

With the world in crisis this application emphasises the absurdity of thinking that covering good arable land with machinery to produce questionable power instead of sustainable food products is good planning . Its not ..... I support all objections and concerns raised by West Suffolk Council , Newmarket Town Council, East Cambridgeshire District Council, Cambridgeshire County Council, Suffolk County Council and surrounding villages and other who will be impacted beyond believe if this application is approved. If this application is approved history will prove what a huge mistake was made.
