To Whom It May Concern,

JNCC were contacted by Flotation Energy to review the additional information that they have provided in the final Marine Mammal Mitigation Protocol (MMMP) and Underwater Sound Management Strategy. JNCC confirm we are content with the additional text in the USMS and MMMP, particularly as both documents now clarify that Defra's noise policy will be adhered to. We can confirm that the additional text alleviates any concerns that we had in our previous responses.

Please let us know if there's anything else that you need and/or if anything requires additional clarification.

All the best,

[REDACTED] | Offshore Industry Adviser | JNCC
