Dear Sir/Madam

Thank you for consulting National Highways on the abovementioned application for a non-material change to The Sunnica Energy Order 2024.

National Highways is a strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority, and street authority for the Strategic Road Network (SRN).

National Highways have reviewed the latest submission documents and note the proposed extension to the Order Limits to accommodate additional land at the existing substation. National Highways have reviewed the proposal and consider the amendment to the Order Limits are unlikely to have a severe impact on the operation of the trunk road beyond the impact set out within the original version of the project.

Kind Regards
