**Subject: NATS Objection and Commercial Agreements Update – Morgan Offshore Wind Farm**  
**Application Reference: EN010136**

To Whom this may concern,

We wish to confirm that we are prepared to formally withdraw our objection. However, this withdrawal is contingent upon the finalisation and execution of a binding agreement with the developer. While all parties are aligned and the agreement is in final form, due to timing constraints, the commercial agreement will not be formally signed until tomorrow, (4 July 2025).

Accordingly, we expect to issue the formal objection withdrawal immediately following the execution of the agreement. We respectfully request that this timing is taken into consideration and trust that our intention to withdraw, pending the agreements completion, is understood.

Yours Sincerely

  
NATS Services
