Dear Mr Wheadon

Outer Dowsing Offshore Wind (the trading name of GT R4 Limited) (the “Applicant”)

Proposed Outer Dowsing Offshore Wind Farm Order (“Order”)

Update on behalf of T.H. Clements & Son Limited (“T.H. Clements”)- Interested Party
Reference: 20049059

Mills & Reeve continue to be retained by T.H. Clements.

We refer to our letter of 20 August 2025 (“**THC Letter**”) submitted on behalf of T.H. Clements’ and write to provide an update on the status of negotiations between the Applicant and T.H. Clements at this time.

We can confirm that good progress has been made between the parties since the date of the THC Letter and that a draft agreement (“**Agreement**”) is well progressed (albeit it is not yet in final form, since there are a handful of points still to be agreed).

We expect the Agreement to be agreed, signed and completed within the next two weeks. Upon completion of the Agreement, T.H. Clements would be in a position to formally withdraw its objection to the Order.

Given the progress that has been made on the Agreement, T.H. Clements does not intend to submit any further information in response to the Department for Energy Security and Net Zero’s letter of 12 August 2025 at this point in time but reserves its right to do so in the event that the Agreement is not completed within the next two weeks.

We will provide a further update either way by 23 September 2025.
