

Representative Viewpoint 10 (Left) - Public footpath E174 to the south of Belmesthorpe village

Existing View:

This viewpoint is representative of walkers using public footpath E174 located to the south of Belmsthorpe village located approximately 624m from the southern parcel of the Solar PV Site. The existing view extends across the gently rising pastoral fields and paddocks towards Seven Acre Wood. The pylons and transmission lines extending in-parallel to the Essendine Road are visible on the horizon in the distant view beyond Seven Acre Wood.

For viewpoint locations refer to Figure 6.6: Zone of Theoretical Visibility (ZTV) Study, Representative Viewpoints and Illustrative Viewpoints.

Operational Phase Effects:

The southern parcel of the Solar PV Site would not be perceptible beyond the rising landform, hedgerows and woodland which encloses the horizon at this viewpoint. The scale of effect would be **negligible (neutral)** at year 1 and 15.
