Five Estuaries Offshore Windfarm Project

Application Ref: EN010115

East Anglia TWO Limited, Interested Party 5EST-AFP054

Dear Sir,

I refer to the letter of 23<sup>rd</sup> December 2024, submitted on behalf of East Anglia TWO Limited by Shepherd and Wedderburn LLP, in response to the Rule 17 letter dated 13<sup>th</sup> December 2024.

East Anglia TWO Limited contacted the Applicant on the 13<sup>th</sup> of December to request further discussion on the most appropriate assumptions to be made in respect of both projects in order for a wake impact assessment to be undertaken but have to date received no response.

East Anglia TWO Limited have commissioned a detailed report from an independent consultant which will be available for Deadline 6, however we would stress again that without engagement from the Applicant this detailed report will be based on worst case assumptions.

Yours faithfully,

Catherine Sibley  
Head of Offshore Development, England and Ireland
