Dear Sir,

Planning Act 2008 and The Infrastructure Planning (Examination Procedure) Rules 2010

Application by Five Estuaries Offshore Wind Farm Limited (“the Applicant”) for an Order granting Development Consent for the proposed Five Estuaries Offshore Wind Farm (“the Five Estuaries Offshore Wind Farm Project”)

The Applicant refers to the letter issued to the Applicant and All Interested Parties on 14 August 2025 which invited comments on the responses submitted further to the Secretary of State’s consultation letter dated 11 July 2025.

The Applicant’s response to the Scottish Power Renewables (SPR) letter dated 7 August 2025 will include the wake assessment enclosed with this letter. Given the shortage of time before the decision date of 17 September 2025, the Applicant is sending this assessment to the Secretary of State at this time to allow more time for consideration as it is a technical document.

The Applicant has sent the wake assessment to SPR directly and seeks to discuss and agree its contents; this will allow the Applicant to reflect the outcomes of the engagement in its response to the Secretary of State by 13 September 2025.

Yours faithfully.
