- Notes:
- These plans illustrate one way that the authorised development could be carried out within the constraints of the Limits of Deviation shown on the Works Plans and in light of the Parameters and Design Guidance, however consent is not sought for this layout.
 - The Order limits has been drawn to the Land Registry boundaries and Topographical Survey data. The accuracy of Land Registry and the topographical survey differs from the OS Base Mapping which results in the Order limits not aligning with the line work shown on the OS Base Mapping.
