1 INTRODUCTION

- 1.1.1. This Book of Reference ('BoR') relates to the powers of compulsory acquisition sought in the draft development consent order ('DCO') application by North Falls Offshore Wind Farm Limited (herein 'NFOW' or 'the Applicant'), to the Secretary of State ('SoS') under the Planning Act 2008 ('the PA 2008') for powers to construct and operate an offshore wind farm, known as North Falls Offshore Wind Farm project (herein 'North Falls' or 'the Project'), located off the coast of Essex.
- 1.1.2. North Falls is the proposed extension to the existing Greater Gabbard Offshore Wind Farm in the southern North Sea approximately 40 kilometres from the East Anglian coast at its closest point. It will comprise up to 57 offshore wind turbine generators together with the associated onshore and offshore infrastructure. The offshore cable corridor from North Falls to landfall will be approximately 57km in length and the onshore cable corridor will be approximately 24km in length.
- 1.1.3. Development consent is required to the extent that the development is or forms part of a Nationally Significant Infrastructure Project ('NSIP') pursuant to sections 14(1)(a) and 15(3) of the PA 2008. The Project will have a generating capacity exceeding 100 megawatts (MW) and is therefore classified as a NSIP. It is for this reason that North Falls will fall within the remit of the SoS.
- 1.1.4. In order to develop North Falls, a series of land rights and interests in land will be required on a permanent and temporary basis. In the event it is not possible to acquire the land rights and interests by agreement, it will be necessary to compulsorily acquire land for the purposes of developing North Falls and as such, the draft DCO (Document Reference: 6.1) includes powers to compulsorily acquire land.
- 1.1.5. This BoR should be read alongside the following Application documents:
 - draft DCO (Document Reference: 6.1)
 - Explanatory Memorandum (Document Reference: 6.2)
 - Land Plans (Document Reference: 5.3)
 - Special Category Land Plan (Document Reference: 5.5)
 - Crown Land Plan (Document Reference: 5.4)
 - Works Plans (Onshore) (Document Reference: 5.6)
 - Statement of Reasons (Document Reference: 6.5)

2 PURPOSE OF DOCUMENT

- 2.1.1. Section 122 of the PA 2008 allows development consent orders to be granted with rights to compulsorily acquire land included within them. The draft DCO (Document Reference: 6.1) seeks powers to acquire land and to acquire new and existing rights over land, as well as powers to override existing easements and other rights and for the extinguishment of private rights in land which is compulsorily acquired. The draft DCO also seeks powers to take temporary possession of land. The purpose of these powers is to enable the construction, operation, maintenance and decommissioning of the Project.
- 2.1.2. The purpose of this BoR is to describe the land (referred to as ‘the Order Land’) subject to compulsory acquisition and temporary possession powers pursuant to the draft DCO (Document Reference: 6.1) and to provide details of persons with an interest in the Order Land and any persons who may be able to make a relevant claim. This BoR has been prepared in accordance with the requirements of Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (‘APFP Regulations’).
- 2.1.3. The Order Land is required to deliver the authorised development, as described in detail in Part 1 of Schedule 1 of the draft DCO (Document Reference: 6.1) and shown on the Works Plans (Onshore) (Document Reference: 5.6).
- 2.1.4. Every parcel of the Order Land is identified on a plot-by-plot basis and a unique number has been ascribed to each plot. The plots are shown on the Land Plans (Document Reference: 5.3), the Crown Land Plan (Document Reference: 5.4) and the Special Category Land Plan (Document Reference: 5.5), which are submitted with the Application.
- 2.1.5. The BoR provides the area in square metres of the Order Land. Each measurement is rounded up to the nearest whole square metre.
- 2.1.6. Each plot is coloured on the Land Plans (Document Reference: 5.3). The colour of the plot indicates the purpose for which the land in that plot is required:
 - a. **Pink:** Freehold to be compulsorily acquired and temporary use of land and in relation to which it is proposed to extinguish easements, servitudes and other private rights;
 - b. **Blue:** New rights (including restrictions) to be compulsorily acquired and temporary use of land and in relation to which it is proposed to suspend or extinguish easements, servitudes and other private rights; and
 - c. **Yellow:** Temporary use of land and in relation to which it is proposed to temporarily suspend easements, servitudes and other private rights.
- 2.1.7. By virtue of Article 32 (Temporary use of land for maintaining the authorised project) of the draft DCO (Document Reference: 6.1), any land within the Order limits which is reasonably required for the purpose of maintaining the authorised development may be entered and/or temporarily possessed.
- 2.1.8. This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations as detailed in Section 3.

3 STRUCTURE OF DOCUMENT

3.1 Part 1 of the Book of Reference

3.1.1. Regulation 7(1)(a) of the APFP Regulations states:

Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –

i. powers of compulsory acquisition;

ii. rights to use land, including the right to attach brackets or other equipment to buildings; or

iii. rights to carry out protective works to buildings.

3.1.2. Part 1 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiry within Categories 1 and 2, as set out in Section 57 of the PA 2008, along with the area of each plot of Order Land.

3.1.3. A person is within Category 1 if they are an owner, lessee, tenant or occupier of the land.

3.1.4. A person is within Category 2 if they have an interest in the land or have the power to sell and convey or release the land.

3.2 Part 2 of the Book of Reference

3.2.1. Regulation 7(1)(b) of the APFP Regulations states:

Part 2 contains the names and addresses for service of each person within Categories 3 as set out in section 57.

3.2.2. Part 2 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiry who it is considered would or might be able to make a 'relevant claim' (being a claim under section 10 of the Compulsory Purchase Act 1965 and / or under Part 1 of the Land Compensation Act 1973 and / or under section 152(3) of the PA 2008) as a result of the implementation of the Order, as a result of the Order having been implemented or as a result of the use of the land once the Order had been implemented.

3.2.3. It is considered that Category 3 contains parties with legal rights or interests over the land within the Order Land. Category 3 also contains persons with interests in land outside the Order Land who, it is considered, might be able to make a relevant claim (as defined above).

3.3 Part 3 of the Book of Reference

3.3.1. Regulation 7(1)(c) of the APFP Regulations states:

- 3.3.2. Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with.
- 3.3.3. Part 3 of this BoR contains the names and addresses of each person identified by the Applicant after making diligent inquiry with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with in connection with the proposed development pursuant to the Order.
- 3.3.4. Category 2 persons included within Part 1 of this BoR have also been included within Part 3 where their rights may be affected.

3.4 Part 4 of the Book of Reference

- 3.4.1. Regulation 7(1)(d) of the APFP Regulations states:
Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made
- 3.4.2. Where Crown interests in the Order Land have been identified, these are listed in Part 4 and the relevant plots shown on the Crown Land Plan (Document Reference: 5.4) to signify that it is Crown land.

3.5 Part 5 of the Book of Reference

- 3.5.1. Regulation 7(1)(e) of the APFP Regulations states:
Part 5 specifies land –
 - i. the acquisition of which is subject to special parliamentary procedure*
 - ii. which is special category land*
 - iii. which is replacement land*
- 3.5.2. The location of any land which is Special Category Land to be used either permanently or temporarily is shown in the Special Category Land Plan (Document Reference: 5.5).

4 CATEGORIES OF NEW RIGHTS

- 4.1.1. Article 24 (Compulsory acquisition of rights) and Schedule 5 (Land in which only new rights etc. may be acquired) of the draft DCO (Document Reference: 6.1) authorises the compulsory acquisition of new rights over land.
- 4.1.2. The descriptions of the new rights sought by the Applicant set out in Table 1.1 below shall apply to the column headed 'Extent of acquisition or use' in Part 1 of this BoR. For this purpose, the letter in column 1 of Table 1.1 is used to indicate the new rights sought over each relevant plot of land. The details are described in column 2 of Table 1.1. The new rights are sought for the purposes of construction, operation, maintenance and decommissioning of North Falls.

4.1.3. In Table 1.1 the terms used shall have the meaning given to those terms within the draft DCO (document 6.1) unless stated below:

- ‘adjoining land’ means such other parts of the land within the Order limits as may be required for the authorised development.
- ‘cables’ means collectively underground electricity cables together with telemetry and fibre optic lines, structures, ducting, earthing measures, thermal protection, jointing bays and other apparatus, protection measures, cable marker posts, chambers and manholes, manhole covers and other equipment which is ancillary to the purposes of transmitting electricity along such electricity cables.
- ‘Land’ means the relevant plot shown on the Land Plans (Document Reference: 5.3) and described in this BoR.

Category	Description of rights and restrictive covenants
A – Intertidal Zone	<p>Rights for the purposes of the construction, installation, retention, operation, maintenance and decommissioning of the authorised development to:</p> <ul style="list-style-type: none"> a) lay down, install, retain, adjust, alter, construct, operate, erect, use, maintain, repair, renew, upgrade, inspect, remove and replace the electricity cables (including the removal of materials including spoil) in, under, over and/or on the Land, together with such telemetry and fibre-optic lines, ducting, jointing bays and other apparatus, protection measures, cable marker posts, chambers and manholes, manhole covers and other equipment which is ancillary to the purposes of transmitting electricity along such electricity cables (all collectively referred to as the ‘cables’), and in doing so, to use or resort to trenchless installation techniques including (but not limited to) directional drilling beneath sea defences and existing infrastructure; b) to benefit from continuous vertical and lateral support for the authorised development; c) pass and re-pass with or without vehicles, plant, machinery, apparatus, equipment and materials for the purposes of laying down, installing, adjusting, altering, constructing, using, maintaining, repairing, renewing, inspecting, removing and replacing the electrical infrastructure and cables; d) construct and install and thereafter use the Land for all necessary purposes for the commissioning, construction, repair, testing and maintenance of the cables in, on or under the Land; e) place and use plant, machinery, structures and temporary structures within the Land for the purposes of the installation, construction, maintenance, repairing, renewing, upgrading, inspecting, removal and replacing of the ducting, electrical infrastructure and cables, and to erect temporary signage and provide measures for the benefit of public and personnel safety; <p>A restrictive covenant over the Land for the benefit of the remainder of the Order Land to:</p> <ul style="list-style-type: none"> a) prevent anything to be done in or upon the Land or any part thereof for the purpose of the erection of any buildings or construction erection or works of any kind (including the foundations or footings thereto);

	<ul style="list-style-type: none"> b) prevent anything to be done by way of hard surfacing of the Land with concrete of any kind or with any other material or surface whatsoever without the consent in writing of the undertaker (such consent not to be unreasonably withheld or delayed if the proposed surfacing would not cause damage to relevant part of the authorised development nor make it materially more difficult or expensive to maintain the authorised development); c) to prevent anything to be done by way of excavation of any kind in the Land nor any activities which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development, alter, increase or decrease ground cover or soil levels in any manner whatsoever without the consent in writing of the undertaker save as are reasonably required for agricultural activities (being ploughing to no deeper than 0.6m for the purposes of arable farming) or are required to be carried out by National Grid in order to exercise their statutory functions or rights in relation to their apparatus (if any) within the Land; d) to prevent anything being done which may interfere with free flow and passage of electricity or telecommunications through the cables or support for the authorised development; e) to prevent carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development;
<p>B – Landfall and Onshore Connection Works</p>	<p>Rights for the purposes of the construction, installation, retention, operation, maintenance and decommissioning of the authorised development to:</p> <ul style="list-style-type: none"> a) lay down, install, retain, adjust, alter, construct, operate, erect, use, maintain, repair, renew, upgrade, inspect, remove and replace the electricity cables (including the removal of materials including spoil) in, under, over and/or on the Land, together with such telemetry and fibre-optic lines, ducting, jointing bays and other apparatus, protection measures, cable marker posts, chambers and manholes, manhole covers and other equipment which is ancillary to the purposes of transmitting electricity along such electricity cables (all collectively referred to as the ‘cables’), and in doing so, to use or resort to trenchless installation techniques including (but not limited to) directional drilling beneath sea defences, watercourses and highways; b) enter, be on, and break open and break up the surface of the Land and remain with or without plant, vehicles, machinery, apparatus and equipment which is ancillary to the purposes of installing, operating and maintaining the cables, transmitting electricity along the cables or use of electrical infrastructure and the cables; c) to benefit from continuous vertical and lateral support for the authorised development; d) pass and re-pass with or without vehicles, plant, machinery, apparatus, equipment and materials for the purposes of laying down, installing, adjusting, altering, constructing, using, maintaining, repairing, renewing, upgrading, inspecting, removing and replacing the electrical infrastructure and cables; e) construct and install and thereafter use the Land for all necessary purposes for the commissioning, construction, repair, testing and maintenance of the cables in, on or under the Land; f) place and use plant, machinery, structures and temporary structures within the Land for the purposes of the installation, construction, maintenance, repairing,

renewing, upgrading, inspecting, removal and replacing of the electrical infrastructure and cables, and to erect temporary signage and provide measures for the benefit of public and personnel safety;

- g) erect temporary bridges and supporting or protective structures for the purposes of access to adjoining land and highway;
- h) erect fencing, gates, walls, barriers or other means of enclosure, and create secure working areas and compounds including trenchless installation technique compounds and working areas;
- i) construct, lay down, use and remove temporary access roads including any necessary hard standing and other surface materials including (but not limited to) matting, aggregate, trackway, stone, tarmacadam, terram, temporary bridging, culverting or diversion of water courses and drains during any period during which construction, maintenance, repair or renewal or decommissioning is being carried out;
- j) to use, maintain, renew improve and alter existing accesses, roads, streets, tracks or ways over the Land, providing that such use is not exclusive and exercise of this right must not prevent or unreasonably inhibit use by other parties;
- k) effect access and egress to and from the highway;
- l) make such investigations in or on the Land as required;
- m) alter, fell, lop or cut, coppice wood, uproot trees or hedges or shrubs or other vegetation which now or hereafter may be standing on the Land or other land which would if not felled, lopped, cut or removed would obstruct or interfere with the operation of the cables and ancillary equipment including ducting;
- n) to take and use, remove and discharge water from the Land, and to lay down, install, retain, use, maintain, inspect, adjust, alter, remove, refurbish, reconstruct, upgrade, replace, protect and improve sewers, drains, pipes, ducts, mains, conduits, flues and to drain into and manage waterflows in any drains, watercourses and culverts, install, retain, use, inspect, maintain, adjust, alter, renew, repair, test or cleanse drainage schemes on the Land or reinstate the any existing drainage scheme on the Land;
- o) lay down, install, alter, re-lay, maintain, protect, adjust, use or remove pipes, cables or conduits or apparatus including but not limited to electricity poles, electricity pylons, electricity masts, overhead electricity lines, telecommunications cables and any ancillary equipment and apparatus public and private drains, watercourses, sewers, ponds or culverts, service media (including the pipes, cables or conduits or apparatus of statutory undertakers and providing connection to the authorised development);
- p) erect and remove temporary fencing, gates, walls, barriers or other means of enclosure, remove fences and structures within the Land during any period during which construction, maintenance, repair or renewal is being carried out (subject to erection of any temporary stock-proof fencing as is reasonably required and the re-instatement or suitable replacement of the fences or structures following the end of each period of exercise of the rights);
- q) store and stockpile materials (including excavated material);
- r) create boreholes and trial excavation pits for the purposes of intrusively surveying the land and monitoring the use of any trenchless installation technique, to keep

in place and monitor the same through construction, maintenance repair, replacement or decommissioning and to reinstate the Land;

- s) to excavate materials below ground level, including soils, and to store and re-use or dispose of the same, and in so excavating to undertake any works, including works of protection or removal of archaeological remains as may be required by any written scheme of investigation approved under this Order;
- t) lay out and maintain temporary paths and bridleways for public use as temporary diversions for public rights of way which are interfered with during any period in which construction, maintenance, repair or renewal decommissioning is being carried out;
- u) to install, execute, implement, retain, repair, improve, renew, relocate, maintain and carry out mitigation, maintenance, remediation works for environmental or ecological mitigation or enhancement works, including temporary works for noise alleviation measures and the installation of temporary barriers for the protection of fauna;
- v) carry out such works (together with associated fencing) required by a planning permission and/or consent now or to be granted over the Land and/or in accordance with any necessary licences relating to protected species and/or wildlife; and
- w) (in an emergency only when the cables are temporarily unusable) to lay down, install, use, maintain and inspect underground cables, telephone signalling and fibre-optic cables and ancillary equipment, associated works and other conducting media together with conduits or pipes for containing the same in and under the Land.

A restrictive covenant over the Land for the benefit of the remainder of the Order Land to—

- a) prevent anything to be done in or upon the Land or any part thereof for the purpose of the erection of any buildings or construction erection or works of any kind (including the foundations or footings thereto);
- b) prevent anything to be done by way of hard surfacing of the Land with concrete of any kind or with any other material or surface whatsoever without the consent in writing of the undertaker (such consent not to be unreasonably withheld or delayed if the proposed surfacing would not cause damage to relevant part of the authorised development nor make it materially more difficult or expensive to maintain the authorised development);
- c) to prevent anything to be done by way of excavation of any kind in the Land nor any activities which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development, alter, increase or decrease ground cover or soil levels in any manner whatsoever without the consent in writing of the undertaker save as are reasonably required for agricultural activities (being ploughing to no deeper than 0.6m for the purposes of arable farming) or are required to be carried out by National Grid in order to exercise their statutory functions or rights in relation to their apparatus (if any) within the Land;
- d) to prevent the planting or growing within the Land of any trees, shrubs or underwood without the consent in writing of the undertaker (such consent not to be unreasonably withheld or delayed provided that the proposed trees, shrubs or underwood would not cause damage to the relevant part of the authorised development nor make it materially more difficult or expensive to access the relevant part of the authorised development);

	<ul style="list-style-type: none"> e) to prevent anything being done which may interfere with free flow and passage of electricity or telecommunications through the cables or support for the authorised development; f) to prevent carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt, or interfere with the exercise of the rights or damage the authorised development; and g) to prevent any activity which would in the reasonable opinion of the undertaker result in the disturbance of ecological mitigation areas or areas of habitat creation or reinstatement including any ploughing or grazing without the prior written consent of the undertaker.
<p>C – Cable Route Onshore</p>	<p>Rights for the purposes of the construction, installation, operation, maintenance and decommissioning of the authorised development to—</p> <ul style="list-style-type: none"> a) lay down, install, retain, adjust, alter, construct, operate, erect, use, maintain, repair, renew, upgrade, inspect, remove and replace the electricity cables (including the removal of materials including spoil) in, under, over and/or on the Land, together with such telemetry and fibre-optic lines, ducting, jointing bays and other apparatus, protection measures, cable marker posts, chambers and manholes, manhole covers and other equipment which is ancillary to the purposes of transmitting electricity along such electricity cables (all collectively referred to as the ‘cables’), and in doing so, to use or resort to trenchless installation techniques including (but not limited to) directional drilling beneath watercourses, highways and railways; b) lay down, install, retain, adjust, alter, construct, operate, erect, use, maintain, repair, renew, upgrade, inspect, remove and replace the additional ducts for electricity cables (including the removal of materials including spoil) in, under, over and/or on the Land, allow the installation and use of electrical cables in the additional ducts, together with such telemetry and fibre-optic lines, ducting, jointing bays and other apparatus, protection measures, cable marker posts, chambers and manholes, manhole covers and other equipment which is ancillary to the purposes of transmitting electricity along such electricity cables (all collectively referred to as the ‘cables’), and in doing so, to use or resort to trenchless installation techniques including (but not limited to) directional drilling beneath watercourses, highways and railways; c) enter, be on, and break open and break up the surface of the Land and remain with or without plant, vehicles, machinery, apparatus and equipment which is ancillary to the purposes of installing, operating and maintaining the cables or additional ducts, transmitting electricity along the cables or use of electrical infrastructure and the cables; d) to benefit from continuous vertical and lateral support for the authorised development; e) pass and re-pass with or without vehicles, plant, machinery, apparatus, equipment and materials for the purposes of laying down, installing, adjusting, altering, constructing, using, maintaining, repairing, renewing, upgrading, inspecting, removing and replacing the electrical infrastructure and cables and additional ducts; f) construct and install and thereafter use the Land for all necessary purposes for the commissioning, construction, repair, testing and maintenance of the cables and additional ducts in, on or under the Land;

	<p>g) place and use plant, machinery, structures and temporary structures within the Land for the purposes of the installation, construction, maintenance, repairing, renewing, upgrading, inspecting, removal and replacing of the electrical infrastructure and cables and additional ducts, and to erect temporary signage and provide measures for the benefit of public and personnel safety;</p> <p>h) erect temporary bridges and supporting or protective structures for the purposes of access to adjoining land and highway;</p> <p>i) erect fencing, gates, walls, barriers or other means of enclosure, and create secure working areas and compounds including trenchless installation technique compounds and working areas;</p> <p>j) construct, lay down, use and remove temporary access roads including any necessary hard standing and other surface materials including (but not limited to) matting, aggregate, trackway, stone, tarmacadam, terram, temporary bridging, culverting or diversion of water courses and drains during any period during which construction, maintenance, repair or renewal or decommissioning is being carried out;</p> <p>k) to use, maintain, renew improve and alter existing accesses, roads, streets, tracks or ways over the Land, providing that such use is not exclusive and exercise of this right must not prevent or unreasonably inhibit use by other parties;</p> <p>l) effect access and egress to and from the highway;</p> <p>m) make such investigations in or on the Land as required;</p> <p>n) alter, fell, lop or cut, coppice or replant wood, uproot trees or hedges or shrubs or other vegetation which now or hereafter may be standing on the Land or other land which would if not felled, lopped, cut or removed would obstruct or interfere with the operation of the cables and ancillary equipment including ducting;</p> <p>o) to take and use, remove and discharge water from the Land, and to lay down, install, retain, use, maintain, inspect, adjust, alter, remove, refurbish, reconstruct, upgrade, replace, protect and improve sewers, drains, pipes, ducts, mains, conduits, flues and to drain into and manage waterflows in any drains, watercourses and culverts, install, retain, use, inspect, maintain, adjust, alter, renew, repair, test or cleanse drainage schemes on the Land or reinstate the any existing drainage scheme on the Land;</p> <p>p) lay down, install, alter, re-lay, maintain, protect, adjust, use or remove pipes, cables or conduits or apparatus including but not limited to electricity poles, electricity pylons, electricity masts, overhead electricity lines, telecommunications cables and any ancillary equipment and apparatus public and private drains, watercourses, sewers, ponds or culverts, service media (including the pipes, cables or conduits or apparatus of statutory undertakers and providing connection to the authorised development);</p> <p>q) erect and remove temporary fencing, gates, walls, barriers or other means of enclosure, remove fences and structures within the Land during any period during which construction, maintenance, repair or renewal is being carried out (subject to erection of any temporary stock-proof fencing as is reasonably required and the re-instatement or suitable replacement of the fences or structures following the end of each period of exercise of the rights);</p> <p>r) store and stockpile materials (including excavated material);</p>
