Hi

In response to the planning application for the Application by EPL 001 Limited (“the Applicant”) for an Order granting Development Consent for the proposed Stonestreet Green Solar Farm (“the Proposed Development”) please see response below from South East Water regarding our assets in the area and support of the project;

I can confirm that there are limited South East Water assets within the Order Limits, the majority of which are abandoned mains. South East Water's assets are appropriately protected under the protective provisions in Schedule 13, Part 1 of the Draft Development Consent Order (Doc Ref. 3.1(G)).

The assets that will be affected by this application must be diverted prior to construction and these must be applied for well in advance of any on site works. As long as this is adhered to then we have no objection to the Project.”.

If you require any further information please advise

kind regards

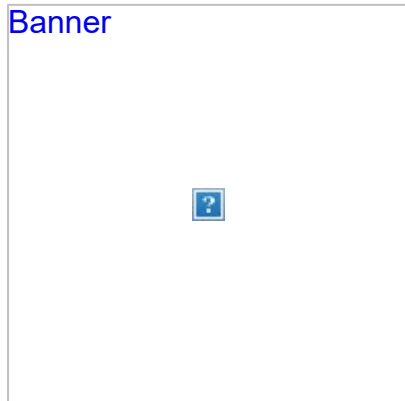

[REDACTED]
