consultation in a Preliminary Environmental Information Report ('the PEIR') and summarised in a non-technical summary of the PEIR.

The PEIR together with plans, maps and other documents, which show the nature and location of the Proposed Development ('the consultation documents') are available for inspection free of charge from 18th June to 30th July 2018:

Responding to the consultation

The consultation leaflet and the project website (www.riversideenergypark.com) explain the specific topics on which the Applicant is seeking feedback. Consultees are not however restricted to commenting on these issues, and the Applicant welcomes feedback on any aspect of the Proposed Development.

Responses can be made in the following ways:

Website: by completing a comments form on the project website at www.riversideenergypark.com.

Email: by email to info@riversideenergypark.com

Freepost: in writing to FREEPOST RIVERSIDE ENERGY PARK

The Applicant will have regard to all consultation responses before submitting its application for development consent to the Secretary of State.

Copies of your comments may be made available to the Planning Inspectorate, the Secretary of State and other relevant statutory authorities so that your comments can be noted. Personal details are not placed on the public record and will be kept confidential. Your personal details will be held securely by the Applicant and any appointed agent of the Applicant in accordance with data protection legislation and will be used solely in connection with the consultation process and the Proposed Application. Your personal details will not be passed to any third parties except as noted above. Respondents do not have to provide any personal information, but this information will help the Applicant to understand the range of responses, and to provide updates about the project and the outcome of the consultation.

Please note that the deadline for receipt of consultation responses on the Proposed Application is 5.00pm on 30th July 2018.

Contacting the Applicant The project website (www.riversideenergypark.com) contains all relevant information about the consultation and the Proposed Application.
