Dear Ms Hunt,

**Application by Morgan Offshore Wind Limited for an Order Granting
Development Consent for the Morgan Offshore Wind Farm Generation Assets
PINs Ref: EN010136**

The Examination Authority – Deadline 5

Historic England registration identification number: 20049461

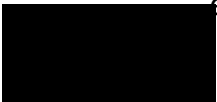

We offer this response regarding the Second Question directed to Historic England, as issued on 19th December 2024:

HE 2.2 – Revised Mitigation and Means of Securing the Commitment

“Further to your answer to ExQ HE1.3, please confirm satisfaction with the wording of the ‘commitment securing mechanism’ for Co99 (page 35, [REP4-025]) which currently reads: ‘...subsequent method statements produced by the Retained Archaeologist and approved by the Statutory Archaeological Curator in advance of works commencing’.”

We hereby confirm that we are satisfied by the text as quoted and included within the Commitments Register (previously titled Mitigation and monitoring schedule), as dated 10th December 2024 and referenced above.

Sincerely,

Dr Christopher Pater
Head of Marine Planning
