Dear Sir,

I am writing about Sunnica's Consultation and Publicity Statement dated 10 Dec 25.

As an adjoining land owner to the Sunnica site (Snailwell Gallops), Godolphin is very concerned at the possibility of the scheme boundary being extended in this ad hoc fashion to facilitate easier connection to the electrical grid. Surely this should have been an absolutely clear requirement of the scheme when it was first submitted? There have been numerous incremental changes that have huge local impact but are being routinely approved. The whole scope of the scheme is being changed as a result. I request that you take our concern, which I am sure is reflective of the Newmarket racing community, into account before allowing any more changes to the Sunnica proposal.

Yours faithfully,
