We continue to be involved in discussions with the Applicants to resolve the outstanding points of difference between us and an updated Statement of Common Ground is under discussion.

2.0 HISTORIC ENGLAND'S RESPONSES TO THE QUESTIONS

2.1 Question 17.13

Title: Onshore Historic Environment – nighttime visualisation

Provide a view on the information contained in the Nighttime Lighting Visualisation Technical Note [REP6-054]. If you have outstanding concerns regarding the impacts from lighting on the scheduled monument nearby to Butt Farm, set out what these are and how they could be addressed. Do you consider that the proposed lighting levels would affect the level of harm you have identified to the nearby scheduled monument?

We have carefully reviewed the Technical Note [REP6-054] and can confirm that we have no concerns on heritage grounds, and have no further concerns on this matter.
