Dear Sir,

Planning Act 2008 – Application for Development Consent
GT R4 Limited, trading as Outer Dowsing Offshore Wind (the “Applicant”)
The Proposed Outer Dowsing Offshore Wind Farm Order (the “Application”)
Application Reference: EN010130
Further Response to the Third Request for Information (“RFI”)

In the second part (paragraph 5) of the Third RFI of 29 October the Secretary of State requested that the Applicant *“engages with InterGen to review the plans submitted and confirm in principle whether or not appropriate protective provisions can be incorporated into the DCO.”*

The Applicant has done as requested and the Applicant and InterGen have agreed the following joint statement:

“The Applicant and InterGen (acting on behalf of Spalding Energy Company Limited and Spalding Energy Expansion Limited) have engaged regarding InterGen’s response to the all-IPs consultation published on 6 November 2025. The Applicant and InterGen are confident that this is a matter that can be appropriately dealt with by the inclusion of appropriate protective provisions in favour of Spalding Energy Company Limited and Spalding Energy Expansion Limited in the DCO.

The parties are continuing to discuss appropriate protections and will provide an update to the Secretary of State by Wednesday 19 November 2025.”

The Applicant will write to the Secretary of State on 19 November to provide the above-referenced update.

Yours faithfully,

Development Manager
Outer Dowsing Offshore Wind
