1. INTRODUCTION

1.1 Purpose of this document

- 1.1.1 This document was prepared by the North Falls Offshore Wind Farm Limited (NFOW) (as 'the Applicant') in support of the Application for a Development Consent Order (DCO) for the North Falls Offshore Wind Farm (herein referred to as 'North Falls' or 'the Project').
- 1.1.2 This document is intended to provide the Examining Authority (ExA) with an update as to the status of the discussions taking place with prescribed bodies and interested parties, as documented in the form of the Statements of Common Ground (SoCGs).
- 1.1.3 It is intended to act as a 'live' document and will be updated in accordance with the Examination Timetable.
- 1.1.4 A detailed description of the Project can be found in ES Chapter 5 Project Description **[APP-019]**.

1.2 Engagement with stakeholders

- 1.2.1 As set out in the Consultation Report **[AS-015]** submitted with the DCO application, the Applicant has sought to engage with a number of stakeholders throughout the development of the Project. Engagement with stakeholders has included the following activities:
 - Stage 1 (introductory) consultation was a non-statutory consultation on the Project's early proposals which took place between 25 October and 10 December 2021 (see Chapter 4 of the Consultation Report **[AS-015]**)
 - Stage 2 (pre-application) consultation was a non-statutory consultation on the Project's progress following its stage 1 (introductory) consultation and took place between 17 October and 9 December 2022 (see Chapter 5 of the Consultation Report **[AS-015]**)
 - Stage 3 (statutory) consultation was a statutory consultation focused on the Project's Preliminary Environmental Information Report (PEIR) which took place between 16 May and 14 July 2023 (see Chapter 6 - 10 of the Consultation Report **[AS-015]**).
 - Stage 4 (targeted) consultation focused on proposed localised changes to the Project's onshore PEIR boundary (as presented at the stage 3

(statutory) consultation) which took place between 14 March and 22 April 2024 (see Chapter 11 of the Consultation Report [AS-015])

1.3 Examining Authority's Procedural Decisions in relation to Statements of Common Ground

ExA's Procedural Decision - 28 November 2024

- 1.3.1 On 28 November 2024, the ExA issued a series of procedural decisions [PD-005] in relation to the Examination. The ExA made a Procedural Decision that the Applicant must enter into bilateral or multi-party Statements of Common Ground (SoCGs) with all the parties listed.
- 1.3.2 On the 2 December 2024 the Applicant notified, via email, all of the parties listed in the ExA's Procedural Decision [PD-005] in relation to SoCGs.
- 1.3.3 The Applicant has engaged and continues to engage proactively with all parties listed in [PD-005] to prepare SoCGs and agree matters where possible.

ExA's Rule 8 Letter – 4 February 2025

- 1.3.4 The Applicant notes the ExA's comments relating to SoCGs within Annex B of the Rule 8 Letter [PD-008] regarding the submission of updated and final SoCGs during Examination.

2. LIST OF STATEMENTS OF COMMON GROUND

2.1 Introduction

- 2.1.1 The Applicant is preparing SoCGs with a number of parties. Where possible, the Applicant has endeavoured to make early progress in preparing SoCGs with stakeholders such that draft and agreed SoCGs can be submitted in a timely manner into the Examination.
- 2.1.2 This section of the Progress with Statements of Common Ground (PrSoCG) **[9.11 (Rev 0)]** document is structured as follows:
- Parties where SoCG is under discussion, in draft, or agreed;
 - Parties where matters are intended to be addressed through Protective Provisions and/or Side Agreements;
 - Parties where there is agreement no SoCG is required; and
 - Parties where no response has been received.

2.2 Parties where SoCG is under discussion, in draft, or agreed

- 2.2.1 The parties with which the Applicant is in the process of pursuing SoCGs with are listed in Table 2.1 below, their status is categorised as ‘under discussion’, ‘in draft’, or ‘agreed’.
- 2.2.2 The Applicant notes that in some instances whilst a draft SoCG has been prepared and is with the party for review, in some cases the party has not yet provided comments on the draft SoCG ahead of Deadline 1.
- 2.2.3 Therefore, to provide each the party with sufficient time for review and to ensure that any draft SoCG submitted into the Examination has been reviewed by the party and incorporates any comments the party may have (noting that the Applicant has prepared the first draft of all SoCGs) a number of draft SoCGs are intended to be submitted at Deadline 3 or 4.
- 2.2.4 This approach will also ensure that any draft SoCG is representative of the party’s current view or position.

- **Section 1:** provides an introduction to the SoCG and a description of its purpose.
 - **Section 2:** states the engagement that has occurred between the Applicant and the party (or parties).
 - **Section 3:** sets out any issues that have arisen, reporting on the status of each issue, i.e., whether it is agreed, still under discussion or not agreed, and any remaining actions.
- 3.1.3 Additional appendices may be provided in the SoCG containing any relevant documents or information that are referenced in the SoCG and do not otherwise form part of the DCO application.
- 3.1.4 In order to easily identify the position status in relation to a matter, the position status colour coding set out in Table 3.1 is used in the SoCGs.
