48. Schedule 3, Part 3, Para. 7(3)(b)

Correction requested by Applicant: After “any such additional costs)” omit the paragraph break so that sub-paragraph (b) reads in its entirety as “(b) dispute the amount of additional costs specified in the itemised invoice or claim (or that the licensee has not used reasonable endeavours to mitigate or minimise any such additional costs) and notify the licensee that the undertaker will (if not resolved amicably pursuant to paragraph 1(2) of Schedule 5 to this Order) refer the matter to arbitration pursuant to paragraph 8 of this Part of this Schedule.”

Secretary of State’s rationale: To correct erroneous formatting

4. Schedule 7, Part 1, Para. 1

Correction requested by Applicant: Within the Environmental Statement sub-heading, at the entry for 5.5 (Schedule of Mitigation) for “AS-016” substitute “REP6-015”

Secretary of State’s rationale: The correction request refers to an outdated document. In the Examination Library, AS-016 is Revision 8 of the Schedule of Mitigation, while REP6-015 is Revision 7. The ExA requested the change in ER 25.6.1, Table 11.

10. Schedule 7, Part 2, Para. 4(c)

Correction requested by Applicant: After “as core members” omit “and NatureScot”

Secretary of State’s rationale: NatureScot should remain identified as an advisory member.

11. Article 2(1)

Correction requested by Applicant: Before the definition of “Order limits”, insert a new definition ““operation” means the undertaking of activities authorised by this Order which are not part of the construction, commissioning or decommissioning of the authorised project;”

Secretary of State’s rationale: As set out in the Modifications section of the Decision Letter, this definition is not required, and certain uses of the term in the Order would be inconsistent with such a definition. This does not constitute an error. Furthermore, the term is not consistently defined across offshore wind DCOs.

12. Schedule 2, Para. 13(1)

Correction requested by Applicant: After “of any”, for “WTG” substitute “wind turbine generator”

Secretary of State’s rationale: This correction is unnecessary as the definition in Article 2 includes “wind turbine generator” or “WTG”.
