Subject: Site visit - the Ark Church Isleham
Date: 12 September 2022 15:18:42

I registered the above church as an Interested Party but can't find an associated number for this. I would like to invite inspectors to a visit to the church on the 29th September to see the outstanding architecture and construction of our self build project and to consider the implications should this application be approved.

Kind Regards
Richard Liddington
