This document is supplied on and subject to the terms and conditions of the Contractual Agreement relating to this work, under which this document has been supplied, in particular:

LIABILITY

In preparation of this document RWE Renewables UK Dogger Bank South (West) Limited and RWE Renewables UK Dogger Bank South (East) Limited has made reasonable efforts to ensure that the content is accurate, up to date and complete for the purpose for which it was contracted. RWE Renewables UK Dogger Bank South (West) Limited and RWE Renewables UK Dogger Bank South (East) Limited makes no warranty as to the accuracy or completeness of material supplied by the client or their agent.

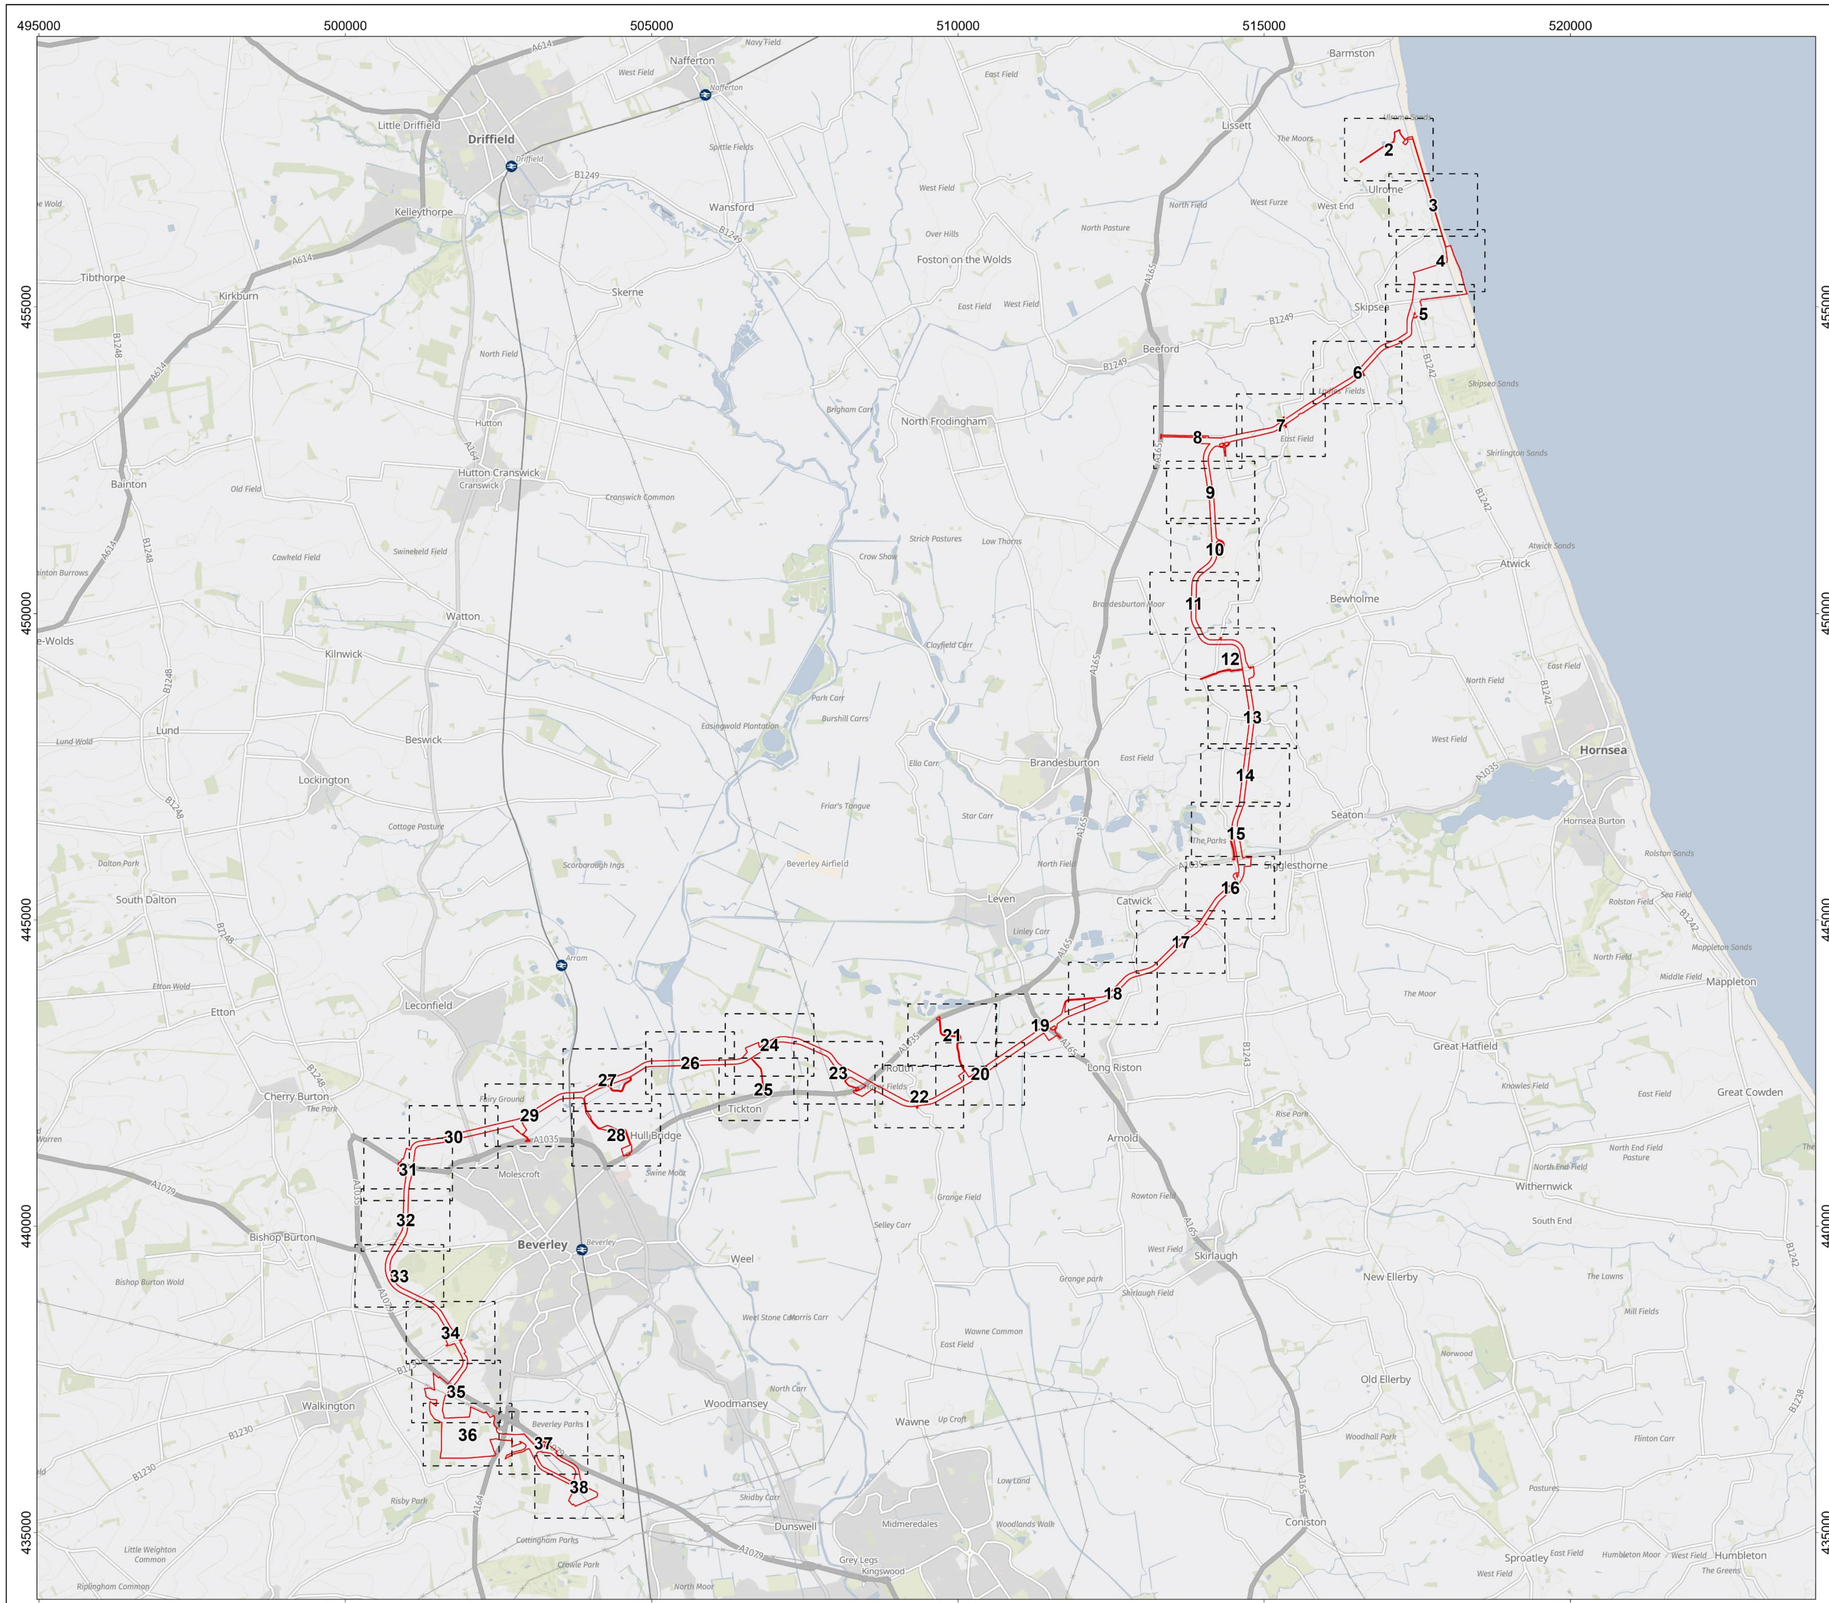

Other than any liability on RWE Renewables UK Dogger Bank South (West) Limited and RWE Renewables UK Dogger Bank South (East) Limited detailed in the contracts between the parties for this work RWE Renewables UK Dogger Bank South (West) Limited and RWE Renewables UK Dogger Bank South (East) Limited shall have no liability for any loss, damage, injury, claim, expense, cost or other consequence arising as a result of use or reliance upon any information contained in or omitted from this document.

Any persons intending to use this document should satisfy themselves as to its applicability for their intended purpose.

The user of this document has the obligation to employ safe working practices for any activities referred to and to adopt specific practices appropriate to local conditions.

Rev No.	Date	Status/Reason for Issue	Author	Checked by	Approved by
01	June 2024	Final for DCO Application	RHDHV	RWE	RWE
02	October 2024	Submission at Pre-Examination Procedural Deadline	RHDHV	RWE	RWE
03	November 2024	Submission at previous Draft Deadline 1	RHDHV	RWE	RWE

Revision Change Log			
Rev No.	**Page**	**Section**	**Description**
01	N/A	N/A	Submitted for DCO Application
02	4 to 41	N/A	The Tree Preservation Order and Hedgerow Plan has been updated to distinguish between the two different shades of green representing “Other Hedgerows” and “Line of Trees” on the key as requested in the Rule 6 Errata
03	4 to 41	N/A	The Tree Preservation Order and Hedgerow Plan has been updated in response to the Rule 17 letter [PD-006] to identify hedgerows within the Onshore Development Area which would be defined as historically important and Action Number 2 from the Preliminary Meeting [EV2-002] to correct colour coding

- Removal of ecologically & historically important hedgerow

Other Hedgerows**

- No interaction with hedgerow
- Hedgerow crossed via trenchless crossing
- Removal of hedgerow

Line of trees

- Line of trees crossed via trenchless crossing
- Removal of line of trees

Hedgerow Notes:

For any hedgerows that require removal, the maximum width of hedgerows to be removed will be 34 metres.

For hedgerows located within visibility splays, at temporary construction access points; hedgerows and trees would be cut back where possible and only removed as a worst case.

Important Hedgerow: The hedgerow fulfills the criteria for Importance, set out in the Hedgerow Regulations (1997).*

*Hedgerow**: The hedgerow has been surveyed as part of the habitat surveys and refer to native hedgerows not considered to be "important" according to the Hedgerow Regulations (1997).*

Removal of historically important hedgerow
No interaction with ecologically & historically important hedgerow
Ecologically & historically important hedgerow crossed via trenchless
Removal of ecologically & historically important hedgerow

Other Hedgerows**

No interaction with hedgerow
Hedgerow crossed via trenchless crossing
Removal of hedgerow

Line of trees

Line of trees crossed via trenchless crossing
Removal of line of trees

Hedgerow Notes:

For any hedgerows that require removal, the maximum width of hedgerows to be removed will be 34 metres.

For hedgerows located within visibility splays, at temporary construction access points; hedgerows and trees would be cut back where possible and only removed as a worst case.

Important Hedgerow: The hedgerow fulfills the criteria for Importance, set out in the Hedgerow Regulations (1997).*

*Hedgerow**: The hedgerow has been surveyed as part of the habitat surveys and refer to native hedgerows not considered to be "important" according to the Hedgerow Regulations (1997).*

Important Hedgerows*
- No interaction with ecologically important hedgerow
- Ecologically important hedgerow crossed via trenchless crossing
- Removal of ecologically important hedgerow
- No interaction with historically important hedgerow
- Historically important hedgerow crossed via trenchless crossing
- Removal of historically important hedgerow
- No interaction with ecologically & historically important hedgerow
- Ecologically & historically important hedgerow crossed via trenchless
- Removal of ecologically & historically important hedgerow

Other Hedgerows**
- No interaction with hedgerow
- Hedgerow crossed via trenchless crossing
- Removal of hedgerow

Line of trees
- Line of trees crossed via trenchless crossing
- Removal of line of trees

Hedgerow Notes:

For any hedgerows that require removal, the maximum width of hedgerows to be removed will be 34 metres.

For hedgerows located within visibility splays, at temporary construction access points; hedgerows and trees would be cut back where possible and only removed as a worst case.

Important Hedgerow: The hedgerow fulfills the criteria for Importance, set out in the Hedgerow Regulations (1997).*

*Hedgerow**: The hedgerow has been surveyed as part of the habitat surveys and refer to native hedgerows not considered to be "important" according to the Hedgerow Regulations (1997).*

- Water bodies

Important Hedgerows*

- No interaction with ecologically important hedgerow
- Ecologically important hedgerow crossed via trenchless crossing
- Removal of ecologically important hedgerow
- No interaction with historically important hedgerow
- Historically important hedgerow crossed via trenchless crossing
- Removal of historically important hedgerow
- No interaction with ecologically & historically important hedgerow
- Ecologically & historically important hedgerow crossed via trenchless
- Removal of ecologically & historically important hedgerow

Other Hedgerows**

- No interaction with hedgerow
- Hedgerow crossed via trenchless crossing
- Removal of hedgerow

Line of trees

- Line of trees crossed via trenchless crossing
- Removal of line of trees

Hedgerow Notes:

For any hedgerows that require removal, the maximum width of hedgerows to be removed will be 34 metres.

For hedgerows located within visibility splays, at temporary construction access points; hedgerows and trees would be cut back where possible and only removed as a worst case.

Important Hedgerow: The hedgerow fulfills the criteria for Importance, set out in the Hedgerow Regulations (1997).*

*Hedgerow**: The hedgerow has been surveyed as part of the habitat surveys and refer to native hedgerows not considered to be "important" according to the Hedgerow Regulations (1997).*
