Dear Sir/Madam,

Please find below the response on behalf of the Isle of Man Territorial Sea Committee to the question raised in the Secretary of State's Consultation Letter dated 21st August 2025 (Ref: EN010121).

Question 13 – Cumulative effects assessment

Mooir Vannin Offshore Wind Farm Limited submitted an application for Marine Infrastructure Consent under the provisions of the Marine Infrastructure Management Act 2016 to the Department of Infrastructure on 28th July 2025. This application was accepted for examination by the IoM Council of Ministers on 26th August 2025 and is now in the Pre-examination stage. The period to register as interested parties and for public consultation will run until 28th November 2025 with an anticipated preliminary meeting date of 19th January 2026.

The application documents including the EIA are now available at <https://mima.gov.im/mooir-vannin/document-library/application-acceptance/>.

It should also be noted that the proposed transmission link from Mooir Vannin to the UK (East Irish Sea Transmission Project) is now live on the UK Planning Inspectorate NSIP website (Project Ref: EN0210008) and is currently at the Scoping Opinion stage.

If any further information or clarification is required please do not hesitate to get in touch.

Many thanks and best regards,

[REDACTED]
