Dear Mr Wheadon

Outer Dowsing Offshore Wind (the trading name of GT R4 Limited) (the “Applicant”)

Proposed Outer Dowsing Offshore Wind Farm Order (“Order”)

Update on behalf of T.H. Clements & Son Limited (“T.H. Clements”)- Interested Party

Reference: [REDACTED]

Mills & Reeve continue to be retained by T.H. Clements.

We refer to our letters of 20 August and 9 September 2025 (“**THC Letters**”) submitted on behalf of T.H. Clements’ and write to provide a further update on the status of negotiations between the Applicant and T.H. Clements at this time.

The draft agreement (“**Agreement**”) is continuing to be progressed between the parties legal representatives and is in near final form. We expect the Agreement to be agreed shortly, and the parties are working towards completion in the next 7 days. Upon completion of the Agreement, T.H. Clements would be in a position to formally withdraw its objection to the Order. We will keep the Inspectorate informed.

Given the progress that has been made on the Agreement, T.H. Clements does not intend to submit any further information in response to the Department for Energy Security and Net Zero’s letter of 12 August 2025.
