Dear Sir,

Planning Act 2008 – Application for Development Consent
GT R4 Limited, trading as Outer Dowsing Offshore Wind (the “Applicant”)
The Proposed Outer Dowsing Offshore Wind Farm Order (the “Application”)
Application Reference: EN010130

Ahead of the consideration of the Application, the Applicant highlights the below points and provides, for the Secretary of State’s assistance, the documents set out in Table 1 which relate predominately to errata which the Applicant has become aware of.

(i) **Corrected Book of Reference**

Following Deadline 6, the Applicant became aware that an incomplete version of the Deadline 6 Book of Reference was provided into Examination (REP6-013). The Applicant has now submitted the complete version, which had been prepared in advance of Deadline 6 but due to an administrative error was not uploaded in full.

(ii) **Shareholder Structure Update**

The Applicant notes that there was a minor change in the ownership structure for one of the Applicant’s indirect shareholders in April 2025: the ultimate owner of Gulf International Holding Pte. Limited (registered in Singapore with Registration Number 201417960W; referred to in Paragraph 13 of the Compulsory Acquisition Funding Statement (REP2-019) and Paragraph 17 of the HRA Compensation Funding Statement (REP2-027)) is now Gulf Development Public Company Limited (registered in Thailand with Registration Number 0107568000086). The ultimate owner was previously Gulf Energy Development Public Company Limited. It merged with another one of its subsidiaries which resulted in those two companies ceasing to exist and the creation of Gulf Development Public Company Limited in their place. The new company is listed on the Thai Stock Exchange and has acquired the assets of the two companies which ceased to exist. An updated structure chart is appended in respect of the ownership of Maryland InvestCo Limited showing this change.

(iii) **Development Consent Order (“DCO”) Minor Updates**

As detailed in the Schedule of Changes to the Draft Development Consent Order, the Applicant has become aware of and corrected some minor errata in the Draft DCO (Document 3.1), which it has now resubmitted alongside the Schedule of Changes (Document 3.1.1). The updated version of the Draft DCO has been validated, and a new Validation Report (Document 3.1.2) has been submitted to reflect this. Lastly, an MS Word version of the Draft DCO has also been provided in case of assistance.

If we can be of any further assistance, please contact Beth Travis ([REDACTED]@outerdowsing.com).

Yours faithfully,

[REDACTED]
