23 June 2025

Dear Mr Wagstaff

Our client: Gwynt y Môr OFTO Plc ("GyM OFTO")

The Order: The Mona Offshore Wind Farm Order 202*

Applicant: Mona Offshore Wind Limited

Subject: Withdrawal of GyM OFTO's holding objection and update on negotiations between GyM OFTO and the Applicant

Osborne Clarke LLP continue to act on behalf of GyM OFTO.

GyM OFTO operate the transmission infrastructure for the Gwynt y Mor Offshore Wind Farm. Given that the Order land runs through part of this land, we (on behalf of GyM OFTO) submitted a holding representation to the Planning Inspectorate on 14 January 2025.

We subsequently undertook negotiations (on behalf of GyM OFTO) with the Applicant's representatives to agree a suitable form of protective provisions along with a supplemental commercial side agreement for the protection of GyM OFTO's assets (the "**Agreements**").

We provided updates to you via letter on 14 April 2025 and 11 June 2025 relating to the negotiations, noting that the Agreements were not yet completed.

We are now pleased to confirm that the Agreements were completed and entered into on 20 June 2025.

Consequently, please consider this a formal withdrawal of GyM OFTO's holding objection to the Order.

Yours sincerely
