

Table of Consultees

This table includes a list of consultees to be consulted on the proposed non-material change application pursuant to Regulation 7(3) of the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011. The table lists the consultees that were consulted under section 42 of the Planning Act 2008, additional non-prescribed consultees who were consulted on the original application for the Awel y Môr Offshore Wind Farm Order 2023 (the “Order”) and additional parties where a relevant representation was received (where they are not otherwise noted in the table).

Consultee	Proposed inclusion in Regulation 7 consultation	Rationale
Landowners		
Landowners or persons with an interest in land	Yes	The proposed application will amend Article 19 of the Order and extend the time limit for compulsory acquisition of land and rights in land from 5 years from the date of the Order to 7 years from the date of the Order. The change sought as part of the application would relate solely to the land interests subject to the compulsory acquisition powers under the Order. The land interests directly affected by the proposed amendment will therefore be consulted on the application. The list of relevant landowners or persons with an interest in land is contained in the enclosed document entitled ‘Land Interests Schedule’ and is comprised of all those who fall within categories 1, 2 or 3 of section 44 of the Planning Act 2008. Various interests have been added or removed following the Secretary of State’s decision on the Order, which is summarised in the enclosed “Change Log” document.
Prescribed Consultees		
Welsh Government	Yes	The Welsh Ministers are being consulted as a landowner or person with an interest in land, as per the enclosed ‘Land Interests Schedule’.
Health and Safety Executive	No	The proposed application would not result in any change to the conclusions reached in the Environmental Statement (“ES”) or the Habitats Regulations Assessment (“HRA”).

Consultee	Proposed inclusion in Regulation 7 consultation	Rationale
		carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the assessed effects and, accordingly, no material change in the effects on the environment, local businesses or the local community. The changes will have limited or no application or interest to this stakeholder as they do not hold a land interest within the Order limits capable of being compulsorily acquired, and as such, it is not considered necessary to consult.
Betsi Cadwalader University Health Board	No	The proposed application would not result in any change to the conclusions reached in the ES or the HRA carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the assessed effects and, accordingly, no material change in the effects on the environment, local businesses or the local community. The changes will have limited or no application or interest to this stakeholder as they do not hold a land interest within the Order limits capable of being compulsorily acquired, and as such, it is not considered necessary to consult.
North Wales Fire and Rescue Service	Yes	The North Wales Fire Authority are being consulted as a landowner or person with an interest in land, as per the enclosed 'Land Interests Schedule'.
North Wales Police and Crime Commissioner	Yes	The Police & Crime Commissioner for North Wales is being consulted as a landowner or person with an interest in land, as per the enclosed 'Land Interests Schedule'.
Prestatyn Town Council	No	The proposed application would not result in any change to the conclusions reached in the ES or the HRA carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the

Consultee	Proposed inclusion in Regulation 7 consultation	Rationale
		assessed effects and, accordingly, no material change in the effects on the environment, local businesses or the local community. The changes will have limited or no application or interest to this stakeholder as they do not hold a land interest within the Order limits capable of being compulsorily acquired, and as such, it is not considered necessary to consult.
Trefnant Community Council	No	The proposed application would not result in any change to the conclusions reached in the ES or the HRA carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the assessed effects and, accordingly, no material change in the effects on the environment, local businesses or the local community. The changes will have limited or no application or interest to this stakeholder as they do not hold a land interest within the Order limits capable of being compulsorily acquired, and as such, it is not considered necessary to consult.
Cefn Meiriadog Community Council	No	The proposed application would not result in any change to the conclusions reached in the ES or the HRA carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the assessed effects and, accordingly, no material change in the effects on the environment, local businesses or the local community. The changes will have limited or no application or interest to this stakeholder as they do not hold a land interest within the Order limits capable of being compulsorily acquired, and as such, it is not considered necessary to consult.
St. Asaph City Council	No	The proposed application would not result in any change to the conclusions reached in the ES or the HRA carried out as part of the original application for the Order. The application will demonstrate that there would be no change to the significance of the
