Hello,

I am writing in opposition to the proposal for the Rampion 2. I believe the current Rampion is excellent and in proportion to the environment and is not too impactful on the vista. Rampion 2 should be built where there is not already an existing farm and I consider this taking advantage. I have also read about the impact on wildlife inshore of the proposed farm, which I think sounds awful. Do not take liberties and look for alternative location.

Thank you,
