Planning Act 2008 (as amended)

EN010140 - Application by Enso Green Holdings D Limited for an Order Granting Development Consent for the Helios Renewable Energy Project

Accompanied Site Inspection itinerary – 11 March 2025

The itinerary for the accompanied site inspection can be found below.

Please note that the Examining Authority's (ExA) inspection of sites is **not** an opportunity to provide any oral representations on the project or discuss evidence. It is an opportunity for the ExA to look at the physical features that can be seen on, or from the sites. Participants may be invited by the ExA to point out specific features or sites of interest.

[If you would like to make oral representations please attend the Open Floor Hearing on the evening of 10 March 2025, as detailed in the Hearing Notification.]

[If you would like to make comments on the draft itinerary please do so by date]

Joining the site visit

The site inspection will commence at 9:30am at the car park of Burn Gliding Club, The Airfield, Park Lane, Burn, North Yorkshire YO8 8LW. Participants are asked to assemble promptly as the ExA will not wait for parties who are not present at the start time.

To ensure the smooth running of the ExA's inspection, we ask that attendees notify the Case Team if there are any changes in attendance, and ensure the Planning Inspectorate is made aware of any special access requirements.

If you wish to attend the ASI please register to attend using the [Event Participation Form](#) by **3 March 2025**, providing telephone contact details (preferably mobile telephone) so that we can contact you should the ASI run late or need to be cancelled with minimal notice.

Clothing

The inspection is likely to include some walking on uneven or wet ground. The Planning Inspectorate therefore advises attendees to wear clothing that is appropriate for the weather and sturdy footwear. At times during the ASI it may be necessary to wear a high visibility vest or coat. Attendees who have their own high visibility vest or jacket should bring it with them. For anyone who does not have either a high visibility vest or coat, the Applicant will provide a vest for use during the course of the ASI.

Sites on private land

Access onto private land is at all times by permission of the person controlling it; occupiers and landowners may refuse to allow some persons accompanying the ExA onto their land. Under those circumstances, the ExA will decide whether or not to proceed with that part of the inspection and may ask those refused access to wait outside.

Refreshments

Please note refreshments will not be provided.

Cancellations

Please note that in the unlikely event that the ASI is cancelled I shall endeavour to contact attendees beforehand, but we ask that you regularly check the [project webpage](#).

Further information about Site Inspections can be found in the Planning Inspectorate's Advice for members of the public: [The stages of the NSIP process and how you can have your say.](#)
