1 Relationship of offshore plans included within the Development Consent Order

1.1 Introduction

- 1.1.1.1 This document was initially submitted with the Mona Offshore Wind Project Application, and This report illustrates the relationship of offshore plans secured by the draft Development Consent Order (DCO) submitted as part of the application with the proposed Mona Offshore Wind Project. It has been updated for Deadline 3 to align with the updated draft DCO submitted at Deadline 2 (REP2-004).
- The list of offshore management plans and associated outline management plans secured in the DCO are illustrated in Figure 1.1.

Under Schedule 2, requirement 20 of the DCO, there is also a requirement for a written decommissioning programme to be submitted before any works commence.

1.1.1.2

1.2 Relationship of offshore plans included within the DCO

Schedule 14 Condition 11(3)

Maintenance of the
authorised scheme

11 (3) Offshore operations and maintenance plan in accordance with the outline offshore operations and maintenance plan

Document Reference J12

18 (1)(b) Construction programme

18 (1)(a) Design plan

16 (1)(b) Constituction programme

18 (1)(c) Monitoring plan in accordance with the outline offshore in-principle monitoring plan Document Ref J15

18 (1)(d) Offshore construction method statement in accordance with the construction methods assessed in the Environmental Statement

18 (1)(e) Offshore Environmental Management Plan (EMP)

18 (1)(f) Offshore Written Scheme of Investigation for archaeology and Protocol for Archaeological Discoveries in accordance with the outline Offshore Written Scheme of Investigation for archaeology and Protocol for Archaeological Discoveries

Document Reference J18

18 (1)(g) Offshore Operations and Maintenance Plan in accordance with the outline Offshore Operations and Maintenance Plan Document ref. J12

18 (1)(h)(q) Aids to Navigation Management Plan

18 (1)(1)(1)(1) Marine Mammal
Mitigation Protocol in accordance
with the outline Marine Mammal
Mitigation Protocol
Document Reference J21

18 (1)(i)(i) Dropped objects plan

18 (1)(kk)(I) Vessel Traffic
Management Plan in accordance
with the Outline Vessel Traffic
Management Plan
Document Reference J14

18 (1)(k) Vessel traffic monitoring strategy in accordance with the offshore in-principle monitoring plan

Document Reference J15

18 (1)(d)(i) Cable Specification and Installation Plan

18 (1)(d)(ii) Scour protection management and cable protection management

18 (1)(d)(iii) Foundation installation methodology

18 (1)(d)(iv,v,vi) Contractors, associated ancillary works and guard vessels
