Dear Sir / Madam

On behalf of Tattersalls Ltd we **object** to the to latest amendment by Sunnica Ltd.

Sunnica Ltd continually apply for incremental changes to the scheme, 16 months post consent. These continual incremental changes should not be allowed as it undermines the entire DCO process.

Tattersalls made representations during the DCO process via the Newmarket Horseman's Group and remain gravely concerned about the negative impact the scheme will have on Newmarket, the thoroughbred racing and breeding industry, together with the serious health and safety concerns for the residents of Newmarket and surrounding villages due to the considerable fire risk associated with the battery storage.

We very much hope that the latest amendment will not be accepted by the Planning Inspectorate.

Yours faithfully

John Morrey on behalf of Tattersalls Ltd
