NFOW-OP007: Plans North Falls Offshore Wind Farm order Granting Development

Dear Sir,
Dear Madam,

We have received your invitation for a hearing and site visit concerning the plans of the North Falls Offshore Wind Farm (including cable techniques) off the coast of Harwich.

We will not participate in the hearing and not attend the site visit because there will be no cross-border impact on protected immovable heritage in Flanders (Belgium).

Will you keep us informed about this project?

If you have any further questions, please contact my employee.

Best regards
