1 Introduction

1.1 Introduction

- 1.1.1 This **Schedule of Negotiations and Powers Sought**, alongside the **Statement of Reasons (Doc Ref. 4.2)**, demonstrates that the Applicant has complied with the Compulsory Acquisition ('CA') Guidance related to procedures for the compulsory acquisition of land.¹
- 1.1.2 The Applicant has acquired, and continues to seek to acquire, the relevant interests in and rights over land by private treaty, in order to ensure delivery of the Project. Whilst seeking compulsory acquisition powers in the **Draft Development Consent Order ('DCO') (Doc Ref. 3.1)**, the Applicant will continue to seek to reach voluntary agreement wherever possible. This approach of seeking powers of compulsory acquisition in the DCO Application, in parallel with conducting negotiations to acquire land and rights by agreement, accords with paragraph 26 of the CA Guidance. Table 1 below sets out the latest position in relation to these voluntary agreements, as at Deadline 4 (11 March 2025).
- 1.1.3 The CA Guidance (paragraph 9) states that the Applicant must have a clear idea of how they intend to use the land which it is proposed to acquire, and Table 1 below summarises the reason that acquisition of land/rights is required to deliver the Project. Where rights over the subsoil beneath the highway from owners of that land are required in connection with the Project, that interest is proposed to be acquired via compulsory acquisition without negotiation or the payment of compensation. Please refer paragraph 5.2 of the **Statement of Reasons (Doc Ref 4.2)** for further explanation of this point.
- 1.1.4 Table 2 below lists plots within the Order land which comprise part of the highway network and whilst an explanation is provided on why the land is required to accommodate the Project; a summary of negotiations is not provided here as there are no voluntary property rights being sought in relation to the highway other than engaging with the relevant highways authority as part of the DCO process.
- 1.1.5 Table 3 below sets out the position in relation to Statutory Undertakers who have been identified as having land, rights and/or apparatus within the Order land.
- 1.1.6 This Schedule of Negotiations and Powers Sought is one of a number of documents accompanying the DCO Application. It should in particular be read in conjunction with the following documents:
- **Land Plans (Doc Ref. 2.1);**
 - **Crown Land Plans (Doc Ref. 2.2);**
 - **Works Plans (Doc Ref. 2.3);**
 - **Draft Development Consent Order (Doc Ref. 3.1);**
 - **Book of Reference (Doc Ref. 4.1); and**
 - **Statement of Reasons (Doc Ref. 4.2).**

¹ *Planning Act 2008: Guidance related to procedures for the compulsory acquisition of land*, Department for Communities and Local Government, 2013 (Referred to as the 'CA Guidance' in this document).

- 1.1.7 It is envisaged that this Schedule of Negotiations and Powers Sought will be updated at regular intervals throughout Examination of the Project. The latest updates will be included in this document in track at the relevant deadline.
