To whom it may concern

I strongly oppose this development.

We must strive to preserve the beauty of our countryside as much as possible.

If this must go ahead, this must be as small as possible. We are already seeing development of all sorts which is a sad sight in comparison to many years ago.

We must keep local farmers farming this land as their families have done for many years.

People enjoy living in this area for its simplicity and beauty. This should remain an attractive feature of this area.

Gill Holland, Worlington resident
