

Dear Secretary of State

We act for BHP Billiton Petroleum Great Britain Limited (BHP). Further to recent correspondence submitted on 16 March 2026 regarding the status of the crossing and proximity agreement pending with the Applicants for the Dogger Bank South Offshore Wind Farms project, BHP and the Applicants have now completed the side agreements to confirm that the required crossing and proximity agreement will be entered into in due course ahead of any works taking place within 500m of BHP's apparatus.

Accordingly, BHP hereby withdraws its representation to the examination of the Dogger Bank South Offshore Wind Farms project.
