13/03/2025

Dear Sirs,

Request for information - Application by Five Estuaries Offshore Wind Farm Limited (“the Applicant”) for an Order granting Development Consent for the proposed Five Estuaries Offshore Wind Farm Extension Project (“the Proposed Development”)

This response is submitted following the request for information to The Crown Estate on 25th February 2025 for an update on the following matter:

The Crown Estate is therefore requested to confirm whether under section 135(2) of the PA2008 it does or does not consent to any rights affecting the Crown Estate being included in any DCO for the proposed development that may be made by the SoSESNZ.

There is no land in the Crown Land section of the Applicant’s Book of Reference that is owned by The Crown Estate, and the applicant hasn’t approached The Crown Estate to obtain consent under S135(2) of the Planning Act 2008. Therefore, The Crown Estate cannot provide consent under S135(2) of the Planning Act 2008.

We hope that this response provides clarity on the matter but please contact us should you have any additional questions.

Yours faithfully

Jade Heffernan

Asset Manager - OFTO
